

How To Talk With Taurus Woman

Astrology for Lovers - Liz Greene 2009-02-01

A comprehensive astrological guide to life, relationships and lovers. Astrology for Lovers is a seminal guide to learning how to interpret the subtle and not so subtle attributes of both your own and your partner's astrological sign in order to create a better understanding of one another. Each person has a unique footprint in the map of the cosmos, and Astrology for Lovers guides the reader through each of the Sun signs in an enlightening and comprehensive manner. Each sign is given a lengthy description of its characteristics, as well its creation myth. Greene then expands upon the sign's shadowy side, and finally explicates the fine points of the individual sign as a lover.

Astrology for Lovers will teach readers not only critical aspects of their own motivations, but also provide invaluable insight into the inner workings of their lovers.

To Have, to Hold, and to Never Let Go - Cattina C. Coleman 2012-12-28

I am a woman of many attributes and as impressive as my background is I too find it hard to juggle a relationship, family, friends, and my career. With a two year old son, a new found relationship with a handsome young man who is just a year younger than me but so much wisdom he could teach a teacher; still pursuing my Doctorate Degree in Business, and building a company from the ground up; has definitely put my life in the fast lane. The inspiration to my book was having seen male

friends of mine who are battling their own love lives and or the family. I wanted to create a book to help guide them in a path where they too can understand where we women are coming from when we ask them a million and one questions about relationships and family. So in my book *To Have, To Hold, and To Never Let Go*, I am letting men know the inner thoughts and acts of women and show how we are not that much different from you guys in the sense of commitment. The same thoughts you men have us women have too; we just go about them a little differently. So in this book allow these chapters to guide you men on how *To Have a Woman, Hold a Woman, and To Never Let Her Go*.

The F*ckhead Guide to Astrology - Fckhead 2005-05
The F*ckhead Guide to Astrology is the ultimate antidote for all you boring yuppies, neo-hipsters and punk wannabes who think there might be some validity to spirituality/western philosophy/astrology but are just too fed up with the WE-ARE-ONE, GOD-IS-LOVE, WE-ARE-ALL-GOD-N-WE-ARE-ALL-LOVE post-hippie claptrap still controlling the market, and all who wanna barf at the mention of L. Ron Hubbard (we feel you). In under 200 pages, underground author/Tourette's Syndrome survivor F*CKHEAD lovingly yet ruthlessly dissects the pop psychology dumping ground that is Astrology: signs are described, signs are decried, signs are dismantled, F*ckhead tells you how to pick up chicks (assuming, of course, you somehow know their signs to begin with, in which case you probably wouldn't need his help) and Tom Hanks is made fun of. HILARITY ENSUES. The F*ckhead Guide to Astrology is

absolutely guaranteed to heal marriages, tame children, cure lepers, end hunger, establish world peace etc. (though we are still waiting on endorsement from Dr. Phil). Literarily, kinda bullshit but a helluva lot better than blowing your money on "How to Spot A Bastard By His Star Sign". So buy it now, suckers, 'cause if you keep standing in the New Age section the clerks are gonna stare at you.

How to Be a Sexual God (in Three Easy Lessons!) - Dusty White 2008-12-18

This book is no longer for sale. I am removing it from the market now, and that should reflect on all channels by January 1st 2014. This book is too dangerous in the wrong hands. I have sold several thousand print copies in an extremely short time and that is enough. I wrote this book 20 years ago. I was someone else back then. Thanks to everyone who bought this book and used it, but this book is no longer to be shared with the public. All digital editions have been removed and will not be

available. I had fun writing it and selling it all through the 90's. But that was a long time ago. It is time to put this to bed and write on different subjects. This short course will make you socially adept in dealing with women for the rest of your life, and instruct you in the subtle arts of mastering great relationships. Two books are condensed into one comprehensive volume. The first provides a brutally honest, detailed analysis of every woman you will ever date: her strengths, weaknesses, her desires, and her most closely-guarded secrets - including how to spot her in a crowd, how to seduce her, and how to be rid of her if and when you no longer desire her company. The second book explores highly advanced concepts of manipulation and seduction utilized by the world's greatest pick-up artists and marketing masters. This text is presented to you without judgment, in such a way as to challenge everything you believe, so that you may examine your own mind, and break free from the

manipulation of the women you desire most. The context is laid out using Astrology as a guidepost to shorten the learning curve, and help you get results fast.

SignMates - Bernie Ashman
2012-07-08

Somehow, your relationship that started out so wonderfully is having problems. Or perhaps you'd like to anticipate what problems could occur in a potential relationship. More importantly, you need to know how to resolve the problems. Problems of interpersonal relationships are most often caused because everyone has conscious and unconscious needs and behaviors that can conflict with those of another. Recognizing and dealing with them can save relationships. You'll find out how to do this in Bernie Ashman's SignMates. Contrary to what some people think, your astrological sign doesn't "force" you to do anything. It is simply an indicator of what you are. By understanding how the signs relate, you can better understand relationships and

how to overcome problems that may arise. In a nutshell, that is what this book will do for you. The book relates potential problems in a relationship between every sign of the zodiac. For example, if you are a Virgo and your partner is a Scorpio, you may play the "Sabotage Game," where you make it difficult for your partner to reach goals because of unresolved anger or jealousy. To deal with this you need to become aware of negative, unproductive comments and support your partner. Two other games and coping strategies are given. Or perhaps you are a Libra and your partner is an Aquarius. You may experience the "Lovers and Strangers Game" where your sense of closeness vacillates between extremes. This is a test to see if you can handle emotional heat. You have to be willing to simply and honestly discuss your feelings. Again, two more games and strategies for dealing with the conflicts that cause them are given. No matter what sign you and your partner are, this book

will pinpoint the potential pitfalls and how to deal with them. Also included for each pairing is the good news, a "rainbow" at the end of the difficulties, which indicates how great such a relationship can be. Ideal for both non-astrologers and astrological pros, this book can help save your relationship.
