City of Sisterly and Brotherly Loves - Marc Stein
2000-06

In this pathbreaking history, Marc Stein takes an in-depth

look at Philadelphia from the 1940s to the 1970s. What he finds is a city of vibrant gay and lesbian households, neighborhoods, commercial establishments, public cultures, and political groups. In doing so, Stein shatters the myth that lesbian and gay history began with the 1969 Stonewall riots in New York City and challenges the notion that only New York and San Francisco featured major lesbian and gay communities in the pre-Stonewall era. Stein takes us on a tour through Philadelphia's bars, restaurants, bookstores, bathhouses, movie theaters, parks, and parades where lesbian and gay cultures

Downloaded from
legacy.opendemocracy.net
on 2021-05-29 by guest

thrived. We learn about the scientific experts, religious leaders, public officials, and journalists who attacked and ignored same-sex sexualities. And we read about the courageous people who fought back with strategies of everyday resistance and organized political activism. Stein argues against the idea that a conspiracy of silence surrounded gays and lesbians in the 1940s and 1950s. He shows that same-sex sexualities were regularly discussed in controversies concerning the tennis player Big Bill Tilden, the Walt Whitman Bridge, sex murders and crimes, and police raids. Philadelphians became national leaders in the gay and lesbian movement. They conducted sit-ins at Dewey's restaurant, organized pickets at Independence Hall, edited the movement's most widely circulated publications the *Ladder* and *Drum*, and pursued court cases all the way to the U.S. Supreme Court. Beautifully crafted and exceptionally well-written, Stein's book not only provides

a new starting place for thinking about lesbian and gay history but also challenges readers to rethink twentieth-century urban history.

Sex and the City - Amy Sohn
2008-09-23

From the team who brought you *Sex and the City: Kiss and Tell* comes this must-have companion to the movie millions have been waiting for. This sleek hardcover volume gives reader exclusive entrée into the world of *Sex and the City: The Movie*. In addition to a storybook-style telling of the film, the book includes mouth-watering bonus features not available anywhere else: behind-the-scenes stories from Kim Cattrall, Kristin Davis, Cynthia Nixon, star and producer Sarah Jessica Parker, writer and director Michael Patrick King, as well as producers and other key cast and crew members; a guide to the movie's multi-million-dollar fashion closet, including insight from costume designer Patricia Field; and an insider's tour of the movie's many locations, some of which

have never before appeared on film. All of this behind-the-scenes information is accompanied by more than three hundred stunning, luscious, full-color images. This beautiful keepsake is sure to bring some big-screen glitz and glamour to every reader's bookshelf.

Sex in N. Y. City - Alison Maddex 2006-02

This book celebrates sex and demonstrates--through a dramatic gallery of images--that New York is the sexiest city in the world.

TV Female Foursomes and Their Fans - Wendy A. Burns-Ardolino 2015-11-23

The Golden Girls, Designing Women, Living Single, Sex and the City, Girlfriends, Cashmere Mafia and Hot in Cleveland stand out as some of America's favorite television series. Their lovable "female foursome" characters engage in witty banter as they challenge American stereotypes about sex, love, family, work and community. These sitcoms and comedy-dramas live on as cable TV re-runs and through online

fan communities, demonstrating mass appeal across generations of women and men. Connecting fan commentary with analysis by television scholars, this book explores the development of these series from the 1980s on, with a focus on the role of fan cultures in "reproducing" these popular American shows.

Closet Space - Michael P. Brown 2005-08-29

Is the closet just a metaphor? Closet Space provides a highly original account of the spatial metaphor of "the closet", and is the first geography text to focus on this important issue. Using a variety of research techniques and materials, the book explores the closet through texts including: * the oral histories of gay men in the UK and US * the sexualised landscape of a New Zealand city * the national census of Britain and the US * international travel guides and travelogues and refers to the work of Butler, Lefebvre and Foucault.

Examines the full run of Sex and the City and its production background, place in television history, innovations to the genre, and reception.

Sex and the City Uncovered -

Marian Jordan 2010-05-01

Sex and the City, the popular television series and motion picture franchise, glorifies the lifestyles of four fashionable New York women who hang out in bars and talk bluntly about their broad range of sexual experiences. The awards lavished upon the show would imply it holds some redeeming value. However, despite claims that Sex and the City is ultimately about the longing for a committed relationship, the glamorization of casual sex and always looking fabulous can take a toll on impressionable young women. Just ask Marian Jordan. In Sex and the City Uncovered she admits, "A painful existence of 'looking for love in all the wrong places' is hidden behind images of couture fashion, witty dialogue, and beautiful people. I know this to be true because I've lived it." A former party girl

with her own stories of hookups, hangovers, and heartbreak, Marian now speaks about the unfailing love she has found in Jesus and helps struggling women fill their hearts with this same joy.

Sex in the City - Alison Maddex 2002

This book celebrates sex and demonstrates--through a dramatic gallery of images--that New York is the sexiest city in the world.

Images of Sex Work in Early Twentieth-Century America -

Mollie LeVeque 2019-04-18

Storyville was the infamous red-light district of New Orleans. It was a world where normative social values didn't apply and was shrouded in mystery and myth until the photographs of E.J. Bellocq were rediscovered. Bellocq's depictions of Storyville's sex workers have typically been treated as tragic, ominous and emblematic of New Orleans' singularity. Yet, such interpretations have projected gendered stereotypes of frailty and victimhood onto the women they portrayed. In

*Downloaded from
legacy.opendemocracy.net
on 2021-05-29 by guest*

Images of Sex Work, Mollie LeVeque interrogates these glib readings and argues that sex work was a routine aspect of life in a modern city. She supports this theory by examining a range of cultural forms such as crime fiction, illustrations and paintings from contemporary urban centres like Paris, London and New York. In doing so, she advances the new argument that Bellocq humanised his subjects, de-sensationalised sex work and gave these women the dignity they were all too often denied.

