

Becoming A Sexual Person

Ever Since Adam and Eve - Malcolm Potts 1999-02-14

A lively and entertaining account of the broad panorama of human sexual behaviour which reveals our actions to be an inextricable mixture of nature and nurture - a combination of innate actions evolved over the millennia, overlain by more recent cultural constraints imposed by civilization.

Fighting For Me - Amanda Renee Zarate 2019-08-29

Surviving the ultimate betrayal-years of sexual abuse at the hands of her dad and a cover-up by the Jehovah's Witnesses-Amanda Zarate struggled to find her footing until a life-changing desire sent her on a journey to find courage, break free from fear, and blaze a trail for herself and others to conquer childhood sexual abuse.

Becoming Sexual - R. Danielle Egan 2013-05-13

The sexualization of girls has captured the attention of the media, advocacy groups and politicians in recent years. This prolific discourse sets alarm bells ringing: sexualization is said to lead to depression, promiscuity and compassion deficit disorder, and rob young girls of their childhood. However, measuring such claims against a wide range of data sources reveals a far more complicated picture. *Becoming Sexual* begins with a simple question: why does this discourse feel so natural? Analyzing potent cultural and historical assumptions, and subjecting them to measured investigation, R. Danielle Egan illuminates the implications of dominant thinking on sexualization. The sexualized girl functions as a metaphor for cultural decay and as a common enemy through which adult rage, discontent and anxiety regarding class, gender, sexuality, race and the future can be expressed. Egan argues that, ultimately, the popular literature on sexualization is more reflective of adult disquiet than it is about the lives and practices of girls. *Becoming Sexual* will be a welcome intervention into these fraught polemics for anyone interested in engaging with a high-profile contemporary debate, and will be particularly useful for students of sociology, cultural studies, childhood studies, gender studies and media studies.

Becoming a Sexual Person - Robert T. Francoeur 1982

Journey Into Sexuality - Ira L. Reiss 1986

"This is the first societal level explanation of human sexuality that develops a cross-cultural explanation of all major types of sexuality. The reader will gain perspective on American sexual customs by becoming aware of areas of similarities and differences with other societies. The emphasis is upon a new way of understanding sexuality. Key areas of present-day concern are central to the development of this explanation. Accordingly, sexual jealousy, gender differences in power, notion of sexual abnormality, homosexuality, and erotica are discussed at length. There are all integrated into the final societal level explanation. No assumptions are made regarding the depth of professional background of the reader"--Dust jacket flap

The Game of Sex - Auntie Gracie 2017-11-28

Playing games and having sex can share similar dynamics. If you understand even a little about gaming, then you can begin to unravel the mysteries of sex and relationships. This book is written for young adults who are in their early years of sexual relationships, or who are thinking about becoming sexually active. This is not a book about the mechanics of sex, or how to find a partner. That information is available elsewhere. Sex involves a relationship with another person, for five minutes or fifty years. It is a cooperative game where you share a common goal: you work together with your partner so you both can win. This book contains advice from a loving auntie who worked at universities for 20 years. She hopes the wisdom she gained from those students can empower young adults to better understand the dynamics of sex. Nick Lawrence, WEEU Radio, Straight Talk, said: "[This] book should be required reading in every high school in the country." Bonnie D. Graham aka Radio Red, Read My Lips Radio, commented: "Written in a

beautiful way...a simple and friendly book...conversational and non-threatening style. This is a book about respecting yourself, about figuring out what you want, about being careful with your body and your emotions. Reminds me of a book of poetry. This is really good information....Give in a gift pack to adults after a divorce who've been married a number of years and are re-entering the dating field...a good refresher course for them."

The Psychology of Human Sexuality - Justin J. Lehmilller 2013-12-16

The Psychology of Human Sexuality offers a comprehensive overview of human sexual behavior from a biopsychosocial perspective. The text highlights psychological research and theory on human sexuality whilst also considering the biological, evolutionary, social, and cultural factors that influence our sex lives. Features comprehensive coverage of topics including gender and sexual orientation, relationships, sexual behaviors, sexual difficulties and solutions, prostitution, and pornography Offers more in-depth treatment of relationships than comparable texts, with separate chapters dealing with attraction and relationship processes Written from a sex-positive perspective, and is inclusive and respectful of a diverse audience Includes numerous activities to facilitate a dynamic and interactive classroom environment

