**Have the Relationship You Want** Rori Gwynne 2006-11 A step-by-step guide for women to transforming your love life practically overnight.

Young, Wise and Kick-S Phillip Ramphisa 2015-01-12 Being a young adult is a critical stage of your life. It can affect your happiness in your thirties and forties, and right up to the final stages of your life. The most important decisions, such as which career to pursue, obtaining university qualifications, and meeting your life partner, occurs at this stage of your life. I have spent eight years of my life being obsessed about what makes young people successful and happy. I have also read many books to try and figure this out. This book is a compilation of answers in the form of the tools that I have used to change my life as a rural boy living in poor conditions. I wrote this book for young adults who want to change their lives from being ordinary to being extraordinary. It will give you the tools that you need to motivate yourself, to take action and pursue your dreams. Everyone who has achieved success has their own unique individuality that enables them to rise above the crowd and differentiate themselves. It is therefore important for you to understand how you can use your unique individuality to shine; and to create something unique to share with the world that only you can give. For this reason, Part I of the book is dedicated to a better understanding of yourself

and using your individuality to become, what I call, Kick-S. Everyone who is or has been successful has had people along their journey that provided support, guidance, and assistance. I refer to these people as your A-Team. In order for you to be successful, it is important to have the ability to influence your A-Team. I have therefore provided you with tools in Part I of the book which you can utilize to influence the people who will be key in your journey to success, so that they are willing to support you on your journey. First survive, then thrive!! They say you should not judge a person until you have walked a mile in their shoes. I believe this with all my heart. I speak to young adults from all backgrounds: rich, and poor, black and white. Many of these young adults face immense challenges. Drug addiction. Teenage pregnancies. Alcohol abuse. Absent parents. Mental illness. Bullying. Crime. Poverty. Career problems. Relationship problems. Depression. Today, it is not easy being a young adult. I cannot judge these young people. Only they can truly understand what they are living, their situations and the way they deal with them. I cannot. I have not lived their lives. I have not walked a mile in their shoes. Therefore, I do not pretend to know everything. I do not give youngsters all the answers to all their problems. What I talk about are my own experiences while growing up: my problems, my struggles to overcome them, and the rewards that awaited me when I succeeded. Moreover, I talk about what I have learnt along the way. That success and strength is within each one of us. We just need to know how to harness it, and how to use it to change our lives and our world. Through my story, I show young adults that at the end of those long, hard miles, there can be happiness, fulfilment, and even riches. First, however, they have to survive. **Love Is a Dangerous Game and Iâ€M Coming Out!** Andrea R. McGuire 2007-04

**How to Get Out of the Unfulfilling Relationship** Tara Phillips 2014-03-04 Have you ever been dissatisfied with a romantic relationship? Many women find themselves in relationships that are unfulfilling. We think that this is just the price we have to pay to be in a relationship. You try to make it work, but your effort alone is not all that's required. You may begin to question yourself. Am I lovable? What is it about me that makes me unable to have a good relationship? Self-esteem plummets and you may begin to believe that this unfulfilling relationship is all that you deserve. Women already wear so many hats and have so many responsibilities. We are never without media or society pushing us to do more with less time. That romantic relationship that is not working could have been the soft place to land, that you believe you need. But there is no soft place to land, your guy is distant. He doesn't call that much or spend much time with you. You also notice that he

doesn't talk much about what is going on with him. Do you even have a relationship? You wonder, but every time you ask about the relationship he gets upset and says "Don't start that again". You want him to stay so you learn to be quiet and just accept what time he gives to you. Has your relationship been reduced to sex only? In the beginning, there were dates and laughs and joys, but lately you feel ignored and definitely unloved. You want it to work so you try different things to keep him interested. But it only appears to work for a period of time, then the relationship goes back to being lonely. Every now and then he spends more time with you than usual and you are on top of the world, its working you think. Then the magic stops and it goes back to being distant and lonely. You want to marry this guy one day. Maybe if you get married there will be more together time. You know deep down that this idea makes no sense. When you mention the issue with your friends, they say "He's a good man and he's cute, he has a job, if you don't want him someone else will". You spend your time trying to make the relationship sound better than it really is. You see the signs that he is probably unfaithful. Do you ask about that again? The last time you did you didn't see him or talk to him for two weeks. You are hooked so you don't want to experience that again. So what do you do? Do you focus on changing him? You say "if he would just spend more time with me, he would see how wonderful I am, I am so committed to him". Your actions lean toward the ridiculous. You wonder what type of mental health services you need. This guide takes into consideration all of these emotions of inadequacy, low self esteem, loneliness that women can experience just trying to make a relationship work in their favor. There is everlasting hope if you can just adjust your focus. You will discover the true definition of love, from where it comes and how to experience it. Through this discovery, letting go of the unfulfilling relationship will be much easier and very possible.

