**Attraction Formula** - Paris Louiselle 2013-09-26

Don't Leave Your Social Life Up To Chance The Attraction Formula is a step by step, no-nonsense guide that will boost your confidence with women instantly. This book is brilliant because it's not complicated at all. As soon as you start reading his book you'll be blown away by how quickly your skills with women improve. The book focuses on how to meet and date women without spending any money at all. No more fancy dinners and expensive dates where you end up going home alone empty handed. For the tiny cost of this book, you will probably save over \$300 next month on all the stupid dating crap you spend money on. How many times have you seen a hot woman and said nothing? How many times have you been at a party, chatting with a cute girl, conversation goes well, but at the end you just say "nice meeting you" and it ends there? If you're anything like me, this happens ALL THE TIME. When you leave your social life up to chance you're taking a huge risk, and what if it doesn't work out? Meeting women through friends, work, or the bar scene leaves you only a handful of women to choose from. And even if you do meet a woman that way, chances are she's not compatible with you. Learn How To Seduce Any Woman In 60 Seconds! It's that easy! Really! I honestly didn't think seducing a woman in 60 seconds was possible before I read Paul's book, and then bought the live in field pickup videos. 99% of trouble meeting women is of our own making. We create any number of self defeating problems in our head - my hair doesn't look right, I'm not in a good mood today, she'll reject me, etc. etc. etc. And then we do NOTHING when the hot girl walks by.

**How to Talk to Girls Simplified - Full Version** - German Muhlenberg 2018-03-09

- If you have trouble starting a chat with a girl you like.- If you always end up in boring conversations or do not know what to say.- If you want to know what to do on a date to make it a fun, exciting and interesting

experience.- If you want her to really enjoy being with you and to feel attracted - If you have already searched through various Videos, Blogs or Wikipediaw and they did not help you. Then this is the right book for you! Some of the questions they ask me most frequently are: How do I start a conversation? What do I say to a girl? Should I have certain phrases prepared in advance? One of the main problems when striking up a conversation with a woman is that everything seems to be going well and then suddenly her interest seems to simply disappear, her answers are shortened and you might even start feeling like a disaster, wishing you had the ability to know what she was thinking. It's happened to all of us some time or another that we don't know what to say when entering into a conversation or that there are some uncomfortable silences. The truth is that it is not as difficult as many think, and yet many men end up in boring conversations and girls rarely have unforgettable nights with them. Why? Because they end up doing the same boring, predictable, and tedious things than the last 100 previous guys did and they simply don't work. Imagine that one girl is on a date with a random guy she doesn't know and he starts asking her the same questions she always hears. "So where do you come from?", "What is your job?", "What do you study?", "Why did you choose that university?", "Where would you like to live?", "Where would you like to go on vacations?", or even talk about the WEATHER! Yes! That last one, definitely, is the topic of conversation of an unforgettable night ... The worst thing is that there is a belief that the solution to this is "openers" or pre-set phrases and I have to admit that I used to think that way too. Once a guy wrote to me: "If I just had a perfect phrase to start a conversation everything else would just flow." In the same way many men also look for that perfect phrase, that all-encompassing opener, in order to get attention instantly and make any girl attracted towards us ... but I'm sorry to say that it doesn't work this way. The people who unconsciously feel like techniques or pick-up phrases are necessary is because they do not feel good enough themselves to win the ladies' attention. The most successful men are those who don't put women above themselves. That way your game becomes simple and natural. In this book I will give you the tools to improve conversations, flirt, and connect with women in a sexual way.

[How to Get a Girlfriend Dating Online](#) - Robert Belland 2011-02-01

The goal of this book is simple: to guide ANY guy through the process of picking out the BEST women to chat with, exactly what to say to them, and how to inspire these women to feel enough attraction and comfort to meet in person. What can YOU do slightly differently than the last 50 guys who tried emailing her that same day? Be different (in a fun way) without seeming desperate, needy, or creepy. This book explains and explores the common mistakes men are making dating online AND explains, step-by-step, EXACTLY what to say in order to stand out and get dates. This book outlines the FOUR FOUNDATIONS of successful (online) dating: Attraction, Rapport, Leading, and Escalation. - ATTRACTION is about tension and her emotional response to you. - RAPPORT is about intimacy and her emotional connection with you. - LEADING is about challenging your fears and taking action while communicating sincerity through your actions. - ESCALATION is about consistently increasing the intensity of your relationship via attraction and rapport so that it goes where ever you want it to go. WHAT YOU'LL DISCOVER IN THIS BOOK: - Exactly to say in your first email so that she's MOST likely to respond to you. - 8 tragic but typical mistakes you should NEVER make when first chatting with her online. - 5 ways she's indicating she's "ready" to meet you (but you might be missing.) - 10 things you SHOULD be doing to make or break your online profile. - 10 detailed examples of men's profiles, and what's good and bad about them. - Learn which types of photos make women click your profile, and which make her run for the hills! - MANY examples of the types of emails other men will be sending her so that YOU can learn how to avoid sounding like "just another creep." - How to be DIRECT in such a way that will invite her to desire you more. - 7 amazing openers that you can use anytime that I've tested and used to meet many amazing women online, and why they work so well. - Etc, etc, etc... Getting the girl online isn't rocket science. It's not black magic. It's not surprising or wierd. BUT it's almost universally misunderstood. What makes a girl reject the last 99 guys but respond to you? It's simple. Being different, being playful, and being attractive. The core teachings of my books. As a matter of fact it's EASIER to be different than the last 99 guys simply because the last 99 guys are all saying the exact same things and all making the exact same mistakes. I wrote this book to help the average guy, like you and me, stand out from the online dating crowd in order to catch the girl we REALLY want, and ultimately deserve. She WANTS you to find her and attract her... now read this book and learn the fastest path to your first date!
