

Dictionary Of Sex

Not Just Four-letter Words - Gill Mullinar 1994

Australian edition of a book first published in the UK in 1992 as 'TSex Education Dictionary' and based on an original US edition. A reference book for young people aged 12+, it contains over 350 definitions of terms relating to sexual and human development, personal relationships, pregnancy and birth. Definitions are cross-referenced and simple illustrations included. Adapted to include common Australian slang words and terms with a cross-reference to the main definition. Includes a list of useful addresses. The author is a senior health education officer with the Health Education Authority in the UK.

Illustrated Sex Dictionary - Richard Stiller 1967

A Descriptive Dictionary and Atlas of Sexology - Robert T. Francoeur 1991-08-26

The editors of this dictionary have gathered terms and theories from glossaries in college textbooks on human sexuality, consulted medical dictionaries, and utilized concepts developed by psychologist John Money. The terms defined span the disciplines of sociology, biology, medicine, and the humanities. To be found among the more than 6000 entries are theories and observations about sex from Greek philosophers, Freud, and Masters and Johnson. Numerous entries include bibliographic information. Appendixes list phobias and paraphilias; phobias and sexual anxieties; biographical sketches; and U.S. Supreme Court decisions relating to sexual behavior. Library Journal The field of sexuality spans a wide range of academic disciplines in the biological sciences, social sciences, and humanities, many of which do not share a common vocabulary. The diversity of expertise combined with a recent explosion of sexological research and knowledge has created confusion and inaccuracy in the cross-disciplinary use of language. By bringing together clear, succinct explanations of the terms and concepts used in each discipline, the

authors of this descriptive dictionary have created a standard basis for communication throughout the field. This work provides more than six thousand entries. It defines the terms and theories that are essential to an understanding of the field and documents important contributions to sexology--ranging from the observations of Greek philosophers to findings of sexual researchers from Kraftt-Ebing and Margaret Mead to Masters and Johnson. A substantial number of entries reflect the work of Dr. John Money, who significantly enriched the language of sexology and was responsible for such pivotal concepts as gender role and gender identity. Bibliographical information is provided for each topic and additional information is offered in the appendix. Researchers, professionals, and students working on any aspect of sex or sexuality will find this dictionary comprehensive and easy to use.

Dictionary Of Sex (sex A-Z) - Bloomsbury (u.K.) 1994

Human Sex and Sexuality - Edwin Benzel Steen 1977-01

Dictionary Of Sex - Shalini Raj 2005-01-01

The Visual Dictionary of Sex - Eric J. Trimmer 1978

The Complete Sex Dictionary - Paul J. Gillette 1969

Cassell Dictionary of Sex Quotations - 1997

The Complete Dictionary of Sexology - Robert T. Francoeur 1995

A comprehensive dictionary of sexuality, this work covers 6000 sexually-related terms currently in use in the fields of the social and psychological sciences, biology and medicine, religion and law. Entries offer insights into contemporary technical terms and are cross-referenced.

Sex Education Dictionary - Gill Mullinar 1992
"350 definitions of terms relating to sexual and human development, personal relationships, pregnancy and birth. Aimed at young people aged 12 or older"--Back cover.

Sexicon - Rod L. Evans 2002

Provides a collection of obscure terms and definitions that describe a variety of sexual topics.

Love, Sex, and Marriage - Julie Coleman

2022-06-13

If the language we use influences and reflects the way that we see the world, then the fields of LOVE, SEX, and MARRIAGE, will show how speakers of English view their closest social and emotional relationships. Love, Sex, and Marriage provides a classification of English terms for these three fields from the earliest written records of the language until the present day. This volume makes it possible to trace changing attitudes towards social and sexual ties, and to understand those ties as earlier speakers of English did, through the language they used. The terms are arranged by meaning, and are listed chronologically within semantic fields, with their dates of usage. Notes on individual terms provide further information about their connotations and development. Language does not exist in isolation from the people who speak it, so background information about changes in social conditions, religious beliefs, and medical advancements is also included. A brief introduction to basic semantic terminology explains the principles behind the classification, and an alphabetical index facilitates the location of individual terms.

A Dictionary of Sexual Language and Imagery in Shakespearean and Stuart Literature - Gordon Williams 2001-09-13

Providing an alphabetical listing of sexual language and locution in 16th and 17th-century English, this book draws especially on the more immediate literary modes: the theatre, broadside ballads, newsbooks and pamphlets. The aim is to assist the reader of Shakespearean and Stuart literature to identify metaphors and elucidate meanings; and more broadly, to chart, through illustrative quotation, shifting and recurrent linguistic patterns. Linguistic habit is closely bound up with the ideas and assumptions of a period, and the figurative language of sexuality

across this period is highly illuminating of socio-cultural change as well as linguistic development. Thus the entries offer as much to those concerned with social history and the history of ideas as to the reader of Shakespeare or Dryden.

Cassell Sex and Sexuality - Alan Isaacs 1995

Dictionary of Sex Terms - Veronica Jerrard 1976

Dictionary of Sexual Slang - Alan Richter
1993-05-07

The rich repertoire of sexual slang in this compendium offers fascinating clues to the sexual humor and taboos, perceptions and cultural biases, mores and sexual roles of English-speaking people in times past and present. It offers abundant evidence that language gives voice to the major concerns and preoccupations of the people who speak it. This book features more than 4,000 words, phrases, and quips that have or have had a sexual connotation; hundreds of quotations demonstrating how terms have been used by sources ranging from Chaucer, Shakespeare, and Blake to pop icons such as Lenny Bruce, Bette Midler and Madonna; terms in current use as well as archaic terms and how and when they were first used; 500 years of sexual slang from the United States, Canada, Britain, Australia, and South Africa; and full etymologies, explanations, and variations in usage from country to country and era to era.--[book jacket].
The Visual Dictionary of Sex - Eric J. Trimmer
1978-01

The Wordsworth Dictionary of Sex - Robert M. Goldenson 1994

The Contemporary Dictionary of Sexual Euphemisms - Jordan Tate 2007-01-09

Until now, no dictionary has ever attempted to record the fascinating and often raunchy inventory of English sexual euphemisms. Jordan Tate has confronted this task with gusto and the results are nothing short of gratifying. The Contemporary Dictionary of Sexual Euphemisms is a hilarious, unabashed, at times shocking compilation of every sexual euphemism you've ever heard—and many more you haven't. Would you be offended if someone called you a "back

legacy.opendemocracy.net on 2022-07-07
by guest

door burglar"? Ever heard of a "five against one"? Would you rather do the "Little Dutch Boy" or the "Little Red Riding Hood"? Along with both a literal and a sexual definition of each euphemism, this dictionary also has photographs, and, of course, an example of each term used in a sentence—all in an effort to

irreverently entertain and inform. A perfect guilty pleasure for anyone who ever got a thrill looking up dirty words in the dictionary as a kid, the Contemporary Dictionary is also a must-have reference tool for those just plain too shy to ask what a "pearl necklace" really is.
