Linda Goodman's Sun Signs - Linda Goodman 2014-01-09

The New York Times–bestselling author’s classic guide to astrology:

“What makes Sun Signs different is that much of the writing is done with humor” (The Boston Globe). Before 1968, astrology as we know it had a very limited following in the United States and around the world. The publication of Linda Goodman’s Sun Signs changed that forever.

Newspapers began running astrology columns, and soon, an increasing number of people knew their sign (as well as yours) and began to study astrological tendencies. Linda Goodman’s Sun Signs quickly established itself as the worldwide introductory bible to astrology for beginner and expert alike. The book’s simple organizational technique made it easy for everyone to follow and understand themselves and others, sign-by-sign.

This updated edition of the groundbreaking classic is an enjoyable way to discover the world of astrology today.

[Fake It](#) - Lily Seabrooke 2021-08-06

To spark interest in Avery's restaurant, and to revitalize Holly's image, a fake relationship is the answer to both their problems. And the start of a pressing new problem: falling in love. Avery Lindt finally opened her dream restaurant-and there's no customers. She's staying optimistic, though: she's confident she can fake it till she makes it, roll with the punches, and find a way to save her luxury restaurant, Paramour. But it gets harder when she gets restaurant mogul and star chef Mike Wallace angry, and finds herself on the other end of a campaign to shut down Paramour. Celebrity chef Holly Mason's show is in trouble: people are bored with her routine of helping struggling restaurants. Worse, her ex-boyfriend Mike Wallace is making backdoor deals trying to steal the starring role. Luckily, Holly's agent Tay has a solution: ditch her show plans for the season, throw their lot in with luxury restaurant Paramour against Mike Wallace's racketeering operation of a restaurant partnership. The cherry on top? A fake relationship between Holly and Avery to stir up drama. It would already be a mess if Holly and Avery weren't already struggling to hold back their attraction for one another. Despite their promise not to date, the lines between acting and reality get awfully blurry sometimes. Fake It is an 80,000-word fake-dating celebrity romance between a disillusioned TV cooking star and a bright-eyed restaurant owner who's sure she can manifest a solution to her hard times if she believes hard enough. Features an agent named Tay who calls their brilliant ideas "inspir-Tay-tion," plenty of descriptions of food that made me hungry while I wrote the book, and a cute bisexual trans girl who gets to fall in love. Content warnings for open-door sex scenes that get a little bit kinky, a gross man who won't stop calling his ex-girlfriend babe, and sapphics getting in the way of their own feelings, like they always do.

[Linda Goodman's Sun Signs](#) - Linda Goodman 2019-11-28

The original bestseller from the world's most respected astrological authority Embark on your cosmic path to self-discovery with this comprehensive guide to the twelve signs of the zodiac. Your sun sign is determined by the day and month of your birth and is the foundation of your horoscope. Taking each of the twelve signs in turn, world famous astrologer Linda Goodman explains the importance of the sun – the most powerful of all stellar bodies. She describes the characteristics of each sign and how these can be used to really get to know the men, women, children, bosses and employees in your life. This newfound knowledge allows us to feel closer to one another and to understand that, as Goodman says, ‘Not all Capricorns are meek, not all Leos are outwardly domineering and not all Virgos are virgins.’ Learn all this and much, much more from the world-famous astrologer who has helped millions divine their way to success, happiness and love by studying the sun signs. Before publication of Sun Signs in 1968, astrology as we know it had a very limited following in the United States and around the world. With this book, Linda Goodman changed that forever, bringing metaphysical consciousness to millions of readers around the world for the first time. Newspapers began running astrology columns, and Goodman herself contributed to these in the larger mass circulation women's magazines. An increasing number of people knew their sign and how to interpret the signs of others, introducing the study of astrological tendencies as we now know it.

[Astrology for Real Relationships](#) - Jessica Lanyadoo 2019-12-31

A modern, inclusive guide to astrology that uses the zodiac to illuminate your love life as well as your relationships with your family, your friends, and yourself. When it comes to friendship, family, and romance, we all want the same things: to love and be loved, to communicate, to fight fair, and to feel okay in our own skin. Illuminating and accessible, Astrology for Real Relationships includes a primer on basic zodiac knowledge—including the importance of your Sun, Moon, and the planets in your birth chart—before exploring how self-love and self-care affects all types of relationships. Once your mental health and spiritual and emotional wellness are balanced, you can be empowered in your relationships, including:

- Friends and chosen family: The Sun governs your identity and your will. Are you comfortable being yourself? Do your friends see you in the same ways that you see yourself?
- Hanging out and dating: The Moon governs your feelings and emotions. Are you honest with yourself about how you feel and what you really need from a partner?
- Long term relationships: Mars is the planet of conflict. Do you always seem to be attracted to the wrong people? Are women really from Venus and men from Mars? Full of real talk about attraction, dating, sex, frenemies, self-love, mental health, and how to deal with family, this book will help you build and maintain strong connections—with your crushes, your spouse, your boss, or your mom—and uncover and empower you to get what you really want in relationships, not what you think you should want.
