

# Sex And Pregnancy In Adolescence

Teenage Pregnancy and Parenthood - Helen Holgate 2006-10-03

The debate of teenage pregnancy and parenthood continues to be a topical media and political issue, and a contested policy area. Covering the controversial issues, this book contributes to the debate, filling the gap in the current market. The strong chapter selection looks at areas such as: education social policy and welfare reforms in the UK and US issues for young fathers child sex abuse girls with emotional and behavioural difficulties. This is invaluable reading for those working on government strategies to reduce teen pregnancies and those working in sex education and youth care.

*Taking It Lying Down* - Frances Hudson 1991-08-23

This excellent book should be read by policy-makers, service providers and anyone working with or concerned about young people.' - Margaret Chekri, FPA Information Officer. Teenage sexuality, pregnancy and motherhood have become matters of concern in many countries. A variety of both explanations and solutions have been put forward. This book reviews the existing state of knowledge within Britain, the USA and elsewhere. On their first-hand experiences as director of a unit for schoolgirl mothers and sociological researcher, the authors suggest ways of both reducing teenage pregnancies and providing more

effective help for teenage mothers.

**Social Dynamics of Adolescent Fertility in Sub-Saharan Africa** - National Research Council 1993-02-01

This examination of changes in adolescent fertility emphasizes the changing social context within which adolescent childbearing takes place.

Dubious Conceptions - Kristin Luker 1996

Traces the way popular attitudes came to demonize young mothers and examines the profound social and economic changes that have influenced debate on the issue, especially since the 1970s. --From publisher description.

**Sex and Pregnancy in Adolescence** - Melvin Zelnik 1981

**Risking the Future** - Panel on Adolescent Pregnancy and Childbearing, National Research Council 1987-01-15

Abstract: This book presents the findings, conclusions, and recommendations of the

Committee on Child Development Research and Public Policy within the National Research Council. The panel examined research and existing programs which address the areas of adolescent sexuality, pregnancy, and childbearing with the intent of making recommendations for policy making, program design, program evaluation, and research. The panel's report is presented in chapters addressing the following topics: trends in adolescent sexuality and fertility, society and changing roles of adolescents, determinants of sexual behavior, effects of adolescent childbearing, interventions, and priorities for data collection, research, policies, and programs. An accompanying volume contains the working papers on which the report was based. The working papers address three broad areas, which are: 1) influences on early sexual and fertility behavior, 2) consequences of early sexual and fertility behavior, and 3) programs and policies related to teen pregnancy and

sexuality.

**Teenage Sex and Pregnancy** - Peggy J. Parks  
2011-08

"Discusses the issues of teenage sex and pregnancy, including the severity of the problem in modern society, the consequences of teenage sex and pregnancy, and the controversy over sex education in schools"--GoogleBooks.com.

**Teenage Sexuality, Pregnancy, and Childbearing** - Frank F. Furstenberg 1981

Examining the social consequences of teenage childbearing, the editors explain the effects on adolescent parents themselves, their offspring, and their families, and discuss ways of preventing or tempering those effects. Why have Americans suddenly become troubled about teenage sexuality, pregnancy, and childbearing? These are not new problems, certainly, and the birthrate among teenagers--even the youngest of them--has been declining for some years. What has aroused public concern, according to the editors of these essays, is the increased visibility

of the problem. The pregnant teenager is no longer expelled from school and forced to marry or discreetly bear a child out of wedlock. She has the option of abortion, and even if she decides to have the child, she is even more likely not to marry. Thus, the sensitivity of Americans to the issues of abortion and illegitimacy is inexorably linked to their concern about adolescent sexuality and pregnancy. The attention focused on the problem has resulted in a considerable amount of research on the causes and consequences of teenage pregnancy, and on the means of preventing it. Over the past decade, Family Planning Perspectives has published much, if not most, of the research on the causes, consequences, and means of coping with problems associated with teenage pregnancy and childbearing. From about 100 articles, the editors have selected 28 key reports that illuminate the issue for scholars, students, and professionals who work with young people in various settings. The contributors to the first

