

I Love You Because You're You

I Love You Because . . . - Melanie Joyce
2016-01-05

A sweet story about the love between a mother rabbit and her baby, perfect for sharing with loved ones. It makes me feel so happy when you say, "Mommy, I love you." Now I'll tell you all the reasons why I love you, too. In this heartwarming picture book, a mother rabbit tells her child all the reasons she loves her, from seeing her child bouncing and jumping around, playing hide-and-seek, splashing in puddles, playing with friends, telling the Mom that her stories are the best, getting cuddly hugs and tickly kisses, and watching the moon rise each night. The simple text and beautiful illustrations make this book perfect for sharing at storytime.

I Only Say This Because I Love You - Deborah Tannen 2003

Why does talk in families so often go in circles, leaving us tied up in knots? Linguist Deborah Tannen reveals why talk among adult family members so often leads to arguments and hurt feelings. Learn to separate the word meaning, or 'message' from the heart meaning, or 'metamessage' - the unstated but powerful meaning that comes from the history of our relationships in the family, where our hopes for being understood and our experience of criticism can painfully meet. Using real conversations from the lives of real people, Tannen shows us how talk in a family is a high-wire act as we balance connection and power, struggling to get close without giving up our freedom. By helping us understand what conversations in the family really mean, she shows how to improve relationships with family members throughout our lives.

Work Won't Love You Back - Sarah Jaffe
2022-01-20

Whether it's working for free in exchange for 'experience', enduring poor treatment in the name of being 'part of the family', or clocking serious overtime for a good cause, more and more of us are pushed to make sacrifices for the privilege of being able to do work we enjoy. *Work Won't Love You Back* examines how we all bought into this 'labour of love' myth: the idea that certain work is not really work, and should be done for the sake of passion rather than pay. Through the lives and experiences of various workers--from the unpaid intern and the overworked teacher, to the nonprofit employee, the domestic worker and even the professional athlete--this compelling book reveals how we've all been tricked into a new tyranny of work. Sarah Jaffe argues that understanding the labour of love trap will empower us to work less and demand what our work is worth. Once freed, we can finally figure out what actually gives us joy, pleasure and satisfaction.

Loveability - Robert Holden, Ph.D. 2014-06-02
"Love is your destiny. It is the purpose of your life. It is the key to your happiness and to the evolution of the world." Loveability is a meditation on love. It addresses the most important thing you will ever learn. All the happiness, health, and abundance you experience in life comes from your ability to love and be loved. This ability is innate, not acquired. Robert Holden is the creator of a unique program on love called Loveability, which he teaches worldwide. He has helped thousands of people to transform their experience of love. "Love is the real work of your life," says Robert. "As you release the blocks to love you flourish even more in your relationships, work, and life." In Loveability, Robert weaves a beautiful mix of timeless principles and helpful practices about the nature of true love. With great intimacy and warmth, he shares stories, conversations, meditations, and poetry that have inspired him in his personal inquiry on love. Key themes include: • Your destiny is not just to find love; it is to be the most loving person you can be. • Self-love is how you are meant to feel about yourself. It is the key to loving others. • When you think something is missing in a relationship, it is probably you. • Forgiveness helps you to see that love has never hurt you; it is only your misperceptions of love that hurt. • The greatest influence you can have in any situation is to be the presence of love.
