

Judith Butler Sexual Politics Social Change And The Power Of The Performative

Butler Matters Warren J. Blumenfeld 2017-03-02 Since the 1990 publication of *Gender Trouble*, Judith Butler has had a profound influence on how we understand gender and sexuality, corporeal politics, and political action both within and outside the academy. This collection, which considers not only *Gender Trouble* but also *Bodies That Matter*, *Excitable Speech*, and *The Psychic Life of Power*, attests to the enormous impact Butler's work has had across disciplines. In analyzing Butler's theories, the contributors demonstrate their relevance to a wide range of topics and fields, including activism, archaeology, film, literature, pedagogy, and theory. Included is a two-part interview with Judith Butler herself, in which she responds to questions about queer theory, the relationship between her work and that of other gender theorists, and the political impact of her ideas. In addition to the editors, contributors include Edwina Barvosa-Carter, Robert Alan Brookey, Kirsten Campbell, Angela Failler, Belinda Johnston, Rosemary A. Joyce, Vicki Kirby, Diane Helene Miller, Mena Mitrano, Elizabeth M. Perry, Frederick S. Roden, and Natalie Wilson.

Notes Toward a Performative Theory of Assembly Judith Butler 2015-11-17 Judith Butler elucidates the dynamics of public assembly under prevailing economic and political conditions. Understanding assemblies as plural forms of performative action, she extends her theory of performativity to show why precarity—destruction of the conditions of livability—is a galvanizing force and theme in today's highly visible protests.

Disability Studies Tim Corcoran 2015-07-22 Education systems worldwide will only successfully serve the needs of people with

disability when we inclusively examine and address disabling issues that currently exist at school level education as well as further and higher education and beyond. The chapters contributing to this edited volume are presented to assist readers with a critical examination of contemporary practice and offer a concerted response to improving inclusive education. The chapters address a range of important topics related to the field of critical disability studies in education and include sections dedicated to Schools, Higher Education, Family and Community and Theorising. The contributors entered into discussions during the 2014 AERA Special Interest Group annual meeting hosted by Victoria University in Australia. The perspectives offered here include academic, practitioner, student and parent with contributions from Australia, New Zealand, Nigeria, the UK and the US, providing transnational interest. This book will appeal to readers who are interested in innovative theoretical approaches, practical applications and personal narratives. The book is accessible for scholars and students in disciplines including education, sociology, psychology, social work, youth studies, as well as public and allied health. The Introduction by Professor Roger Slee (The Victoria Institute, Victoria University, Australia) and Afterword by Professor David Connor (City University of New York) provide insightful and important commentary. Cover photograph by Paul Dunn and design by Hendrik Jacobs.

Judith Butler Gill Jagger 2008 Judith Butler's work on gender, sexuality, identity and the body has proved massively influential across a range of academic disciplines. This book provides a comprehensive introduction to Butler's work.

Bodies that Matter Judith Butler 1993 The author of "Gender Trouble" further develops her distinctive theory of gender by examining the workings of power at the most material dimensions of sex and sexuality. Butler examines how the power of heterosexual hegemony forms the matter of bodies, sex, and gender.

Precarious Life Judith Butler 2020-10-13 In her most impassioned and personal book to date, Judith Butler responds in this profound appraisal of post-9/11 America to the current US policies to wage perpetual war, and calls for a deeper understanding of how mourning and violence might instead inspire solidarity and a quest for global justice.

Understanding Judith Butler Anita Brady 2011 Using contemporary and topical examples from the media, popular culture, and everyday life, this lively and accessible introduction shows how the issues, concepts, and theories in Judith Butler's work function as socio-cultural practices. Giving due consideration to Butler's earlier and most recent work, and showing how her ideas on subjectivity, gender, sexuality and language overlap and interrelate, this book gives a better understanding not only of Butler's work, but of its applications to modern-day social and cultural practices and contexts.

Gender Trouble Judith Butler 2011-09-22 Since its initial publication in 1990, this book has become a key work of contemporary feminist theory, and an essential work for anyone interested in the study of gender, queer theory, or the politics of sexuality in culture. This is the text where the author began to advance the ideas that would go on to take life as "performativity theory," as well as some of the first articulations of the possibility for subversive gender practices. Overall, this book offers a powerful critique of heteronormativity and of the function of gender in the modern world.

Orthodox Tradition and Human Sexuality Thomas Arentzen 2022-11-15 Sex is a difficult issue for contemporary Christians, but the past decade has witnessed a newfound openness regarding the topic among Eastern Orthodox Christians. Both the theological trajectory and the historical circumstances of the Orthodox Church differ radically from those of other Christian denominations that have already developed robust and creative reflections on sexuality and sexual diversity. Within its unique

history, theology, and tradition, Orthodox Christianity holds rich resources for engaging challenging questions of sexuality in new and responsive ways. What is at stake in questions of sexuality in the Orthodox tradition? What sources and theological convictions can uniquely shape Orthodox understandings of sexuality? This volume aims to create an agora for discussing sex, and not least the sexualities that are often thought of as untraditional in Orthodox contexts. Through fifteen distinct chapters, written by leading scholars and theologians, this book offers a developed treatment of sexuality in the Orthodox Christian world by approaching the subject from scriptural, patristic, theological, historical, and sociological perspectives. Chapters devoted to practical and pastoral insights, as well as reflections on specific cultural contexts, engage the human realities of sexual diversity and Christian life. From re-thinking scripture to developing theologies of sex, from eschatological views of eros to re-evaluations of the Orthodox responses to science, this book offers new thinking on pressing, present-day issues and initiates conversations about homosexuality and sexual diversity within Orthodox Christianity.

