The Laundry Basket - G. M. C. Lewis 2014-07-28

Gripping crime thriller by debut author G.M.C. Lewis airs the dirty laundry of thirty fictional Londoners, marking the first in a four-part collection of short stories. Boxers, lovers, killers and online daters collide in Lewis' murderous, drug-fuelled portrayal of one long weekend in south-east London. The Laundry Basket overflows with stories, both darkly comic and tragically tender, which are woven together with fiendish intricacy. As each piece of the puzzle slots into place, the bigger picture materialises with jaw-dropping breadth, exposing the workings of a corrupt organisation and the lives of those who intersect its dark machinations, flinging the reader along an emotional rollercoaster to a jubilant and gut-wrenching climax. Using a symbolic item of laundry to title each chapter, signifying the story's contents - 'Suspenders' sees

the protagonist of this particular tale exchanging explicit messages with girls via online dating sites, while 'Strip' sees three friends head off to a football game - the author explores each colourful character in depth. The Laundry Basket is the first novel in a collection of four, each being composed of thirty individual, standalone tales. The book spans a wide variety of topics - including drug abuse, sexual abuse, football hooliganism and corrupt organisations - but is primarily a crime thriller novel. G. M. C. Lewis, whose writing has been compared to Ted Hughes and Irvine Welsh, takes inspiration from Raymond Carver's short stories, and Henry Miller, Lewis' favourite author.

The Guyde - Howie Reith 2016-11-19

The Guyde is the most comprehensive men's dating and self-improvement book ever written, designed to be

everything you need to transform into the most confident version of yourself. There are no lines or routines; instead you'll find exercises and information to improve your self-esteem, social skills, and other elements integral to social success. Everything in these pages is backed with scientific evidence, and when I say scientific evidence, I mean cited peer-reviewed literature, not pop evolutionary psychology or the "law of attraction." You won't be reading anecdotes telling you about my "successes" or opinions; you'll be learning the practical steps necessary for the specific changes you want to manifest in your life. The Guyde is divided into four sections: Part I - Psychology Part I focuses on the internal elements of social interaction. How do you overcome your toxic self-limiting beliefs that keep you from being authentic with people? How do you overcome your fears? How can you stay motivated to make your changes? You will learn clinically effective approaches to all of these and more. Part II - Social Skills For many men, the biggest barrier between themselves and social success is a lack of social skills and awareness. In Part II, you'll learn how to shore up this weakness. You will learn how to listen, banter, share stories, and assert yourself with others. You'll learn how to improve your body language and vocal tonality to project confidence and charisma. Part III - Physical Attractiveness Part III will teach you how to improve your physical features. The first two chapters detail the most clinically effective approaches to diet and exercise. We'll also discuss the basics of fashion and how to dress to impress. Master Part III, and when you go out, you will turn heads. Part IV - Dating The final portion of The Guyde deals with dating, in this version, in a heterosexual male context. You'll learn the best places to meet potential dates, how to flirt, and how to ask someone out. You'll learn how to plan brag-worthy romantic evenings and how to address problems like rude cancellations and "ghosting." You'll learn how to interact physically while being sensitive to your date's wishes, as well as how to perform better in bed. You'll learn why relationships fail and how to avoid the pitfalls most couples fall into, and you'll come to understand a bit about what it's like to date from a woman's perspective, including many of the cultural factors they face that most men don't understand. The Guyde is a labor of love. I wrote it to be everything I wish I'd known when I was younger, the sorts of things that turned my life around for the better. I hope it does the same for you.

The Driveway Rules - Marc Sander 2020-01-28

The Driveway Rules is my book of memoirs. It focuses on my struggles when it comes to dating but also has fun entries about various adventures in my life. I am introspective and have learned a lot about my struggles through the years. The point of our struggles is to use them as an opportunity for growth and perhaps to help others later in life. This book is poignant, philosophical and humorous. Next to penicillin laughter is the best medicine.

