Divorced Girl Smiling - Jackie Pilossoph 2013-11-23

Smile! It's not just the end of your marriage, it's the beginning of your

second chance! Missy Benson has a two and a half carat diamond engagement ring with color grade H, VS2 clarity and a value of \$36,000. It's absolutely gorgeous, practically flawless, and let's be honest, really big! But what the successful Chicago realtor doesn't have anymore is a husband. After 12 years of marriage, her husband, Paul, a handsome, wealthy attorney has devastated her by breaking up their marriage for Priscilla Sommerfeld, a young, personal trainer, who according to Missy's sassy assistant, J.J., looks more like a Las Vegas stripper than a fitness expert. Not sure what to do with her ring, and with no financial issues to worry about, Missy decides to put it up for sale on Craigslist. The price: 99 cents! The catch: She gets to pick the buyer. In essence, she's looking for the perfect guy, but not for herself. Her hope is to regain faith that good men do exist, and that marriages can last forever. Now referring to herself as "the divorced girl," Missy interviews dozens of young men who are vying for the huge ring. It's a contest that includes outrageous characters, hilarious and sentimental stories, and two finalists, both of whom Missy adores and who she must choose between. Then there's Parker Missoni, the sexiest contestant by far, who drives her crazy with his brutal honesty, and at the same time stops her heart with his deep brown eyes. Divorced Girl Smiling is the story of a woman's journey to do whatever it takes to heal herself from divorce. It's about acceptance, reflection, taking accountability for mistakes, and appreciating all of life's wonderful gifts. In other words, if you have the guts to put the past behind, admit your mistakes, embrace your future, and give love another chance, you will surely be a divorced girl smiling.

Ready To Catch Him Should He Fall - Neil Bartlett 2017-06-01

It is 3 a.m. in The City, and in a dark corner of The Bar, two lovers collide in the beginnings of a passionate and violent affair. Boy: nineteen, beautiful, ready for anyone to take him home, and 'O': the Older Man, cynical, unpredictable, and at the mercy of his personal demons. Their romance is orchestrated and observed by the owner of The Bar, Madame, who looks after her boys and ensures that their haven remains inviolate. At once a joyful celebration of homosexual love and culture, and a devastating evocation of the homophobic climate which stemmed from the 80s AIDS crisis, Ready to Catch Him Should He Fall offers a decisively contemporary recasting of the traditional love story. First published in 1990 and immediately acclaimed as the work of a bold new voice in English fiction, Neil Bartlett's powerful debut continues to shine with an ageless wisdom and wit.

How to Make Him Fall in Love with You - James Kipton 2014-11-09

Keep in mind, a woman can do certain things in a relationship that actually make the difference between an engagement ring and a bad breakup. Now, while most guys won't admit it, the details that we will discuss really can make them fall head over heels in love with a woman. Of course you won't get a complete stranger to fall in love with you like this, but if you're dating a guy who's already expressed some interest in you, it will definitely help him see you in a lovable light and not want to let you go. These steps can help anyone give their man that final push from possibly falling in love to being in love and wanting to further cement their relationship into the future. Before we get started, I'd like to note that I'm not suggesting that you manipulate the guy you're dating in any way. Taking time to be honest with him and showing him every

side of your personality is important. None of the recommendations in this book will suggest that you change any aspect of your natural-born personality. On the contrary, I'll explain how to show him that you are a perfect match for him exactly as you are. Let's get started!

Falling For Him - Khardine Gray

Some men should come with a warning sign... Something like - Caution Beware of Playboy! And, an arrow pointing to the fine print which should say something like - 'He's great if you want wild fun, and great sex but don't expect him to be committed to you.' That was the sign I wanted to place on Tristan Bouchard, my best friend. Yes, my best friend was the biggest playboy I'd ever met in my life, but he took care of me. We had this special relationship that somehow worked and we lived together. I knew every single thing there was to know about this man. I'd had years of seeing him in action. Him with his Hollywood good looks, incredible physique, fantasy muscles, and eyes of the purest blue that could make you melt. He could charm the panties right off you, and you'd lose your mind before you knew what hit you. I knew this all too well. So well I could write a book. I knew it even as that stupid note in our friendship box made us cross the line and become more than friends. I knew it even as I reminded myself that this new thing that we had was just for fun. I get it. Some women like wild, no strings attached fun. I understood perfectly that, that was what this was. Fun. A Fling... So... all I have to do is repeat these words to myself every day, and ignore what my heart tells me. Don't fall for him, Don't fall for him, Don't fall for him. I'll be fine if I do that. Right? If you like hot, steamy, romance with gorgeous, drool-worthy Alpha's you will like this book. *Falling For Him* is a full-length stand-alone novel with a deadly gorgeous alpha and a happily ever after.

Augmented - Brett King 2016-05-15

The Internet and smartphone are just the latest in a 250-year-long cycle of disruption that has continuously changed the way we live, the way we work and the way we interact. The coming Augmented Age, however, promises a level of disruption, behavioural shifts and changes that are unparalleled. While consumers today are camping outside of an Apple store waiting to be one of the first to score a new Apple Watch or iPhone, the next generation of wearables will be able to predict if we're likely to have a heart attack and recommend a course of action. We watch news of Google's self-driving cars, but don't likely realise this means progressive cities will have to ban human drivers in the next decade because us humans are too risky. Following on from the Industrial or machine age, the space age and the digital age, the Augmented Age will be based on four key disruptive themes—Artificial Intelligence, Experience Design, Smart Infrastructure, and HealthTech. Historically the previous 'ages' brought significant disruption and changes, but on a net basis jobs were created, wealth was enhanced, and the health and security of society improved. What will the Augmented Age bring? Will robots take our jobs, and AI's subsume us as inferior intelligences, or will this usher in a new age of abundance? *Augmented* is a book on future history, but more than that, it is a story about how you will live your life in a world that will change more in the next 20 years than it has in the last 250 years. Are you ready to adapt? Because if history proves anything, you don't have much of a choice.