The New Blackwell Companion to Major Social Theorists Jeffrey Stepnisky 2011-04-20

Beyond the Cyborg Margret Grebowicz 2013-06-18 Feminist theorist and philosopher Donna Haraway has substantially impacted thought on science, cyberculture, the environment, animals, and social relations. This long-overdue volume explores her influence on feminist theory and philosophy, paying particular attention to her more recent work on companion species, rather than her "Manifesto for Cyborgs." Margret Grebowicz and Helen Merrick argue that the ongoing fascination with, and reproduction of, the cyborg has overshadowed Haraway's extensive body of work in ways that run counter to her own transdisciplinary practices. Sparked by their own personal "adventures" with Haraway's work, the authors offer readings of

her texts framed by a series of theoretical and political perspectives: feminist materialism, standpoint epistemology, radical democratic theory, queer theory, and even science fiction. They situate Haraway's critical storytelling and "risky reading" practices as forms of feminist methodology and recognize her passionate engagement with "naturecultures" as the theoretical core driving her work. Chapters situate Haraway as critic, theorist, biologist, feminist, historian, and humorist, exploring the full range of her identities and reflecting her commitment to embodying all of these modes simultaneously.

Bodies That Matter Judith Butler 2014-09-03 In *Bodies That Matter*, Judith Butler further develops her distinctive theory of gender by examining the workings of power at the most "material" dimensions of sex and sexuality. Deepening the inquiries she began in *Gender Trouble*, Butler offers an original reformulation of the materiality of bodies, examining how the power of heterosexual hegemony forms the "matter" of bodies, sex, and gender. Butler argues that power operates to constrain "sex" from the start, delimiting what counts as a viable sex. She offers a clarification of the notion of "performativity" introduced in *Gender Trouble* and explores the meaning of a citational politics. The text includes readings of Plato, Irigaray, Lacan, and Freud on the formation of materiality and bodily boundaries; "Paris is Burning," Nella Larsen's "Passing," and short stories by Willa Cather; along with a reconsideration of "performativity" and politics in feminist, queer, and radical democratic theory.

Judith Butler, Michel Foucault, and the Theology of Freedom

Gunda Werner 2023-12-22 This book explores how Judith Butler's work on gender and the shaping of the human subject and Michel Foucault's notion of parrhesia, 'speaking the truth', can be made fruitful for a theology of freedom. The volume illustrates the importance of three concepts - freedom, gender (body) and power (critique) - and how this triad provides the foundational categories and structural elements of a theology of freedom. By

starting from an analysis of power and the performative potential of gendered embodiment, freedom can be thought of as the basis of creative and critical human action and thereby implemented in theology. The chapters feature several theological-historical case studies that are representative of topics that continue to shape contemporary Catholic norms and thought. In particular, the author reflects on the 13th century with the idea of personal sin and confession, and the 19th century with a gender ideology that has led to the marginalization of difference and dissent. The book shows how Butler and Foucault can provide essential insights for Catholic theology and is valuable reading for scholars of religion, philosophy, and gender and sexuality studies.

Fifty Key Literary Theorists Richard J. Lane 2006-09-27 Covering over a century's worth of debate, thinking and writing about literature, this is a unique guide to the lives and works of fifty theorists who have left an indelible mark on literary studies. Featuring theorists such as Judith Butler, Jacques Derrida, Sigmund Freud and Edward Said, this accessible guide includes: a glossary of terms full cross-referencing for maximum ease of use authoritative guides to further reading on and by each theorist. An essential resource for all students of literature, Fifty Key Literary Theorists explores the gamut of critical debate, from the New Critics to the Deconstructionists, and from post-colonialism to post-Marxism and more.

Changing Family Values Gill Jagger 2003-12-16 Changing Family Values offers a comprehensive introduction to contemporary debates and new research surrounding the family. It explores how we define traditional family values and how these values are perceived as being underthreat in contemporary society. Ranging across politics, social policy, law and sociology, the contributors focus on the diverse realities of contemporary family life. Issues covered include: * the recent backlash against single mothers * lesbian and gay families and the law * men's changing roles within the family * the future of the nuclear family. This book is

ideal for courses covering the family, a central topic in sociology and women's studies.

