The Kama Sutra of Vatsyayana Vatsyayana 2021-08-29 The Kama Sutra of Vatsyayana Vatsyayana - The Kama Sutra of Vatsyayana by Richard Francis Burton is an edition of the ancient Indian text on sexuality and emotional needs. Vatsyayana was an ancient Indian philosopher who lived during the second or third century. Although it is often thought of as a sex manual, it is much more, with guides on living well, the nature of love, and finding a partner. Indeed, Vatsyayana says himself: 'This work is not to be used merely as an instrument for satisfying our desires'. Burton did not in fact translate the Kama Sutra - it was translated by the Indian scholar Bhagwan Lal Indraj. It was edited by Burton to suit prevailing British attitudes to sex, but was still banned in England and the United States until 1962. Other criticisms levelled at Burton's translation is that instead of using English words for the sex organs, he uses the words 'lingam' and 'yoni', despite those words not appearing in the original work. This was seen as an attempt to distance them and make them 'other', rather than about English people's sexual organs. He also removes the agency of women, and where in the original, women's words are direct quotes, in the Burton translation, women's words are removed and put into the passive state (i.e., A woman saying 'Stop!' becomes 'She continually utters words expressive of prohibition'). Despite all this, it has been such an influential translation that even modern editions in the Hindi language are re-translations of the Burton version. The Kama Sutra is an ancient Indian Hindu text widely considered to be the standard work on human sexual behavior in Sanskrit literature written by Vaatsyayana. A portion of the work consists of practical advice on sexual intercourse. It is largely in prose, with many inserted anustubh poetry verses. "Kama" which is one of the four goals of Hindu life, means desire including sexual desire the latter being the subject of the textbook, and "sutra" literally means a thread or line that holds things together, and more metaphorically refers to an aphorism (or line, rule, formula), or a collection of such aphorisms in the form of a manual. Contrary to popular perception, especially in the western world, Kama sutra is not exclusively a sex manual; it presents itself as a guide to a virtuous and gracious living that discusses the nature of love, family life and other aspects pertaining to pleasure oriented faculties of human life.

Is the connection or passion between you and your partner slowly fizzling away, to the point where sex almost begins to feel like a "chore"? Or alternatively, have you and your significant other stopped having sex altogether because you either don't feel in sync, or you just can't seem to please each other? Are you searching for a new way to spice up your sex life, one that will make the experience more exciting and adventurous, hopefully bringing you to the ultimate climax? If any of these ring a bell for you, then you're in luck, because tantric sex may just be exactly what you're looking for and are in desperate need of. The topic of unfulfilling sex is, for many, a taboo subject to discuss with others because you may feel as if it's your own fault for not reaching peak pleasure. This, however, is not true. Nearly everyone has experienced mediocre sex before. You know, the kind that leaves you with the lingering thought of: Was that it? Just now thinking back to your own cringe-worthy encounters, I'm sure your face is scrunching up and making funny contortions as you read this. It doesn't have to continue in this way, however, as the ancient Hindu practice of tantra will allow you to experience sex as a mind and body journey, rather than an emotion-lacking quickie before you're off to work. In Tantric Sex Positions, you will discover: 69 tantric sex positions and practices you can try with your partner today that will have you experiencing a new level of intimacy like never before Why you should delay orgasm in order to achieve the most fulfilling sex you will ever have Why the Western world should be introduced to this new approach of lovemaking, as well as how your fast-paced lifestyle can benefit from it The secrets to unlocking the mystical powers of tantric sex that will leave your body tingling and wanting more Why spirituality is equally as important to consider as sexuality, and how it affects you overall as a human being Any possible road bumps you may face on your tantric journey, and how you can move past them Key exercises to help you tune into your senses for optimal focus during sex, allowing for a deeper connection between you and your partner And much more. Even if your relationship is on the teetering edge of collapse, don't panic or give up because there's still hope for you. What you're missing are intimacy and connection, two aspects tantric sex happens to cover and explore in great depth. What's more is that this practice doesn't require going to countless couples therapy sessions in order to heal the relationship, which makes it much cheaper, too. Needless to say, it's also a much more pleasurable alternative to therapy, as well. If the word "tantric" is throwing you off a bit and causing you to be hesitant, don't let it. Tantric sex is simple, straight-forward, and can be done by anyone no matter what previous experience you have. Be adventurous. Surprise your partner with a sexy alternative that is bound to make them beg for more. Who knows, you may just find yourself wanting to do this every night...
