Confessions of a Scottsdale Cougar - Victoria Phillips 2009-11-25

The media perceptions of a COUGAR: an oversexed, desperate older woman on the prowl for nave younger meat could not be more misleading. Every ripened woman I know to be a real COUGAR is so diverse, so deep, and so much more. The COUGAR today has evolved from a woman that has truly suffered to grow and mature. Life has dealt her a hard blow at least once in her youth to teach her what her lifes purpose is truly about. Those lessons that are the most painful are the lessons we grow the most from, and everything is as it should be. Life has taught her, with pleasure and anguish, those lessons so she can discover the real mystery of life and so she, as a spiritually minded soul, can connect to the divine divinity of life. I have been all things unholy; if God can work through me, he can work through anyone (St. Francis of Assisi). So if the COUGAR has chosen a sinful lifestyle, why is she so mysterious and why have so many now look upon her as the new sexual icon and matron of the mystery of life? Perhaps it is from her past sins that she has grown and gained the wisdom of the purpose of life, and that is what makes her the most desirable of all. Lets explore the fascinating lives of COUGARS. Lets get to know about these extraordinary women who fully embrace the COUGAR lifestyle. What makes them so astonishing? Who are they and where have they come from? What lessons has life taught them to make them so amazing? What have they been through and where are they going? Why do they love dating younger men? What keeps them so viral? How did they suddenly become so successful, smart, sexy, and powerful? How do they exhume such confidence? Why have COUGARS become such centers of attention? How have they made their middle age the new sexual icon? How have these women redefined age and relationships, as well as themselves? And lastly, what is it that makes them so astonishingly desirable?

[Gender, Sex, and Tech!](#) - Jennifer Jill Fellows 2022-07-29

In this timely collection, gender, sex, and technology are explored

through an intersectional and interdisciplinary lens. Gender, Sex, and Tech! provides insight into the ways that technology affects, and is affected by, cultural perceptions of gender and sex. Through an examination of a range of past and present issues, the text highlights our relationships to technology and illustrates how gendered relations are shaped and transformed through social and technological innovations. Contributors bring to the fore feminist, decolonizing, and anti-racist methods to examine our everyday uses of technology, from the mundane to the surreal to the playful to the devastating. Original research and scholarship is skillfully grounded in real-world scenarios like revenge pornography, gender bias in artificial intelligence, menstrual tracking, online dating, and the COVID-19 pandemic, inviting students to take a closer look at technological transformations and their impact on gendered lived experience and to consider how the benefits of technology are inequitably shared within society. Centring Canadian scholars and Canadian perspectives without losing sight of the broader global connection, Gender, Sex, and Tech! is bursting with timely and of-the-moment content, making this collection a must-read for courses focused on gender and technology.

Essential Guide to Gigolo Life - Gigolo.in

An older woman-younger man relationship defies many norms. What was once viewed as unacceptable and frowned upon by conservatives has successfully claimed its place in society. Indian society is slowly warming up to the notion of this kind of short-term relationship. This might be because nowadays, women are ruling the boardroom, making important business decisions, and holding positions which were exclusively held by men before.

In today's dating scene, all is fair in love and attraction. We are no longer living in times where you can only date certain people of a particular race, social class, economic standing, or educational background. Yes, even gender and age are now subject to our own tastes and preferences! For an older woman, dating younger men promises fun and adventure in more ways than one. Beyond the obvious advantages, a young man sees the world with fresh eyes that can influence you to take a different perspective on life. Not to mention, younger men will certainly be youthful, energetic, and lively - both in and out of the bedroom. They will also be more receptive to (some will even ask for) you taking the reins in the relationship every now and then. Sounds pretty good, doesn't it? But on the other side of the coin, what's in it for them? And what does it take to create a sense of attraction with a younger man? That's where this book comes in. I'll explain exactly what can make you so appealing to the younger man. You'll learn specific and practical tips, like where to go, what to say, and how to dress (without betraying your sense of self) so that you can take your dating life to a whole new, younger, level. I'll also divulge all the subtle moves you need to catch his eye, and tips to keep him interested for as long as you want. In essence, this is a must-have handbook for cougar dating success.