Undoing Gender Judith Butler 2004-10-22 Undoing Gender constitutes Judith Butler's recent reflections on gender and sexuality, focusing on new kinship, psychoanalysis and the incest taboo, transgender, intersex, diagnostic categories, social violence, and the tasks of social transformation. In terms that draw from feminist and queer theory, Butler considers the norms that govern--and fail to govern--gender and sexuality as they relate to the constraints on recognizable personhood. The book constitutes a reconsideration of her earlier view on gender performativity from Gender Trouble. In this work, the critique of gender norms is clearly situated within the framework of human persistence and survival. And to "do" one's gender in certain ways sometimes implies "undoing" dominant notions of personhood. She writes about the "New Gender Politics" that has emerged in recent years, a combination of movements concerned with transgender, transsexuality, intersex, and their complex relations to feminist and queer theory.

Deaconesses, the Ordination of Women and Orthodox Theology Eleni Kasselouri-Hatzivassiliadi 2018-06-11 This collection of essays highlights the thorny and divisive issue of the admission of women into the sacramental diaconal priesthood of the Christian Church from the Orthodox theological perspective. The contributions here stem from scientific papers presented at an international conference titled "Deaconesses, Ordination of Women and Orthodox Theology", organized in Thessaloniki, Greece, in 2015 by the Center of Ecumenical, Missiological and Environmental Studies (CEMES). They cover almost all the fields of biblical, liturgical, patristic, systematic, canonical, and historical theology. The volume's main focus is the ancient order of deaconesses, in connection with the overall issue of the ordination of women. Although most papers address the issues from an Orthodox perspective, their sober analysis can provide

theological argumentation for the wider Christian community, both the Churches and Christian denominations that exclude women from the sacramental priesthood, and those that have already adopted their ordination.

Judith Butler Gill Jagger 2008-02-07 Judith Butler's work on gender, sexuality, identity, and the body has proved massively influential across a range of academic disciplines in the humanities and social sciences. Yet it is also notoriously difficult to access. This key book provides a comprehensive introduction to Butler's work, plus a critical examination of it and its precursors, both feminist (including Simone de Beauvoir, Monique Wittig, Julia Kristeva and Luce Irigaray), and non-feminist (including Erving Goffman, Michel Foucault, Jacques Lacan, and Jacques Derrida). The volume covers such topics as: gender as performance and performativity sociological notions of performance the materiality of the body and the role of biology power, identity and social regulation subjectivity, agency and feminist political practice. A comprehensive introduction to Butler's work, this book also covers melancholia and gender identity, hate speech, pornography and 'race', social change and transformation, and Butler's shifting relation to psychoanalysis. Clearly laid out to cover key themes for a student audience, this text will be an essential read for undergraduates in the fields of gender, psychoanalysis and sociology.

Human Being and Vulnerability Joseph Sverker 2020-11-24 Joseph Sverker explores the division between social constructivism and a biologist essentialism by means of Christian theology. For this, Sverker uses a fascinating approach: He lets critical theorist Judith Butler, psycholinguist Steven Pinker, and systematic theologian Colin Gunton interact. While theology plays a central part to make the interaction possible, the context is also that of the school and the effect of institutions on the pupil as a human being and learner. In order to understand what underlies the division between nature and nurture, or biology and the social

in school, Sverker develops new central concepts such as a kenotic personalism, a weak ontology of relationality, and a relational and performative reading of evolution. He argues that most fundamental for what it is to be human is the person, vulnerability, bodiliness, openness to the other, and dependence. Sverker concludes that the division between constructivism and essentialism discloses a deeper divide, namely that between fundamentally vulnerable persons on the one hand and constructed independent individuals on the other.

For Derrida J. Hillis Miller 2009-08-25 This book—the culmination of forty years of friendship between J. Hillis Miller and Jacques Derrida, during which Miller also closely followed all Derrida’s writings and seminars—is “for Derrida” in two senses. It is “for him,” dedicated to his memory. The chapters also speak, in acts of reading, as advocates for Derrida’s work. They focus especially on Derrida’s late work, including passages from the last, as yet unpublished, seminars. The chapters are “partial to Derrida,” on his side, taking his part, gratefully submitting themselves to the demand made by Derrida’s writings to be read—slowly, carefully, faithfully, with close attention to semantic detail. The chapters do not progress forward to tell a sequential story. They are, rather, a series of perspectives on the heterogeneity of Derrida’s work, or forays into that heterogeneity. The chief goal has been, to borrow a phrase from Wallace Stevens, “plainly to propound” what Derrida says. The book aims, above all, to render Derrida’s writings justice. It should be remembered, however, that, according to Derrida himself, every rendering of justice is also a transformative interpretation. A book like this one is not a substitute for reading Derrida for oneself. It is to be hoped that it will encourage readers to do just that.

