Bringing Up Your Baby - Komal Porecha
2014-06-13

Once you've delivered your baby, you know that the fun has just started. From your parents, to friends and neighbours, everyone has advice to give you about how to care for your baby. And as well meaning and confusing as they may be, how do you know what's right for you and your angel? After all, you want to give your precious newborn the best, don't you? Mother of twins and a gorgeous boxer, Komal Porecha tells you everything you need to know about that

challenging, trying, and fulfilling first year of baby care in an inimitable tone that will leave you going back to her pages for her wealth of information and her dab of warmth. From bringing your baby home, to breast feeding, diaper changing, to doctor-patient routines, to regulating your child's sleep patterns, Bringing Up Your Baby is every Indian woman's blessing and best friend.

Film and Everyday Eco-Disasters - Robin L. Murray
2014-06-01

Eco-disasters such as coal-mining accidents, oil spills, and food-borne diseases appear regularly in the news, making them seem nearly commonplace. These ecological crises highlight the continual tensions between human needs

and the environmental impact these needs produce. Contemporary documentaries and feature films explore environmental-human conflicts by depicting the consequences of our overconsumption and dependence on nonrenewable energy. Film and Everyday Eco-disasters examines changing perspectives toward everyday eco-disasters as reflected in the work of filmmakers from the silent era forward, with an emphasis on recent films such as Dead Ahead, an HBO dramatization of the Exxon Valdez disaster; Total Recall, a science fiction action film highlighting oxygen as a commodity; The Devil Wears Prada, a comment on the fashion industry; and Food, Inc., a documentary interrogation of the food industry. The authors evaluate not only the success of these films as rhetorical arguments but also their rhetorical strategies. This interdisciplinary approach to film studies fuses cultural, economic, and literary critiques in articulating an approach to ecology that points to sustainable development

as an alternative to resource exploitations and their associated everyday eco-disasters.

Gender, Cinema, Streaming Platforms - Runa Chakraborty Paunksnis 2023-03-24

This book offers interdisciplinary examination of gender representations in cinema and SVOD (Subscription Video on Demand) platforms in India. This book will identify how the so-called feminist enunciations in twenty-first century film and SVOD content in India are marked by an ambiguous entanglement of feminist and postfeminist rhetoric. Set against the backdrop of two significant contemporary phenomena, namely neoliberalism and the digital revolution, this book considers how neoliberalism, aided by

technological advancement, re-configured the process of media consumption in contemporary India and how representation of gender is fraught with multiple contesting trajectories. The book looks at two types of media—cinema and SVOD platforms, and explores the reasons for this transformation that has been emerging in India over the past two decades. Keeping in mind the complex paradoxes that such concomitant process of the contraries can invoke, the book invites myriad responses from the authors who view the shifting gender representations in postmillennial Hindi cinema and SVOD platforms from their specific ideological standpoints. The book includes a wide array of genres, from commercial Hindi films to SVOD content and documentary films, and aims to record the transformation facilitated by economic as well as technological revolutions in contemporary India across various media formats.

This Will Only Hurt a Little - Busy Philipps

2019-10-22

A hilarious, heartfelt, and refreshingly honest memoir and New York Times bestseller by the beloved comedic actress known for her roles on *Freaks and Geeks*, *Dawson's Creek*, and *Cougar Town* who has become "the breakout star of Instagram stories...Imagine *I Love Lucy* mixed with a modern lifestyle guru" (*The New Yorker*). There's no stopping Busy Philipps. From the time she was two and "aced out in her nudes" to explore the neighborhood (as her mom famously described her toddler jailbreak), Busy has always been headstrong, defiant, and determined not to miss out on all the fun. These qualities led her to leave Scottsdale, Arizona, at the age of nineteen to pursue her passion for acting in Hollywood. But much like her painful and painfully funny teenage years, chasing her dreams wasn't always easy and sometimes hurt more than a little. In a memoir "that often reads like a Real World confessional or an open diary" (*Kirkus Reviews*), Busy opens up about chafing

