The Dangerous Passion David M. Buss 2000-02-14 Why do men and women cheat on each other? How do men really feel when their partners have sex with other men? What worries women more -- men who turn to other women for love or men who simply want sexual variety in their lives? Can the jealousy husbands and wives experience over real or imagined infidelities be cured? Should it be? In this surprising and engaging exploration of men's and women's darker passions, David Buss, acclaimed author of *The Evolution of Desire*, reveals that both men and women are actually designed for jealousy. Drawing on experiments, surveys, and interviews conducted in thirty-seven countries on six continents, as well as insights from recent discoveries in biology, anthropology, and psychology, Buss discovers that the evolutionary origins of our sexual desires still shape our passions today. According to Buss, more men than women want to have sex with multiple partners. Furthermore, women who cheat on their husbands do so when they are most likely to conceive, but have sex with their spouses when they are least likely to conceive. These findings show that evolutionary tendencies to acquire better genes through different partners still lurk beneath modern sexual behavior. To counteract these desires to stray -- and to strengthen the bonds between partners -- jealousy evolved as an early detection system of infidelity in the ancient and mysterious ritual of mating. Buss takes us on a fascinating journey through many cultures, from pre-historic to the present, to show the profound evolutionary effect jealousy has had on all of us. Only with a healthy balance of jealousy and trust can we be certain of a mate's commitment, devotion, and true love.

Dangerous Love Chad Ford 2020-06-23 "Chad Ford reminds us that humanity lies within all of us, and although conflict is everywhere in today's world, we have the tools we need to overcome obstacles and to thrive. This is a fantastic, timely book that I highly recommend." —Steve Kerr, Head Coach, Golden State Warriors Knowing how to transform conflict is critical in both our personal and professional lives. Yet, by and large, we are terrible at it. The reason, says longtime mediator Chad Ford, is fear. When conflict comes, our instincts are to run or fight. To transform conflict, Ford says we need to turn toward the people we are in conflict with, put down our physical and emotional weapons, and really love them with the kind of love that leads us to treat others as fellow human beings, not as objects in our way. We have to open ourselves up with no guarantee that anyone on the other side will do the same. While this can feel even more dangerous than conflict itself, it allows us to see the humanity of others so clearly that their needs and desires matter to us as much as our own. Ford shows dangerous love in action through examples ranging from his work in the Middle East to a deeply moving story about reconciling with his father. He explains why we disconnect from people at the very time we need to be most connected and the predictable patterns of justification and escalation that ensue. Most importantly, he gives us a path to practice dangerous love in the conflicts that matter most to us.

Dangerous Love Ben Okri 2012-10-01 An epic of daily life, *Dangerous Love* is one of Ben Okri's most accessible and most disarming novels. Omovo is an office worker and artist who lives at home with his father and his father's second wife. In the communal world of the compound in which he lives, Omovo has both friends and enemies, but his most important relationship is with Ifeyiwa, a beautiful young married woman whom he loves with an almost hopeless passion – not because she doesn't return his love, but because they can never be together. Set against the backdrop of a country struggling to come to terms with the aftermath of a recent civil war, this is a story of doomed love – of star-crossed lovers, separated not by their families, but by the very circumstances of their lives.

Dangerous Love Ray Norman 2015-12-01 Ray Norman spent most of his life living in far-flung corners of the globe, working on long-term development projects and living out his calling as a Christian professional. By the time he arrived in the Islamic Republic of Mauritania around the turn of the millennium, he was veteran of life as an expat, at home in countries and cultures not his own. But in 2001, the world was about to change—and so was Ray's life. In the aftermath of 9/11—a time when tensions between Muslim and Western culture were peaking—Ray and his daughter, Hannah, made the short drive from their home to the Mauritanian beach. But instead of spending the afternoon enjoying the waves and the water, father and daughter found themselves hurtling back to the city, each with a bullet-hole pumping blood into the floorboards of their jeep. *Dangerous Love* is an account of the Normans' brush with violent extremism—and of the family's unexpected return to Mauritania in the face of terrifying risks. This is the story of a call that could not be denied and of a family's refusal to give up on love.

A Dangerous Love Karen Daniels 2021-06-08 "A tightly coiled story of obsession and crime that plays out in an era of lawlessness" Terry-Ann Adams, author of *Those Who Live in Cages* *A Dangerous Love* is an exhilarating, true love story that plays out in the chaos and lawlessness of the political turmoil that was South Africa in the late 80s and early 90s. The mayhem and desperation of a country whose social fabric is unravelling is mirrored in Karen Daniels's own life, and hers is an up-close-and-personal account of life as a young woman of colour in the anarchy of early post-apartheid South Africa. Karen Daniels was only 21 when she met Martin, a mysterious, dangerous man who, at 22 years of age, had the world at his feet. Captivated by this man, she was soon caught up in a love affair that turned into obsession and violence. Gutsy and charming, Martin wasn't born into a life of crime and drugs, but his greed and passion soon pulled him into the underworld and he was overcome by a darkness he could not escape. Hold your breath as Karen takes you with her on a roller-coaster ride into an abyss of armed heists, crime, and violent abuse. Her story shows how having such intense and conflicting emotions for a man – loving him and being petrified of him – is only a few heartbeats away from hate. Karen's eventual escape from this life is a success story that has taken her to the heights of the corporate world, and encouraged her to become an advocate for human rights and women empowerment. Her story is one of human resilience, courage and determination. It offers hope to those struggling to break free from their circumstances, and will inspire anyone who wants to live their best life and go from surviving to thriving.