Gendering Counterinsurgency Synne L. Dyvik 2016-12-08 This book analyses the various ways counterinsurgency in Afghanistan is gendered. The book examines the US led war in Afghanistan from 2001 onwards, including the invasion, the population-centric

counterinsurgency operations and the efforts to train a new Afghan military charged with securing the country when the US and NATO withdrew their combat forces in 2014. Through an analysis of key counterinsurgency texts and military memoirs, the book explores how gender and counterinsurgency are co-constitutive in numerous ways. It discusses the multiple military masculinities that counterinsurgency relies on, the discourse of 'cultural sensitivity', and the deployment of Female Engagement Teams (FETs). *Gendering Counterinsurgency* demonstrates how population-centric counterinsurgency doctrine and practice can be captured within a gendered dynamic of 'killing and caring' - reliant on physical violence, albeit mediated through 'armed social work'. This simultaneously contradictory and complementary dynamic cannot be understood without recognising how the legitimisation and the practice of this war relied on multiple gendered embodied performances of masculinities and femininities. Developing the concept of 'embodied performativity' this book shows how the clues to understanding counterinsurgency, as well as gendering war more broadly are found in war's everyday gendered manifestations. This book will be of much interest to students of counterinsurgency warfare, gender politics, governmentality, biopolitics, critical war studies, and critical security studies in general.

The Second Sex Simone de Beauvoir 1997 Of all the writing that emerged from the existentialist movement, Simone de Beauvoir's groundbreaking study of women will probably have the most extensive and enduring impact. It is at once a work of anthropology and sociology, of biology and psychoanalysis, from the pen of a writer and novelist of penetrating imaginative power. *THE SECOND SEX* stands, five decades after its first appearance, as the first landmark in the modern feminist upsurge that has transformed perceptions of the social relationship of man and womankind in our time

Judith Butler's Precarious Politics Terrell Carver 2008-01-25

Judith Butler has been arguably the most important gender theorist of the past twenty years. This edited volume draws leading international political theorists into dialogue with her political theory. Each chapter is written by an acclaimed political theorist and concentrates on a particular aspect of Butler's work. The book is divided into five sections which reflect the interdisciplinary nature of Butler's work and activism: Butler and Philosophy: explores Butler's unique relationship to the discipline of philosophy, considering her work in light of its philosophical contributions Butler and Subjectivity: covers the vexed question of subjectivity with which Butler has engaged throughout her published history Butler and Gender: considers the most problematic area, gender, taken by many to be primary to Butler's work Butler and Democracy: engages with Butler's significant contribution to the literature of radical democracy and to the central political issues faced by our post-cold war Butler and Action: focuses directly on the question of political agency and political action in Butler's work. Along with its companion volume, Judith Butler and Political Theory, it marks an intellectual event for political theory, with major implications for feminism, women's studies, gender studies, cultural studies, lesbian and gay studies, queer theory and anyone with a critical interest in contemporary American 'great power' politics.

Theory in Social and Cultural Anthropology R. Jon McGee

2013-08-28 Social and cultural anthropology and archaeology are rich subjects with deep connections in the social and physical sciences. Over the past 150 years, the subject matter and different theoretical perspectives have expanded so greatly that no single individual can command all of it. Consequently, both advanced students and professionals may be confronted with theoretical positions and names of theorists with whom they are only partially familiar, if they have heard of them at all. Students, in particular, are likely to turn to the web to find quick

background information on theorists and theories. However, most web-based information is inaccurate and/or lacks depth. Students and professionals need a source to provide a quick overview of a particular theory and theorist with just the basics—the "who, what, where, how, and why," if you will. In response, SAGE Reference plans to publish the two-volume *Theory in Social and Cultural Anthropology: An Encyclopedia*. Features & Benefits: Two volumes containing approximately 335 signed entries provide users with the most authoritative and thorough reference resource available on anthropology theory, both in terms of breadth and depth of coverage. To ease navigation between and among related entries, a Reader's Guide groups entries thematically and each entry is followed by Cross-References. In the electronic version, the Reader's Guide combines with the Cross-References and a detailed Index to provide robust search-and-browse capabilities. An appendix with a Chronology of Anthropology Theory allows students to easily chart directions and trends in thought and theory from early times to the present. Suggestions for Further Reading at the end of each entry and a Master Bibliography at the end guide readers to sources for more detailed research and discussion.

An Analysis of Judith Butler's Gender Trouble Tim Smith-Laing 2017-07-05 Judith Butler's *Gender Trouble* is a perfect example of creative thinking. The book redefines feminism's struggle against patriarchy as part of a much broader issue: the damaging effects of all our assumptions about gender and identity. Looking at the factionalism of contemporary (1980s) feminism, Butler saw a movement split by identity politics. Riven by arguments over what it meant to be a woman, over sexuality, and over class and race, feminism was falling prey to internal problems of identity, and was failing to move towards broader solidarity with other liberation movements such as LGBT. Butler turned these issues on their head by questioning the basis that supposedly fundamental and fixed identities such as

'masculine/feminine' or 'straight/gay' actually have. Tracing these binary definitions back to the binary nature of human anatomy ('male/female'), she argues that there is no necessary link between our anatomies and our identities. Subjecting a wide range of evidence from philosophy, cultural theory, anthropology, psychology and anthropology to a renewed search for meaning, Butler shows both that sex (biology) and gender (identity) are separate, and that even biological sex is not simplistically either/or male/female. Separating our biology from identity then allows her to argue that, while categories such as 'masculine/feminine/straight/gay' are real, they are not necessary; rather, they are the product of society's assumptions, and the constant reproduction of those assumptions by everyone around us. That opens up some small hope for change: a hope that – 25 years after *Gender Trouble's* publication – is having a huge impact on societies and politics across the world.