Formal Semantics and Pragmatics for Natural Languages - Franz Guenther 2012-12-06

The essays in this collection are the outgrowth of a workshop, held in June 1976, on formal approaches to the semantics and pragmatics of natural languages. They document in an astoundingly uniform way the developments in the formal analysis of natural languages since the late sixties. The avowed aim of the workshop was in fact to assess the progress made in the application of formal methods to semantics, to confront different approaches to essentially the same problems on the one hand, and, on the other, to show the way in relating semantic and pragmatic explanations of linguistic phenomena. Several of these papers can in fact be regarded as attempts to close the 'semiotic circle' by bringing together the syntactic, semantic and pragmatic properties of certain constructions in an explanatory framework thereby making it more than obvious that these three components of an integrated linguistic theory cannot be as neatly separated as one would have liked to believe. In other words, not only can we not elaborate a syntactic description of (a fragment of) a language and then proceed to the semantics (as Montague pointed out already forcefully in 1968), we cannot hope to achieve an adequate integrated syntax and semantics without paying heed to the pragmatic aspects of the constructions involved. The behavior of polarity items, 'quantifiers' like any, conditionals or even logical particles like and and or in non-indicative sentences is clear-cut evidence for the need to let each component of the grammar inform the other.

Kiss Her Once for Me - Alison Cochrun 2022-11

The author of the "swoon-worthy debut" (Harper's Bazaar) The Charm Offensive returns with a festive romantic comedy about a woman who fakes an engagement with her landlord...only to fall for his sister. One year ago, recent Portland transplant Ellie Oliver had her dream job in animation and a Christmas Eve

meet-cute with a woman at a bookstore that led her to fall in love over the course of a single night. But after a betrayal the next morning and the loss of her job soon after, she finds herself adrift, alone, and desperate for money. Finding work at a local coffee shop, she's just getting through the days—until Andrew, the shop's landlord, proposes a shocking, drunken plan: a marriage of convenience that will give him his recent inheritance and alleviate Ellie's financial woes and isolation. They make a plan to spend the holidays together at his family cabin to keep up the ruse. But when Andrew introduces his new fiancée to his sister, Ellie is shocked to discover it's Jack—the mysterious woman she fell for over the course of one magical Christmas Eve the year before. Now, Ellie must choose between the safety of a fake relationship and the risk of something real. Perfect for fans of *Written in the Stars* and *One Day in December*, *Kiss Her Once for Me* is the queer holiday rom-com that you'll want to cozy up with next to the fire.

Price of a Kiss - Linda Kage

I don't care what my cousin says; I am not the queen of impossible relationships. I mean, just because my last boyfriend tried to kill me and left a bit of a scar on my neck, then forced me to move across the country and legally change my name to Reese Randall to escape him, does not mean- Oh, who am I kidding? For a freshman in college, I have to have the worst dating track record ever. It's no wonder love is the last thing on my mind when Mason Lowe enters my life. But the chemistry between us is like bam! Our connection defies logic. And he's just so freaking hot. Being around him makes me feel more alive than I've ever felt before. I even like bickering with him. He could be my soul mate...except for one teeny tiny glitch. He's a gigolo. Boy, do I know how to pick them.

The Science of Kissing - Sheril Kirshenbaum 2011-01-05

From a noted science journalist comes a wonderfully witty and fascinating exploration of how and why we kiss. When did humans begin to kiss? Why is kissing integral to some cultures and alien to others? Do good kissers make the best lovers? And is that expensive lip-plumping gloss worth it? Sheril Kirshenbaum, a biologist and science journalist, tackles these questions and more in *The Science of a Kiss*. It's everything you always wanted to know about kissing but either haven't asked, couldn't find out, or didn't realize you should understand. The book is informed by the latest studies and theories, but Kirshenbaum's engaging voice gives the information a light touch. Topics range from the kind of kissing men like to do (as distinct from women) to what animals can teach us about the kiss to whether or not the true art of kissing was lost sometime in the Dark Ages. Drawing upon classical history, evolutionary biology, psychology, popular culture, and more, Kirshenbaum's winning book will appeal to romantics and armchair scientists alike.

The Kiss List - Maya Hughes 2022-03-03

If I were on fire, she'd break out the marshmallows. It's not that we don't like each other, more like hate with the fury of a thousand suns. But it wasn't always that way. I still remember how her lips tasted. How they felt pressed against mine. How I wanted more. How I still crave her. Our disastrous night together ended with her storming out, me wondering if I'd ever be able to show my face on campus again and us as bitter enemies. When a campus competition is announced to find the most in love couple, she's the last person I thought I'd turn to for help. But the prize could change both our lives. An internship for her and a chance to finally connect with my father. It's too hard to resist. Just like her heated glares and tempting curves. To win, we've got to prove to everyone we're a couple. Head over heels, can't keep our hands off each other in love. Fake the hell out of it for our chance at glory. Maybe we're a little too good at selling it to the whole campus because the lines haven't just been blurred, they've gone up in flames. Can I convince

her I want us to be together for real and keep the prize? Or will I lose them both?
