Weirdest Facts of All Time Kaleb Carter 2017-11-06 This is not just another book about facts. I spent 7 months reading hundreds of fact books and scouring the internet to find the weirdest, funniest, strangest, oddest, and most interesting facts of all time. I read 100's of fact books and after reading each one of them I was left disappointed with the quality of the facts in the book. At best, I would find 1-2% of the facts interesting. So, I thought I would write a book that will concentrate on quality rather than quantity. This is how this book "The Weirdest Facts Of All Time" was born. Every fact in this book has been chosen from thousands and thousands of facts. Every fact in this book will make you Wow or LOL. In this book you will find weird facts like: "There's an annual lying competition in England, and competitors from around the world have five minutes to tell the biggest and most convincing lie they can. Politicians and lawyers are banned from entering because they're thought to be too good at it." "During the Cold War, USA considered airdropping enormous condoms labeled "Medium" into USSR, to demoralize them against an anatomically superior American Army." "NASA had to re-label the p*nis sleeve for urinating in space suits from "small, medium, and large" to "large, gigantic, and humungous" because astronauts would only choose the large and they kept slipping off." "Infinite Monkey Theorem states that monkeys with typewriters and infinite amount of time could produce the entire works of Shakespeare. This theorem was tried out in real life, but only for a month. The six monkeys wrote five pages of S, slammed the keyboard with a stone and took a sh*t on it." "Funny facts like: "In Kazakhstan, the children's TV show the Teletubbies was banned by personal order of the president on the grounds that Tinky Winky "was a sexual pervert." "In 2013, A pig in Australia stole 18 beers from a campsite, got drunk, and then tried to fight a cow." "In 2012, a court in Italy ruled that telling a man he has "no balls" is a crime, punishable with a fine." "Interesting Facts like: "When monkeys are taught how to use money, they start to rob other monkeys and use the money to pay for sex." "Men process the voices of other males with the same part of the brain that processes simple sounds like car engines and machinery, but they handle female voices with the part of the brain that processes music." "There is a bill known as the "Cheeseburger Bill" which makes it illegal for people to sue food companies for making them obese." "Small animals such as flies and hummingbirds experience time in slow motion, which is why they can avoid your newspaper swats." "Strange facts, odd facts and unbelievable facts like: "A man, after surviving 33 days lost at sea, finally came ashore by chance on the Marshall Islands only to discover that his uncle, believed lost at sea 50 years ago, had washed ashore on the same island and started a family there." "Albert Einstein had a silk bathrobe that he would "accidentally" let open in front of certain women. He would then make a move based on their reaction." "Since 2011, there have been at least 4 incidents of people cooking meth inside of a Walmart." "A Chinese general with 100 troops had to defend a town against 150,000. He told his men to hide, flung open the gates and sat on the walls playing a lute. The opposing general, certain it was a trap, ordered a retreat." "Hours before being assassinated on April 4, 1968, Martin Luther King Jr. took part in a motel pillow fight." "All facts have been verified and include a link to the source of the fact. You can read the full story behind the fact by clicking on the Source link. I hope you enjoy reading this book as much as I enjoyed compiling it.

Great Moments in Sex Cheryl Rilly 1999-08-10 Over 1,000 Eye-Opening Entries about the People, Gadgets, Literature, Songs, Movies, Advertisements, and Other Fascinating Facts, Follies, and Foibles in Sexual History Get ready to enjoy a lively, funny, sometimes shocking, and always fascinating treatment of a subject you were just thinking about anyway! Great Moments in Sex is an entertaining romp through the history of sex--from ancient times to the era of Viagra and Monica Lewinsky -- complete with the gadgets, people, literature, songs, advertisements, movies, and events associated with all things sexual. At any given moment, any given person is more likely to be thinking about sex than about anything else. It makes us who we are and it determines what we do. It's the bane, the pain, the pleasure of our existence. If history has proved anything, it's that there's just no rational way to deal with sex--and this book is a fun and fascinating review of the absurd, amazing, bewildering, frightening, and altogether irrational ways we have dealt with it throughout time. Great Moments in Sex chronicles the whole libidinous, lascivious, and just plain loony story: the tools we've used, the laws we've made, the so-called expert advice from Aristotle to The Joy of Sex, the attempts to repress sex, and the infinitely varied ways it has popped up anyway.

The 69 Mistakes I've Made in Sex and Love Michele Galluf 2023-10-10 This book is about a woman's journey towards self-forgiveness and self-awareness, speaking directly to readers who may also be on a quest for personal growth. The author delves into the ups and downs of her dating scene in a new country. It is not always easy for a Latina immigrant to adjust to a new culture. But it is fun and enlightening. Einstein famously said: "Insanity is doing the same thing over and over again and expecting different results." And yet, we ladies keep doing just that. We keep giving guys the benefit of the doubt when we shouldn't and, not giving them the benefit of the doubt when we should. We keep chasing off the ones we like and attracting the ones we don't. This book is about breaking that pattern once and for all. This is a hard thing to do, but it can be done. And why not have some laughs and a good time while at it? A candid exploration of the writer's past failures in sex and love, the book is a unique blend of intensely personal anecdotes as well as cold hard facts, fun and helpful exercises, and advice on dating, sex and relationships from the dozens of self-help dating books Ms. Galluf has voraciously devoured. With so many books on dating and sex from so-called "experts," the result can leave readers more confused than when they went in. The world of dating and dating books is muddling, to say the least. Cherry-picking the wisdom of these books, Galluf takes the reader on a funny and helpful guide through the 69 mistakes she had made in sex and love in America. From her nude photos being posted over the internet to faking a pregnancy, Michele Galluf is unafraid to revisit even her most outrageous mistakes. Why buy all the dating books when you can get the best advice from them all in this hysterical and heartwarming guide?

Of this very special book, the author says: "I'm in love with sexology and I'm in love with writing-and I expect these to remain lasting passions. During the period when I was writing this book, I was at my most smitten and high-spirited. No one told me what to write about, so writing it was pure pleasure. I could address any topic at all, as long as it had something to do with sexuality or gender. Some chapters emerged from my clinical interests, others from sexological "field trips," current events, escapades, personal crusades, or the desire to seduce, dazzle, startle, or inform. I liked switching from serious topics to humor, from eccentricity to advocacy. I enjoyed being unpredictable. I can't really explain it, but writing these chapters made me feel both gleeful and desirable. I never had a problem coming up with new ideas, never felt the dread of an empty page."