Women and Work Christine Leiren Mower 2010-08-11 While issues surrounding women and work may be more subtle today than in the past, problems of workplace equity, child-rearing, and domestic labor pose problems of balance that continue to evade solution as women today face substantial shifts in the meanings and practices of marriage, work, and reproduction amid a globalized economy. The essays in *Women and Work: The Labors of Self-Fashioning* explore how nineteenth- and twentieth-century US and British writers represent the work of being women—where “work” is defined broadly to encompass not only paid labor inside and outside the home, but also the work of performing femininity and domesticity. How did nineteenth- and twentieth-century US and British writers revise then-contemporary social assumptions about who should be performing work, and for what purpose? How fully did these writers perceive the class implications of their arguments for taking jobs outside the home? How does work, both inside and outside the home, contribute to female identity and, conversely,

how does it promote what legal theorist Kenji Yoshino terms the demands of “covering”—women’s strategic use of stereotypes of femininity and masculinity to succeed in the marketplace? In articles appropriate for both upper-level undergraduate and graduate students in literature and literary history, women’s studies, feminist and gender studies, contributors engage these questions, covering both canonical and popular “middlebrow” nineteenth- and twentieth-century writers such as Gilman, Cather, Alcott, Schreiner, Wharton, Le Sueur, Gissing, Wood, Lewis and Mitchell. Women and Work will also interest scholars concerned with this developing discourse.

Dispossession Judith Butler 2013-04-12 Dispossession describes the condition of those who have lost land, citizenship, property, and a broader belonging to the world. This thought-provoking book seeks to elaborate our understanding of dispossession outside of the conventional logic of possession, a hallmark of capitalism, liberalism, and humanism. Can dispossession simultaneously characterize political responses and opposition to the disenfranchisement associated with unjust dispossession of land, economic and political power, and basic conditions for living? In the context of neoliberal expropriation of labor and livelihood, dispossession opens up a performative condition of being both affected by injustice and prompted to act. From the uprisings in the Middle East and North Africa to the anti-neoliberal gatherings at Puerta del Sol, Syntagma and Zucchotti Park, an alternative political and affective economy of bodies in public is being formed. Bodies on the street are precarious - exposed to police force, they are also standing for, and opposing, their dispossession. These bodies insist upon their collective standing, organize themselves without and against hierarchy, and refuse to become disposable: they demand regard. This book interrogates the agonistic and open-ended corporeality and conviviality of the crowd as it assembles in cities to protest political and economic dispossession through a performative

dispossession of the sovereign subject and its propriety.

Ideological, Social and Cultural Aspects of Events Omar

Moufakkir 2014-12-10 There is an ever growing importance of events in modern society and until now existing literature on events has been dominated by the economic perspective. *Social and Cultural Aspects of Events* addresses the social and cultural side of events and explores the role they have in fostering change and community development. It examines the transformatory function of events in the context of development studies - as phenomena that can promote and facilitate human development, including social, societal and individual change. This book provides vital and timely exploration and encourages the study of more diverse themes within event management.

The International Politics of Fashion Andreas Behnke

2016-07-07 This book seeks to address and fill a puzzling omission in contemporary critical IR scholarship. Following on from the aesthetic turn in IR, critical and 'postmodern' IR has produced an impressive array of studies into movies, literature, music and art and the way these media produce, mediate, and represent international politics. By contrast, the proponents of the aesthetic turn have overlooked fashion as a source of knowledge about global politics. Yet stories about the political role of fashion abound in the news media. Margaret Thatcher used dress to define her political image, and more recently the fascination with Michelle Obama, Carla Bruni and other women in similar positions, and the discussions about the appropriateness of their wardrobes, regularly makes the news. In Sudan, a female writer and activist successfully challenged the government over her right to wear trousers in public and in Europe, the debate on women's headscarves has politicised a garment item and turned it into a symbol of fundamentalism and oppression. In response, the contributors to this book investigate the politics of fashion from a variety of perspectives, addressing theoretical as well as empirical issues, establishing the critical study of fashion and its

protagonists as a central contribution to the aesthetic turn in international politics. The politics of fashion go beyond these examples of the uses and abuses of textiles and fabrics for political purposes, extending into its very 'grammar' and vocabulary. This book will be a unique contribution to the field and will be of interest to students and scholars of international relations, critical IR theory and popular culture and world politics.

Judith Butler Sara Salih 2002 This introduction places Butler's ideas in their theoretical and philosophical contexts, analyzing her key works and their impact on contemporary thought.