*by guest*

section examine historical trends in regard to teenage sexual activity, use of contraception and abortion, pregnancy, and childbirth in and out of wedlock in the context of other changes in social structure and mores. The second section assesses the serious adverse consequences of early childbearing on the young people involved, on their children, and on society. The third section looks into what courses of action are practicable to help teenagers avert the pregnancies and births they do not wish to have, and to cope with problems resulting from early childbearing. The final section evaluates current programs and materials designed to help teenagers prevent unwanted pregnancies or deal with pregnancy when it occurs; it also reviews the state of the law involving contraception, abortion, and pregnancy among teenagers. The book includes an overview and section introductions by the editors, which draw together the implications of the contributions and those of other investigators who have

written on this subject. All articles, as well as the editors' contributions, are followed by extensive, up-to-date bibliographies

*Adolescent Pregnancy* - Dr. Naomi Farber Ph.D., MSW 2009-06-16

"Adolescent pregnancy is an important public health issue and this valuable, well-referenced book covers the risk factors, child-family outcomes, and prevention .This is a very useful book for social workers and other professionals as a single source of current information about adolescent pregnancy and prevention." --Doody's  
This new edition of *Adolescent Pregnancy* contains everything a social worker needs to know to address adolescent sexual health risks and the recent rise in teen pregnancy rates. The second edition presents a new focus on cultural competence, presenting up-to-the-minute research on ethnically diverse populations. This edition goes beyond just adolescent pregnancy, discussing STI and HIV risks, as well as drug and alcohol abuse. Other cutting-edge topics

Downloaded from  
[legacy.opendemocracy.net](http://legacy.opendemocracy.net) on 2023-11-04  
by guest

include the sexualization of children, secondary prevention, the impact of abstinence-only programs, and controversies over access to birth control and abortion. Key features: Guidelines for identifying pregnancy risk levels in adolescents, and determining appropriate interventions New information about STI and HIV/AIDS prevention strategies Theories of illegitimacy and teen pregnancy, and why pregnancy rates vary among ethnic groups Research on pregnancy prevention programs that help both young men and women avoid unwanted pregnancy Chapters on adolescent parenting, and secondary prevention among adolescent parents With this book, practitioners can provide young men and women with the tools they need to regain control of their lives and their sexual health. A critically important read for social workers, health professionals, and policy makers who are concerned about adolescent pregnancy.

### **Teenage Pregnancy and Reproductive**

*sex-and-pregnancy-in-adolescence*

**Health** - Philip Baker 2007

This book considers the issue of teenage sexuality and pregnancy from historical, international and regional perspectives. Expert authors question whether teenage pregnancy should be regarded as a social or as an obstetric 'problem' and the roles of diet and nutrition are considered. Strategies for reducing teenage pregnancy rates are assessed, including sex education, contraception and service provision, together with evidence for the efficacy of the interventions reviewed. Methods of reducing social exclusion among teenage parents and their families, such as Sure Start Plus, housing, education and childcare, are discussed. Most importantly, the perspectives of young women, men and parents are included. This wide-ranging review of the important questions and issues around teenage pregnancy and reproductive health will be of interest and of value not only to members of the RCOG but also to healthcare practitioners in other disciplines for whom the

health and welfare of adolescents is of key concern.

Mixed Messages - Stefanie Mollborn 2017

American teenagers hear mixed messages about sex and sexuality. Struggles over teen sexuality norms and their enforcement are a major cultural battleground. What are these norms, and what makes them effective or ineffective? Through interviews with college students and teen parents, this book reveals teenagers' fascinating and complicated social worlds.

**Has Sex Education Failed Our Teenagers?** - Dinah Richard 1990

A study of the effects of sex education on the rates of teenage pregnancy, sexually transmitted diseases, and abortions.

