365 Ways to Say "I Love You" to Your Kids - Jay

Payleitner 2011-08-01

Parents adore their kids, but expressions of love can get lost in the mayhem of carpools, diaper changes, and afterschool activity schedules. Jay Payleitner, author of *52 Things Kids Need from a Dad* and proud father of five, inspires parents to turn love into an action verb with 365 simple and doable ideas: Call your children out on the front lawn to see a double rainbow. Let them see you reading your Bible and praying. Often. Learn to say "I love you" in different languages...and say it. Offer to do the dishes when it's their turn at the sink. Find an article or website about something they like and share it with them. New and seasoned parents (or grandparents) will appreciate these silly to serious suggestions that lead to joy, laughter, and connection one loving moment at a time.

HIS MAJESTY - Asmaà B.N

Lucian is the crown prince of the kingdom of Virtus. His father, King Ayaan the Second is on the deathbed, and his only wish before dying is

that his son finds a wife or a husband as soon as possible. For this purpose, starts selection among all the young singles of the kingdom. Axel is a poor peasant, living only with his mother, who suffers from an illness. To help her get cured, he leaves his lover and his work to himself to the selection, hoping to be among the royal family. Once Lucian chooses him to be his husband, his life changes as well as his feelings. Will their marriage be successful? And what happens once Axel's lover gets involved?

The Seven Keys to Communicating in Mexico - Orlando R. Kelm 2020-02-03

How do you build successful professional connections with colleagues from Mexico? While most books focus simply on how to avoid common communication mistakes, this book leads its readers to an understanding of how to succeed and thrive within the three cultures, Mexico, the US, and Canada. Kelm, Hernandez-Pozas and Victor present a set of practical guidelines for communicating professionally

with Mexicans, both in Mexico and abroad, providing many photographs as examples. The Seven Keys to Communicating in Mexico follows the model of presenting key cultural concepts used in the earlier books by Kelm and Victor on Brazil and (with Haru Yamada) on Japan. Olivia Hernandez-Pozas, Orlando Kelm, and David Victor, well-respected research professors and seasoned cross-cultural trainers for businesspeople, guide readers through Mexican culture using Victor's LESCANT Model (an acronym representing seven key cross-cultural communication areas: Language, Environment, Social Organization, Contexting, Authority, Nonverbal Behavior, and Time). Each chapter addresses one of these topics and demonstrates how to evaluate the differences among Mexican, US, and Canadian cultures. In the final chapter the authors bring all of these cultural interactions together with a sample case study about business interactions between Mexicans and North Americans. The case study includes

additional observations from North American and Mexican business professionals who offer related suggestions and recommendations.

MY LIFE IN A PRISON WITH INVISIBLE WALLS

- Adrian Gabriel Dumitru

If you ask a school boy about the ideal life ... that is one without homework and very long vacations. The summer vacation is the ideal time for them ... but still one day the autumn is coming. If you ask an employe in a corporation about the ideal life ... he will say that he would love as the working week to have 2 days of work a day instead of 5. The school boy, no matter the age ... is not feeling free. Years ago ... when he was not in school ... he felt the freedom of doing only what he wanted to do. The employee from the corporation, even if he knows that he is paid very, very well ... he is not feeling free either. But why?! Well ... cause the society is teaching us ... somehow by force ... to live in ... “prisons”.

Now let me give you another example. Let's assume the case of a businessman, that already had success, has a beautiful house, has money, a good company, a wife, beautiful kids ... basically everything. And ... still ... if you ask him if he is happy ... he will only reply that a piece from the puzzle is missing. I know lots of businessmen that have a great success ... and even if they have everything ... almost all of them have a mistress that is completing their lives. It's a non sense ... i know ... cause most of them have the perfect life scenario. An amazing house. A amazing car ... or cars. A beautiful wife. Very nice children. ... and?! Why this nonsense?! Why does a person look for something else when already has the perfect life?! Well ... cause what we call ... perfection ... is only a dogmatic way of seeing life. The missing piece from the puzzle is the mistress ... that makes him feel loved in a totally different way. She makes him be ... a free person. A hobby would make the school boy and even the employee from the corporation ... to

