From A to Z, the Penguin Drop Caps series collects 26 unique hardcovers—featuring cover art by Jessica Hische It all begins with a

letter. Fall in love with Penguin Drop Caps, a new series of twenty-six collectible and hardcover editions, each with a type cover showcasing a gorgeously illustrated letter of the alphabet. In a design collaboration

between Jessica Hische and Penguin Art Director Paul Buckley, the series features unique cover art by Hische, a superstar in the world of type design and illustration, whose work has appeared everywhere from Tiffany & Co. to Wes Anderson's recent film *Moonrise Kingdom* to Penguin's own bestsellers *Committed* and *Rules of Civility*. With exclusive designs that have never before appeared on Hische's hugely popular Daily Drop Cap blog, the Penguin Drop Caps series debuted with an 'A' for Jane Austen's *Pride and Prejudice*, a 'B' for Charlotte Brönte's *Jane Eyre*, and a 'C' for Willa Cather's *My Ántonia*. It continues with more perennial classics, perfect to give as elegant gifts or to showcase on your own shelves. Y is for Yeats. A specially compiled edition for the Penguin Drop Caps series, *When You Are Old* will include the most accessible, best-known poems by W.B. Yeats from his early years that made the Nobel Prize winning writer and poet popular in his day. The volume will include all the major love poems written most notably for the brilliant yet elusive Irish revolutionary Maude Gonne. Recalling Yeats's 1890s fascination in aestheticism and the arts and crafts movement, selections will draw from the first published versions of poems from works such as *Crossways*, *The Rose*, *The Wind Among the Reeds*, *In the Seven Woods*, *The Green Helmet and Other Poems*, *Responsibilities*, *The Wild Swans at Coole*, and *Michael Robartes and the Dancer*. A selection Irish myths and fairytales including "The Wanderings of Oisín," a Celtic fable and his first major poem, represent his fascination with mysticism, spiritualism and the rich and imaginative heritage of his native land.

**Poems** - Louise Glück 2021-08-26

A major career-spanning collection from the inimitable Nobel Prize-winning poet For the past fifty years, Louise Glück has been a major force in modern poetry, distinguished as much for the restless intelligence, wit and intimacy of her poetic voice as for her development of a particular form: the book-length sequence of poems. This volume brings together the twelve collections Glück has published to date, offering readers the opportunity to become immersed in the artistry and vision of one of the world's greatest living poets. From the allegories of *The Wild Iris* to the myth-making of *Averno*; the oneiric landscapes of

*The House on Marshland* to the questing of *Faithful and Virtuous Night* - each of Glück's collections looks upon the events of an ordinary life and finds within them scope for the transcendent; each wields its archetypes to puncture the illusions of the self. Across her work, elements are reiterated but endlessly transfigured - *Persephone*, a copper beech, a mother and father and sister, a garden, a husband and son, a horse, a dog, a field on fire, a mountain. Taken together, the effect is like a shifting landscape seen from above, at once familiar and unspeakably profound.

**Love Poems** - Carol Ann Duffy 2010

As with all her writing, these poems are alive to the sounds of modern life, but also attuned to - and rich with - the traditions of love poetry. *Love Poems* contains some of Carol Ann Duffy's most popular poems. Always imaginative, heartfelt and direct, Duffy finds words for our experiences in love and out of love, and displays all the eloquence and skill that have made her one of the foremost poets of her time.

**Love Poems** - Pablo Neruda 2008-01-17

Sensual, earthy love poems that formed the basis for the popular movie *Il Postino*, now in a beautiful gift book perfect for weddings, Valentine's Day, anniversaries, or just to say "I love you!" Charged with sensuality and passion, Pablo Neruda's love poems caused a scandal when published anonymously in 1952. In later editions, these verses became the most celebrated of the Noble Prize winner's oeuvre, captivating readers with earthbound images that reveal in gentle lingering lines an erotic re-imagining of the world through the prism of a lover's body:

"today our bodies became vast, they grew to the edge of the world / and rolled melting / into a single drop / of wax or meteor...." Written on the paradisaal island of Capri, where Neruda "took refuge" in the arms of his lover Matilde Urrutia, *Love Poems* embraces the seascapes around them, saturating the images of endless shores and waves with a new, yearning eroticism. This wonderful book collects Neruda's most passionate verses.

**Postcolonial Love Poem** - Natalie Diaz 2020-06-16

WINNER OF THE 2021 PULITZER PRIZE IN POETRY *Postcolonial Love Poem* is a thunderous river of a book. It demands that every body carried in its pages - bodies of language, land, suffering brothers, enemies and lovers - be touched and held. Where the bodies of indigenous, Latinx, black and brown women are simultaneously the body politic and the body ecstatic. In claiming this autonomy of desire, language is pushed to its dark edges, the astonishing dune fields and forests where pleasure and love are both grief and joy, violence and sensuality. Diaz defies the conditions from which she writes, a nation whose creation predicated the diminishment and ultimate erasure of bodies like hers and the people she loves. Her poetry questions what kind of future we might create, built from the choices we make now.

*Poems and Selected Letters* - Veronica Franco 2007-11-01

Veronica Franco (whose life is featured in the motion picture *Dangerous Beauty*) was a sixteenth-century Venetian beauty, poet, and protofeminist. This collection captures the frank eroticism and impressive eloquence that set her apart from the chaste, silent woman prescribed by Renaissance gender ideology. As an "honored courtesan", Franco made her living by arranging to have sexual relations, for a high fee, with the elite of Venice and the many travelers—merchants, ambassadors, even kings—who passed through the city. Courtesans needed to be beautiful, sophisticated in their dress and manners, and elegant, cultivated conversationalists. Exempt from many of the social and educational restrictions placed on women of the Venetian patrician class, Franco used her position to recast "virtue" as "intellectual integrity," offering wit and refinement in return for patronage and a place in public life. Franco became a writer by allying herself with distinguished men at the center of her city's culture, particularly in the informal meetings of a literary salon at the home of Domenico Venier, the oldest member of a noble family and a former Venetian senator. Through Venier's protection and her own determination, Franco published work in which she defended her fellow courtesans, speaking out against their mistreatment by men and criticizing the subordination of women in general. Venier also provided literary counsel when she responded to insulting attacks written by the male Venetian poet Maffio Venier. Franco's insight into the power conflicts between men and women and her awareness of the threat she posed to her male contemporaries make her life and work pertinent today.

*Love at First Sight* - Wislawa Szymborska 2022-11-08

A poem by the winner of the Nobel Prize for Literature, illustrated for readers of all ages that will challenge assumptions about falling in love. They're both convinced / that a sudden passion joined them. Such certainty is beautiful, / but uncertainty is more beautiful still. *Love at First Sight* is a poem about love and chance and destiny by the 1996 Polish winner of the Nobel Prize for Literature. Illustrated by Italian artist Beatrice Gasca Queirazza, Szymborska's poem comes to life in entirely new ways for her readers and for lovers everywhere in this oversized book perfect for gift giving. Szymborska tells of two young lovers bound together in an instant—or were they? As the poem unfolds, the reader's assumptions—like those of the lovers themselves—about certainty and destiny are utterly upended, revealing the paradox and mystery of fate. Here is randomness, tricks of memory, and chance, where noticing the smallest details of our intertwined lives is more

essential than asking, Are we meant for each other? "Every beginning / is only a sequel, after all..."
