I Catch Killers - Gary Jubelin 2020-08-01

THE #1 TRUE CRIME BESTSELLER. Serial killings, child abductions, organised crime hits and domestic murders. This is the memoir of a homicide detective. WINNER OF 2021 DANGER PRIZE FOR NON-FICTION Here I am: tall and broad, shaved head, had my nose broken three times fighting. Black suit, white shirt, the big city homicide detective. I've led investigations into serial killings, child abductions, organised crime hits and domestic murders. But beneath the suit, I've got an Om symbol in the shape of a Buddha tattooed on my right bicep. It balances the tattoo on my left ribs: Better to die on your feet than live on your knees. That's how I choose to live my life. As a cop, I got paid to catch killers and I learned what doing it can cost you. It cost me marriages and friendships. It cost me my reputation. They tell you not to let a case get personal, but I think it has to. Each one has taken a piece out of me and added a piece, until there's only pieces. I catch killers - it's what I do. It's who I am. Gary Jubelin was one of Australia's most celebrated detectives, leading investigations into the disappearance of preschooler William Tyrrell, the serial killing of three Aboriginal children in Bowraville and the brutal gangland murder of Terry Falconer. During his 34-year career, Detective Chief Inspector Jubelin also ran the crime scene following the Lindt Cafe siege, investigated the death of Caroline Byrne and recovered the body of Matthew Leveson. Jubelin retired from the force in 2019. This is his story.

Eggshell Skull - Bri Lee 2018-05-23

'Scorching, self-scouring: a young woman finds her steel and learns to wield it' - Helen Garner
'Brutal, brave and utterly compelling . . . I can't remember a book I devoured with such intensity,

nor one that moved me so profoundly' Rebecca Starford, author of *Bad Behaviour* and co-founder of Kill Your Darlings EGG SHELL SKULL: A well-established legal doctrine that a defendant must 'take their victim as they find them'. If a single punch kills someone because of their thin skull, that victim's weakness cannot mitigate the seriousness of the crime. But what if it also works the other way? What if a defendant on trial for sexual crimes has to accept his 'victim' as she comes: a strong, determined accuser who knows the legal system, who will not back down until justice is done? Bri Lee began her first day of work at the Queensland District Court as a bright-eyed judge's associate. Two years later she was back as the complainant in her own case. This is the story of Bri's journey through the Australian legal system; first as the daughter of a policeman, then as a law student, and finally as a judge's associate in both metropolitan and regional Queensland-where justice can look very different, especially for women. The injustice Bri witnessed, mourned and raged over every day finally forced her to confront her own personal history, one she'd vowed never to tell. And this is how, after years of struggle, she found herself on the other side of the courtroom, telling her story. Bri Lee has written a fierce and eloquent memoir that addresses both her own reckoning with the past as well as with the stories around her, to speak the truth with wit, empathy and unflinching courage. *Eggshell Skull* is a haunting appraisal of modern Australia from a new and essential voice. 'Courageous, heartbreaking and ultimately hopeful' Liam Pieper, author of *The Toymaker* 'Sensitive and clear-eyed' Jessica Friedmann, author of *Things That Helped* 'A page-turner of a memoir, impossible to put down' Krissy Kneen, author of *An Uncertain Grace*

Tom Petrie's Reminiscences of Early Queensland - Constance Campbell Petrie 2014-03-07
Queensland classic edition, originally published by Watson Ferguson & Company in 1904. These

stories, first appeared in the "Queenslander" in the form of articles, many of which referred to the Aboriginal People. These articles were then recorded and published by his daughter, Constance Campbell Petrie, in 1904. This book also provides a brief sketch of the early days of the colony of Queensland from 1837, through the eyes of Tom Petrie. He was considered an authority on the Aboriginal people and in this book there is a wide range of interesting and important information about them, including some vocabulary words.

