**From Ashes to Text** - Diego Falconí Trávez 2022-08-31

According to some chronicles of the Spanish Conquest, the violent arrival of the Conquerors to the Andes in the sixteenth century led to sex-dissident people who lived outside the dominant European cisheteropatriarchal model being burned at the stake. This act burned more than the flesh; it also charred practices, ways of life, and textualities, leaving an emptiness and a trauma that would mark the future literatures of the Andean region. This book cannot repair those pre-sodomite texts and bodies. It seeks instead to reconsider the value of the ash, a metaphor that allows for a critical and contradictory reading of sexual dissidences in the Andean region in the twentieth century, beyond both multiculturalism and the wake of a globalized LGBTI movement. Through a comparative analysis, and drawing on theoretical perspectives such as anticoloniality, feminisms, and cuir (rather than queer) theories, the book aims to understand the value of a series of complex texts in which dissident subjectivities, practices, and desires help to broaden the understanding of the Andean. Winner of the prestigious Casa de las Américas prize, the book was praised by the jury for the paradoxical and provocative way that it struggles against the abyss of past destruction and reflects on the contribution of the Global South to the often uniformist thinking around the body and its intersections.

*Victorian Sexual Dissidence* - Richard Dellamora 2019-04-08

Recent critical and historical work on the late-Victorian period has furnished a vocabulary for discussing gender and sexuality. These popular terms include categories such as homo/hetero, patriarchal/feminist, and masculine/effeminate. This collection exploits this framework—while refining and resisting it in places—to show how certain Victorians imagined difference in ways that continue to challenge us today. One essay, for example, traces the remarkable feminist appropriation of male-identified fields of study, such as Classical philology. Others address the validation of male bodies as objects of desire in writing, painting, and emergent modernist choreography. The writings shed light on the diverse interests served by a range of cultural practitioners and on the complex ways in which the late Victorians invented themselves as modern subjects. This volume will be essential reading for students of British literary and cultural history as well as for those interested in feminist, gay, and lesbian studies. Contributors are: Oliver Buckton, Richard Dellamora, Dennis Denisoff, Regenia Gagnier, Eric Haralson, Andrew Hewitt, Christopher Lane, Thaïs Morgan, Yopie Prins, Kathy Alexis Psomiades, Julia Saville, Robert Sulcer, Jr., Martha Vicinus.

*Queering Buñuel* - Julian Daniel Gutierrez-Albill 2008-05-30

As the father of cinematic Surrealism, extensive critical attention has been devoted to Luis Buñuel's cinema. Much has been written about his first Surrealist films of the 1920s and 1930s and the French art movies of the 1960s and 1970s. However, here for the first time is a queer re-reading of Buñuel's Spanish-language films allowing us to view Buñuel's cinema through a lens of queer spectatorship. Focusing on the films Buñuel produced in Mexico and Spain during the 1950s and 1960s, Julián Daniel Gutiérrez-Albilla argues not that Buñuel's films have a homosexual subplot, but that there are multiple forms of identity, subjectivity and sexuality present in these films. *Queering Buñuel* brings together the fields of film studies, feminist and queer theory, Hispanic studies, psychoanalysis and art theory. Gutiérrez-Albilla succeeds in reconceptualizing Buñuel's Mexican and Spanish films beyond geographical, historical and disciplinary boundaries, questioning not just how we see Buñuel, but also how we see cinema.

*The articulation of sexual dissidence in Lola Van Guardia's novels* - Carmen Sanjuán Pastor 2002

**Walt Whitman and Sexual Dissidence** - William Albert Pannacker 1996

*The Globalization of Sexuality* - Jon Binnie 2004-05-24

Explores the relationships between the national state, globalization and sexual dissidence.

