**The Writing Experience 2001** Hyacinthe Baron 2001-05 This anthology is the result of the vision of The Palm Springs Writers Guild 2001 and President, Hyacinthe Baron, to publish members works in a collection based on a democratic, non-judgmental reflection of the diverse talents, imagination and words of those writers as an important step in encouraging both beginning and professional published authors to see their works in print. The written word is a powerful tool, enabling writers to leave a message for the future. Our ancestors made their mark on the walls of caves as a statement: "We were here, we exist, we think." If they had the written word we would know just what they thought. While the sounds of many voices echo through the granite escarpments of the Santa Rosa Mountains, as Tahquitz Peak and San Jacinto look down benignly on the small figures below who draw inspiration, peace and comfort from this beautiful valley, long the playground of celebrities from Hollywood's halcyon days, the Coachella Valley and its unique individuals continue to nurture all who come to bathe in the brilliant sun and magnificent visions. This is inspiration. The short stories, novel excerpts, essays and memoirs and poetry ring of THE WRITING EXPERIENCE 2001.

**Roots Too** Matthew Frye Jacobson 2006-02-17 In the 1950s, America was seen as a vast melting pot in which white ethnic affiliations were on the wane and a common American identity was the norm. Yet by the 1970s, these white ethnics mobilized around a new version of the epic tale of plucky immigrants making their way in the New World through the sweat of their brow. Although this turn to ethnicity was for many an individual

search for familial and psychological identity, *Roots Too* establishes a broader white social and political consensus arising in response to the political language of the Civil Rights and Black Power movements. In the wake of the Civil Rights movement, whites sought renewed status in the romance of Old World travails and New World fortunes. Ellis Island replaced Plymouth Rock as the touchstone of American nationalism. The entire culture embraced the myth of the indomitable white ethnics—who they were and where they had come from—in literature, film, theater, art, music, and scholarship. The language and symbols of hardworking, self-reliant, and ultimately triumphant European immigrants have exerted tremendous force on political movements and public policy debates from affirmative action to contemporary immigration. In order to understand how white primacy in American life survived the withering heat of the Civil Rights movement and multiculturalism, Matthew Frye Jacobson argues for a full exploration of the meaning of the white ethnic revival and the uneasy relationship between inclusion and exclusion that it has engendered in our conceptions of national belonging.

*Writing for the Fashion Business* Kristen K. Swanson 2008-03-10  
*Writing for the Fashion Business* is an exciting and engaging textbook that presents effective writing techniques geared specifically for the fashion industry. This text fills the gap between general writing classes and upper-level fashion courses that address writing for specific sectors of the fashion business, such as merchandising or promotion. Real-world examples, case studies, and industry profiles provide models of the challenges of writing for the fashion industry and discuss issues of form and content. Students have ample opportunity to practice writing and critical thinking skills as they complete the portfolio exercises within each chapter and respond to the questions at the end of each case study. Chapter summaries and lists of key terms help them retain chapter content.

The American Popular Novel After World War II David Willbern 2013-03-29 Through the perspectives of selected best-selling novels from the end of World War II to the end of the 20th century—including *The Catcher in the Rye*, *To Kill a Mockingbird*, *The Godfather*, *Jaws*, *Beloved*, *The Silence of the Lambs*, and *Jurassic Park*—this book examines the crucial issues the U.S. was experiencing during those decades. These novels represent the voices of popular conversations, as Americans considered issues of family, class, racism and sexism, feminism, economic ambition, sexual violence, war, law, religion and science. Through the windows of fiction, the book surveys the Cold War and anti-communism, the prefeminist era of the 1950s and the sexual revolution of the 1970s, forms of corporate power in the 1960s and 1980s, the traumatic legacies of slavery and Vietnam, the American fascination with lawyers, cops and criminals, alternate styles of romance in the era of late capitalism, our abiding distrust of science, and our steadfast wonder about the Great Mysteries.

