*Intimate Japan* - Allison Alexy 2019-01-31

How do couples build intimacy in an era that valorizes independence and self-responsibility? How can a man be a good husband when full-time jobs are scarce? How can unmarried women find fulfillment and recognition outside of normative relationships? How can a person express their sexuality when there is no terminology that feels right? In contemporary Japan, broad social transformations are reflected and refracted in changing intimate relationships. As the Japanese population ages, the low birth rate shrinks the population, and decades of recession radically restructure labor markets, Japanese intimate relationships, norms, and ideals are concurrently shifting. This volume explores a broad range of intimate practices in Japan in the first decades of the 2000s to trace how social change is becoming manifest through deeply

personal choices. From young people making decisions about birth control to spouses struggling to connect with each other, parents worrying about stigma faced by their adopted children, and queer people creating new terms to express their identifications, Japanese intimacies are commanding a surprising amount of attention, both within and beyond Japan. With ethnographic analysis focused on how intimacy is imagined, enacted, and discussed, the volume's chapters offer rich and complex portraits of how people balance personal desires with feasible possibilities and shifting social norms. *Intimate Japan* will appeal to scholars and students in anthropology and Japanese or Asian studies, particularly those focusing on gender, kinship, sexuality, and labor policy. The book will also be of interest to researchers across social science subject areas, including sociology, political science, and psychology.

*Understanding Marriage, Family, and Intimate Relationships* - Jerry D. Lehman 2005

This introductory textbook is for students who are interested in learning about and establishing healthy marriage, family, and intimate relationships. With divorce rates high and relationships fragile, books and courses are needed that help students address important issues regarding relationships. The readers of this text examine many important and relevant issues through the lens of theory and research and do so using a written format that is readable, understandable, and easy to apply to one's life. It was written so that each chapter has information that readers will find helpful as they attempt to establish and maintain meaningful, healthy relationships. There are questions throughout each chapter that help readers focus not only on the material but also on how the material relates to their present and past relationship and family situations. The text provides material on the research of John Gottman, the object relations theory of Harville Hendrix, the solution-focused approach of Michele Weiner-Davis, and the PREP approach to conflict management of Markman, Stanley, and Blumberg. These and other topics discussed are very relevant to students' concerns and are addressed in greater depth than found in most other texts. The emphasis is not just on couple relationships but also on family relationships. Therefore, in this book there is extensive coverage of family systems theory and the influence of family rules and family structure on the development of families. There is also material on how change produces transitions in family life that must be assimilated into the family structure—for example, when a couple has their first child. Thus, both couple and family issues are addressed throughout the book. For instructors who want to focus their courses on marriage, family, and intimate relationships, this book would be an ideal choice. A study guide for students and instructional material for instructors can be obtained by visiting [www.understandingrelationships.net](http://www.understandingrelationships.net).

**Intimate Relationships** - Sharon S. Brehm 1985

*The Tenacity of the Couple-Norm* - Sasha Roseneil 2020-11-05

The Tenacity of the Couple-Norm explores the ongoing strength and insidious grip of couple-normativity across changing landscapes of law, policy and everyday life in four contrasting national contexts: the UK, Bulgaria, Norway and Portugal. By investigating how the couple-norm is lived and experienced, how it has changed over time, and how it varies between places and social groups, this book provides a detailed analysis of changing intimate citizenship regimes in Europe, and makes a major intervention in understandings of the contemporary condition of personal life. The authors develop the feminist concept of 'intimate citizenship' and propose the new concept of 'intimate citizenship regime', offering a study of intimate citizenship regimes as normative systems that have been undergoing profound change in recent decades. Against the backdrop of processes of de-patriarchalization, liberalization, pluralization and homonormalization, the ongoing potency of the couple-norm becomes ever clearer.

**Love and Intimate Relationships** - Norman M. Brown 2013-06-17

Using a style that draws students into the ongoing inquiry into how intimate relationships work, *Love and Intimate Relationships* investigates the life cycle of relationships influences that affect them, theories behind them, and ways to improve them. Dozens of stories from students themselves, case examples and over 150 tables, figure, and the cartoons of Don Edwing of Mad Magazine help bring the material alive. The book is also unique in exploring aspects of human relationships not covered in other textbooks on the subject. *Love and Intimate Relationships* helps bring the complex issues surrounding intimate relationships into focus for students from diverse backgrounds. The multidisciplinary perspective of the textbook makes it ideal for introductory courses in psychology, marriage counseling, human relations, and sexuality, and interpersonal relationships

**Intimate Relationships** - Thomas N. Bradbury 2019-12

Current and diverse: a perfect match for today's student

**Intimate Relationships** - Ralph Erber 2016-01-08

*Intimate Relationships* covers both classic and current material in a concise yet thorough and rigorous manner. Chapters range from attraction to love, attachment to jealousy, conflict to relationship dissolution — all written in a warm, personal, and engaging voice. Each chapter is organized around the major issues and relevant theories, in addition to a critical evaluation about the research. When appropriate, the authors discuss and evaluate popular ideas about relationship processes in the context of scientific research. This

includes critical evaluations of evolutionary approaches to attraction, victim-based accounts of abuse, and the separate-cultures view of the sexes.