against a sexist system rife with on-set bullying and body shaming, being there when friends face shattering loss, enduring devastating personal and professional betrayals from those she loved best, and struggling with postpartum anxiety and the challenges of motherhood. But Busy also brings to the page her sly sense of humor and the unshakeable sense that disappointment shouldn't stand in her way—even when she's knocked down both figuratively and literally (from a knee injury at her seventh-grade dance to a violent encounter on the set of *Freaks and Geeks*). The rough patches in her life are tempered by times of hilarity and joy: leveraging a flawless impression of Cher from *Clueless* into her first paid acting gig, helping reinvent a genre with cult classic *Freaks and Geeks*, becoming fast friends with Dawson's Creek castmate Michelle Williams, staging her own surprise wedding, conquering natural childbirth with the help of a Mad Men-themed hallucination, and of course, how

her Instagram stories became “the most addictive thing on the internet right now” (*Cosmopolitan*). Busy is the rare entertainer whose impressive arsenal of talents as an actress is equally matched by her storytelling ability, sense of humor, and sharp observations about life, love, and motherhood—“if you think you know Busy from her Instagram stories, you don't know the half of it” (Jenni Konner). Her conversational writing reminds us what we love about her on screens large and small. From “candid tales of celebrity life, mom life, and general Busy-ness” (*W Magazine*), *This Will Only Hurt a Little* “is everything we've been dying to hear about” (*Bustle*).

Gender Scripts in Medicine and Narrative -
Angela Laflen 2010-06-09

Gender is an exciting area of current research in the medical humanities, and by combining the study of medical narratives with theories of gender and sexuality, the essays in *Gender Scripts in Medicine and Narrative* illustrate the

power of gender stereotypes to shape the way medicine is practiced and perceived. The chapters of *Gender Scripts in Medicine and Narrative* investigate gendered perceptions and representations of healers and patients in fiction, memoir, popular literature, poetry, film, television, the history of science, new media, and visual art. The fourteen chapters of *Gender Scripts in Medicine and Narrative* are organized into four cohesive sections. These chapters investigate the impact of gender stereotypes on medical narratives from a variety of points of view, considering narratives from diverse languages, time periods, genres, and media. Each section addresses some of the most pressing and provocative issues in theories of gender and the medical humanities: I. Gendering the Medical Gaze and Pathology; II. Monitoring Race through Reproduction; III. Rescripting Trauma and Healing; and IV. Medical Masculinities. Along with these sections, *Gender Scripts Medicine and Narrative* features a

preface by Rita Charon, MD, PhD, Director and Founder, The Program in Narrative Medicine, Columbia University, a foreword by Marcelline Block, and an introduction by Angela Laflen. This collection takes a truly interdisciplinary look at the topic of gender and medicine, and the impressive group of contributors to the anthology represent a wide range of academic fields of inquiry, including medical humanities, bioethics, English, modern languages, women's studies, film theory, postcolonial theory, art history, the history of science and medicine, new media studies, theories of trauma, among others. This approach of crossing boundaries of genre and discipline makes the volume accessible to scholars who are concerned with narrative, gender, and/or medical ethics. I'm Stalking Jake! - Becky Heineke 2010-08-31
It was a standard-issue celebrity crush. It was 2006, Brokeback Mountain was inspiring critical acclaim and late night talk show jokes alike and there was Becky Heineke, thinking Jake Gyllenhaal was looking pretty good. She was twenty-four, two years out of college, and had nothing better to do which is how she wound up joining a girl she'd never met to write a blog called Jake Watch. Over the blog's nineteen-month run, there were movie premieres, a movie

script, a legitimately stupid Internet rumor (accidental), one highly unsuccessful presidential campaign, a lost puggle, and a T-shirt business that may or may not have violated international copyright laws. But Jake Watch also aged its two writers more than its life span might suggest. While countless books have been written about celebrities, blogs, and the impact of the Internet on our changing culture, there hasn't, until now, been a book that exemplifies their influence on the first generation to grow up obsessed with all three. *Im Stalking Jake!* is a memoir unique to the age in which it was written, a comedy about the drama of growing up and reaching out in the era of Internet addiction and celebrity infatuation.