Body Drift Arthur Kroker 2012 As exemplary representatives of a form of critical feminism, the writings of Judith Butler, Katherine Hayles, and Donna Haraway offer entry into the great crises of contemporary society, politics, and culture. Butler leads readers to rethink the boundaries of the human in a time of perpetual war. Hayles turns herself into a "writing machine" in order to find a dwelling place for the digital humanities within the austere landscape of the culture of the code. Haraway is the one contemporary thinker to have begun the necessary ethical project of creating a new language of potential reconciliation among previously warring species. According to Arthur Kroker, the postmodernism of Judith Butler, the posthumanism of Katherine Hayles, and the companionism of Donna Haraway are possible pathways to the posthuman future that is captured by the specter of body drift. Body drift refers to the fact that individuals no longer inhabit a body, in any meaningful sense of the term, but rather occupy a multiplicity of bodies: gendered, sexualized, laboring, disciplined, imagined, and technologically augmented. Body drift is constituted by the blast of information culture envisioned by artists, communicated by social networking, and signified by its signs. It is lived daily by remixing, resplicing, and redesigning the codes: codes of gender, sexuality, class, ideology, and identity. The writings of Butler, Hayles, and Haraway, Kroker

reveals, provide the critical vocabulary and political context for understanding the deep complexities of body drift and challenging the current emphasis on the material body.

Posthumous Life Jami Weinstein 2017-03-28 *Posthumous Life* launches critical life studies: a mode of inquiry that neither endorses nor dismisses a wave of recent "turns" toward life, matter, vitality, inhumanity, animality, and the real. Questioning the nature and limits of life in the natural sciences, the essays in this volume examine the boundaries and significance of the human and the humanities in the wake of various redefinitions of what counts as life. They explore the possibility of theorizing life without assuming it to be either a simple substrate or an always-mediated effect of culture and difference. *Posthumous Life* provides new ways of thinking about animals, plants, humans, difference, sexuality, race, gender, identity, the earth, and the future.

Judith Butler Gill Jagger 2008-02-07 Judith Butler's work on gender, sexuality, identity, and the body has proved massively influential across a range of academic disciplines in the humanities and social sciences. Yet it is also notoriously difficult to access. This key book provides a comprehensive introduction to Butler's work, plus a critical examination of it and its precursors, both feminist (including Simone de Beauvoir, Monique Wittig, Julia Kristeva and Luce Irigaray), and non-feminist (including Erving Goffman, Michel Foucault, Jacques Lacan, and Jacques Derrida). The volume covers such topics as: gender as performance and performativity sociological notions of performance the materiality of the body and the role of biology power, identity and social regulation subjectivity, agency and feminist political practice. A comprehensive introduction to Butler's work, this book also covers melancholia and gender identity, hate speech, pornography and 'race', social change and transformation, and Butler's shifting relation to psychoanalysis. Clearly laid out to cover key themes for a student audience, this

text will be an essential read for undergraduates in the fields of gender, psychoanalysis and sociology.

Judith Butler: Live Theory Vicki Kirby 2006-08-01 Offering an account of the work and thought of Judith Butler, this guide is meant for those studying this pioneering thinker within the context of sociology, cultural studies, literary criticism, feminism, and philosophy. It explores her contributions to gender theory, and her impact on how the discipline of gender studies has been shaped.

The Political Philosophy of Judith Butler Birgit Schippers 2014-04-03 Judith Butler can justifiably be described as one of the major critical thinkers of our time. While she is best-known for her interventions into feminist debates on gender, sexuality and feminist politics, her focus in recent years has broadened to encompass some of the most pertinent topics of interest to contemporary political philosophy. Drawing on Butler's deconstructive reading of the key categories and concepts of political thought, Birgit Schippers expounds and advocates her challenge to the conceptual binaries that pervade modern political discourse. Using examples and case studies like the West's intervention in Iraq and Afghanistan, and in relation to the Israeli-Palestinian conflict, Schippers demonstrates how Butler's philosophically informed engagement with pressing political issues of our time elucidates our understanding of topics such as immigration and multiculturalism, sovereignty, or the prospect for new forms of cohabitation and citizenship beyond and across national boundaries. A detailed exposition and analysis of Butler's recent ideas, championing her efforts at articulating the possibilities for radical politics and ethical life in an era of global interdependence, this book makes an important contribution to the emerging field of international political philosophy.

Performing the Renaissance Body Sidia Fiorato 2016-03-21

The volume analyses the concept of the "body" in the Renaissance

period and its articulations and interpretations both in the legal field and the theatre. The body emerges as a site of regulation, shaped by social and political ideologies and specific networks of power, as well as a site of resistance to the codification of individual identity and the medium for its re-assertion in strict connection to the concept of the juridical persona.