Sex and America's Teenagers - Alan Guttmacher Institute 1994

Although sexual activity is common among teenagers, it is not as widespread, and does not begin as early, as most adults believe. This report provides detailed data and analysis of sex

among adolescents. Adolescent sexual activity is grouped in ten categories: (1) Rites of passage; (2) The context of adolescents' lives; (3) Sex among teenagers; (4) Risks and prevention of unintended pregnancy and STDs; (5) Incidence and consequences of STDs; (6) Adolescent pregnancy; (7) Outcomes of adolescent pregnancies; (8) Adolescent mothers and their children; (9) Organized responses to adolescent sexual and reproductive behavior; and (10) Where do we go from here? Although young people's sexual behavior today is broadly seen as problematic, no consensus exists as to what the problem is. Most adolescents have always experienced sex, but in the past it was closely linked to marriage, especially for young women. However, over the last century, puberty has slowly moved to earlier ages, as has the initiation of sexual activity, while marriage has been postponed to later years. Adolescents live in a more diverse country than the one their parents knew -- society, family, violence, and

sexual messages differ dramatically from the standards of the previous generation. Included in this booklet are numerous graphs. Citations appear for all data. (Contains over 200 references.) (RJM)

### **Tackling Teenage Pregnancy** - Ruth Chambers 2001

A discussion of issues relating to tackling teenage pregnancy. It provides viewpoints from both the medical professionals' and the teenagers' perspectives, and includes case studies that describe real situations and show how advice has been applied.

### Teen Sex - Julie Endersbe 1999-07

Outlines the risks to teenagers involved in sexual activity, including pregnancy, sexually transmitted diseases, and date rape, as well as options available to teenagers deciding whether or not to be sexually active.

### **Teenage Sex and Pregnancy** - Mike A. Males 2010-07-15

This detailed, exhaustively documented account

shows how and why just about everyone in today's teen pregnancy debate is wrong—often disastrously so. *Teenage Sex and Pregnancy: Modern Myths, Unsexy Realities* presents a unique view of its subject by analyzing the extensive myths and fears that surround discussion of teenage sex and pregnancy, including their relationship to popular culture, poverty, adult sexual behaviors, and anxieties toward the increasingly public roles of young women. Award-winning author Mike Males argues that today's discussions rely largely on falsehoods and the suppression of crucial realities. His work details a new view of popular culture as a largely beneficial feature of teens' lives and presents a carefully documented analysis demolishing destructive myths about the "new girl." Debunking popular arguments, he shows that the "teen sex" debate is mired in interest-group talking points that ignore difficult realities to advance politically attuned agendas. It's time, he writes, to modernize the discussion,

recognizing that teens act in ways consistent with their interests, with the sexual behaviors of adults, and with the school and job opportunities afforded them.

The Politics of Pregnancy - Annette Lawson  
1993-01-01

Teenage pregnancy is widely viewed as a significant social problem. This book argues that much of the problem stems from inaccurate perceptions of what the problem is. The problem, according to the text, is not teenagers who want sex too soon but a society that offers too little, too late.

**Teen Pregnancy and Parenting** - Annette U. Rickel 1989

First published in 1989. Routledge is an imprint of Taylor & Francis, an informa company.

**Sex and Pregnancy in Adolescence** - Melvin Zelnik 1981

'...This book is a good resource for any senior-level social science undergraduate who understands basic statistics and for graduate

students in sociology, population studies, and social work who are interested in teenage sex and pregnancy.' -- Choice, October 1982 'This book represents the detailed report of the well-known 1971 and 1976 national surveys of adolescent premarital sexual behavior, contraceptive use, and pregnancy outcome...For those who wish further understanding of the history, design, sample selection, methodology, and validity of these classic studies, here it is!' -- Journal of Adolescent Health Care, Vol 4 No 2, June 1983 'This is an important book that carefully traces the difficult and

Adolescent Sexuality and Pregnancy - Patricia Voydanoff 1990-08

This is a survey of the current literature on teenage pregnancy and related questions of adolescent sexuality, contraception, abortion and childbearing. Covering not only the demographic, social psychological and family issues surrounding this topic, the authors also explore more applied areas such as health

consequences, policy concerns and prevention

programmes aimed at alleviating the problem.
