

Healing Love

Healing Love - Sophie Dawson 2012-05-01
Cottonwood, Iowa 1875 Lydia Walcott is on the run. With a broken arm and a wounded spirit she is escaping the hands of her cruel brother and the marriage he has arranged. She's running to the unknown, praying that God will lead her steps. Seeking shelter from an ice storm in a livery stall, Lydia goes to sleep hoping that in this small town of Cottonwood she'll find a job, a place to live and friends. Dr. Sterling Graham, having just delivered a baby, rides back to town over the ice covered roads. He's confident and secure in the knowledge that he is loved and respected by the people of the Cottonwood. Exhausted from the long night, he decides to sleep on the cot in the livery. Sterling's

reputation and career, along with Lydia's hope for a new life, are put in jeopardy when gossips spread the news that, "Doc spent the night in the stable with a woman." The story grows as 'facts' are added. Without money to travel on west, Lydia feels trapped by her sense of responsibility for the doctor's good name. Even with his practice at risk, Sterling's compassion for the young woman whose physical wounds he treated stirs his heart. Something needs to be decided that will repair the damage to Sterling's career and give Lydia the home and safety she needs. The unwelcome solution is that they marry. How do they learn about each other and mesh two lives into a successful marriage which honors God, while coping with issues of trust, pride,

epidemic and injury, and the fear that Lydia's brother will find her?

Healing Love through the Tao - Mantak Chia
2005-07-15

A new edition of the bestseller • The first book to reveal in the West the Taoist techniques that enable women to cultivate and enhance their sexual energy • Reveals Taoist secrets for shortening menstruation, reducing cramps, and compressing more chi into the ovaries for greater sexual power • Teaches the practice of total body orgasm For thousands of years the sexual principles and techniques presented here were taught by Taoist masters in secret only to a small number of people (sworn to silence), in the royal courts and esoteric circles of China. This is the first book to make this ancient knowledge available to the West. The foundation of healing love is the cultivation, transformation, and circulation of sexual energy, known as jing. Jing energy is creative, generative energy that is vital for the development of chi (vital life-force

energy) and shen (spiritual energy), which enables higher practices of spiritual development. Jing is produced in the sexual organs, and it is energy women lose continually through menstruation and child bearing. Mantak Chia teaches powerful techniques developed by Taoist masters for the conservation of jing and how it is used to revitalize women's physical, mental, and spiritual well-being. Among the many benefits conferred by these practices are a reduction in the discomfort caused by menstruation and the ability to attain full-body orgasm.

Expressions of Love - James C. Flaughter
2010-06-01

Have you ever experienced a life-changing event? Have you had your heart broken? Have you questioned if you would ever find true love? These are questions that have plagued me most of my life. Life-changing events, such as finding a new job, getting married, having children, getting a divorce, losing a job, losing a friend or

family member are things that happen to all of us at some point during our lives. How we view and handle these life changes is the key to our survival. But the real question is how does one get through a life changing event? I can tell you it's not easy. But with help from family, friends and lots of prayer, one can discover that one of the most important things in life is finding love. At one time, I thought I had reached the top of the mountain in my personal life, and then suddenly it all came tumbling down. I have experienced several life-changing events since that time; divorce, loss of a friend, loss of jobs. The pain was devastating to me as well as my family and at that point I didn't know how or if we would get through it. One morning as I was looking out my window, I started searching for the answers to some of the questions that were bouncing around in my head. I had spent several sleepless nights lying in bed wondering why this was happening to me. At first, I started writing down my feelings. They were just random

thoughts with very little meaning at this point. Many of them were related to the 'why?' questions. I knew and felt I was searching for an answer to something. This is when I started writing what I called 'expressions.' These random thoughts were first put down as an outline or a particular feeling I had at that point in my life. They soon became the glue or stability in my life that helped me cope with each traumatic situation. For me, these expressions served as an outlet to recognize what was most important in my life and also made me realize that finding true love is possible, if only you open your heart and be patient. I have compiled a collection of my expressions in a book titled *Expressions of Love* in which I would like to share with my readers. Each expression defines my thoughts, feelings, and continued journey of finding true love. Each of the five sections is designed to evoke thought and guide you as you are confronted with life's challenges. Although this book refers directly to 'love' circumstances,

it can also be applied to the other challenges in life such as loss of family member or friend and even loss of a job. My hope is that these expressions will serve as an inspiration for those who have experienced the confusion, pain and challenges of life and love. Read each expression with an open heart and open mind. Allow them to guide you through your journey in search of finding your own true love.