*New Mysoclab with Pearson Etext -- Standalone Access Card -- For Marriages, Families, and Intimate Relationships* - Brian K. Williams 2013-02-11

ALERT: Before you purchase, check with your instructor or review your course syllabus to ensure that you select the correct ISBN. Several versions of Pearson's MyLab & Mastering products exist for each title, including customized versions for individual schools, and registrations are not transferable. In addition, you may need a CourseID, provided by your instructor, to register for and use Pearson's MyLab & Mastering products. Packages Access codes for Pearson's MyLab & Mastering products may not be included when purchasing or renting from companies other than Pearson; check with the seller before completing your purchase. Used or rental books If you rent or purchase a used book with an access code, the access code may have been redeemed previously and you may have to purchase a new access code. Access codes Access codes that are purchased from sellers other than Pearson carry a higher risk of being either the wrong ISBN or a previously redeemed code. Check with the seller prior to purchase. --

*Families and Intimate Relationships* - Gloria W. Bird 1994

Although based on Melville's "Marriage and Family Today", this edition has been re-organized to reflect the diversity of families in society. The new material is research-oriented and includes chapters on power and family violence, stress, interpersonal lifestyles and single-parent families.

**Intimate Relationships** - Rowland S. Miller 2006-01

The fourth edition of this trusted text preserves the personal appeal of the subject matter and vigorous standards of scholarship that have made the earlier editions so successful. Written in a unified voice, this text features the reader-friendly tone that was established in the first three editions and presents the key findings on intimate relationships, the major theoretical perspectives, and some of the current controversies in the field. Brehm, Miller, Perlman, and Campbell illustrate the relevance of close relationship science to readers' everyday lives, encouraging thought and analysis. The new edition includes more illustrations, tables, and figures that complement the thoroughly updated, new-and-improved text.

**Getting Close to Others 5 Steps** - Jill P. Weber, Ph.d. 2017-07-08

Many desire an emotionally intimate relationship and yet react to the prospect by pulling away. They do this to obscure their true selves for one of two reasons. They fear rejection if they are to honestly reveal themselves to another. Or, it may be because of a foreboding sense that their identity will be taken away if they truly open up to another. In either case, by pulling away they make themselves seem aloof and guarded and that makes rejection all the more likely. When it happens, their conviction that intimacy is not possible for them is reinforced. For those caught in this web or for those who know people who are, author Jill P. Weber, PhD, a clinical psychologist, explains why a capacity for intimacy is not a fixed quality, but a skill to be developed and refined. This book is the fourth in her Relationship Formula Workbook series. Weber shows how with practice it is possible to foster fulfilling relationships not only with romantic partners, but with family members, friends and coworkers. She draws on years of experience in her practice to layout doable strategies that fundamentally change an individual's ability to find genuine emotional rapport.

**The Cambridge Handbook of Personal Relationships** - Anita L. Vangelisti 2006-06-05

The Cambridge Handbook of Personal Relationships serves as a benchmark of the current state of scholarship in this dynamic field synthesizing the extant theoretical and empirical literature, tracing its historical roots, and making recommendations for future directions. The volume addresses a broad range of established and emerging topics including: theoretical and methodological issues that influence the study of personal relationships; research and theory on relationship development, the nature and functions of personal relationships across the lifespan; individual differences and their influences on relationships; relationship processes such as cognition, emotion, and communication; relational qualities such as satisfaction and commitment; environmental influences on personal relationships; and maintenance and repair of relationships. The authors are experts from a variety of disciplines including several subfields of psychology, communication, family studies and sociology who have made major contributions to the understanding of relationships.

**The Science of Intimate Relationships** - Garth J. O. Fletcher 2019-08-19

Provides a unique interdisciplinary approach to the science of intimate human relationships This newly updated edition of a popular text is the first to present a full-blooded interdisciplinary and theoretically coherent approach to the latest scientific findings relating to human sexual relationships. Written by recognized leaders in the field in a style that is rigorous yet accessible, it looks beyond the core knowledge in social and evolutionary psychology to incorporate material and perspectives from cognitive science (including brain-imaging studies), developmental psychology, anthropology, comparative psychology, clinical psychology, genetic research, sociology, and biology. Written by an international team of acclaimed experts in the field, *The Science of Intimate Relationships* offers a wealth of thought-provoking ideas and insights into the science behind the initiation, maintenance, and termination of romantic relationships. The 2nd Edition features two new chapters on health and relationships, and friends and family, both of which shed new light on the complex links among human nature, culture, and romantic love. It covers key topics such as mate selection, attachment theory, love, communication, sex, relationship dissolution, violence, mind-reading, and the relationship brain. Provides a coherent and theoretically integrative approach to the subject of intimate relationships Offers an interdisciplinary perspective that looks beyond social and evolutionary psychology to many other scientific fields of study Includes two new chapters on 'Relationships and Health' and 'Friends and Family', added in response to feedback from professors who have used the textbook with their classes Presented by recognized leaders in the field of relationships Features PowerPoint slides and an online Teaching Handbook *The Science of Intimate Relationships*, 2nd Edition is designed for upper-level undergraduate students of human sexuality, psychology, anthropology, and other related fields.