Have Him at Hello - Rachel Greenwald 2010-03-09

There's a reason the media has dubbed matchmaker Rachel Greenwald as "The Wife Maker." Yes, she's responsible for over 750 marriages, but more importantly, she has solved perhaps the biggest dating mystery of all time: when you finally meet Mr. Right (or even Mr. Potential), what really compels him to call back (or not) after a date? Armed with her Harvard MBA, Rachel embarked on a fascinating ten-year research project to decipher this puzzle. In *Have Him at Hello*, she applies her business savvy to the dating world by conducting in-depth "exit interviews" with 1,000 single men, asking why they called back one woman, but not another. By refusing to accept the post-date brush-off like "There wasn't any chemistry..." or the excited, but equally vague evening recap, "We hit it off!" Rachel extracted unabashedly honest and raw details. It turns out there are clear, tangible, consistent reasons why marriage-minded men either fall for you or disappear. The surprising "Top 5 Date Makers" and "Top 10 Date Breakers" revealed in this book can actually change your fate when Mr. Right finally comes along. Rachel's goal isn't for you to pretend to be someone you're not, but rather to keep the ball in your court. By using her innovative research and tips as a guide, more men will ask to see you again; then you can do the selecting, rather than wondering if they'll call. Because information is power, this book will make your first hello a lasting one.

How to Fall in Love with Anyone - Mandy Len Catron 2018-02-01

In 2014, 33-year-old Mandy Len Catron went on a date with an acquaintance. They decided to try an experiment: inspired by a study designed to create romantic feelings, Mandy and Mark spent the evening asking each other 36 increasingly intimate questions, wondering if it would lead to them falling in love. In *How to Fall in Love with Anyone*, this experiment is Catron's starting point for investigating what it means to love someone and to be loved, and how we present our love to the world. What makes love last? Can love ever work the way it seems to in films, books and social media? Is there a "right" way to fall in love? In these candid, charming and wise essays, Catron blends memoir with cultural and social commentary on the psychology, biology, history and literature of love. *How to Fall in Love with Anyone* is a deeply personal, yet universal investigation into the one thing we all want—or think we want—more than anything. Includes "To Fall in Love with Anyone, Do This", one of the most popular essays to appear in the New York Times' "Modern Love" column "In our age of total romantic confusion, Mandy Len Catron is a voice of good sense, warm humor, and consoling wisdom. Through the lens of her own relationships, she teaches us—with a deft, convincing intelligence—some of the vital moves in the art of love." —Alain de Botton, internationally bestselling author of *How Proust Can Change Your Life* and *The Course of Love* MANDY LEN CATRON lives in Vancouver, British Columbia. Her writing has appeared in the New York Times and the Washington Post. She writes about love and love stories at The Love Story Project, and teaches English and creative writing at the University of British Columbia.

Falling for Him (the Complete Series) - Kelly Washington 2013-06-09
Secret love letters + a conspiracy + badassery = romance? Why, yes it does! Staff Sergeant Justin "Hotten" Hauten isn't the smartest guy in the room. He just wants to be a regular soldier but he finds himself mixed up

kidnappings, government secrets, and the desire to figure out his feelings for Aaron. First Lieutenant Aaron "Texas" Parris is in love with Justin and he isn't going to hold back anymore, even if that means getting involved in whatever mess Justin is in -- which is some pretty messed up crap. Throw in a towering, red-headed lumberjackish (and trouble-making) best friend named Nebraska, bomb threats, under ground bunkers, kick-ass mothers, the Texan Badlands, a marriage proposal, a dim-witted ex-girlfriend loaded with secrets, a fancy Governor's party, plenty of fist fights, government spooks, and a seedy bar called The Itchy Nail, and you've got yourself a tasty recipe for disaster, humor, badassery, and... romance. FALLING FOR HIM, which includes three novellas FALLING FOR YOU, HUNGRY FOR YOU, and READY FOR YOU, is the complete novel in Kelly Washington's M/M Military Love Story series.

Falling For Him - 2015

Ivy Banners has just returned home to Fortune with her tail tucked firmly between her legs. Her career has been put on hold (indefinitely), her family think it's the perfect time for her to settle down with a husband and a baby (to her horror) and her relationship status is less than ideal (okay, she's heartbroken). Nash Peeters is one of her oldest friends. He's the boy who shoved worms down her pants when she was a kid, the boy who helped her cause mischief when they were teenagers, the boy who taught her everything she needed to know about climbing trees and kidnapping gnomes. He's her best friend, her partner in crime, and now he's her roommate too. Oh, and he's also very, very heartbroken. So when Nash suggests the two of them share a no strings night of hot rebound sex, it seems like the perfect solution. What could go wrong with that? Because Ivy and Nash, they're too awesome to let a little thing like sex ruin their friendship. They're not going to fall for each other, they're not going to develop feelings for each other and make things weird between them. No way, not them. Until. . . until they do. Turns out falling in love. . . it's kind of unavoidable.