In Praise Of Love Alain Badiou 2012-04-12 A new century, new threats to love . . . Love without risks is like war without deaths – but, today, love is threatened by an alliance of liberalism and hedonism. Caught between consumerism and casual sexual encounters devoid of passion, love – without the key ingredient of chance – is in danger of withering on the vine. In *In Praise of Love*, Alain Badiou takes on contemporary 'dating agency' conceptions of love that come complete with zero-risk insurance – like US zero-casualty bombs. He develops a new take on love that sees it as an adventure, and an opportunity for re-invention, in a constant exploration of otherness and difference that leads the individual out of an obsession with identity and self. Liberal, libertine and libertarian reductions of love to instant pleasure and non-commitment bite the dust as Badiou invokes a supporting cast of thinkers from Plato to Lacan via Karl Marx to form a new narrative of romance, relationships and sex – a narrative that does not fear love.

Dangerous Rescue Riley Edwards 2021-10-26 Just friends. I'd repeated the lie so many times I'd almost convinced myself it was the truth. Our friendship was accidental. A lost phone, a string of text messages that led to a once-a-year birthday text. The real trouble started when we upped the game and called each other. Those phone calls strengthened our connection and solidified our bond. Fourteen years later I was in love with a man who knew me down to the deepest depths of my soul—but I'd never seen him, not even a picture. That was our deal; no last names, no pictures, and the promise to never internet search the other. I upheld that promise. River did not. I was not prepared for the man who showed up at my bookstore. River Kent was tall—so damn tall, good-looking, so damn hot he took my breath, crystal blue eyes, so damn captivating I couldn't look away. But mostly he was a bossy, straightforward, tell-no-lies type of man. Which didn't work for me since I'd been lying through my teeth for years denying my true feelings. More than that, I was not prepared to face River months after my sister had been murdered. I wasn't ready to deal with the knowledge that she was gone and in the weeks leading up to her death I'd turned my back on her. The guilt was eating at me. River wasn't prepared to take no for an answer. Chaos and confusion had taken over my life. And to make matters worse, I found myself in the middle of a horrific child trafficking case. Okay, to be fair, I didn't find myself there, I'd purposefully inserted myself into the TAKEBACK investigation. And since I'd volunteered to go undercover, River did more than insert himself—he took over and declared himself my protector. Did I mention I was madly, deeply in love with him? Did I mention he was the man of my dreams? Did I mention River thought going undercover was dangerous, crazy, and not a good idea? Turns out River was right and just when all of my wildest dreams had come true they were torn away and I was left in shambles.

The Love of Dangerous Men Tony Nicholson 2017-11-28 An enormous bird's nest is found in the attic. Hundreds of photographs and letters are tangled in its straw. The first letter begins: 'Well dear friend, I note all you said about Mr Bowen and that vile woman.' When Tony Nicholson and his family moved into an old house in the north of England, they discovered a treasure trove of old photographs and letters, all belonging to a mysterious woman called Annie Bowen. Who was she? And what was her story? Back Tony went to the Victorian era to find out. Soon, he found himself in Calcutta and the dark streets of Whitechapel, tracking her lover. Peeling back the layers of her story, he uncovered a lost world of moonlight dances, country vicarages and teenage 'spooning'. In London, there were sensational spectacles, professors of swimming and illusions, glamorous dressmakers, nights at the music hall, reckless cab-drivers and drunken sailors. A rich array of vivid characters came and went - loafers and swells, impoverished aristocrats, Victorian Bluebeards, pretty barmaids and saucy actresses. And through it all, the tangled web of Annie's life was gradually unpicked. There were illicit affairs, family secrets and scandals, fading photographs and deceitful letters. Moving from one astonishing place to another, and tracking down her descendants across the globe, Tony encountered her lovers and rivals, her friends and family, the places in her world and the secrets of her life. *The Love of Dangerous Men* is a vivid social history that tells the story of ordinary lives lived in extraordinary ways.

The Dangerous Lover Deborah Lutz 2006 "The Dangerous Lover takes seriously the ubiquity of the brooding romantic hero - his dark past, his remorseful and rebellious exile from comfortable everyday living. Deborah Lutz traces the recent history of this figure, through the melancholy iconoclasm of the Romantics, the lost soul redeemed by love of the Brontes, and the tormented individualism of twentieth-century love narratives. The Dangerous Lover is the first book-length study of this pervasive literary hero; it also challenges the tendency of sophisticated philosophical readings of popular narratives and culture to focus on male-coded genres. In its conjunction of high and low literary forms, this volume explores new historical and cultural framings for female-coded popular narratives."--BOOK JACKET.
