Women, Gender, and Language in Morocco - Fatima Sadiqi 2003

This text is an original investigation in the complex relationship between women, gender, and language in a Muslim, multilingual, and multicultural setting. Moroccan women's use of monolingualism (oral literature) and multilingualism (code-switching) reflects their agency and gender-role subversion in a heavily patriarchal society.

**Sexual Encounters** - Lee Wallace 2003

European literary, artistic, and anthropological representation has long viewed the Pacific as the site of heterosexual pleasures. The received wisdom of these accounts is based on the idea of female bodies unrestrained by civilization. In a revisionist history of the Pacific zone and some of its preeminent Western imaginers, Lee Wallace suggests that the fantasy of the male body, rather than of the free-loving female, provides the underlying libidinal structure for many of the classic "encounter" narratives from Cook to Melville. The subject of *Sexual Encounters* is sexual fantasy, particularly male homoerotic fantasy found in the literature and art of South Sea exploration, colonization, and settlement. Working at the boundaries of a number of disciplines such as queer theory, anthropology, postcolonial studies, and history, Wallace engages in subversive readings of eighteenth- and nineteenth-century Pacific voyage journals (Cook in Hawaii and a Russian expedition to the Marquesas), an argument concerning Gauguin's treatment of female figures, and a discussion of homosexuality and Samoan male-to-female transgenderism. These phenomena, Wallace asserts, demonstrate the continuity and dissonance between Western and Pacific sexual categories. She reconstructs Pacific history through the inevitable entanglement of metropolitan and indigenous sexual regimes and ultimately argues for the importance of the Pacific in defining modern

sexual categories.

**Sexual Antipodes** - Pamela Cheek 2003-02-28

*Sexual Antipodes* is about how Enlightenment print culture built modern national and racial identity out of images of sexual order and disorder in public life. It examines British and French popular journalism, utopian fiction and travel accounts about South Sea encounter, pamphlet literature, and pornography, as well as more traditional literary sources on the eighteenth century, such as the novel and philosophical essays and tales. The title refers to a premise in utopian and exoticist fiction about the southern portion of the globe: sexual order defines the character of the state. The book begins by examining how the idea of sexual order operated as the principle for explaining national differences in eighteenth-century contestation between Britain and France. It then traces how, following British and French encounters with Tahiti, the comparison of different national sexual orders formed the basis for two theories of race: race as essential character and race as degeneration.

**The Routledge Companion to Gender, Sexuality and Culture** -

Emma Rees 2022-09-02

*The Routledge Companion to Gender, Sexuality, and Culture* is an intersectional, diverse, and comprehensive collection essential for students and researchers examining the intersection of sexuality and culture. The book seeks to reflect established theories while anticipating future developments within gender, sexuality, and cultural studies. A range of international contributors, including leaders in their field, provide insights into dominant and marginalised subjects. Comprising over 30 chapters, the volume is comprised into five thematic parts: Identifying, Embodying, Making, Doing, and Resisting. Topics explored include homonormativity, poetry, video games, menstruation, fatness,

disability, sex toys, sex work, BDSM, dating apps, body modifications, and politics and activism. This is an important and unique collection aimed at scholars, researchers, activists, and practitioners across cultural studies, gender studies and sociology.

[The Meaning of Sexual Identity in the Twenty-First Century](#) - Judith S. Kaufman 2014-06-12

Something happened in the 1990s; a group of people who were perceived as radical and unmentionable were transformed into a group of people who deserved human rights, and, if you looked close enough, were normal, just like everybody else (John DOCOEmilio (2002). Had a post-gay era (Ghaziani, 2011) begun? And if so, how might this impact on the meaning of sexual identity and a political movement steeped in identity politics? Have the LGBT youth of today been duped into conformity because..."

*Sex and Gender* - Alice Sullivan 2023-08-25

*Sex and Gender: A Contemporary Reader* is a much-needed exploration of the relationship between sex, gender and gender identity. Its multidisciplinary approach provides fascinating perspectives from the sciences, social sciences and humanities, as well as biology, neuroscience, medicine, law, sociology and English literature. The 15 chapters are original contributions, authored by scholars who are leaders in their respective fields. This thought-provoking collection offers significant methodological, theoretical and empirical insights into one of the most fraught debates in contemporary politics and academia. It provides a broad-ranging introduction to the issues central to questions about how and why sex matters from a range of disciplinary perspectives, drawing out the social, political and legal implications. Questions addressed include: Is sex binary? What is a woman? Why do we need data on sex? Also discussed are topics widely debated today such as sports, feminism, sex and inequality, sex-based rights, puberty suppression, criminal justice and gender dysphoria. *Sex and Gender: A Contemporary Reader* is a timely introduction to contemporary debates on sex and gender. It is an accessible text for both general readers and for students of gender issues across a wide range of disciplines including

sociology, education, history, philosophy and gender studies.