love what is doing ... and also feel free ... enjoying the present activity. You see ... no matter what path we chose in life ... the moment when we forget about the dogmatic path of living ... we feel the freedom. We feel alive. Our actions ... will look like a total nonsense to the others ... but we will be happy. The human being is looking for perfection ... but the happiness is not found in there. The dogmatism will never help us to ... be us. But ... on the path of discovering ... the real path ... at least we will have the guts to ... dream ... about the real freedom.

The Preferential Option for the Poor beyond Theology - Daniel G. Groody 2016-10-15

Since the 1973 publication of Gustavo Gutiérrez's groundbreaking work *A Theology of Liberation*, liberation theology's central premise of the preferential option for the poor has become one of the most important yet controversial theological themes of the twentieth century. As the situation for many of the world's poor worsens, it becomes ever more important to ensure that the option for the poor remains not only a vibrant theological concept but also a practical framework for living out the gift and challenge of Christian faith. *The Preferential Option for the Poor beyond Theology* draws on a diverse group of contributors to explore how disciplines as varied as law, economics, politics,

the environment, science, liberal arts, film, and education can help us understand putting a commitment to the option for the poor into practice. The central focus of the book revolves around the question: How can one live a Christian life in a world of destitution? The contributors address the theological concept of the option for the poor as well as the ways it can shape our social, economic, political, educational, and environmental approaches to poverty. Their creative examples serve as an inspiration to all those who are seeking to put their talents at the service of human need and the building of a more just and humane world.

The Folklore of Spain in the American

Southwest - Aurelio M. Espinosa 1990-01-01

The region of northern New Mexico and southern Colorado holds a unique place in the world of Spanish folk literature. Isolated from the rest of the Spanish-speaking world for most of its history since its first settlement in 1598, it has retained, even into our own time, much of its

Hispanic folkloric heritage from the sixteenth and seventeenth centuries-ballads, songs, poems, folktales, sayings, anecdotes, proverbs, riddles, and folk drama. In this book, written in the late 1930s and never before published, Aurelio M. Espinosa, New Mexico's pioneer folklorist, presents the first comprehensive, authoritative account of the relict folklore, bringing together the results of his collecting during the first third of this century, in the Southwest and in Spain, and his many groundbreaking scholarly studies.

The Spanish Love Deception - Elena Armas
2022-02-08

A wedding. A trip to Spain. The most infuriating man. And three days of pretending. Or in other words, a plan that will never work. Catalina Martín, finally, not single. Her family is happy to announce that she will bring her American boyfriend to her sister's wedding. Everyone is invited to come and witness the most magical event of the year. That would certainly be tomorrow's headline in the local newspaper of the small Spanish town I came from. Or the

How Do You Say I Love You Much In Spanish

epitaph on my tombstone, seeing the turn my life had taken in the span of a phone call. Four weeks wasn't a lot of time to find someone willing to cross the Atlantic-from NYC and all the way to Spain-for a wedding. Let alone, someone eager to play along with my charade. But that didn't mean I was desperate enough to bring the 6'4 blue eyed pain in my ass standing before me, Aaron Blackford. The man whose main occupation was making my blood boil had just offered himself to be my date. Right after inserting his nose in my business, calling me delusional, and calling himself my best option. See? Outrageous. Aggravating. Blood boiling. And much to my total despair, also right. Which left me with a surly and extra large dilemma in

my hands. Was it worth the suffering to bring my colleague and bane of my existence as my fake boyfriend to my sister's wedding? Or was I better off coming clean and facing the consequences of my panic induced lie? Like my abuela would say, que dios nos pille confesados. The Spanish Love Deception is an enemies-to-lovers, fake-dating.