The Invisible Orientation - Julie Sondra Decker 2015-10-13

Lambda Literary Award 2014 Finalist in LGBT Nonfiction Foreword Reviews' INDIEFAB Book of the Year Award 2014 Finalist in Family & Relationships Independent Publisher Book Awards 2015 (IPPY) Silver Medal in Sexuality/Relationships Next Generation Indie Book Awards 2015 Winner in LGBT -- What if you weren't sexually attracted to anyone? A growing number of people are identifying as asexual. They aren't sexually attracted to anyone, and they consider it a sexual orientation—like gay, straight, or bisexual. Asexuality is the invisible orientation. Most people believe that “everyone” wants sex, that “everyone” understands what it means to be attracted to other people, and that “everyone” wants to date and mate. But that’s where asexual people are left out—they don’t find other people sexually attractive, and if and when they say so, they are very rarely treated as though that’s okay. When an asexual person comes out, alarming reactions regularly follow; loved ones fear that an asexual person is sick, or psychologically warped, or suffering from abuse. Critics confront asexual people with accusations of following a fad, hiding homosexuality, or making excuses for romantic failures. And all of this contributes to a discouraging master narrative: there is no such thing as “asexual.” Being an asexual person is a lie or an illness, and it needs to be fixed. In *The Invisible Orientation*, Julie Sondra Decker outlines what asexuality is, counters misconceptions, provides resources, and puts asexual people’s experiences in context as they move through a very sexualized world. It includes information for asexual people to help understand their orientation and what it means for their relationships, as well as tips and facts for those who want to understand their asexual friends and loved ones.

A Neutral Being Between the Sexes - Kathleen Nulton Kemmerer 1998

By contrast, in the eighteenth and early nineteenth centuries, many women intellectuals who were familiar with Johnson's works considered him a champion of women, an able defender in the ongoing debate about female nature and ability that had been going on since the middle ages, the querelle des femmes.

Dirty Talk - Dave Wayne 2020-06-08

What's a four-letter word for sex? Not that one. Try again. If you said "talk", you win! Talk is a four-letter word for sex, and it's one that's often either ignored or neglected in our hot pursuit of the punchline. So, that's what this book is about. It's an exploration of the role what we say plays in in the panorama of human sexuality. Innuendo is a subtle linguistic art that has a lot to do with the way people interact with each other, sexually. It's often used when we flirt, but when we're embroiled in a relationship, do we stop flirting? I hope not! Flirting is one of the most wonderful steps in the dance of love and if we're not doing it with our significant others, it's time to rediscover how much more playful and rewarding our sex lives can

be when we flirt. And that's why we're here. We're here to put aside our awkwardness about (or even distaste for) dirty talk and embrace our inner flirts. We're going to the naughty side and letting our inner raunch out to play. Whether our words are spoken in person, over the telephone, by email, text, or instant message, words can be very sexy. But some of us need a little help learning how to put together the right words to achieve the effect we're looking for. Dirty talk is much more than full frontal come-ons and the use of words we wouldn't say in front of our moms. Dirty talk is suggestive, subtle and playful. It invites. It does not reach out and grab a body part in a flurry of expletives. We're going to look at how to weave a web of enticing, whimsical fun with our words. We'll learn about the psychological aspects of successfully deploying our inner sex imp and how to bury, once and for all, that creepy little gnome that sometimes appears instead. We're going to take a walk on the wild side of our linguistic lives and learn how and when dirty talk can be our best friend. Let's talk dirty!

Sexuality and Human Values - Sex Information and Education Council of the U.S. 1974

The Sexual Person - Todd A. Salzman 2008-05-21

Two principles capture the essence of the official Catholic position on the morality of sexuality: first, that any human genital act must occur within the framework of heterosexual marriage; second, each and every marriage act must remain open to the transmission of life. In this comprehensive overview of Catholicism and sexuality, theologians Todd A. Salzman and Michael G. Lawler examine and challenge these principles. Remaining firmly within the Catholic tradition, they contend that the church is being inconsistent in its teaching by adopting a dynamic, historically conscious anthropology and worldview on social ethics and the interpretation of scripture while adopting a static, classicist anthropology and worldview on sexual ethics. While some documents from Vatican II, like *Gaudium et spes* ("the marital act promotes self-giving by which spouses enrich each other"), gave hope for a renewed understanding of sexuality, the church has not carried out the full implications of this approach. In short, say Salzman and Lawler: emphasize relationships, not acts, and recognize Christianity's historically and culturally conditioned understanding of human sexuality. *The Sexual Person* draws historically, methodologically, and anthropologically from the best of Catholic tradition and provides a context for current theological debates between traditionalists and revisionists regarding marriage, cohabitation, homosexuality, reproductive technologies, and what it means to be human. This daring and potentially revolutionary book will be sure to provoke constructive dialogue among theologians, and between theologians and the Magisterium.

Sexual Fluidity - Lisa M. Diamond 2008

Calls for new categories in sexual identity for women based on research that concludes that they tend to be attracted to the individual rather than gender and their sexuality fluctuates more than men, which stays fixed once established.

