*Gay Men and Anal Eroticism* Steven G. Underwood 2012-11-12

Gay men reveal their preference—and the reasons behind it! *Gay Men and Anal Eroticism: Tops, Bottoms, and Versatiles* is a no-holds-barred examination of one of society's most persistent taboos. In a remarkably candid collection of frank and forthright interviews, 21 gay men talk about the role anal sex plays in their lives and relationships and their choices to act as insertive (“top”) or receptive (“bottom”) partners—or both (“versatile”). Ranging in age from 21 to 65, the men discuss the reasons behind (and consequences of) their choices; how they define their sexual roles (and how those roles are defined by gay society); issues of power, trust, and vulnerability; and the concept (in both straight and gay society) that tops and bottoms are socially and morally unequal. These unique interviews, conducted by the author in the Boston and Provincetown areas, celebrate choice in gay men's sexuality while debating whether preference is genetically based or socially formed—a debate largely ignored in social science studies. The men interviewed—including gay porn icon Cole Tucker—discuss perceptions muddied by stereotypes, preconceived notions, and exaggerated scenarios, and the meanings gay men assign to anal sex, including dominance and submission roles related to masculine/feminine, aggressive/passive implications. The interviews also cover each subject's personal history as a gay man, safe sex in the AIDS era, childhood traumas, first-time sexual encounters, loves, desires, and obsessions. The interviews for *Gay Men and Anal Eroticism* provide insights that are equal parts thoughtful and outrageous, humorous and heartbreaking: Aaron, age 24: “I sort of fell into this image of myself as being a very aggressive bottom, a guy who knew what he wanted and who didn't want any wimps applying.” Danny, 21: “There’s a mindset about being a top ... it's kinda like maintaining the ship.” Sam, 36:

"I hate to say it, but I'm a bottom ... I don't like to be identified like that because I feel it turns me into something all the way from my feet up to my head." Eddie, 42: "I guess I enjoy more being a top than a bottom because I haven't found a good top." and Cole Tucker: "A physical act doesn't really make you a top or a bottom. It's a function, an organic function of what you do. It's the dynamics of where you come from." The revealing disclosures of *Gay Men and Anal Eroticism* show equality in man-to-man sex to be as varied as the number of individuals who pursue it. Addressing traditional misunderstandings and misconceptions of gay men as either "limp-wrested fairies" or masculine "trade," the book uncovers that there is much more to this complex issue than personal preference.

He gives advice on how to get into, out of and off on a relationship, explains what straight boys should do with women's genitals and why straight girls dig gay boys. From the queer who knows best, the book sets out to tell it like it is. Don't like my advice? Don't ask for it. Don't like my column? Don't read it. Got

For seventeen years she's wanted to yell at the world, 'Stop! I want to get off'. Finally, this is her chance. Perhaps she will be able to think. Alexander the dreadlocked white-van man arrives to help Eva dispose of all her clothes and possessions and bring her tea and toast. Legions of fans are writing to her or gathering in the street to catch a glimpse of this 'angel'. Her mother Ruby is unsympathetic: 'She'd soon get out of bed if her arse was on fire.' begins to understand freedom. *The Woman Who Went to Bed for a Year* is a funny and touching novel about what happens when someone stops being the person everyone wants them to be. *Mediated Intimacy* Meg-John Barker 2018-02-27 Mediated Intimacy looks at contemporary sex and relationship advice, exploring how our intimate lives are shaped through different media, from manuals and magazines to television and Twitter. By exploring how intimacy is constructed through different media texts, the authors consider which ideas and practices these changing forms of 'sexpertise' open up, and which they close down. The book reveals the intimate operation of power in mediated advice, how words and images, stories and sound can work to shore up social injustice. It critically engages with the ideas of choice and responsibility in sex self-help, arguing that these can obscure and/or justify oppression, even if they're sometimes experienced as empowering and/or pleasurable. This bold and incisive book provides a radical challenge to the assumptions underlying the sex advice industry, and presents a critical, collaborative and consensual vision for sex advice of the future.