*The American Soul Rush* Marion Goldman 2012 Yoga. Humanistic Psychology. Meditation. Holistic Healing. These practices are commonplace today. Yet before the early 1960s they were atypical options for most people outside of the upper class or small groups of educated spiritual seekers. Esalen Institute, a retreat for spiritual and personal growth in Big Sur, California, played a pioneering role in popularizing quests for self-transformation and personalized spirituality. This “soul rush” spread quickly throughout the United States as the Institute made ordinary people aware of hundreds of ways to select, combine, and revise their beliefs about the sacred and to explore diverse mystical experiences. Millions of Americans now identify themselves as spiritual, not religious, because Esalen paved the way for them to explore spirituality without affiliating with established denominations *The American Soul Rush* explores the concept of spiritual privilege and Esalen’s foundational influence

on the growth and spread of diverse spiritual practices that affirm individuals' self-worth and possibilities for positive personal change. The book also describes the people, narratives, and relationships at the Institute that produced persistent, almost accidental inequalities in order to illuminate the ways that gender is central to religion and spirituality in most contexts.

Some Kind of Hero Matthew Field 2015-10-12 For over 50 years, Albert R. Broccoli's Eon Productions has navigated the ups and downs of the volatile British film industry, enduring both critical wrath and acclaim in equal measure for its now legendary James Bond series. Latterly, this family run business has been crowned with box office gold and recognised by motion picture academies around the world. However, it has not always been plain sailing. Changing financial regimes forced 007 to relocate to France and Mexico; changing fashions and politics led to box office disappointments; and changing studio regimes and business disputes all but killed the franchise. And the rise of competing action heroes has constantly questioned Bond's place in popular culture. But against all odds the filmmakers continue to wring new life from the series, and 2012's Skyfall saw both huge critical and commercial success, crowning 007 as the undisputed king of the action genre. Some Kind of Hero recounts this remarkable story, from its origins in the early '60s right through to the present day, and draws on hundreds of unpublished interviews with the cast and crew of this iconic series.

When Harry Met Cubby Robert Sellers 2019-09-23 'Enthralling . . . an essential read, particularly for fans of 007.' - Cinema Retro 'When Harry Met Cubby is a fitting tribute to two extraordinary men. If you love behind the scenes stories about the making of movies, there's plenty of drama to sate you here.' - Entertainment Focus Albert R. 'Cubby' Broccoli and Harry Saltzman remain the most successful producing partnership in movie history. Together they were responsible for the phenomenally successful James

Bond series; separately they brought kitchen-sink drama to the screen, made a star out of Michael Caine in the Harry Palmer films and were responsible for the children's classic Chitty Chitty Bang Bang. But their relationship was fraught almost from the very beginning. With such contrasting personalities, their interactions often span out of control. They managed to drive away their coveted star, Sean Connery, and ultimately each other. Loved and hated in equal measure, respected and feared by their contemporaries, few people have loomed as large over the film industry as Broccoli and Saltzman, yet their lives went in very different directions. Broccoli was feted as Hollywood royalty, whereas Saltzman ended up a forgotten recluse. When Harry Met Cubby charts the changing fortunes and clashing personalities of two titans of the big screen.

*Spring Collection* Judith Krantz 1996 Everyone in the world of fashion has been waiting for months, impatient to learn the names of the three American unknowns who will be picked to go to Paris to star in the debut spring collection of brilliant, bad-boy designer Marco Lombardi. No one is more anxious than Frankie Severino, twenty-seven years old and second-in-command at the modeling agency owned by her best friend, former model Justine Loring. The lucky models will be given an unprecedented chance at fame and fortune--one of them will win a \$12 million contract to represent Lombardi's couture house. The agency that represents them will immediately become the hottest in town. When the three names are announced, Frankie is stunned--all are under contract to Justine Loring. This outrageous and inexplicable stroke of good luck forces Justine to admit to Frankie

that it's no accident. Jacques Necker--the Swiss billionaire launching Lombardi--is her father, the man who deserted her mother before she was born. Justine has consistently refused to meet him, and the Lombardi contest has been his attempt to lure her to Paris. But Justine won't play his game. She sends Frankie in her place as chaperone for the three young women. Ambitious April Nyquist, with her deceptive ice-princess facade, is a classic blonde from Minnesota. Sophisticated, much-traveled Jordan Dancer is a magnificent African-American, the daughter of a regular army colonel. Tinker Osborn is a vulnerable, timid Cinderella from Tennessee. Frankie and her charges spend two intrigue-filled weeks in Paris as the adventure-bound girls get ready to face the challenge of a runway show where they will be surrounded by the top models in the world. Under the magical spell of Paris in winter, all of them, including Frankie, become restless, rebellious and wildly romantic. In New York, meanwhile, Justine undergoes a surprising, passionate personal transformation that finally leads her to confront her father.