A guide to becoming a sexual person - Robert T. Francoeur 1982

Feel Sexy Again - Erica Lemke-Pembroke 2020-07-07

A women's guide to getting that sexy back in the bedroom and living the life you desire no matter what state your relationship is in. It's hard to feel desirable when you're worried about the survival of your marriage. Do thoughts of divorce dance in your head? Do you feel that sex hasn't been on the priority list for you or your spouse? Add in these thoughts along with raising teenagers, demanding work schedules, financial insecurities, and other stressors, and it all becomes too much. All in all, though, you crave connection and being seen. Certified life coach, licensed specialty-certified New Life Story® wellness coach, and sexual confidence coach, Erica Lemke-Pembroke is on a mission to help women feel sexy again and reclaim their sexual confidence. She created the Sexy Again Method based on her own experiences, which she uses to empower women in rediscovering this for themselves. In *Feel Sexy Again*, women learn how to: Own their "sexy story" and create healthy narratives that support their vision Let go of expectations

of their partner Reconnect with themselves in an empowered and powerful way Explore their values, beliefs, and ideals to find what truly lights them up Develop strategies to get the most out of their current relationships—both with their partner and themselves

Ace - Angela Chen 2020-09-15

An engaging exploration of what it means to be asexual in a world that's obsessed with sexual attraction, and what the ace perspective can teach all of us about desire and identity. What exactly is sexual attraction and what is it like to go through life not experiencing it? What does asexuality reveal about gender roles, about romance and consent, and the pressures of society? This accessible examination of asexuality shows that the issues that aces face—confusion around sexual activity, the intersection of sexuality and identity, navigating different needs in relationships—are the same conflicts that nearly all of us will experience. Through a blend of reporting, cultural criticism, and memoir, Ace addresses the misconceptions around the "A" of LGBTQIA and invites everyone to rethink pleasure and intimacy. Journalist Angela Chen creates her path to understanding her own asexuality with the perspectives of a diverse group of asexual people. Vulnerable and honest, these stories include a woman who had blood tests done because she was convinced that "not wanting sex" was a sign of serious illness, and a man who grew up in a religious household and did everything "right," only to realize after marriage that his experience of sexuality had never been the same as that of others. Disabled aces, aces of color, gender-nonconforming aces, and aces who both do and don't want romantic relationships all share their experiences navigating a society in which a lack of sexual attraction is considered abnormal. Chen's careful cultural analysis explores how societal norms limit understanding of sex and relationships and celebrates the breadth of sexuality and queerness.

Redeemed Sexuality - Tim Konzen 2019-03-12

You are a sexual person. Whether you are single or married, a teenager or an older single adult, God created you as a sexual person. So how do we inhabit our sexuality in a way that brings honor to God? And what exactly is sexuality? Is it just sexual intercourse? Or is it perhaps something much greater? God created them male and female. From the moment of our conception, we are born in this act of creation as a sexual being. God's creation was the work of a master artist. It is vital that we discover both the artwork and the artist. God intended for sex to be a wonderful good. When someone allows God to guide them in how they engage in sex, it can be. However, sometimes sexuality has become a source of shame, guilt, pain, confusion, frustration, and sorrow. Sexual challenges can come from the choices we make, from the things that others do against us, and from the ways in which Satan has inundated the world with a tsunami of destructive words and images about sex. Those challenges can also come from the lack of being able to talk openly about sex. Perhaps you want to lead a life of sexual purity but you are finding it hard to find solid, biblical answers to some of the very real questions you have. You may feel like you've tried to bring up these things with those involved in your life but that you often receive the same-old trite and empty arguments about purity: "Just wait" or "Just repent" or "God has a plan. Be patient." So how do we reconcile God's intricate and amazing plan for sex with the devastation, destruction, and frustration that sex outside of His plan can cause? How can we pursue purity and honor sexuality at the same time? What exactly is God's plan for sexuality for those who are not married? *Redeemed Sexuality* answers many of these and other questions that singles, teens, and parents ask the authors in their conferences and sessions, including: What is God's plan for sex? How should single, working professionals, college students, teens, and all other unmarried individuals understand their sexuality in light of God's plan? What is allowed and how far is too far? How can we have healthy, intimate connections with others? What is purity and how do we deal with temptation when it is so hard to escape? How do we work through the damage and pain that is already done? How can parents effectively communicate with their kids about sex? This comprehensive guide strives to bring clarity and understanding to topics that many Christians have trouble discussing. Journey with us as we discover a vibrant understanding of God's plan for redeemed sexuality.

Making Sense of Sex - Adrian Thatcher 2012-06-21

All living creatures are sexed. Human beings belong to societies where traditions about who can have sex with whom, and how, and when, are centuries old. Making sense of sex assumes that there is a rational way of understanding our basic drives. But our inevitable failure to get sex right is the beginning of a proper and theological understanding of sex. The Christian tradition, especially in its conservative forms, is often

thought to be unhelpful in making sense of sex. Christian sexual ethics may seem overly demanding: holistic in theory, yet sexist and pessimistic in practice. Adrian Thatcher argues, however, that instead of being pessimistic about sex, Christians can be grateful realists instead. Making Sense of Sex draws on the

resources of Liberal Theology to promote a mature union of spirituality and sexuality. Exploring topics such as desire, bodies and the Body of Christ, sexual difference, homosexuality, marriage, and Paul's reflection on 'flesh' and 'spirit', it will help to guide readers towards a spiritual understanding of shared sexual love.