Brisbane: The Aboriginal Presence - Barry Shaw 2020-12-02

This second edition has been reviewed and expanded to include some of Australia's best qualified historians and researchers in Aboriginal history. Many of these authors continue to campaign for more research into First Nations history and the Frontier Wars. This second edition of *Brisbane: The Aboriginal*

Presence now comprises a foreword which examines recent research in Aboriginal studies, and seven instead of six papers on race relations in the Brisbane region between 1824 and 1860. It covers the convict and early settlement periods until the Separation of Queensland from New South Wales in late 1859. The papers provide overviews of race relations during each of these periods, and highlight various themes, including: • Aboriginal occupation before European settlement • The impact of European settlement • Reciprocal attitudes and relations • Aboriginal resistance and European repression • Sexual relations between Aborigines and Europeans • The role of law, administration and the press • Aborigines in the local economy • The failure of assimilation • The fate of local clans. These themes are illustrated by numerous incidents and case studies including: • The observations of explorers, missionaries and administrators • Convict, runaway and settler experiences • Violent clashes on Stradbroke Island in 1831-32 • Aboriginal hangings between 1841 and 1859 • Unrest in the 'suburbs' during the late 1840s to 1850s • Squatters, Governor Gipps and the Kilcoy poisonings between 1841 and 1843 • The white raid on Yorks Hollow camp in 1846 • The police attack on Breakfast Creek camps in 1846. These papers are based on detailed research of primary sources by experienced historians who are distinguished for the originality and calibre of their work. This attractive and informative volume is for everyone interested in race relations generally and Brisbane in particular, including students, teachers, schools, libraries, academics and the general reader.

Offender and Victim Networks in Human Trafficking - Ella Cockbain 2018-05-30
Millions of pounds are spent every year trying to tackle human trafficking, modern slavery and child sexual exploitation. These are apparently threats perpetrated by 'criminal masterminds', spreading at a dizzying rate and approaching epidemic proportions - or so the story goes. Amid all the bold rhetoric and sweeping claims, there is very little robust research to help understand these problems and inform evidence-based policy and practice. In this book, readers are invited to delve inside the murky world of human trafficking. It focuses on the internal

(domestic) trafficking of children for sexual exploitation. It is based on far-reaching analysis of six of the earliest and largest such investigations in the United Kingdom (UK), including the infamous Derby and Rochdale cases that sparked nationwide concerns about 'street grooming' and 'Asian sex gangs'. Innovative methods, analytical rigour and truly extraordinary data underpin the research: a nuanced and sometimes unsettling exploration of the offender and victim networks, their characteristics, structure, activity and dynamics and the problems they pose for investigation and prosecution. The results paint a picture of a sprawling and dynamic system of grooming and abuse that is deeply embedded in complex webs of social relations and interactions. This book challenges accepted wisdom, debunks myths and introduces new and fundamentally different ways of thinking about trafficking and its prevention. An accessible and compelling read, this book is for academics, policymakers, practitioners and others interested in serious and organised crime.

Environmental Criminology and Crime

Analysis - Richard Wortley 2013-05-13

Environmental criminology is a generic label that covers a range of overlapping perspectives. At the core, the various strands of environmental criminology are bound by a common focus on the role that the immediate environment plays in the performance of crime, and a conviction that careful analyses of these environmental influences are the key to the effective investigation, control and prevention of crime. Environmental Crime and Crime Analysis brings together for the first time the key contributions to environmental criminology to comprehensively define the field and synthesize the concepts and ideas surrounding environmental criminology. The chapters are written by leading theorists and practitioners in the field. Each chapter will analyze one of the twelve major elements of environmental criminology and crime analysis. This book will be essential reading for both practitioners and undergraduate and postgraduate students taking

courses in this subject.

Homeward - Bruce Western 2018-05-04

In the era of mass incarceration, over 600,000 people are released from federal or state prison each year, with many returning to chaotic living environments rife with violence. In these circumstances, how do former prisoners navigate reentering society? In *Homeward*, sociologist Bruce Western examines the tumultuous first year after release from prison. Drawing from in-depth interviews with over one hundred individuals, he describes the lives of the formerly incarcerated and demonstrates how poverty, racial inequality, and failures of social support trap many in a cycle of vulnerability despite their efforts to rejoin society. Western and his research team conducted comprehensive interviews with men and women released from the Massachusetts state prison system who returned to neighborhoods around Boston. Western finds that for most, leaving prison is associated with acute material hardship. In the first year after prison, most respondents could not afford their own housing and relied on family support and government programs, with half living in deep poverty. Many struggled with chronic pain, mental illnesses, or addiction—the most important predictor of recidivism. Most respondents were also unemployed. Some older white men found union jobs in the construction industry through their social networks, but many others, particularly those who were black or Latino, were unable to obtain full-time work due to few social connections to good jobs, discrimination, and lack of credentials. Violence was common in their lives, and often preceded their incarceration. In contrast to the stereotype of tough criminals preying upon helpless citizens, Western shows that many former prisoners were themselves subject to lifetimes of violence and abuse and encountered more violence after leaving prison, blurring the line between victims and perpetrators. Western concludes that boosting the social integration of former prisoners is key to both ameliorating deep disadvantage and strengthening public safety. He advocates policies that increase assistance to those in their first year after prison, including guaranteed housing and health care, drug treatment, and transitional employment. By foregrounding the stories of