[She Comes First - Reclaim Your Power! - a Guide for Sassy Women Who Want to Get Back in Control of Their Life](#) Brian Nox 2017-11-04 An empowering book about standing your ground while dating, in marriage, in your career, and anywhere else. As an author and a coach who has been helping women for more than a decade, I noticed some women were in trouble. Not just in their relationships, some had unfulfilling jobs, didn't get paid what they were worth, had always dreamt of starting their own business but never did, felt lonely even though they had a husband and kids... the list goes on and on. So many women try to be the perfect girlfriends, wives, mothers, friends, sisters, colleagues, business owners, bosses, and more. They love to serve and want to succeed in the many roles they have to play. They are compliant, even to the people who don't really deserve that kind of

treatment. They give it all they have, every single day. Regardless of their tremendous efforts, some women get little in return. They feel used. They get men that keep flaking out, careers that don't feel meaningful, and possibly a body that starts to feel and look more and more tired. Did you ever notice that burnout tends to afflict women much more often than men? There's a reason for that, as you'll learn. This should stop. Some women seem to have found a loophole, a backdoor in the current system. There are women out there who have designed the life they live. I call these women the high-value women. This value has nothing to do with money. It turns out the high-value woman follows a set of strategies and principles. I'll share them with you throughout this book. You might have seen and met her. She's the woman who is self-employed, doing the thing she loves, and making a living off of it. She's the woman who might have decided to have a normal career, with a twist. It's the type of career she enjoys and she is actually appreciated for the hard work and hours she puts into it. When she speaks, others listen, even the men in her office with over-inflated egos. Her job almost never feels like work and is deeply fulfilling. It doesn't cost her energy; she gets energy from it. When she wakes up, she can't wait to get started with her day. She is the woman who has found and created herself a loving relationship with a man she loves. She is also the woman who is happily single, the woman who doesn't need a man to be happy. She has a supportive circle of great friends, and she has the time to hang out with them, even when she has kids. She knows how to set the world to her hand, so it seems, and some women wonder how she does it. That's what this book is about, I'll uncover her strategies. I've been studying and interviewing her for so long now that I can't wait to share everything with you. We'll dive in what to do in your romantic relationships, in your career, in your personal life, and most importantly, in your own mind. I'm sure you already are a high-value woman in many ways. Some parts of the book will reaffirm that you're on the right

track; others will provide a new way of thinking to take you to the next level. Are you curious to find out how the high-value woman does it all? Then hit the buy button at the top of this page and start your high value woman journey right away!

Loved and Wanted Elena Miro 2020-08-11 Loved and Wanted: The Ultimate Guide for the Modern Woman is this transformational series of books that will help you reconnect with your femininity and truly have it all! Have you been following this series and learning to become the beautiful and fascinating woman you always knew you were, but now you're ready to work on your relationship? Are you afraid you'll ruin any relationship you might have because you're not sure how to treat a man? Are you ready to begin transforming your romantic relationship into the same one in your fantasies? If you answered yes to any of those questions, then this book-the last in the Love and Wanted series-will show you how to build a trusting, loving relationship with both yourself and your partner. This is the final book in a series of three that examines the topic of femininity through the eyes of one woman's journey, in which she learns about what is missing in her life and how to regain and fulfill her dreams. Through Andrea's experiences, you'll learn how to love your man while being a confident, modern woman. You'll discover how to treat him with respect and earn his respect in return. The Loved and Wanted series of books provides an entertaining analysis of relationships and presents a road map for designing your happily ever after, so you can experience the fulfilling and wholly satisfying life that you deserve. These books have focused on restoring your feminine side, and this last one covers how to craft your relationship into one that would rival the most romantic fairy tale. Follow Andrea's adventures as she strives to achieve the dream she put aside in favor of

her career--a loving family.. Loved and Wanted was born from years of experience as a life coach talking to men and women about what they wanted in their partners. Many men expressed what they believed was missing in the modern women they knew. Likewise, many women also expressed an interest in redefining their feminine side and restoring the part of them that made them feel sexy and desired when they were young and their lives were ahead of them. That's the reason I created this series of books-to help those women find that sensual, nurturing woman inside themselves and bring her out again, so she could help create their ideal life. It's easy to lose your femininity amidst the hustle and bustle of our modern world, and particularly while you're working so hard to establish yourself professionally; however, you shouldn't have to sacrifice your femininity and dreams of a loving family to have a career. It's time to create a new model that includes your ideal relationship-something you can achieve, even as you strive to fulfill your professional goals. This book offers tips on how to interact with your partner, so you can take your relationship to new levels of satisfaction. Come along with Andrea as she learns the secrets of designing a happy relationship! Now is the time to open your mind to the possibility of another way. The Loved and Wanted series will show you how to transform yourself and your relationship, so you will feel desirable and finally find the sustainable happiness you're seeking! Start designing the relationship of your dreams today!