**Tattoos, Desire and Violence** - Karin Beeler 2015-01-27

Whether they graphically depict an individual's or a community's beliefs, express the defiance of authority, or brand marginalized groups, tattoos are a means of interpersonal communication that dates back thousands of years. Evidence of the tattoo's place in today's popular culture is all around—in advertisements, on the stereotypical outlaw character in films and television, in supermarket machines that dispense children's wash-away tattoos, and even in the production of a tattooed Barbie doll. This book explores the tattoo's role, primarily as an emblem of resistance and marginality, in recent literature, film, and television. The association of tattoos with victims of the Holocaust, slaves, and colonized peoples; with gangs, inmates, and other marginalized groups; and the connection of the tattoo narrative to desire and violence are discussed at length.

**Communicating Gender Diversity** - Victoria Leto DeFrancisco 2007-06-21

Intends to better equip readers with tools with which they can examine, and make sense of, the intersections of communication and gender. This text covers the variety of ways in which communication of and about gender and sex enables and constrains people's intersectional identities.

**Medical Aspects of Human Sexuality** - 1970

**Intercourse** - Andrea Dworkin 2008-08-01

Andrea Dworkin, once called "Feminism's Malcolm X," has been worshipped, reviled, criticized, and analyzed-but never ignored. The power of her writing, the passion of her ideals, and the ferocity of her intellect have spurred the arguments and activism of two generations of feminists. Now the book that she's best known for-in which she provoked the argument that ultimately split apart the feminist movement-is being reissued for the young women and men of the twenty-first century. *Intercourse* enraged as many readers as it inspired when it was first published in 1987. In it, Dworkin argues that in a male supremacist society, sex between men and women constitutes a central part of women's subordination to men. (This argument was quickly-and falsely-

simplified to "all sex is rape" in the public arena, adding fire to Dworkin's already radical persona.) In her introduction to this twentieth-anniversary edition of *Intercourse*, Ariel Levy, the author of *Female Chauvinist Pigs*, discusses the circumstances of Dworkin's untimely death in the spring of 2005, and the enormous impact of her life and work. Dworkin's argument, she points out, is the stickiest question of feminism: Can a woman fight the power when he shares her bed?

*Tattoo, Torture, Mutilation, and Adornment* - Frances E. Mascia-Lees  
Analyzes the power of culture to encode its messages on the human form.  
*Intercourse (Volume 1 of 2) (EasyRead Super Large 18pt Edition)* - Andrea Dworkin 1987

*Athletes, Sexual Assault, and Trials by Media* - Deb Waterhouse-Watson 2013

Since footballer sexual assault became top news in 2004, six years after the first case was reported, much has been written in the news media about individual cases, footballers and women who have sex with them. Deb Waterhouse-Watson reveals how media representations of recent sexual assault cases involving Australian footballers amount to "trials by media", trials that result in acquittal. The stories told about footballers and women in the news media evoke stereotypes such as the "gold digger", "woman scorned" and the "predatory woman", which cast doubt on the alleged victims' claims and suggest that they are lying. Waterhouse-Watson calls this a "narrative immunity" for footballers against allegations of sexual assault. This book details how popular conceptions of masculinity and femininity inform the way footballers' bodies, team bonding, women, sex and alcohol are portrayed in the media, and connects stories relating to the cases with sports reporting generally. Uncovering similar patterns of narrative, grammar and discourse across these distinct yet related fields, Waterhouse-Watson shows how these discourses are naturalised, with reports on the cases intertwining with broader discourses of football reporting to provide immunity. Despite the prevalence of stories that discredit the alleged

victims, Waterhouse-Watson also examines attempts to counter these pervasive rape myths, articulating successful strategies and elucidating the limitations built into journalistic practices, and language itself.

**Gender Circuits** - Eve Shapiro 2010-02-25

*Gender Circuits* explores the impact of new technologies on the gendered lives of individuals through substantive sociological analysis and in-depth case studies. Examining the complex intersections between gender ideologies, social scripts, information and biomedical technologies, and embodied identities, this book explores whether and how new technologies are reshaping what it means to be a gendered person in contemporary society.

