Rachel Ann writes "One of the most important pieces of being a woman is staying true to yourself and knowing your worth. Learning to live intentionally and let go of people, places, and things who are not serving you well will always aid in your mental wellness! Is living empowered easy and straightforward? No, not always. But when you have a clearer sense of who you are and what you want from life, you're better able to make healthy decisions and live life with contentment, and not fear". Live. Learn. Love. is written for the down to earth woman who may be struggling with knowing who she is, loving self, getting over the past, and or having difficulty with seeing her worth in this world. Live, Love, Explore Leon Logothetis 2016-12-27 Part travel memoir, part self-help book, *Live, Love, Explore* is a guide to finding meaning and adventure in your everyday life and discovering the road you were always meant to walk. By bestselling author, Leon Logothetis, from the Netflix Series, *The Kindness Diaries*. Leon Logothetis's life was well plotted out for him. He was to do well in school, go to university, get a job in finance, and spend the next fifty years of his life sitting behind a slab of wood, watching the rain-slicked streets of London from thirty floors above. For a long time, he followed that script, until one day, he finally realized he was living someone else's life—a good one—but not one of his own choosing. So he walked out of that life, and discovered the one that took him around the world. Since then, Leon has driven a broken-down English taxicab across America, offering people free rides; ridden a vintage motorbike around the world, relying solely on the kindness of strangers; and followed a fellow traveler through India without ever knowing where he was going. He has visited more than 90 countries on every continent. Along the way, he learned something about the human spirit and about the heart of this world. He learned that he needed to shed his old ideas about who he was supposed to be in order to feel his soul rise to the surface and become the person he always longed to be. The wisest words he heard, and the greatest lessons he learned, came from everyday people he met on his travels. He became their accidental student, and after years of sharing those lessons through TV shows, college tours, books, and in the media, he realized that he had also become an accidental teacher. His experiences are more than a collection of stories, they have become a way of life—the Way of the Traveler. So, what is the Way of the Traveler? It's a roadmap to living your best life, loving with all your heart, and exploring the world—both the great and adventurous one waiting outside your door, and the even greater, more adventurous one waiting within your soul. Weaving together Leon's hilarious and heartwarming stories of his misadventures on the road with simple but profound exercises to help you uncover your true path, *Live, Love, Explore* will teach you how to live fully and without regrets. It's not to say that everyone who reads it will have to go to the ends of the world. Because you don't have to go to Mongolia to discover the truths that lie inside. No, those life lessons can just as easily be learned from the people all around you—the chap serving you coffee at Starbucks, the woman sitting next to you on a plane, your co-workers, family, and friends. There's an entire world of people willing to teach you their lessons if you're willing to learn. And by opening yourself up to new adventures, by recognizing that you have the freedom to choose your own road, you'll find something else that has been hiding in plain sight: you'll find the life of which you have always dreamed... and the curiosity and courage it takes to make that life happen.

Live to Love, Love to Live Medardo Gonzales 2019-09-07 Are you totally, happily, lovingly and completely satisfied with the way your life is going? If you're not, or if you want to know more about life and love, you have picked the right book to read. In order to live a joyful, peaceful, and loving life with one's self and with others we must first learn to let go of old, negative attitudes and habits that are inhibiting our ability to love and learn and practice positive and loving attitudes and habits that will bring joy, peace, patience, kindness, faithfulness, goodness, gentleness and self-control into our lives. This book is based on precepts given to us by none other than The Great Author of Life Himself, Almighty God through His Son, Jesus Christ, who taught me how to truly love. This is not another manual on love, marriage or inter-personal relationships but rather a guide to loving oneself which in turn leads us to love, first God, than others as we love ourselves, for it is impossible to love others unless we love ourselves first. And it is impossible to love ourselves as God loves us unless we love God with all our hearts, with all our minds, and with all our souls for God is Love.

Short stories and poetry are something I've always wanted to do as well as to write and publish my book of poems. My purpose is that I pray and hope that everyone who reads my works can feel the joy and get charged up by their own memories from life experiences. My strength comes from God and my family, who helped me to push and realize that my talents were no good just being on paper. God is my source; family is my strength. My courage is the way I see the world as I encounter the moments, good and bad, that happen every day. I take the feeling I get through everyday people and express them with the moments in time and process them by putting it on paper.

You don't have to aspire to greatness, just seek to walk through each day with love in mind. In this way, you will patiently grow your stores of love and have more to enjoy and more to share. "Live a Life of Love" was birthed from my own very real struggles to learn how to love. In my younger years, I felt very alone, empty, unloved and unloving, and unaware of life's meaning. The turning point for me was when I decided to embrace a connection with God, for God is love. Still, how to love remained a mystery to me. I was raised in a cold place, but I wanted to live in a warm place. I was raised with a famine of affection, but wanted to serve a feast of affection, affirmation and kindness to my own family and friends. After meeting the author of love, my life became a quest to be a lover of God, myself and others - to learn how to effectively and extravagantly love all in my life, even those who sometimes make it hard to love them. One of the more difficult lessons was learning to love myself. But it was a key lesson. In this book we explore what it means to follow the great commandments of love: to love God, love yourself and love others. I am writing from a Christian perspective, but I believe anyone can find principles and guidelines in this book that will help them understand real love and learn to express it more freely. The book is designed to be used as a personal journey or in a group study session. At the end of each chapter, I've included a relevant quote, Bible verse and prayer to help you implement what you just learned in that chapter. Many people read a chapter a day and use the book as one would a devotional. It is also an excellent resource for use in Bible study groups or book clubs. Questions for group discussion are included for each chapter. As the songs say, what the world needs now is love, sweet love. All we need is love. Love is a many-splendored thing. And we all want to know what love is. Let me help you see more clearly what love is. Buy this book and learn more about living a life of love!

Intentional David Amerland 2021-06-23 Live your life the way you want to. Manage stress better. Be more resilient and enjoy meaningful relationships and better health. We all want that. Such life leads to better choices, better jobs, loving romantic partners, more rewarding careers and decisions that are fully aligned with our aims. What stops us from getting all that is the complexity of our brain and the complicated way in which the external world comes together. The misalignment between the internal states we experience and the external circumstances we encounter often leads to confusion, a lack of clarity in our thinking and actions that are not consistent with our professed values. Intentional is a gameplan. It helps us connect the pieces of our mind to the pieces of our life. It shows us how to map what we feel to what has caused those feelings. It helps us understand what affects us and what effects it has on us. It makes it possible for us to determine what we want, why we want it and what we need to do to get it. When we know what to do, we know how to behave. When we know how to behave we know how to act. When we know how to act, we know how to live. Our actions, each day, become our lives. Drawn from the latest research from the fields of neuroscience, behavioral and social psychology and evolutionary anthropology, Intentional shows how to add meaning to our actions and lead a meaningful, happier, more fulfilling life on our terms.