[A Cougar's Guide to Getting Your Ass Back Out There](#) - Karen Poter 2015-06-09

This is an extremely important book for today's generation of women who are single, divorced or widowed, looking at the dating scene and asking themselves "What am I supposed to do now?" Poter's re-definition of the word "Cougar" as no longer being the predatory jungle animal some define the Cougar but as strong, unique and powerful creatures who can make their own choices about their lives that reflect who they are today. The author's personal history is very compelling and adds to the easy readability of this terrific book. Her insights are spot on and her advice is

comprehensive and detailed even as she states what should be obvious but isn't always: "No married men" or "No texting while on a date." The book is also filled with real-life examples and clever sayings that bring it all home and put everything about the incredibly complex and confusing dating scene into something we can understand and relate to. In particular, check out the sections on "Lessons Learned" and "Red Flags." Learn the importance of changing yourself first before jumping into a new relationship.

*F*ck Games, Date Cougars* - Karenlee Poter 2020-04-10

At 47 years old, KarenLee Poter found herself suddenly single after being married for 24 years. Upon jumping into the dating world, she found the majority of men she jived with were considerably younger. Poter wanted to explore this further, so she created a sex and dating talk show, which became extremely popular on YouTube with men 18-35 who had a fascination with older women. In this book, Poter describes why a Cougar -- a term she re-defined as a confident, older, unique, genuine, assertive, and racy woman -- is so attractive to younger men and why the dynamic works so well. KarenLee also shares her real life personal

anecdotes on dating and being in long term relationships with younger men, and she candidly dishes hot tips in response to her audiences' comments and questions on the ever-popular older women/younger men phenomenon.

Divorce with Decency - Bradley A. Coates 2017-05-31

This completely revised and updated fifth edition of the award-winning *Divorce with Decency* includes the most current research, statistics, and insights on the effects of divorce on spouses, their children, and society overall. Written by a prominent divorce lawyer with four decades of experience, it is the most comprehensive treatment of the legal, emotional, economic, psychological, and social aspects of romantic relationships, marriage and divorce available anywhere in a single volume. Initial sections look at the dynamics of divorce: the causal factors, the common "stages" from initial separation onward, and the complications surrounding each stage for older and younger couples and children. Important information on spouse abuse is also included. The book discusses key criteria in selecting an attorney and gives expert advice on directing and monitoring the course of a case efficiently and economically. Detailed background on critical legal issues is given, followed by case histories highlighting key points of divorce law. Extensive new sections have been added to this edition which provide key tips on preserving, improving, and possibly "saving" marriages. Key chapters focus on post-divorce issues of single parenthood and new relationships; as well as the rapidly changing nature of love, romance, "digital dating," and other topics in this modern New Millennium. Informative yet highly readable (and occasionally amusing), *Divorce with Decency* has proven to be indispensable to anyone involved in a divorce, whether directly or indirectly.

Revising Mrs. Robinson - Suzanna Mathews 2016-06-23

SEXUALITY-RELATIONSHIPS In this modern era of dating, opportunities abound for older women and younger men to find each other. But those women dating younger men must be proactive about managing the doubt-filled self-talk and the outside commentary that could derail their romance. *Revising Mrs. Robinson* offers an examination of the personal and social responses to relationships between older women and younger men. Author Suzanna Mathews explores the term cougar as a cultural phenomenon and considers what draws cougars and cubs together. She also provides advice for managing the unique challenges of an intergenerational relationship. Most of all, Mathews tells middle-aged women how to be honest with themselves and feel empowered to pursue whatever relationship they choose, regardless of age difference, and armed for the cultural critique that often accompanies any nontraditional relationship. This practical guide seeks to assist women involved with or interested in relationships with younger men, presenting methods for dealing with both external and internal obstacles.

Female Celebrity and Ageing - Deborah Jermyn 2016-04-29

Female Celebrity and Ageing: Back in the Spotlight interrogates the myriad ways in which celebrity culture constructs highly visible ideologies of femininity and ageing, and how ageing female celebrities have negotiated the media in a variety of industrial, historical and national contexts. In the era when the 'baby boomers' have started drawing their pensions, the boundaries of what constitutes 'old age' have never seemed more fluid, and ageing has never been presented by

advertisers and marketers in a more dynamic fashion. However, the fact remains that ageing is still widely feared, and growing old is an inherently gendered process, in which ageing women are paradoxically both rendered invisible and subjected to damning scrutiny. Nowhere is this conflicting state of affairs more evident than in celebrity culture, where ageing female stars are praised for 'growing old gracefully' one moment, and condemned for 'letting themselves go' the next, when they fail to age 'appropriately'. Examining a variety of themes and ageing women in the spotlight, from Barbara Stanwyck to Madonna to Charlotte Rampling, the essays collected here forge new critical and conceptual insights into how women grow older in the media, and the implications of this for what Susan Sontag memorably called "the double standard of ageing". This book is based on a special issue of *Celebrity Studies*.