*Development with a Body* - Andrea Cornwall 2013-07-04

'We used to talk about development with a human face. We should be talking about development with a body' Arit Oku-Egbas, African Regional Sexuality Resource Centre, Nigeria Sex and sexuality have always had a place at the heart of the development agenda - from concerns regarding population and environment, to practices in education and efforts for protecting reproductive health and rights. Yet this agenda has largely focused on negative dimensions of sexuality - disease, risk, violation - rather than positive aspects,

including rights to sexual fulfillment, wellbeing and pleasure. The shift towards a rights-based approach to development has brought the human rights dimensions of sexuality into clearer view, and consequently the need to address discriminatory laws and violations of the human rights of those whose sexual identity and practices diverge from dominant sexual orders/norms. This book offers compelling insights into contemporary challenges and transformative possibilities of the struggle for sexual rights. It combines the conceptual with the political, and offering inspiring examples of practical interventions and campaigns that emphasize the positive dimensions of sexuality. It brings together reflections and experiences of researchers, activists and practitioners from Brazil, India, Nigeria, Peru, Serbia, South Africa, Turkey, the UK and Zambia. From political discourse on sex and masculinity to sex work and trafficking, from HIV and sexuality to struggles for legal reform and citizenship, the authors explore the gains of creating stronger linkages between sexuality, human rights and development.

*Sex, Dissidence and Damnation* - Jeffrey Richards 2013-09-13

For the authorities in medieval Europe, dissent struck at the roots of an ordered, settled world. It was to be crushed - initially by reason and argument, eventually by torture. Jeffrey Richards examines the wretched lives of heretics, witches, Jews, lepers and homosexuals and uncovers a common motive for their persecution: sexual aberrance.

**The Cambridge Companion to British Fiction: 1980-2018** - Peter Boxall 2019-06-27

Gives a comprehensive critical picture of the development of British fiction from the election of Thatcher to the present.

*Sexual Dissidence* - Jonathan Dollimore 2018-09-20

Why is homosexuality socially marginal yet symbolically central? Why, in other words, is it so strangely integral to the very societies which obsessively denounce it, and why is it history - history rather than human nature - which has produced this paradoxical position? These are just some of the questions explored in this wide-ranging study of sexual dissidence which returns to the early modern period in order to focus, question, and develop issues of postmodernity. In the process it brilliantly links writers as diverse as Shakespeare, Gide, Wilde, and Genet, and cultural critics as different as St. Augustine, Freud, Fanon, Foucault, and Monique Wittig. So Freud's theory of perversion is discovered to be more challenging than either his critics or his advocates usually allow, especially when approached via the earlier period's archetypal perverts, the religious heretic and the wayward woman, Satan and Eve. The book further shows how the literature, histories, and sub-cultures of sexual and gender dissidence prove remarkably illuminating for current debates in literary theory, psychoanalysis, and cultural materialism. It includes chapters on transgression and its containment, contemporary theories of sexual difference, homophobia, the gay sensibility, transvestite literature in the culture and theatre of Renaissance England, homosexuality, and race.

*Sexual Dissidence* - Jonathan Dollimore 1991

Returning to the early modern period, this study questions and develops issues of post-modernity. It shows how literature histories and sub-cultures of sexual and gender dissidence may be relevant to current debates and discusses topics ranging from homophobia to transgression and its containment.

**Hungochani** - Marc Epprecht 2004

Challenging the stereotypes of African heterosexuality - from the precolonial era to the present.

**Sex, Dissidence and Damnation** - Jeffrey Richards 2013-09-13

For the authorities in medieval Europe, dissent struck at the roots of an ordered, settled world. It was to be crushed - initially by reason and argument, eventually by torture. Jeffrey Richards examines the wretched lives of heretics, witches, Jews, lepers and homosexuals and uncovers a common motive for their persecution: sexual aberrance.

**Shameless** - Arlene Stein 2006-07

Shame, a powerful emotion, leads individuals to feel vulnerable, victimized, rejected. In *Shameless*, noted scholar and writer Arlene Stein explores American culture's attitudes toward shame and sexuality. Some say that we live in a world without shame. But American culture is a curious mix of the shameless and the shamers, a seemingly endless parade of Pamela Andersons and Jerry Falwells strutting their stuff and wagging their fingers. With thoughtful analysis and wit, *Shameless* analyzes these clashing visions of sexual

morality. While conservatives have brought back sexual shame—by pushing for abstinence-only sex education, limitations on abortion, and prohibitions of gay/lesbian civil rights—progressives hold out for sexual liberalization and a society beyond “the closet.” As these two Americas compete with one another, the future of family life, the right to privacy, and the very meaning of morality hang in the balance.