Excitable Speech Judith Butler 2021-03-29 'When we claim to have been injured by language, what kind of claim do we make?' - Judith Butler, *Excitable Speech* *Excitable Speech* is widely hailed as a tour de force and one of Judith Butler's most important books. Examining in turn debates about hate speech, pornography and gayness within the US military, Butler argues that words can wound and linguistic violence is its own kind of violence. Yet she also argues that speech is 'excitable' and fluid, because its effects often are beyond the control of the speaker, shaped by fantasy, context and power structures. In a novel and courageous move, she urges caution concerning the use of legislation to restrict and censor speech, especially in cases where injurious language is taken up by aesthetic practices to diminish and oppose the injury, such as in rap and popular music. Although speech can insult and demean, it is also a form of recognition and may be used to talk back; injurious speech can reinforce power structures, but it can also repeat power in ways that separate language from its injurious power. Skillfully showing how language's oppositional power resides in its insubordinate and dynamic nature and its capacity to appropriate and defuse words that usually wound, Butler also seeks to account for why some clearly hateful speech is taken to be iconic of free speech, while other forms are more easily submitted to censorship. In light of current debates between advocates of freedom of speech and 'no platform' and cancel culture, the message of *Excitable Speech* remains more relevant now than ever. This Routledge Classics edition includes a new Preface by the author, where she considers speech and language in the

context contemporary forms of political polarization.

The Force of Nonviolence Judith Butler 2021-02-09 "Judith Butler is the most creative and courageous social theorist writing today." - Cornel West "Judith Butler is quite simply one of the most probing, challenging, and influential thinkers of our time." - J. M. Bernstein Judith Butler's new book shows how an ethic of nonviolence must be connected to a broader political struggle for social equality. Further, it argues that nonviolence is often misunderstood as a passive practice that emanates from a calm region of the soul, or as an individualist ethical relation to existing forms of power. But, in fact, nonviolence is an ethical position found in the midst of the political field. An aggressive form of nonviolence accepts that hostility is part of our psychic constitution, but values ambivalence as a way of checking the conversion of aggression into violence. One contemporary challenge to a politics of nonviolence points out that there is a difference of opinion on what counts as violence and nonviolence. The distinction between them can be mobilized in the service of ratifying the state's monopoly on violence. Considering nonviolence as an ethical problem within a political philosophy requires a critique of individualism as well as an understanding of the psychosocial dimensions of violence. Butler draws upon Foucault, Fanon, Freud, and Benjamin to consider how the interdiction against violence fails to include lives regarded as ungrievable. By considering how "racial phantasms" inform justifications of state and administrative violence, Butler tracks how violence is often attributed to those who are most severely exposed to its lethal effects. The struggle for nonviolence is found in movements for social transformation that reframe the grievability of lives in light of social equality and whose ethical claims follow from an insight into the interdependency of life as the basis of social and political equality.

Embodied Selves S. Gonzalez-Arnal 2012-12-15 This interdisciplinary collection explores the role the body plays in

constituting our sense of self, signalling the interplay between material embodiment, social meaning, and material and social conditions.

Social Entrepreneurship Pascal Dey Pascal Dey and Chris Steyaert provide a timely critique on the idea of social entrepreneurship and its reputation as a means for positive social change. The book uses different traditions and modes of critique to interrogate, disrupt and reimagine the concept of social entrepreneurship.

This comprehensive guide is designed to empower you in your quest for eBooks. We'll explore various methods of finding Judith Butler Sexual Politics Social Change And The Power Of The Performative online, from legal sources to community-driven platforms. You'll learn how to choose the best eBook format, where to find your favorite titles, and how to ensure that your eBook reading experience is both enjoyable and ethical.

Whether you're new to eBooks or a seasoned digital reader, this Judith Butler Sexual Politics Social Change And The Power Of The Performative eBook has something for everyone. So, let's dive into the exciting world of eBooks and discover how to access a world of literary wonders with ease and convenience.

Understanding Judith Butler Sexual Politics Social Change And The Power Of The Performative

Before you embark on your journey to find Judith Butler Sexual Politics Social Change And The Power Of The Performative online, it's essential to grasp the concept of Judith Butler Sexual Politics Social Change And The Power Of The Performative eBook formats. Judith Butler Sexual Politics Social Change And The Power Of The Performative come in various formats, each with its own unique features

and compatibility.

Understanding these formats will help you choose the right one for your device and preferences.

Different Judith Butler Sexual Politics Social Change And The Power Of The Performative eBook Formats Explained

1. EPUB (Electronic Publication):

EPUB is one of the most common eBook formats, known for its versatility and compatibility across a wide range of eReaders and devices.

Features include reflowable text, adjustable font sizes, and support for images and multimedia.

EPUB3, an updated version, offers enhanced interactivity and multimedia support.

2. MOBI (Mobipocket):

MOBI was originally developed for Mobipocket Reader but is also supported by Amazon

Judith Butler Sexual Politics Social Change And The

Power Of The Performative

Kindle devices.

It features a proprietary format and may have limitations compared to EPUB, such as fewer font options.

3. PDF (Portable Document Format):

PDFs are a popular format for eBooks, known for their fixed layout, preserving the book's original design and formatting.

While great for textbooks and graphic-heavy books, PDFs may not be as adaptable to various screen sizes.

4. AZW/AZW3 (Amazon Kindle):

These formats are exclusive to Amazon Kindle devices and apps.

AZW3, also known as KF8, is an enhanced version that supports advanced formatting and features.

5. HTML (Hypertext Markup Language):

HTML eBooks are essentially web pages formatted for reading.

