Fatal Harmony - Anne Malcom 2021-03-19

I may be the villain of the story, but at least I get a leading role. Evil is a term thrown around history and literature as if it's something so easily definable. A concept to fight against. Evil doesn't exist. Neither does 'good.' Vampires do, though. I just happen to be one. I've cruised through the centuries managing to avoid all the wars, supernatural and human, but still going to all the best parties. I would say I avoided bloodshed, but it's kind of part of the whole 'vampire' thing. I've lived on the fringes of a society that considered cruelty and sadism favorable character traits for almost five hundred years. Now I'm in the middle of a war that might just put my nonbeating heart in a lot of danger. Battles, I can handle. The impossible attraction between me and the vampire slayer, not to mention the penetrating gaze of the king of our race, on the other hand? I might not get out undead.

She leaves behind her parents, Betty and Bruce, her brother, Evan, a laptop filled with one too many Jason Momoa memes, and a Kindle library with more books than one human being could ever finish in a lifetime. Cause of death: a text message. Okay. So, I didn't die. But I may as well have. One minute, I'm a woman trying to find her way in the world, and the next, I'm the sender of six of the most embarrassing text messages that have ever been sent in the history of time-or the cell phone. Whatever. We're talking code red, send a flipping mayday, the apocalypse is coming kind of texts. And I didn't just send them to some random person I'll never see again. No. That would be too easy. I sent them to Milo Ives. The man who played a starring role in all of my teenage fantasies-and my brother's lifelong best friend. And, boy oh boy, has he grown up. He's hard-bodied, blue-eyed, jawline-of-stone handsome, crazy successful, and has more money in his bank account than my brain can fathom. Deflower me, please? I said. Yeah. Send help. I never wanted to be a vampire queen. But on the bright (if not sunny) side of the debacle, I've got a super-hot new boyfriend. And he just might be the perfect guy. Well, if the perfect guy ghosts you for a month and then comes back to school with a new look, a pack of friends, and a secret. But we have bigger problems. The Drainers are back. They're singing a different song, but have they really changed? Even worse, werewolves' hearts are being ripped from their bodies—which is putting the people I love in danger. I need to figure out who is behind the murders before there's an all-out vampire werewolf war. No one is going to mess with my friends, even the ones who like to get wild and howl at the moon. Sometimes, all a girl can do is grab her tiara and start kicking some supernatural ass... The Afterlife series is best enjoyed in order.
