Easier Ways to Say I Love You - Lucy Fry
2020-02-06

A memoir on love, lust and attachment: one woman's remarkable and candid account of transforming a difficult and uncomfortable love triangle into an honest polyamorous relationship. Lucy Fry's story opens with the heady and impassioned affair she embarked on during her wife's pregnancy. It is a relationship

that appears to be unstoppable, perhaps even addictive, despite guilt and self questioning. With intense and unflinching honesty, she takes us on a compelling journey from childhood trauma and addiction to sobriety, from infidelity to ethical non-monogamy, and—perhaps most intensely of all—from her fear of parenthood to her exquisite joy at having a son. L and B's love for their new baby, 'The Boy', changes the dynamic once again. They fumble through early parenthood, in a way that many will recognise, while at the same time trying to fathom and fashion a unique journey of their own.

There are rocks inside rocks. You can even find rocks that are shaped like a heart. There are even rocks that cling to a magnet! This book will explain how to start a rock collection, and what you might do with them, such as identifying what kind of rocks they are or even painting on them or creating scenes with their shapes. The book also advises you where NOT to collect rocks, such as certain parks and natural areas. Regardless, this book will inspire the rock hound in all of us.