They offer interactivity, multimedia support, and the ability to access online content, making them suitable for textbooks and reference materials.

6. TXT (Plain Text):

Plain text eBooks are the simplest format, containing only unformatted text.

They are highly compatible but lack advanced formatting features.

Choosing the right Judith Butler Sexual Politics Social Change And The Power Of The Performative eBook format is crucial for a seamless reading experience on your device. Here's a quick guide to format compatibility with popular eReaders:

EPUB: Compatible with most eReaders, except for some Amazon Kindle devices. Also suitable for reading on

Judith Butler Sexual Politics Social Change And The

smartphones and tablets using dedicated apps. ~~Judith Butler Sexual Politics Social Change And The Power Of The Performative eBooks in these formats.~~

MOBI: Primarily compatible with Amazon Kindle devices and apps.

PDF: Readable on almost all devices, but may require zooming and scrolling on smaller screens.

AZW/AZW3: Exclusive to Amazon Kindle devices and apps.

HTML: Requires a web browser or specialized eBook reader with HTML support.

TXT: Universally compatible with nearly all eReaders and devices.

Understanding Judith Butler Sexual Politics Social Change And The Power Of The Performative eBook formats and their compatibility will help you make informed decisions when choosing where and how to access your favorite eBooks. In the next chapters, we'll explore the various sources where you can find

Judith Butler Sexual Politics Social Change And The Power Of The Performative eBook Websites and Repositories

It offers a wide selection of genres and supports multiple eBook formats.

Some eBooks are available for free, while others are for purchase.

Judith Butler Sexual Politics Social Change And The Power Of The Performative Legal Considerations

While these Judith Butler Sexual Politics Social Change And The Power Of The Performative eBook websites provide valuable resources for readers, it's essential to be aware of legal considerations:

Copyright: Ensure that you

Power Of The Performative
Public domain Judith Butler Sexual Politics Social Change And The Power Of The Performative eBooks are generally safe to download and share, but always check the copyright status.

Terms of Use: Familiarize yourself with the terms of use and licensing agreements on these websites. Judith Butler Sexual Politics Social Change And The Power Of The Performative eBooks may have specific usage restrictions.

Support Authors: Whenever possible, consider purchasing Judith Butler Sexual Politics Social Change And The Power Of The Performative eBooks to support authors and publishers. This helps sustain a vibrant literary ecosystem.

Public Domain eBooks

Public domain Judith Butler Sexual Politics Social Change

Search

Performative eBooks are those whose copyright has expired, making them freely accessible to the public. Websites like Project Gutenberg specialize in offering public domain Judith Butler Sexual Politics Social Change And The Power Of The Performative eBooks, which can include timeless classics, historical texts, and cultural treasures.

As you explore Judith Butler Sexual Politics Social Change And The Power Of The Performative eBook websites and repositories, you'll encounter a vast array of reading options. In the next chapter, we'll delve into the world of eBook search engines, providing even more ways to discover Judith Butler Sexual Politics Social Change And The Power Of The Performative eBooks online.

Judith Butler Sexual Politics Social Change And The Power Of The

eBook search engines are invaluable tools for avid readers seeking specific titles, genres, or authors. These search engines crawl the web to help you discover Judith Butler Sexual Politics Social Change And The Power Of The Performative across a wide range of platforms. In this chapter, we'll explore how to effectively use eBook search engines and uncover eBooks tailored to your preferences.

Effective Search Judith Butler Sexual Politics Social Change And The Power Of The Performative

To make the most of eBook search engines, it's essential to use effective search techniques. Here are some tips:

1. Use Precise Keywords:

Be specific with your search terms. Include the book title Judith Butler Sexual Politics

Judith Butler Sexual Politics Social Change And The

~~Social Change And The Power Of The Performative~~ ~~this feature to find Judith~~

Of The Performative, author's name, or specific genre for targeted results.

Butler Sexual Politics Social Change And The Power Of The Performative in your preferred format.

2. Utilize Quotation Marks:

To search Judith Butler Sexual Politics Social Change And The Power Of The Performative for an exact phrase or book title, enclose it in quotation marks. For example, "Judith Butler Sexual Politics Social Change And The Power Of The Performative."

5. Explore Advanced Search Options:

Take advantage of advanced search options offered by search engines. These can help narrow down your results by publication date, language, or file type.

3. Judith Butler Sexual Politics Social Change And The Power Of The Performative Add "eBook" or "PDF":

Enhance your search by including "eBook" or "PDF" along with your keywords. For example, "Judith Butler Sexual Politics Social Change And The Power Of The Performative eBook."

Google Books and Beyond

Google Books:

Google Books is a widely used eBook search engine that provides access to millions of eBooks.

You can preview, purchase, or find links to free Judith Butler Sexual Politics Social Change And The Power Of The Performative available elsewhere.

4. Filter by Format:

Many eBook search engines allow you to filter results by format (e.g., EPUB, PDF). Use

It's an excellent resource for discovering new titles and accessing book previews.