**The 4-Hour Relationship** - Jim Jargle 2012-11-01

Faster. Deeper. Cheaper. This book is a simple, step-by-step guide to designing and maintaining the kind of romantic relationships you deserve. In only 4 hours per week. Impossible? Frightening? Only if you don't want to experience true bliss and contentment. If you sincerely open your mind, YOU WILL LEARN: How to distill the essential parts of a relationship that make you the happiest. How to find the perfect person for you - (hint: they're not on the internet.) How to have satisfying and deeply connected romantic experiences in 90% less time. How to replace open-ended brunch dates with unlimited wealth and fitness. How to make the relationship you're in ten times better for both of you. Even if you're married or ready to break-up. How following just one 4-Hour Relationship rule will automatically enable you to retire as a millionaire. And much, much more. \* \* \* When you take control of the time and energy you're currently putting into your relationships and redesign your approach so that it reflects what you most want, the benefits will astound you. The wealth, love and fitness that will instantly start flowing to you will be beyond your wildest dreams. The 4-Hour Relationship is a tool for a better life. Free yourself.

**The Nature of Adolescence, 4th Edition** - John C. Coleman 2011-03-28

The fourth edition of this successful textbook provides an up-to-date introduction to all of the key features of adolescent development. While drawing on the North American literature on adolescence, it highlights European perspectives and also provides unique coverage of the topic by summarising and reviewing what is known about adolescence from a British viewpoint. Comprehensively updated and rewritten, this edition includes material on new topics such as: The development of the adolescent brain Sleep patterns in adolescence Parenting programmes for parents of teenagers Health, including sport and exercise, nutrition and obesity, and mental health Education and schooling Young people's use of digital technologies New

approaches to resilience and coping. The book places a particular emphasis on a positive view of adolescence, and the author develops a new theoretical perspective which looks at how young people themselves construct and shape their own developmental pathways. Interview material taken from discussions with adolescents is included throughout the book, and there are sample essay questions and PowerPoint lecture slides available online. This is an essential text for anyone studying human development at undergraduate and postgraduate level, as well as on postgraduate courses for professionals including teachers, social workers, health workers, counsellors, and youth workers.

**The Four Factors** - Ron Gentile 2010

Have you ever felt confused about a romantic relationship? Have you ever wondered if you're with the right person? Have you ever had trouble letting go of a past relationship? Have you ever wondered if you should stay or go? If your answer is "yes" to any of these questions then "The Four Factors: Should You Stay, Go or Improve Your Relationship?" will help you. Romantic relationships can provide us with some of the most wonderful feelings we'll ever experience. They can also be extremely confusing and make us feel paralyzed and helpless. "The Four Factors" provides an easy-to-use method to understand whether to stay, whether to go or how to improve your romantic relationship. The purpose of this book is to help you better understand your romantic relationship and how to improve it if you choose to. With this insight about your relationship you can better answer important questions like whether to stay, whether to go or what needs to be worked on to improve the relationship. This book can also be extremely helpful in the aftermath of a relationship that has ended. It can help you better understand why the relationship didn't work, why you should or shouldn't go back and try again, and how to get emotional closure so that you can move forward. You can learn more about the book at <http://thefourfactorsbook.com>.

**Marriages, Families, and Intimate Relationships** - Brian Williams 2021-10-13**Close Relationships** - Clyde Hendrick 2001-11-20

'The authors ...extend the reach of their comprehensive reviews into theoretically driven and innovating explorations. The scope of coverage across and within chapters is striking. The developmentalist, the methodologist, the feminist, the contextualist, and the cross-culturalist alike will find satisfaction in reading the chapters' - Catherine A Surra, University of Texas, Austin The science of close relationships is relatively new and complex. This volume has 26 chapters organized into four thematic areas: relationship methods, forms, processes, and threats, as well as a foreword and an epilogue.

**Power in Close Relationships** - Christopher R. Agnew 2019-02-28

An outline of how power, an inherent feature of social interactions, operates and affects close relationships.

**Enchanted Love** - Marianne Williamson 2013-12-17

Three of Marianne Williamson's previous bestsellers -- *A Return to Love*, *A Woman's Worth*, and *Illuminata* - explored the issue of relationships. Now, in this deeply personal collection of essays, prayers, and self-reflection, she turns to romantic love. In *Illuminata*, Williamson wrote that "we experience God to the extent to which we love, forgive, and focus on the good in others and ourselves." Now, in *Enchanted Love*, she writes that "enchanted partnership begins with the conscious understanding, on the part of two people, that the purpose of their relationship is not so much material as spiritual, and the internal skills demanded by it are prodigious." High romance, she says, "is not about past or future. It is not about practicality. It is not about society or worldly routines. It is an audacious ride to the center of what is, at the heart of every person. It is a bold and masterful inquiry into what two people really are and how we might become, while still on earth, the angels who reside within us."
