The Best Seat in the House Jim Doyle 2015-10-09 Jim Doyle's hands were shaking as he signed off after a radio broadcast of one of the most remarkable college football games he had ever

witnessed. Although he was a seasoned broadcaster, Doyle's hope remained the same as it did when he first started in the business: that through descriptions, gusto, and accuracy, he once again provided his listeners a good feel for what it was like to be there. Doyle relies on nearly a half century of sports radio broadcasting experience to share a treasure trove of stories that range from the exciting to the bizarre and even the tragic. From the biggest comeback in the history of college football to a "rainout" of a college basketball game to the courageous story of high school football radio analyst fighting terminal cancer while continuing to broadcast the game he loved, Doyle provides fans an insightful, unforgettable behind-the-scenes look at the passion, commitment, and skill surrounding radio sports broadcasting in a small Pennsylvania town. The Best Seat in the House reveals a radio sportscaster's fifty-year journey through the world of broadcasting as he called plays, painted vivid pictures for his listeners, and reminded fans that nothing great is ever achieved without enthusiasm.

University of Wisconsin Basketball Dave Anderson 2006 The University of Wisconsin owns one of the greatest basketball histories in the United States. That is the bold claim author Dave Anderson makes-and backs up-in this stunning book. Longhorn Hoops Richard Pennington 1998-01-01 Longhorn Hoops documents the history of basketball at the University of Texas. For men's basketball, Richard Pennington goes season by season, describing every game the Longhorns have ever played from 1906 to 1998. He does the same for women's basketball, except for the first two chapters, which cover longer spans of time leading up to the establishment of basketball as a varsity sport for women in 1974. Pennington demonstrates that Texas basketball, while always secondary to King Football, actually has a long and colorful history. Beside stories of games won or lost, points scored, and rebounds collected, Pennington recalls the orange-and-white stars of yesteryear--from Clyde Littlefield to Reggie Freeman--and brings the greatest teams to life, including the unbeaten Steers of 1924, the Final Four team of 1947, Harold

Bradley's 1963 team, Abe Lemons' 1978 NIT champions, and Tom Penders' 1990 Longhorns. Perhaps the most interesting story in Longhorn Hoops is how Anna Hiss, director of women's physical education at Texas from 1921 to 1957, helped lead a nationwide movement against intercollegiate competition for women, which shut down UT women's basketball for several decades and made progress in the 1960s and 1970s much more difficult. Some determined co-eds got it going again, and, with the energy and direction of women's athletic director Donna Lopiano and coach Jody Conradt (whose teams have won more than 700 games), the Longhorns built a powerhouse program that reached its apex with an undefeated team in 1986, winning the NCAA championship with the heroics of freshman star Clarissa Davis. Basketball, as Pennington notes in his preface, is the most beautiful sport of all, and its history at the University of Texas has now been told. This comprehensive book features a foreword by Dr. Denton Cooley, the world-famous heart surgeon who helped the Longhorns win an SWC title in 1939.

[The Only Dance in Iowa](#) Max McElwain 2004-01-01 Iowa six-player girls' basketball was the most successful sporting activity for girls in American history, at its zenith involving more than 70 percent of the girls in the state. The state tournament was so popular-regularly drawing fifteen thousand fans, more than the boys' tourney-that officials declined a lucrative broadcasting offer from ABC's Wide World of Sports rather than forfeit the Iowa Girls' High School Athletic Union's control of the game. The Only Dance in Iowa chronicles the one-hundred-year history of this Iowa tradition, long a symbol of the state's independence and the people's rural pride. Max McElwain shows how, well before the passage of Title IX in 1972, Iowa six-player girls' basketball was, as Sports Illustrated gushed, "a utopia for girls' athletics." He also demonstrates how, ironically enough, the fallout from Title IX in many ways led to six-girl basketball's demise. Through interviews, careful ethnography, and detailed historical analysis, McElwain exposes the intricate political, sociological, and historical dynamics of this cultural phenomenon. His book reveals how six-

girl basketball, flourishing with the passionate support of Iowa's small towns, school districts, and media, came to represent the state's strong traditional beliefs and the public school system's determination to maintain its identity in the face of national educational trends. The Only Dance in Iowa is as much a study of this disappearing culture as of the game it claimed as its own. Max McElwain, an assistant professor of communication arts at Wayne State College, is a former sportswriter for several Midwestern newspapers.

Buying In Aaron L. Miller 2022-03-21 Buying In juxtaposes women's college sports with the historical transformations that set the stage for contemporary big-time college sports. Miller draws on positive psychology to create a framework he calls "positive anthropology." He uses this lens to highlight athlete exploitation, pay-for-play, and other issues that affect college sports teams.

The Pictorial History of College Basketball Bill Gutman 1989
Lady Vols and UConn Richard Kent 2008 UConn was a fledging women's basketball program that had been to one Final Four as of 1995. Tennessee was the king of the hill having won 7 National Championships and having produced some of the greatest women's players of all time. Pat Summitt was and is the head coach and is widely considered to be one of the top coaches in women's or men's college basketball history. In fact, she turned

down the Tennessee head men's coaching job. She agreed to play Geno Auriemma and UConn in 1995 in an epic battle in Storrs, CT. UConn won that game and won the National Championship that year and off and running was the series. It has produced as much if not more drama than Red Sox-Yankees, Cowboys-Giants and Knicks-Celtics. It has been compared to Carolina-Duke on the men's side. It is certainly produced more National Championships than both of those schools. "What Duke and North Carolina represent in men's college basketball, UConn and Tennessee represent in women's college basketball, the greatest rivalry in the game. Two teams that when pinned against one another in 1995 for the National Championship changed the sport of women's college basketball forever. The cast of characters from the polarized Hall of Fame coaches to the all-American icons have raised the bar, the talent and the media awareness at the national level. Although the characters change from year to year, the national fever of this matchup continues to grow. It is an ongoing saga that defines women's basketball and encapsulates all that is good and possible about athletic competition. Any young player should read this book and understand that without these teams, these coaches, these players, we would be watching women's basketball exclusively in March at the Final Four." Colleen Healey, former UConn women's basketball player.