Love Cures - Laine E. Doggett 2015-11-09

What is love? Popular culture bombards us with notions of the intoxicating capacities of love or of beguiling women who can bewitch or heal—to the point that it is easy to believe that such images are timeless and universal. Not so, argues Laine Doggett in *Love Cures*. Aspects of love that are expressed in popular music—such

as “love is a drug,” “sexual healing,” and “love potion number nine”—trace deep roots to Old French romance of the high Middle Ages. A young woman heals a poisoned knight. A mother prepares a love potion for a daughter who will marry a stranger in a faraway land. How can readers interpret such events? In contrast to scholars who have dismissed these women as fantasy figures or labeled them “witches,” Doggett looks at them in the light of medical and magical practices of the high Middle Ages. Love Cures argues that these practitioners, as represented in romance, have shaped modern notions of love. Love Cures seeks to engage scholars of love, marriage, and magic in disciplines as diverse as literature, history, anthropology, and philosophy.

Nurturing Healing Love - Scarlett Lewis
2014-10-27

On December 14, 2012, Scarlett Lewis experienced something that no parent should ever have to endure: she lost her son Jesse in an

act of unimaginable violence. The day started just like any other, but when a gunman opened fire at Sandy Hook Elementary School, Scarlett’s life changed forever. However, this isn’t a story about a massacre. It’s a story about love and survival. It’s about how to face the impossible, how to find courage when you think you have none, and how to choose love instead of anger, fear, or hatred. Following Jesse’s death, Scarlett went on an unexpected journey, inspired by a simple three-word message he had scrawled on their kitchen chalkboard shortly before he died: Norurting Helin Love (Nurturing Healing Love). It was as if he knew just what his family would need in order to go on after this horrible tragedy. Bolstered by his words, Scarlett took her first step toward a new life. And with each step, it became clearer how true Jesse’s message was. She learned that love was indeed the essential element necessary to move forward and that taking the path of love is a choice. We can live in anger and resentment, or we can

choose love and forgiveness. With her decision made, she found some peace and began to believe that choosing love was the key to creating a healthy, safe, and happy world. She began the Jesse Lewis Choose Love Foundation to develop programs to teach children about the power each of us has to change our thoughts and choose a life without fear and hate.

Nurturing Healing Love is Scarlett's story of how choosing love is changing her life—and how it could change our world. A portion of the proceeds from sales of this book will be donated to the Jesse Lewis Choose Love Foundation. To learn more about the foundation or to make a donation, go to www.jesselewischooselove.org.

While most of us have moments of loving freely and openly, it is often hard to sustain this where

it matters most—in our intimate relationships. Why if love is so great and powerful are human relationships so challenging and difficult? If love is the source of happiness and joy, why is it so hard to open to it fully and let it govern our lives? In this book, John Welwood addresses these questions and shows us how to overcome the most fundamental obstacle that keeps us from experiencing love's full flowering in our lives. Perfect Love, Imperfect Relationships begins by showing how all our relational problems arise out of a universal, core wounding around love that affects not only our personal relationships but the quality of life in our world as a whole. This wounding shows up as a pervasive mood of unlove—a deep sense that we are not intrinsically lovable just as we are. And this shuts down our capacity to trust, so that even though we may hunger for love, we have difficulty opening to it and letting it circulate freely through us. This book takes the reader on a powerful journey of healing and transformation

that involves learning to embrace our humanness and appreciate the imperfections of our relationships as trail-markers along the path to great love. It sets forth a process for releasing deep-seated grievances we hold against others for not loving us better and against ourselves for not being better loved. And it shows how our longing to be loved can magnetize the great love that will free us from looking to others to find ourselves. Written with penetrating realism and a fresh, lyrical style that honors the subtlety and richness of our relationship to love itself, this revolutionary book offers profound and practical guidance for healing our lives as well as our embattled world.

Learn to Love - Thomas Jordan PhD 2019-12-08
 Learn to Love: Guide to Healing Your Disappointing Love Life was written by Dr. Thomas Jordan, a New York City psychologist who specializes in the treatment of people with love life problems. After 30 years of clinical research and treatment, Dr. Jordan wrote a book that shows readers how to make the psychological changes that will dramatically improve their love lives. The method Dr. Jordan describes in his book worked for many of his patients, and as he describes in his book, helped him in his own love life as well. Learn to Love guides readers through the process of becoming aware of what they've learned about love relationships, how to unlearn what was unhealthy, and clarifies what they'll need to learn or relearn and practice to get control of

their love lives.

Heaven's Wait - Paula Sevestre 2014-07-23

In November 2010, I was approached by a traditional aboriginal healer who said he had a message for me. This encounter would lead me down a path of fear, manipulation, and warped spiritual guidance. This book chronicles my life journey as an Aboriginal from the Mi?kmaq nation, from growing up on a Canadian reserve mired in poverty and family violence and deeply rooted in the Catholic Faith, to reconciling my

guilt and shame for all I had done and overcoming an introduction to spirituality based on fear and the punitive. Finally, it provides a narrative of my own spiritual development, including the loving guidance and intuitive messages I received from spirit, and the ultimate triumph of healing, love, and forgiveness. [The healer] said he had had a dream? a vision, and it wasn't good. It concerned our boys. He said he saw a white work van with dark windows and somebody grabbing and kidnapping my boys ?
