I Don't Know Ask Her Albert L. Jr. Sledge 2011-06 I Don't Know ask her is an engaging conversation between men and women, addressing the issue of why women fake orgasms while challenging men as much as necessary to take a self assessment - a glimpse in the mirror sort of speak - that forces them to look introspectively and make an honest evaluation of their strengths as well as their shortcomings. Learning and continuing to communicate with your spouse or partner about love making will always enhance the intimacy of your relationship. Simple Treatments for Complex Problems Kimberly A. Driscoll 2014-04-04 The Cognitive Behavioral Analysis System of Psychotherapy (CBASP) is a set of techniques that has proven to be efficacious in the treatment of chronic depression. This book describes ways in which it can be extended in the treatment of patients with a wide variety of psychological disorders and difficulties, in a wide variety of settings. Vivid case illustrations and session transcripts illuminate the authors' presentation of appropriate modifications and implementations of the basic approach for personality and anxiety disorders, behavior problems in children, couples distress, and anger. The approach is flexible, efficient, and simple to train. One chapter focuses on methods for helping parents to help their own children more effectively. CBASP has been shown to work both for patients with severe psychological symptoms and for those with more common everyday problems; both for those who are psychologically sophisticated and for those who are not. Simple Treatments for Complex Problems offers powerful new tools for the clinical armamentarium of mental health professionals who do psychotherapy, and the conceptual armamentarium of those who train them and study treatment effectiveness.

Following the success of *The Thoughts of Chairman Moore*, Volume I, you might have hoped that sport's powers that be would have sat up and taken notice of its many faults and flaws. But alas no, lunacy prevails and so Brian has taken it upon himself to put forward another collection of his unique insights and not-so-unique frustrations. The Guyde Howie Reith 2016-11-19 *The Guyde* is the most comprehensive men's dating and self-improvement book ever written, designed to be everything you need to transform into the most confident version of yourself. There are no lines or routines; instead you'll find exercises and information to improve your self-esteem, social skills, and other elements integral to social success. Everything in these pages is backed with scientific evidence, and when I say scientific evidence, I mean cited peer-reviewed literature, not pop evolutionary psychology or the "law of attraction." You won't be reading anecdotes telling you about my "successes" or opinions; you'll be learning the practical steps necessary for the specific changes you want to manifest in your life. *The Guyde* is divided into four sections: Part I - Psychology Part I focuses on the internal elements of social interaction. How do you overcome your toxic self-limiting beliefs that keep you from being authentic with people? How do you overcome your fears? How can you stay motivated to make your changes? You will learn clinically effective approaches to all of these and more. Part II - Social Skills For many men, the biggest barrier between themselves and social success is a lack of social skills and awareness. In Part II, you'll learn how to shore up this weakness. You will learn how to listen, banter, share stories, and assert yourself with others. You'll learn how to improve your body language and vocal tonality to project confidence and charisma. Part III - Physical Attractiveness Part III will teach you how to improve your physical features. The first two chapters detail the most clinically effective approaches to diet and exercise. We'll also discuss the basics of fashion and how to dress to impress. Master Part III, and when you go out, you will turn heads. Part IV - Dating The final portion of *The Guyde* deals with dating, in this version, in a heterosexual male context. You'll learn the best places to meet potential dates, how to flirt, and how to ask someone out. You'll learn how to plan brag-worthy romantic evenings and how to address problems like rude cancellations and "ghosting." You'll learn how to interact physically while being sensitive to your date's wishes, as well as how to perform better in bed. You'll learn why relationships fail and how to avoid the pitfalls most couples fall into, and you'll come to understand a bit about what it's like to date from a woman's perspective, including many of the cultural factors they face that most men don't understand. *The Guyde* is a labor of love. I wrote it to be everything I wish I'd known when I was younger, the sorts of things that turned my life around for the better. I hope it does the same for you.
