Critical Ethnography in Educational

Research - Francis Phil Carspecken 2013-09-13

Ethnographic methods are becoming increasingly prevalent in contemporary educational research. Critical Ethnography in Educational Research provides both a technical, theoretical guide to advanced ethnography--focusing on such concepts as primary data collection and system relationships--and a very practical guide for researchers interested in conducting actual studies.

[Cabin Windows](#) - Joan Hohl 2010-09-20

Cabin Windows is both a story of a young girl's love affair with northern Minnesota's woods and wildlife and a story about redeeming her past. When a turbulent family life uproots her dreams, she travels a long road back to the cabin life she loves.

The Churchman - 1890

[What Would Plato Think?](#) - D.E. Wittkower

2022-11-08

Get one step closer to solving the uncertainties in your life with this guided journal and philosophy overview, *What Would Plato Think?*. Inside *What Would Plato Think?*, you'll find the basics of philosophy, written in an easy, digestible way we can all understand, along with questions to help you apply these important theories to your own life. So, after you've learned about a philosophical concept, you'll then be challenged to test yourself and see how the results can impact your daily life. For instance, after learning about Kant's theory of morality and the importance of intention you're challenged with questions like: Can good people

do bad things? Was there a time when you intended to do something helpful that ended up being hurtful? Does that make you a good person (because you intended to do good) or a bad person (because the results were bad)? *What Would Plato Think?* will not only help you better understand some of the greatest thinkers ever but will also help you think of the world around you in a whole new way!

Jack Hardy - George Herbert Ely 2022-08-16
DigiCat Publishing presents to you this special edition of "Jack Hardy" (A Story of English Smugglers in the Days of Napoleon) by George Herbert Ely, Charles James L'Estrange. DigiCat Publishing considers every written word to be a legacy of humankind. Every DigiCat book has been carefully reproduced for republishing in a new modern format. The Vrykolakas Deviation - Sherri Lackey

Our Muslim Neighbors - Victor Begg 2019-02-05
 The American Dream is alive and well in this memoir of a Muslim immigrant from India who arrived planning to start a business, working so hard toward his personal goals that he even pumped gas and sold vacuum cleaners door to door. Victor Begg successfully built a thriving, regional chain of furniture stores. Along the way, he discovered that America's greatest promise lies in building healthy communities with our neighbors. "In one book, I have come to understand much more about Islam, its followers and its teachings," Rabbi Bruce Benson writes in the book's Foreword. "I've come to realize that the challenges Muslim immigrants have faced are similar to what Jews and many other immigrant groups have experienced as they tried to settle in America. By the end of this book, I hurt with Victor and I laugh with him, because—as Americans—we share so much. We are him. His journey is our journey. This is our story." As Victor reached out to others, he used his entrepreneurial skills to co-found a new kind of ethnically diverse mosque as well as influential nonprofits designed to help others. Agreeing to serve as a regional spokesperson for Muslims, he got more than he bargained for—responding to tragedies that included 9/11 and a massacre in a Florida nightclub. "Person by person, friend by friend, good-hearted people change the world," Victor writes in this memoir. His greatest talents turned out to be his ongoing ability to invite all of us to open our hearts, roll up our sleeves and reach out to help each other. "We need stories of our Muslim neighbors like Victor Begg to break down the walls that separate us and to educate us about those who might seem so strange, at first, but might become heart friends if given the chance," writes the Rev. Daniel L. Buttry in the book's Preface. "Along the way, we might discover some true American heroes. Victor is just such a hero: selfless, ordinary, but willing to risk to make our nation and our world a better place."

In this era when media outlets echo with extremist claims demonizing immigrants and Muslims, in particular, readers will discover how much American families share in our diversity of faiths and ethnicities. "A lot of foggy information clouds the American brain concerning Muslims. Victor's representative story, his steady, 40-year love affair with America, blows much of it away," writes Michael Wolfe, a filmmaker and author of *One Thousand Roads to Mecca*. "This book's importance really is global, considering how often migrants, refugees and Muslims in particular are demonized by extremists around the world," writes Larbi Mageri, a Muslim journalist based in Algeria who is a co-founder of the International Association of Religion Journalists. "One of the biggest challenges for Muslims who have never visited the U.S. is getting a clear sense of how Muslims live there in these turbulent times. There are so many conflicting claims and stories about life in the U.S. Through reading Victor's true stories, I was able to experience American life for Muslims—without ever leaving my home. The lasting impression I am left with, after reading Victor's memoir, is that anyone would be lucky to have a Muslim neighbor like this living next door." Ultimately, Victor invites readers to pray with him: "God bless America." As you follow him along this remarkable journey, as you catch his vision of a vibrant America—you are likely to find your own family and your own values mirrored in his story. You're likely to want to share this book with friends and join in building a better world.

