It is an in-depth training that brings truth back into the dating process where single men and women can fully be their authentic selves while getting to know each other. It brings an end to the suffering that has long been associated with dating. It is a modern approach to dating that dispels the myths about the games in dating many authorities try to promote. This training brings single people the necessary education as to why love has become so difficult to attain and what stands in the way of effortlessly entering into love relationships. Readers are provided easy and accessible actions to take that makes Conscious Dating a welcomed relief. Love...what we all desire. It matters most to us and drives us to do the most courageous to craziest of things. Love is what gives us our supreme experiences and challenges. It is our most powerful expression. Love heals all things. And, love is our greatest teacher. Yet, love eludes us. It is everywhere and missing in so many hearts. We fear it. We run from it. We long for it. We deserve it. It is our birthright. And it is this desire for love that brings us to the dating ritual again and again. And, love is not enough. We need more than just love to build and sustain a healthy relationship. We also need commitment, clarity, honesty, character, an inner life, consistency, maturity, an open heart, forgiveness, training, guidance, consciousness, more maturity, healthy communications, sensitivity, have I said maturity yet, and much, much more. We don't usually relate to love or love relationships with maturity in mind. We don't necessarily declare that these elements are also what loving another requires.

The Love List Elena Murzello 2013-09 Elena Murzello cannot imagine going to the grocery store without a list. As she strolls through the aisles, she relies on her list to make sure she gets her must-haves and to help keep her from grabbing items she does not need. It was with this theory in mind that, at age twenty-one, she created a list of characteristics for a potential lifelong mate that still guides her love choices to this day. In The Love List, Elena shares her real-life experiences as well as information gathered from more than a hundred single, divorced, and married men and women about the qualities they look for in a life partner.

Abstracting details from her interviews she created a process that anyone can use to create his or her own lists. Along with introspective questions to ponder, Elena includes sample lists of characteristics, the top three traits both men and women seek in a partner, an exploration of different types of relationships, and ways to diversify a portfolio of suitors. The Love List provides practical tips and personal stories to encourage single people to look deep within, take risks, and learn to rely on their own unique lists while searching for the perfect mate.

Simply Irresistible Raj Persaud 2010-09-30 As psychology advances its understanding of the mind and brain, perhaps the last remaining bastion of mystery about why we do what we do relates to love and attraction. In this illuminating follow-up to his acclaimed bestseller, *The Motivated Mind*, Dr Raj Persaud draws on the very latest research to show not only how to increase your attractiveness generally, but how to become absolutely irresistible to anyone. For example, do you know... that experiments on dating can predict with over 80% accuracy who will be attracted to who by whether just a few simple conversational strategies are used on a date? why abnormally low lighting is strongly associated with romance, why women wear blusher on their cheeks, or lipstick to enhance their pouting lips? Or that seeking to be agreeable on a date is not actually the most attractive or successful strategy to use. And for anyone out there who is looking for that rare combination of brains and beauty, there is reassuring news: current research reveals that it is indeed perfectly possible to guess a person's IQ from the way they look. Frank, witty and packed with useful questionnaires and invaluable advice, *Simply Irresistible* is the essential guide on how to catch - and keep - your perfect partner.