people struggling against the odds to exit the criminal justice system, Homeward shows how overhauling the process of prisoner reentry and rethinking the foundations of justice policy could address the harms of mass incarceration.

Sh*t Towns of Australia - Rick Furphy

2019-11-19

From dusty desert sh*tholes to free-range bogan breeding grounds, to the bin-chicken playgrounds of our megacities, Sh*t Towns of Australia is a guide to the concrete, fibro and methamphetamine wastelands that we like to call home. From Coober Pedy to Canberra, from Ballarat to Broken Hill, from Logan to Launceston, Sh*t Towns takes us through the veritable f*ck-tonne of crappy towns and cities that make up the 'Lucky Country' - profiling all the best places not to visit or, heaven forbid, live. The sixty towns and cities reviewed in this volume have been carefully selected using an exacting set of scientific criteria developed at the prestigious University of Nimbin, combined with extensive field research, a desire to offend, and where possible a sense of humour.

Daughter of Gloriavale - Lilia Tarawa

2017-08-23

In this personal account, Lilia Tarawa exposes the shocking secrets of the cult, with its rigid rules and oppressive control of women. She describes her fear when her family questioned Gloriavale's beliefs and practices. When her parents fled with their children, Lilia was forced to make a desperate choice: to stay or to leave. No matter what she chose, she would lose people she loved. In the outside world, Lilia struggled. Would she be damned to hell for leaving? How would she learn to navigate this strange place called 'the world'? And would she ever find out the truth about the criminal convictions against her grandfather? 'A powerful and revealing book...' Understanding Sexual Offending - Patrick Lussier 2020-10-25

Addressing common myths and misconceptions about sexual offending, this book highlights the current state of scientific knowledge about the

origins and the development of sexual offending. It offers a critical overview of current criminal justice policies and close to 100 years of research on how to best improve these policies through theoretically-grounded and methodologically-rigorous research. Focusing on proactive prevention-oriented strategies, this book revisits popular ideas about sexual offending through an evidence-based lens, addressing ideological and populist discourse that has led to ineffective and reactive policies. It advocates for a clearly defined concept of the phenomenon of sexual offending to underpin research and treatment. Uniquely, authors consider sexual offending from the viewpoint of criminal justice research and practitioners, incorporating the sociohistorical construction of sexual offending as a social problem, developmental life course research, and the impact of social policies. This book is a call for more proactive research on the origins and the development of sexual offending over the life course.

Desistance from Sexual Offending - Danielle Arlanda Harris 2017-11-25

This book describes the complex process of desistance from sexual crime as told by 74 men incarcerated for sexual offenses and released back into the community. Unlike much of the research on this topic, Harris places strong emphasis on how men who have committed serious sexual offenses come to stop offending and end their 'criminal career'. Drawing on in-depth interviews, Harris outlines three main strategies that the men employ in order to pursue offense-free lives. The Retirement Strategy is divided into those who appear to simply 'resign' and those who go on to 'rebuild' their lives. The Regulation Strategy characterizes desistance as a product of one's ability to navigate increasingly restrictive legislation ('restricted,' 'rehearsed,' 'resistant,' and 'reclusive' desistance). The men who describe their desistance in terms of Recovery do so either through 'rehabilitation' or through 'resilience.' This original and engaging study will

be of great interest not only to academics who study sexual aggression but also those who have survived sexual abuse themselves, and anyone working with survivors of sexual abuse,

individuals convicted of sexual offenses, their families, and their communities.