Saving the Neighborhood - Richard R. W. Brooks 2013-04-01

Saving the Neighborhood tells the still controversial story of the rise and fall of racially restrictive covenants in America, which bestowed an aura of legitimacy upon the wish of many white neighborhoods to exclude minorities. It offers insight into the ways legal and social norms reinforce one another, to codify and perpetuate intolerance.

Are You Ready to Sell? - Mike Whitney 2011

The difference between B2B sales winners and losers is that winners are ready to win. Winners take time to honestly answer the question, "am I ready to sell?" Winners prepare themselves for winning through reproducible steps that will put

them in a better position to win. These steps are not magic or unknowable - they can be learned. Once learned the key to success becomes discipline in applying the steps every day during every encounter with your prospects and your own sales team. Are You Ready to Sell shows the steps you need to be a winner in B2B sales. Owning this book will provide you with: - A winning process for sales preparedness throughout your daily selling life - Strategies to determine if a sales opportunity is an order opportunity - A road map for change to deal with the "new normal" of Business to Business selling - Strategies for creating a valuable lifetime income stream from your customers - Sales scenarios at the end of each chapter to test your strategies for winning - A mindset to move sold-to accounts back to prospects for value you can deliver - New strategies for building customer loyalty - Guidelines for shaping your prospect's definition of value throughout the sales process Today's B2B industrial prospects are struggling to survive within the new normal of doing more with less. Help your prospects be winners in this environment and you will be an order winner. "Are You Ready to Sell?" equips you with the tools you need to be a consistent B2B sales order winner.

The Independent Filmmaker's Guide to Writing a Business Plan for Investors, 2d ed. - Gabriel Campisi 2012-04-19

Filmmakers need more than heart, talent and desire to realize their dreams: they need production capital. Finding willing investors can be the most difficult step in an aspiring filmmaker's pursuit of higher-budget, entertaining motion pictures. This practical guide provides detailed instructions on preparing the most important tool for recruiting investors, a persuasive business plan. Included in this new edition are suggested ways to approach potential investors; lists of various financial sources available to Hollywood productions, and tips on spotting unscrupulous financiers. Interviews with key Hollywood producers offer real-world insight.

The Wind - Eric Carasella 2009-03-17

Anthony Morrison has found his dream house and is eager to introduce his wife, Jeannette, and children, Taylor and Michael, to his discovery. It's as if the house is drawing him in, like a wind

that pushes you a little faster along your walk in the woods. Little does Anthony know that realtor Richard LeBrock is desperate to sell the house. The previous owners lived there just two short weeks, leaving in a mysterious rush without explanation. Harriet Cray, the only other homeowner on Mercy Street, is eager to have the house occupied as well. For Harriet, having children nearby will continue to feed her obsession. After settling in, each family member begins to experience disturbing events. Laughing children, a weeping mother, and unspeakable apparitions of abuse. Jeannette and the children vacate quickly, but Anthony cannot make himself leave. He is driven to discover what happened in the house and how the odd Harriett Cray is involved. Piecing together the mystery becomes Anthony's ultimate nightmare. As each bit of information falls into place, Anthony finds he's become the very man he swore he never would. At what point did all that he love become second to finding answers?

Neighbor Vs. Neighbor - Mark Warda 1999

All of us deal with real estate issues at one time or another, whether we are in a tenant/landlord situation, buying a new home or just trying to get along with our neighbors. Sphinx survival guides help customers and patrons understand the various responsibilities and legalities of such considerations as contracts, having a child bitten by a neighbor's dog, lead paint clauses and housing discrimination.-- 43 common areas of neighbor disputes-- Anecdotes relating to various constitutional rights-- Discussion of regulatory laws and privacy restrictions [Do They Run When They See You Coming?](#) - Jonathan McKee 2009-07-13

Reaching Out to Unchurched Teenagers Five facts about the unchurched: 1. They believe all religions have value. 2. They are spiritual, not religious. 3. They don't know what Christianity really is. 4. They don't know what they believe. 5. They are looking for something that works. If you want to make an impact on this generation, these are five basic rules you must understand. Author Jonathan McKee writes that by taking the time to learn students' unique situations you show you care about them as people, not as mission projects. Informative and full of real-life examples, [Do They Run When They See You Coming?](#) provides vital information you need to

better understand students outside your youth group. Yet this book isn't a sociological or marketing survey; the tangible guidelines and methods inside help you get into the mind of unchurched students--so you can get to know their hearts. Because, as every youth worker knows, real ministry is always about getting to the heart.

