

Sexuality And Dating

Sex, Dating, and Relationships - Gerald

Hiestand 2012-02-29

Considering the pervasive immorality and high divorce rate of our contemporary Christian culture, we evidently need a biblically based, theologically compelling, practical understanding of sex, dating, and relationships. Pastors Gerald Hiestand and Jay Thomas counteract this problem with their paradigm-shifting view of purity and relationships—a view that challenges even the basic assumptions of evangelical subculture. Unlike most books on dating, this one cuts straight to the heart of dating relationships, asserting with confidence that the line must be drawn at “no sexual activity” whatever. Few have dared to define and

apply the Bible’s understanding of purity in premarital relationships to this degree, but Hiestand and Thomas have done it. Furthermore, both authors are vocational pastors who communicate regularly with the target audience and have a proven ability to express biblical truth in a winsome and compelling manner. *Sex, Dating, and Relationships* adds a new, almost provocative voice to the conversation that, with straightforward theological insight, pleads with Christians to get serious about honoring Christ with their sexuality.

Sexual Coercion in Dating Relationships - E

Sandra Byers 2013-12-16

Sexual Coercion in Dating Relationships

represents the next generation of research in the area of sexual coercion. This collection of critical analyses of current research and possible directions for future research benefits all researchers, counselors, and educators who need to thoroughly understand research efforts in this field. The clear analyses allow readers to evaluate critical issues and progress in the field to date. Outside of research and feminist communities, sexual coercion is frequently minimized and too often stereotyped. The words “sexual coercion” (synonyms with “sexual aggression” and “sexual assault”) conjure in the minds of many the image of a deranged man attacking a woman stranger in a dark place where she should know better than to be walking alone. This and other stereotypes are challenged by the authors of *Sexual Coercion in the Dating Relationship*. The chapters examine other important issues that have yet received little research attention. For example, one author tests the empirical assumptions inherent

in a prominent theory about the causes of sexual coercion. Some of the authors challenge the assumption that only women are pressured or forced to engage in unwanted or nonconsensual sex. Other authors address issues related to the prevention of sexual coercion of women and challenge current conceptions of women's sexuality. Still others identify methodological problems related to research on sexual coercion, such as current methods of identifying attitudes supportive of the use of sexual coercion. All of the chapters challenge current beliefs related to the issue of sexual coercion and are designed to spur researchers and educators forward into new ground. With the publication of this book, readers are forced to re-think their assumptions on sexual coercion with the new statistics and research on these topics: evaluates of a prominent theory of the causes of sexual coercion (the traditional script) examines men's and women's use of sexual influence in their dating relationships, the types of behavior men

and women use to influence their partners to engage in unwanted sex, and the associated consequences for the individuals and the relationship compares men's and women's reactions to sexual coercion presents a model to predict women's resistance and evaluates effective, practical measures of prevention for women evaluates attitudes-toward-rape literature and the predictive ability of assessing attitudes critical reviews of current conceptions of women's sexuality and the need to restructure culturally endorsed attitudes in our prevention efforts reviews methodological problems plaguing many current research investigations and the political ramifications of many investigations in this area Because this book presents information related to the prevention and experience of sexual coercion, *Sexual Coercion in Dating Relationships* is helpful in developing long-term research and preventive programs. This sourcebook also helps researchers, expert witnesses, counselors

(especially college support staff), and college and university educators provide information to students and others about sexual coercion.

What's Next in Love and Sex - Elaine Hatfield
2020-02-25

What's Next in Love and Sex is a comprehensive examination of contemporary academic findings relating to all matters of the mind, body, and heart. Inspired by questions asked by students, the book covers cutting-edge topics so new that they are rarely addressed in current sexuality texts, providing insight into modern trends such as hookup culture, virtual pornography, robots, apps, and online dating as they evolve in this day and age. Written by one of the pioneers of love and sex research, Elaine Hatfield, along with historian Richard Rapson and social psychologist Jeannette Purvis, this book uses contemporary scientific findings to provide an updated and relevant explanation for why we do the things we do when we're in love, searching for love, making love, or trying to keep a faltering

by guest

relationship together. Combining rigorous scholarship with an accessible and entertaining style, no other book will give college students and academics alike such a developed understanding of contemporary love and sex.

[Dating and Sexuality in America](#) - Jeffrey S. Turner 2003-11-04

A highly informative account of trends, concepts, and problems related to dating and sexuality in the United States, along with thought-provoking coverage of today's most important issues and controversies. A history of dating and sexuality illuminates new trends and problems that were absent just a few decades ago. The most important dating and sexuality issues facing teenagers today are explored, including solutions and implications for educational intervention. The work elucidates how dating unfolds and how sexual attitudes and behaviors impact intimacy. Valuable information about organizations and individuals as well as print and electronic resources are included in this

authoritative work.

