We have discussed every corner of relationships we could think of, and it has brought us even closer than we were. They are all full of questions, statements and short sentences as well as quotes, not to mention lots of help to finding your way and stay on track to well-being. [Beyond the Breakup - Andrew Aitken 2015-04-21](#)

Written by a man with extensive experience on the topic, Beyond the Breakup explains how men think about breakups, their ex-girlfriend, and how they perceive her behavior in the wake of a relationship's end. It

also explains the implications this has for girls who are going through a breakup: what will and won't have an emotional effect on him, how to maximize your chances of getting him back, how and when you should contact him, what you should (and shouldn't) say, how to deal with seeing him again, and much more. The list of the chapter titles below give a good overview of the content. This book is not written for women with a weak spirit. It isn't going to tell you how to mitigate the pain you feel in the wake of a breakup, and it isn't going to tell you that everything is going to be fine. And while it will tell you how to maximize your chances of getting your ex back, it isn't going to pretend that there are any 'tricks' to make that outcome likely. However, it will do something much more important: it will give you a strong insight into your ex's state of mind and male psychology in general. This will give you the foundation you need to navigate the breakup and - more importantly - propel yourself into honest and successful relationships with the men in your future. Chapter List: Introduction PART I - UNDERSTANDING WHAT HAPPENED Men Don't Fall in Love the Same Way Women Do The Analogy Between Sex and Commitment Why This Always Happens to You Changing Your Perspective Why You Didn't See It Coming Men Don't Have "Commitment Problems" The Difference Between Liking You and Liking You Enough Why Men "Fade Out" You Weren't Dating Him in the First Place The Small Things Didn't Matter Anyway Why Your Ex (Who Dumped You) Is Still Contacting You Your Ex and Guilt Your Ex and Pride Your Ex and Decisiveness Interpreting His Emotions What's Going Through His Mind PART II - HOW TO HANDLE THE BREAKUP The Importance of Silence after a Breakup No, You Can't Be "Just Friends" How to Know If You Should Cut Him Off Why It's Never Too Late Why You Should Tell Him That You Are Cutting Him Off What to Say Managing Your Expectations When You Should Fight to Save Your Relationship Exceptions to the Rule How to Know If You Should Dump Him First When He Cheats The Anatomy of Missing Him PART III - FOLLOWING THROUGH WITH THE BREAKUP Making Him Jealous Doesn't Work Seeing Him at Work Being Connected with Your Ex on Social Media Returning His Things and Getting Yours Back What to Do When He Contacts You When He Says He Wants Another Chance Reason and Distraction Stop Sleeping with Your Ex to Prove He Likes You PART IV - MOVING ON AND REBUILDING You Are Responsible for Your Own Romantic Happiness Stop Letting Him Waste Your Time Know Why You Want Him Back Why Getting Him Back Won't Help Why Getting Dumped Is a Good Thing The Importance of Emotional Honesty Dating Again Putting the Breakup in Perspective When You Can Contact Him Again Reframing the Future A Final Word

Dating in the Millennium - Alicia S. Walker 2013-07-12

What therefore God has joined together, let no man separate, Matthew 19:6 Good communication openly and honestly is ideal when it comes to dating and marriage. Many women aspire to share a covenant relationship with the opposite sex, and really don't bargain for being labeled as girlfriend #2, friend, baby momma, or any other label or title that is given to them other than wife or fianc . As young girls and young adults most aspire to be married, have a family, and be in a one-on-one committed relationship. A relationship is like any living plant that requires sunlight, nurturing, and water. If you don't water it and provide it with enough sunlight, water and care, it dries up and dies. This holds true for any relationship between a man and a woman. Love makes the world go round. When cultivating a healthy and fruitful relationship, the relationship should be a win-win for both parties involved. It is important to begin a relationship with honesty, integrity, respect and trust. Ask God daily to lead, guide, and advise you so that you can make sound decisions when it comes to dating and marriage. He always give us signs when things are not right so pay attention to the things that are going on around you and in your life. Take time to do some soul searching and get in tuned with yourself and start asking yourself some very important questions. What truly makes you happy? And what is the real definition of love and what does it mean to you? Remember, you cannot make someone else happy if you're not happy with yourself. Live for you and do what makes you feel the happiest whether your family and friends agree or disagree. At the end of the day whatever choice or decision you make, you are the one who have to live with it.

How to Be a Good Girlfriend and Keep Your Boyfriend Happy -

Andres Munsel 2015-04-12

Why should the women of today - who want to be treated equally to men - be motivated to go above and beyond in their relationship? The truth is, some women don't feel any desire to go out of their way to make their partners especially happy, and that's their prerogative. But contributing that bare minimum to a relationship makes you far from perfect, and makes the relationship far from perfect too. Even more so now that 21st century men are increasingly realizing their own shortcomings and attempting to correct them. Luckily, you're here reading this now because you probably aren't among the status quo: You're ready to take a path of self-improvement for the benefit of your relationship and the happiness of your boyfriend. Kudos! The perfect woman (in the opinion of most men) is an assertive and confident leader at work, a gourmet chef at home, a goddess in bed, and a master organizer. She's not only skilled, intuitive, intelligent, well-read, witty, and positive, but can put her hair in a pony-tail and whoop ass better than the best, when needed. Sure, this massive expectation isn't exactly fair, but that's the meaning and price of perfection. Getting into a relationship is easy, but keeping a relationship happy is hard work - even more so if you wish to be the unequivocal owner of your man's heart and mind.

A Practical Handbook for the Boyfriend - Felicity Huffman 2006-11-07

Most dating books are written for women -- what a mistake that is. Women know how to date . . . It's men who need the help! At last: a blithe, bold, and bawdy guide to building a better boyfriend At some point, every guy -- player, geek, mama's boy, "regular Joe" -- meets a woman who makes him want to be a boyfriend. A good boyfriend. Problem is, unless he's had some first-rate training (by a previous girlfriend, a sister, a mom), he probably doesn't even know what that means. Felicity Huffman and Patricia Wolff come to the rescue with a rollicking -- and whip-smart -- handbook to navigating the minefield of male-female relationships. Directed at men (though of course it's women who'll buy it, then leave it at their boyfriend's place -- accidentally on purpose), *A Practical Handbook for the Boyfriend* lays out the many steps involved in becoming a good boyfriend, while still maintaining guy-dignity. It covers issues like: Who decides when you become a boyfriend (answer: She does.) How to look like you're listening, even when you're not (If you're busted, just say "You're so pretty, I'm distracted.") Ten things never to say on the first date (#4: "I just did that to freak you out.") Finding the middle ground between too cool (think third grade) and too eager (think surprise visits) Why becoming a good boyfriend is a lot like training for the A team Filled with humor, ribaldry, common sense, and assorted outdoor skills, *A Practical Handbook for the Boyfriend* is the next dating guide to dominate the bestseller lists.
