70 years after his death Sepharial's work still features on most astrologers' reading lists, but very little has been written about his private life. This book provides a fascinating glimpse into the lifestyle, his friends and the society of his times - indeed it takes you to the very heart of the occult establishment at the turn of the century.

**Person-to-Person Astrology** - Stephen Arroyo  
2011-06-21

Using a new language of energy based on the ancient "four elements" and in harmony with that used by the more advanced healing arts, renowned author Stephen Arroyo here explores how astrology as a language of energy can be astoundingly accurate and useful in illuminating individuals' energy exchange in all close relationships. The preface, author's note, introduction, and early chapters of *Person-to-Person Astrology* lay the groundwork for serious consideration of astrology as a significant discipline. The following chapters detail the influence of the four elements—Fire, Earth, Water, Air—on the 12 signs, with a particular emphasis on the rising sign (Ascendant). The author shows readers how to experiment by comparing birth charts, and explains, through detailed descriptions, people's psychological motivations and needs based on the positions of their Moon, Venus, and Mars. Appendices include astrological definitions, keywords, and sign tables that allow readers quick access to

**Come As You Are: Revised and Updated -**

Emily Nagoski 2021-03-02

A revised and updated edition of Emily Nagoski's game-changing New York Times bestseller *Come As You Are*, featuring new information and research on mindfulness, desire, and pleasure that will radically transform your sex life. For much of the 20th and 21st centuries, women's sexuality was an uncharted territory in science, studied far less frequently—and far less seriously—than its male counterpart. That is, until Emily Nagoski's *Come As You Are*, which used groundbreaking science and research to prove that the most important factor in creating and sustaining a sex life filled with confidence and joy is not what the parts are or how they're organized but how you feel about them. In the years since the book's initial publication,

countless women have learned through Nagoski's accessible and informative guide that things like stress, mood, trust, and body image are not peripheral factors in a woman's sexual wellbeing; they are central to it—and that even if you don't always feel like it, you are already sexually whole by just being yourself. This revised and updated edition continues that mission with new information and advanced research, demystifying and decoding the science of sex so that everyone can create a better sex life and discover more pleasure than you ever thought possible.

The unlikely focus of the battle: GameStop, a flailing brick-and-mortar dinosaur catering to teenagers and outsiders that somehow helpd on as the world rapidly moved online. At first, WallStreetBets was a joke, until some members noticed an opportunity in GameStop--and rode a rocket ship to tens of millions of dollars in earnings overnight." -- back cover

**The Power of Us** - Jay Van Bavel 2021-09-07  
 If you're like most people, you probably believe that your identity is stable. But in fact, your identity is constantly changing - often outside your conscious awareness and sometimes even

against your wishes - to reflect the interests of the groups of which you're a part. And that fluid identity has a powerful influence over your feelings, beliefs, and behaviours. In THE POWER OF US, psychologists Packer and Van Bavel integrate their own cutting-edge research in psychology, neuroscience and economics to explain what identity really is and show how to harness its dynamic nature to: Increase our productivity - Improve physical and psychological health - Overcome our individual prejudice - Unlock our altruism - Break the political gridlock - Galvanize others to solve controversial global problems Along the way, they explain such seemingly unrelated phenomenon as why men cry at football games but not funerals, why the history of slavery in U.S. counties is one of the best predictors of current day racism, and why Canada keeps a national reserve of maple syrup. Packed with fascinating insights, vivid case studies, and pioneering research, THE POWER OF US will

**The Great Sex Rescue** - Sheila Wray Gregoire  
2021-03-02

What if it's not your fault that sex is bad in your marriage? Based on a groundbreaking in-depth survey of 22,000 Christian women, The Great Sex Rescue unlocks the secrets to what makes some marriages red hot while others fizzle out. Generations of women have grown up with messages about sex that make them feel dirty, used, or invisible, while men have been sold such a cheapened version of sex, they don't know what they're missing. The Great Sex Rescue hopes to turn all of that around, developing a truly biblical view of sex where mutuality, intimacy, and passion reign. The Great Sex Rescue pulls back the curtain on what is happening in Christian bedrooms and exposes the problematic teachings that wreck sex for so