Dating, Relationships, and Sexuality - Wendy Hart Beckman 2006

Discusses how roles and relationships have changed over time and includes topics that teens are concerned about such as body image, popularity, communication, and gender identity.

[Dating and Sexuality in America](#) - Jeffrey S. Turner 2003-11-04

Provides an introductory essay; biographical sketches; a chronology of events; legislation, and movements; a directory of organizations; and a listing of print and non print resources. A highly informative account of trends, concepts, and problems related to dating and sexuality in the United States, along with thought provoking coverage of today's most important issues and controversies.

If You Really Loved Me - Jason Evert 2017-05
Teens and young adults need straight answers to tough questions about dating, relationships, and sexual purity. With more than 300 pages of

Downloaded from
legacy.opendemocracy.net on 2020-11-17
by guest

answers that include well over 1000 references and studies, *If You Really Loved Me* offers a wealth of information in a language that resonates with today's teens. This book is a collection of Jason's replies to the top 100 questions he receives from teens around the world. Questions include: How far is too far? How do I tell a guy "no" without hurting his feelings? How do you know when it's love? What's wrong with pornography? How do I forgive myself?... And 95 others. If you're looking for a straightforward and convincing explanation of the difference between love and lust, this book is for you. This new edition is revised and expanded with more than 80 pages of new material.

Real Love - Mary Beth Bonacci 2012-03-28
Mary Beth Bonacci has spoken to hundreds of thousands of people across the country and around the world-about friendship, about relationships, about marriage, about God's plan for sexuality, and about finding real, honest love.

And they speak back to her. They ask her questions-about sex, about dating, about healing after a shattered relationship, about marriage, about their struggles to live love. In this newly updated and expanded edition of *Real Love*, Mary Beth shares those questions-and her answers-in an even more comprehensive guide which addresses the details of the very real struggle we all face in trying to live real love in a world gone mad. Through these questions and her answers, Mary Beth offers a comprehensive catechesis of the Church's teaching in the areas of marriage and human sexuality. She tackles the toughest issues-premarital sex, contraception, divorce, homosexuality, internet pornography and others. She gives practical advice on living the Church's teachings. And throughout it all, she demonstrates that living respect for God's gift of sexuality is the way-the only way-to find real, honest love.

Cheap Sex - Mark Regnerus 2017-08-02
Sex is cheap. Coupled sexual activity has

*Downloaded from
legacy.opendemocracy.net on 2020-11-17
by guest*

become more widely available than ever. Cheap sex has been made possible by two technologies that have little to do with each other - the Pill and high-quality pornography - and its distribution made more efficient by a third technological innovation, online dating. Together, they drive down the cost of real sex, and in turn slow the development of love, make fidelity more challenging, sexual malleability more common, and have even taken a toll on men's marriageability. Cheap Sex takes readers on an extended tour inside the American mating market, and highlights key patterns that characterize young adults' experience today, including the timing of first sex in relationships, overlapping partners, frustrating returns on their relational investments, and a failure to link future goals like marriage with how they navigate their current relationships. Drawing upon several large nationally-representative surveys, in-person interviews with 100 men and women, and the assertions of scholars ranging

from evolutionary psychologists to gender theorists, what emerges is a story about social change, technological breakthroughs, and unintended consequences. Men and women have not fundamentally changed, but their unions have. No longer playing a supporting role in relationships, sex has emerged as a central priority in relationship development and continuation. But unravel the layers, and it is obvious that the emergence of "industrial sex" is far more a reflection of men's interests than women's.

How Far Can We Go? - Leah Perrault 2009

The Politics of Dating Apps - Lik Sam Chan
2021-03-09

An examination of dating app culture in China, across user demographics--straight women, straight men, queer women, and queer men. In this exploration of dating app culture in China, Lik Sam Chan argues that these popular mobile apps are not merely a platform for personal

*Downloaded from
legacy.opendemocracy.net on 2020-11-17
by guest*

relationships but also an emerging arena for gender and queer politics. Chan examines the opportunities dating apps present for women's empowerment and men's performances of masculinity, and he links experiences of queer dating app users with their vulnerable position as sexual minorities. He finds that dating apps are both portals to an exciting virtual world of relational possibilities and sites of power dynamics that reflect the heteronormativity and patriarchy of Chinese society.