*Intercourse (EasyRead Edition)* - Andrea Dworkin 2007

*Bad Boys and Tough Tattoos* - Samuel M. Steward, PhD 2013-04-15  
Explore the dark subculture of 1950s tattoos! In the early 1950s, when tattoos were the indelible mark of a lowlife, an erudite professor of English--a friend of Gertrude Stein, Thomas Mann, Andre Gide, and Thornton Wilder--abandoned his job to become a tattoo artist (and incidentally a researcher for Alfred Kinsey). *Bad Boys and Tough Tattoos* tells the story of his years working in a squalid arcade on Chicago's tough State Street. During that time he left his mark on a hundred thousand people, from youthful sailors who flaunted their tattoos as a rite of manhood to executives who had to hide their passion for well-ornamented flesh. *Bad Boys and Tough Tattoos* is anything but politically correct. The gritty, film-noir details of Skid Row life are rendered with unflinching honesty and furtive tenderness. His lascivious relish for the young sailors swaggering or staggering in for a new tattoo does not blind him to the sordidness of the world they inhabited. From studly nineteen-year-olds who traded blow jobs for tattoos to hard-bitten dykes who scared the sailors out of the shop, the clientele was seedy at best: sailors, con men, drunks, hustlers, and Hells Angels. These days, when tattoo art is sported by millionaires and the middle class as well as by gang members and punk rockers, the sheer squalor of *Bad Boys and Tough Tattoos* is a revelation. However much tattoo culture has changed, the

advice and information is still sound: how to select a good tattoo artist what to expect during a tattooing session how to ensure the artist uses sterile needles and other safety precautions how to care for a new tattoo why people get tattoos--25 sexual motivations for body art More than a history of the art or a roster of famous--and infamous--tattoo customers and artists, *Bad Boys and Tough Tattoos* is a raunchy, provocative look at a forgotten subculture.

[Intercourse \(EasyRead Comfort Edition\)](#) - Andrea Dworkin 2008

[This book] argues that in a male supremacist society, sex between men and women constitutes a central part of women's subordination to men.- Back cover.

[The Anthropology of Sex](#) - Hastings Donnan 2010-08-01

Sex scholarship has a long history in anthropology, from the studies of voyeuristic Victorian gentlemen ethnographers, to more recent analyses of gay sex, transsexualism, and the newly visible forms of contemporary sexuality in the West. *The Anthropology of Sex* draws on the comparative field research of anthropologists to examine the relationship between sex as identity, practice and experience. Sexual cultures vary enormously and, while often the topic of tabloid titillation, they are more rarely subjected to strict cultural analysis. *The Anthropology of Sex* is the first work to critically synthesise over a century of comparative expertise, knowledge and understanding of diverse sexual forms. - Explores sexuality from diversity to perversity and asks how diverse sexual practices are linked. - Probes the cultural and comparative context of contemporary sexual practice and belief. - Examines the shaping of sex by global and globalizing forces. *The Anthropology of Sex* will be key reading for undergraduate and postgraduate courses in anthropology and related disciplines.

**Tattoos - Philosophy for Everyone** - Robert Arp 2012-03-20

Covering philosophical issues ranging from tattooed religious symbols to a feminist aesthetics of tattoo, *Tattoos and Philosophy* offers an enthusiastic analysis of inking that will lead readers to consider the nature of the tattooing arts in a new and profound way. Contains chapters written by philosophers (most all with tattoos themselves),

tattoo artists, and tattoo enthusiasts that touch upon many areas in Western and Eastern philosophy Enlightens people to the nature of tattoos and the tattooing arts, leading readers to think deeply about tattoos in new ways Offers thoughtful and humorous insights that make philosophical ideas accessible to the non-philosopher

**Writing as Punishment in Schools, Courts, and Everyday Life** -

Spencer Schaffner 2019-06-11

A probing and prescient consideration of writing as an instrument of punishment Writing tends to be characterized as a positive aspect of literacy that helps us to express our thoughts, to foster interpersonal communication, and to archive ideas. However, there is a vast array of evidence that emphasizes the counterbelief that writing has the power to punish, shame, humiliate, control, dehumanize, fetishize, and transform those who are subjected to it. In *Writing as Punishment in Schools, Courts, and Everyday Life*, Spencer Schaffner looks at many instances of writing as punishment, including forced tattooing, drunk shaming, court-ordered letters of apology, and social media shaming, with the aim of bringing understanding and recognition to the coupling of literacy and subjection. *Writing as Punishment in Schools, Courts, and Everyday Life* is a fascinating inquiry into how sinister writing can truly be and directly questions the educational ideal that powerful writing is invariably a public good. While Schaffner does look at the darker side of writing, he neither vilifies nor supports the practice of writing as punishment. Rather, he investigates the question with humanistic inquiry and focuses on what can be learned from understanding the many strange ways that writing as punishment is used to accomplish fundamental objectives in everyday life. Through five succinct case studies, we meet teachers, judges, parents, sex traffickers, and drunken partiers who have turned to writing because of its presumed power over writers and readers. Schaffner provides careful analysis of familiar punishments, such as schoolchildren copying lines, and more bizarre public rituals that result in ink-covered bodies and individuals forced to hold signs in public. Schaffner argues that writing-based punishment should not be dismissed as benign or condemned as a misguided perversion of writing, but

instead should be understood as an instrument capable of furthering both the aims of justice and degradation.