*Queering the Chilean Way* - Carl Fischer 2016-11-11

This book examines and critiques the fact that Chile’s claims to economic exceptionalism have been embodied, often quite aggressively, in a heterosexual, and primarily male, ideal. Despite the many shifts Chilean economics and politics have undergone over the past fifty years, the country’s view of itself as a “model” in contrast to other Latin American countries has remained constant. By deploying an artistic, literary, and cinematic archive of queer figures from this period, this book draws parallels among the exceptionalisms of Chile’s economic discourse, the subjects deemed most (and least) apt to embody it, and the maneuvers of its cultural production between local and global ideas of gender and politics to delineate its place in the world. *Queering the Chilean Way* thus sheds light on the sexual, economic, and aesthetic dimensions of exceptionalism—at its heart, a discourse of exclusion that often comprises a major element of nationalism—in Chile and throughout the Americas.

*Acting Queer* - Conrad Alexandrowicz 2020-01-14

This book is situated at the intersection of queer/gender studies and theories of acting pedagogy and performance. It explores the social and cultural matrix in which matters of gender are negotiated, including that of post-secondary theatre and drama education. It identifies the predicament of gender dissident actors who must contend with the widespread enforcement of realist paradigms within the academy, and proposes a re-imagining of the way drama/theatre/performance are practised in order to serve more fairly and effectively the needs of queer actors in training. This is located within a larger project of critique in reference to the art form as a whole. The book stimulates discussion among practitioners and scholars on matters concerning various kinds of diversity: of gender expression, of approaches to the teaching of acting, and to the way the art form may be imagined and executed in the early years of the 21st Century, in particular in the face of the climate crisis. But it is also an aid to practitioners who are seeking new theoretical and practical approaches to dealing with gender diversity in acting pedagogy.

*Queering Buqel* - Juliñ Daniel Gutiérrez-Albilla 2008

*Sexual Dissidence* - Jonathan Dollimore 2018-09-20

Why is homosexuality socially marginal yet symbolically central? Why, in other words, is it so strangely integral to the very societies which obsessively denounce it, and why is it history - history rather than human nature - which has produced this paradoxical position? These are just some of the questions explored in this wide-ranging study of sexual dissidence which returns to the early modern period in order to focus, question, and develop issues of postmodernity. In the process it brilliantly links writers as diverse as Shakespeare, Gide, Wilde, and Genet, and cultural critics as different as St. Augustine, Freud, Fanon, Foucault, and Monique Wittig. So Freud's theory of perversion is discovered to be more challenging than either his critics or his advocates usually allow, especially when approached via the earlier period's archetypal perverts, the religious heretic and the wayward woman, Satan and Eve. The book further shows how the literature, histories, and sub-cultures of sexual and gender dissidence prove remarkably illuminating for current debates in literary theory, psychoanalysis, and cultural materialism. It includes chapters on transgression and its containment, contemporary theories of sexual difference, homophobia, the gay sensibility, transvestite literature in the culture and theatre of Renaissance England, homosexuality, and race.

*The Construction of Gender Roles and Sexual Dissidence on TV* - Silvia Grassi 2013

*Gender and Sexual Dissidence on Catalan and Spanish Television Series* - Silvia Grassi 2016-09-23

Taking as a starting point an interpretation of the television medium as an Ideological State Apparatus, this book examines how gender roles and non-heteronormative sexualities are constructed in Spanish and Catalan television series. In the first part, which focuses on the construction of gender roles in Catalan soap operas, it applies the analytical paradigms founded by Anglo-Saxon feminist scholars for the content of soap operas to a corpus of material which has rarely been analysed through this perspective. In the second part, which focuses on the construction of non-heteronormative sexualities in Spanish and Catalan television series, the book challenges the rhetoric of “normalisation” and the “essentialist” paradigms which have so far dominated the examination of the construction of sexuality in television series. As such, this book addresses the role performed by television in the construction of meanings which surround gender issues and non-heteronormative sexualities. This is a timely exercise because gender studies and studies of sexual dissidence are fairly recent fields in Spanish and Catalan academia and television has been largely disregarded, especially as far as the analysis of characters and storylines is concerned. As a result, this book represents a major contribution to these fields in the Spanish and Catalan contexts.