Sex and the City - Nicole Evelina 2022-11-15

"The television show Sex and the City changed how a generation of women relate to themselves, their friends, and their men. Now, through a careful examination of the characters and the issues the show confronted-from sexuality and feminism to friendship and motherhood-this book reveals how the series impacted viewers from the 1990s to today"--

Lesbian Images in International Popular

Culture - Sara E. Cooper
2013-09-13

Lesbian images are everywhere these days--cable television, film, popular magazines, advertising, Internet and the news--creating desire in men and women alike, selling commercial products and services, and stirring up controversy on many levels. But do these images truly represent the diverse identities of women-centered women worldwide? This book addresses the limited access to images of diverse and international lesbian identities and experiences, in order to provide the reader with a more complete understanding of what it means to be lesbian in a global context. It investigates how lesbians portray themselves as well as how they are portrayed by others in several areas of popular culture, including television, film, the arts, Internet, advertising and the news. It features articles on U.S. lesbian cartoonists, Canadian viewer perceptions of lesbians on the cable show Queer as

Folk, panoramic looks at lesbians' representation in Australian and Spanish television programming, and in-depth explorations of films by Spanish director Pedro Almodóvar, leading Indian film producers, and independent Chinese-American filmmakers. This book was published as a special issue of the Journal of Lesbian Studies.

Mega-events and Urban Image Construction - Anne-Marie Broudehoux 2017-02-17

While societies shape the way their cities look and are represented, urban images, in turn, nurture and structure social relations in multiple ways. Nowhere is this dialectical relationship between social processes and urban representations more visible than in the hosting of global spectacles such as the FIFA World Cup and the Olympic Games, which both embody some of society's deepest dreams and desires. The focus of this book is the image of cities. It is not only interested in the mechanisms of urban image construction

but also in the politics of such a phenomenon, especially its social impacts in terms of representation and right to the city. The book investigates the complex power relationships that underscore the production of the urban landscape and the construction and diffusion of urban images, especially in the context of urban mega-events. It uses the notion of urban image construction as a lens through which to examine the mega-event spectacle, with chapters exploring the physical, social and political dimensions of the imagining process as well as emerging resistance to controversial initiatives. Through an analysis of event-related urban construction efforts in Rio de Janeiro and Beijing, this book examines the effects of mega-events upon the construction of an exclusive vision of urbanity. It demonstrates how mega-events are increasingly utilized by local political and economic elites to reconfigure power relations, strengthen their hold upon the urban territory and exclude vulnerable population

Downloaded from
legacy.opendemocracy.net
on 2021-05-29 by guest

groups. The book thus offers a critical analysis of the practice of urban image construction, and will be of interest to those working in geography, urban studies, tourism, sport studies, development studies and politics.

The Queen of America Goes to Washington City - Lauren Gail Berlant 1997

Drawing on literature, the law, and popular media--and "taking her (counter)cue from that celebrated sitcom of American life, 'The Reagan Years'" (Homi K. Bhabha)--Berlant presents a stunning and major statement about the nation and its citizens in an age of mass mediation. Her intriguing narratives and gallery of images will challenge readers to rethink what it means to be an American and seek salvation in its promise. 57 photos.

Art and Sex - Gray Watson
2008-07-30

In this 'no-holds barred' volume Gray Watson surveys the vast array of images of sex and sexuality in contemporary art. He finds sex in some surprising places and draws some

fascinating conclusions. His initial consideration of contemporary art's focus on the body leads to an exploration of the important contributions made by the feminist and queer movements. He uncovers sex in the city, sex in nature, and the intimate relationship between sex and the sacred. Looking into representations of 'taboo' sexualities including sado-masochism, voyeurism and exhibitionism, Watson argues that such images offer clues to an understanding of much more than just sex. The art discussed ranges from the playful to the dark, from the shockingly overt to the poetically allusive, and includes work by artists such as Marina Abramovi, Nobuyoshi Araki, Louise Bourgeois, Gilbert & George, Jeff Koons, and Carolee Schneemann.

Sex? in the City - Museum of Antiquities (University of Saskatchewan) 2009

Sex and the Revitalized City
- Leslie Kern 2011-01-01

When a recent wave of

Downloaded from
legacy.opendemocracy.net
on 2021-05-29 by guest

condominium development overtook Toronto, women emerged as powerful consumers, and reports claimed that home ownership was offering young, single women freedom, financial independence, and personal security. *Sex and the Revitalized City* examines the truth of these claims by exploring the phenomenon from the perspective of women condo owners and planners and developers. This fresh perspective on urban revitalization reveals that condo ownership is not freeing women from constraints - neoliberal ideologies are remaking women's relationship with the city in the image of fast capital and consumer citizenship. Women's emancipation through condominium ownership is a marketing ploy rather than a

major shift in gender relations. *Sex and the City* - Candace Bushnell 2013-04-01
"Relationships in New York are about detachment, so how do you get attached when you decide you want to?" "Honey, you leave town." Meet Carrie, Miranda, Sam and their stylish friends. Successful, attractive, thirty-something career women living the high life in New York; blazing a glorious cocktail trail from the Bowery Bar to the Baby Doll Lounge; holidaying in the Hamptons and going to Aspen by Lear Jet. But they have more in common than just their enviable lifestyle; they're all searching for lasting love. Finding it is easier said than done in a town full of gorgeous, single, rich men, none of whom want to settle down. Toxic bachelors and serial daters are a perennial problem - but maybe Mr. Big will be different?
