Black in Blue - Kenneth Bolton 2004-04-13

From New York to Los Angeles, police departments across the country are consistently accused of racism. Although historically white police precincts have been slowly integrating over the past few decades, African-American officers still encounter racism on the job. Bolton and Feagin have interviewed fifty veteran African-American police officers to provide real-life and vivid examples of the difficulties and discrimination these officers face everyday inside and outside the police station from barriers in hiring and getting promoted to lack of trust from citizens and members of black communi.

Women and Men - Nancy Bonvillain 2020-03-20

The fifth edition of *Women and Men: Cultural Constructs of Gender* presents a synthesis of a wide range of ethnographic and historical data concerning the roles of women, men, and gender nonconforming people in different societies. It focuses on both material conditions and ideological valuations that affect and reflect

cultural models of gender. NEW TO THIS EDITION Chapter 3 includes new sections on alternative gendered identities in the Lakota of the Plains and the Navajo of the Southwest and on Yanomamo land rights. Chapter 4 contains new sections on marriage options in the Northwest Coast and on Canadian First Nations contemporary issues concerning territorial rights and the protection of lands from contamination. Chapter 6 is significantly expanded by thorough discussions of the intersectionality of gender, class, and race. Chapter 7 includes a new section on the transmigration of women from poor countries in Asia, Africa, and Central and South America to wealthier countries in the Middle East, Europe, and North America to work as nannies, cooks, and other household help, as well as other resources. Chapter 8 is significantly revised to include changes that have recently taken place to counter dominating and dominant notions of gender and sexuality. This revision contains numerous new sections along with updated economic and social statistical data pertaining to the United States and to global resources. It reframes concepts of gender and of the intersectionality of gender, class, and race as they relate to discussions throughout the book. Ethnographic studies are expanded to include contemporary material on the peoples featured in the chapters.

Bonnie's New Auntie - Marcus Shields 2021-11-20

Meet Bonnie Billings : a 16-year-old "C" student with "D" looks and an "E" future ahead of her, living in a "C" household in the Phoenix, Arizona of the 2040s. A lot's been happening "out there" lately, but neither Bonnie nor her family pay much attention; they're too preoccupied with keeping up with the Joneses and - in Bonnie's case - in surviving non-stop bullying from the "in-crowd" at her dreary, run-of-the mill, suburban high-school. This evening, her father's younger brother - one "Bob Billings" from Tucson - is coming over for dinner, after a prolonged, unexplained absence. Uncle Bob's bringing his whole clan, but Bonnie despises boring family get-togethers... and her uncle has a new trophy girlfriend, who's everything that Bonnie had forlornly hoped to be, but came in "last in class" about. And what's even worse (so

she's been told) is - adding insult to injury - this way-too-young-looking woman is now going to be Bonnie's "Auntie"! The Billings teenager hates Uncle Bob's new "squeeze", sight-unseen; but Bonnie's new "Auntie" is unlike anyone who has ever set foot on Planet Earth... and Bonnie's "C" lifestyle is in for a big change!

Gunfights & Gunfighters - Gordon A. Hunsaker 2010-03-02

Amid the backdrop of World War II, race riots, and police corruption, a white police officer in Phoenix, Arizona, guns down an on-duty, black cop from his same department. The community residents pick sides, and while the second trial ends in an acquittal, the battle isn't over. The detective, Frenchy Navarre, returns to duty but is shot dead when he encounters Officer Joe Davis, the slain officer's partner. This is just one of the fascinating tales told by Gordon A. Hunsaker, who also recalls: Surviving his youth on the streets of Los Angeles Fighting in the jungles of Southeast Asia during the Vietnam War A series of stories that cops normally only tell each other Piloting helicopters and airplanes while on the job Battling his toughest opponent cancer And much more! This compilation of musings, observations, and police lore is insightful, thought-provoking and, at times, just darn spooky. Any Arizona resident, law enforcement officer or lover of history will be thrilled to enter the exciting world of Gunfights & Gunfighters.

This short story is a true, and sometimes shocking account of Matthew's past decade as a female officer in London's Metropolitan Police Service. Search For Memories - Gregory Steven Garbee Tracing Memories is the third work on the subject of detective investigation by author Dinh Mo after *If a snail has love* - download the eBook and *Close your eyes when you come* - download the eBook. With a logical writing style, unexpected details, deeply depicting the inner character of the main character from the main character to the supporting characters, from the main character to the villains, *Tracing Memories* gives you a unique experience. Curiosity in every page. In front of others, Han Tram is a handsome, cold and unapproachable man. He is cold and clear as snow, as calm as water in the dark night. In the eyes of everyone, he is a male god that is difficult to reach. Only in front of Bach Cam Hi, this world-renowned first-class police officer revealed his well-hidden delinquent nature. "Sit a little closer, I won't eat you, unless you ask." "I've never touched another woman. Do you need a physical examination?" "Bach Cam Hi, never leave me. Be with me every minute, every minute, every year, every month." He is the best criminal cop, also the worst criminal cop. In his heart, there was always an obstinate old man who loved her tirelessly.

Police in a Pod 7 - Miko Yasu 2021-12-14
"Police officers have a lot going on, too." The work of a police officer is very diverse. Police box girls, detention officers, burglary detectives, yakuza detectives, those in charge of adult entertainment, riot police, public security, pony-tailed gorillas, etc... Of course, everyone has their own ways of working. But, the one thing that can be said is that they're all different and they're all hard! With all the hard work they do every day, good mental health is a pipe dream! Whether it's their superiors, sempai, kohai, classmates, or jinxes, they'll rely on whatever they can to survive another day!

Rethinking and Reforming American Policing - Joseph A. Schafer 2022-01-01

Policing in the US and many western nations is in an era of crisis, facing extensive calls for reformation and change. This edited book outlines the major challenges and changes needed to achieve a more stable future for the policing profession and police organizations. The chapters come from innovative police leaders and officers as well as academics with subject matter expertise, to provide insight into how reform can be done with the police. It focusses on how leaders should understand and approach their role during times of instability and uncertainty. It starts with an examination of how policing reached this state of crisis and discusses some interviews conducted with police leaders, particularly chiefs as agents of change and reform. This is followed by chapters from several veteran police leaders and personnel describing some of the factors that brought policing to this critical time of change and reform, how has policing evolved in the late 20th and early 21st centuries, and how that impacts the current environment, and some potential strategies to create meaningful change while considering unintended consequences. The

following chapters from academics seek to define paths that policing can take toward needed changes that will increase legitimacy, trust, and equality of policing services. It speaks to students, academics and professionals interested in police organization and administration, police leadership, and contemporary issues in policing and criminal justice.