Cocoa Programming for Mac OS X For Dummies - Erick Tejkowski 2009-03-03

Cocoa programming is not only the favored development environment for Mac OS X, it's also a primary tool for creating iPhone and iPod Touch software. That makes this a great time to learn Cocoa, and *Cocoa Programming for Mac OS X For Dummies* is the ideal place to start! This book gives you a solid foundation in Cocoa and the unusual syntax of Objective-C. You'll learn what's new in Cocoa frameworks and create an application step by step. For example, you can: See how Xcode underlies your applications as the main component of Apple's IDE Examine the basics of the Objective-C language, the elements of a Cocoa interface, and object-oriented programming Use Xcode and Interface Builder Spruce up your apps with audio, video, Internet features, stylized text, and more Create applications with the stunning graphics for which Macs are famous See how to build apps with multiple documents and even executables that aren't traditional Mac apps Use all the exciting new Cocoa features Work with Cocoa numbers, arrays, Booleans, and dates Build document-based applications Simplify with key-value coding The better you understand Cocoa programming, the better the applications you can create for Mac OS X, iPhone, and iPod Touch. *Cocoa Programming for Mac OS X For Dummies* makes it easy and fun! Note: CD-ROM/DVD and other supplementary materials are not included as part of eBook file.

911-Common Sense Money - Keith Ambersley 2010-03-01

Times are tough, and saving money is on everyone's mind. Four million U.S. men and women between the ages of 27-52 are unemployed because of a collapse in the housing and banking industry. Jane is a 40-year-old generation X mother and wife. This is her story. Jane started working in corporate America seventeen years ago. Jane worked her way from

the bottom to a senior position, putting in sixty-hour workweeks. Jane has been through a couple of economic downturns but nothing to this extreme. Today, Jane has no job and a family to support. Jane is one of four million displaced by this economic disaster. Despite the deep impact that the recession is, having on household income Jane can still survive and thrive. This book is the road map to help Jane and four million unemployed men and women discover hope in these challenging times.

Common Sense Money is about providing practical everyday solutions that work. This book is a gut check guide that revives the time tested no frills money management strategy for a tough economy. *Common Sense Money* is part information and inspiration, it also provides the tools for Jane to manage financially and thrive

After You Die - Frank Santora 2012-09-04

At a time when people's curiosity about the afterlife is stronger than ever, Pastor Frank Santora tackles this issue head-on, delivering cultural, scientific, philosophical, and biblical evidence to unveil the truth about the mysteries of the afterlife. Pastor Frank covers issues such as: * Is there life after death? * Is there a God? * Do heaven and hell exist? * Is hell the torture chamber that it's been purported to be? * Are there second chances after we die? * Do we have a soul, and what does it look like? * What qualifies a person to get into heaven? * And what does Jesus have to do with it all? Written for both nonbelievers and those familiar with the Bible, *After You Die* gives insightful answers to life's most probing questions while offering hope to everyone who has ever wondered what happens to us after we leave earth.

Rich & Lost in Prosperia - Doramas Jorge-Calderón 2010

This book makes the economy more meaningful and easier to understand by portraying it as we experience it: unnoticed in the background of our daily life, yet always influencing it. Economist Doramas Jorge-Calderaon, writing with the non-economist reader in mind, uses the tale of two fictional young entrepreneurs on a tropical island, who go about pursuing their life's dreams. How well the two young men fare has little to do with equations and much to do with trust and trickery, with their dealings with sound and corrupt politicians, entrenched

interests and smugglers, and with realizing the fine line separating self-interest from greed.

Your best judge is you - Seema singh

2016-08-09

Not every poor person is a thief Not every good face has a good heart Not every religious person is actually religious It is a book about you. How people judge you. How to stop looking with the borrowed eyes. Why you are your best judge.

Life and Love - Zosia Zaks 2006

Describes and suggests concrete ways to deal with challenges that may arise in areas of both daily life and love, covering everything from grocery shopping to getting along better with family members. Understanding the special relationship between self-esteem and success at independence, the author's advice is based very purposefully on autistic strengths, and reflects the belief and hope that autistic adults can both contribute to and enjoy all life has to offer.-- From publisher description.