Internet Dating - Chris Beasley 2021-05-16

Internet Dating deals primarily with the experiences of UK and Australian daters, examining their online accounts to see what kinds of narratives, norms, emotions and 'chemistry' shape their dating. Has the emergence and growth of internet dating changed the dating landscape for the better? Most commentators, popular and academic, ask whether online dating is more efficient for individuals than offline dating. We prefer a

socio-political perspective. In particular, the book illustrates the extent to which internet dating can advance gender and sexual equality. Drawing on the voices of internet daters themselves, we show that internet dating reveals how social change often arises in the unassuming, everyday and familiar. We also pay attention to often ignored older daters and include consideration of daters in Africa, Scandinavia, South America, Asia and the Middle East. Throughout, we explore the pitfalls and pleasures of men and women daters navigating unconventional directions towards more equitable social relations.

Future Sex - Emily Witt 2017-01-03

Emily Witt is single and in her thirties. She has slept with most of her male friends. Most of her male friends have slept with most of her female friends. Sexual promiscuity is the norm. But up until a few years ago, she still envisioned her sexual experience achieving a sense of finality, 'like a monorail gliding to a stop at Epcot

*Downloaded from
legacy.opendemocracy.net on 2020-11-17
by guest*

Center'. Like many people, she imagined herself disembarking, finding herself face-to-face with another human being, 'and there we would remain in our permanent station in life: the future'. But, as we all know, things are more complicated than that. Love is rare and frequently unreciprocated. Sexual acquisitiveness is risky and can be hurtful. And generalizing about what women want or don't want or should want or should do seems to lead nowhere. Don't our temperaments, our hang-ups, and our histories define our lives as much as our gender? In *Future Sex*, Witt captures the experiences of going to bars alone, online dating, and hooking up with strangers. After moving to San Francisco, she decides to say yes to everything and to find her own path. From public health clinics to cafe conversations about 'coregasms', she observes the subcultures she encounters with awry sense of humour, capturing them in all their strangeness, ridiculousness, and beauty. The result is an

open-minded, honest account of the contemporary pursuit of connection and pleasure, and an inspiring new model of female sexuality - open, forgiving, and unafraid.

Sexless in the City - Kat Harris 2021-04-20

Discover a renewed biblical vision for sex, singleness, and relationships, and transform into an empowered woman of faith equipped to navigate today's dating culture with vision, clarity, and freedom. Let's face it: being single in today's culture as a woman of faith can be a STRUGGLE FEST. But it doesn't have to be. With real talk and straight wisdom, speaker, podcaster, and founder of The Refined Woman Kat Harris says it's time for a new conversation about singleness, sex, and desire. Growing up at the height of the purity movement, Kat knew this much: good Christians don't have sex until marriage. But approaching 30 and thrust into the New York City dating scene, she found a set of rules was not a compelling enough reason to keep her clothes on. Caught between purity

*Downloaded from
legacy.opendemocracy.net on 2020-11-17
by guest*

culture's rules and popular culture's do what feels good, Kat began a multi-year journey searching for answers to the biggest questions about sexuality and faith: What does the Bible really say about sex? Why does almost everyone deal with some sort of sexual shame? But really--what's a single girl to do with her sexual desire? What if we never get married . . . then what? It turns out Kat was asking questions that countless women were dying to ask but didn't know they had the permission to do so. Hungry for clarity, she researched, wrestled, and discovered a God who wasn't afraid or ashamed of sex and desire as she thought He might be. In actuality, God created sex and desire within humanity and called it very good. Now she believes God desires to restore a generation disillusioned with purity culture and Christian dating, discouraged about their singleness, ashamed of their sexual desire, and uncertain how to practically walk this season out well. Join Kat on her messy, sometimes painful, and always

honest journey to discovering God's heart for sexuality, desire, singleness, and our purpose within it all.

[The Black Christian Singles Guide To Dating and Sexuality](#) - Chris Jackson 2009-08-30

“More than a book, it’s a ministry in print . . . touching areas that the church has long covered up or overlooked.” (Jerry Adkisson, Singles Ministry President, The Temple Church, Nashville, Tennessee) Between the onset of puberty and marriage, every man and woman faces the issues of being single. How do you handle the weekends alone—or with a dating partner? How do you build a healthy relationship? How can you tell when it’s the relationship of a lifetime? Anwhat about sex—Why say no when your body is screaming yes? Chris Jackson knows the promise and the pitfalls of singleness for African Americans. In this book, he offers frank, down-to-earth wisdom on such topics as practical ways to make the single life a better life; making the most of The

*Downloaded from
legacy.opendemocracy.net on 2020-11-17
by guest*

differences between the sexes; how your family history affects your dating relationship. Jackson also covers the silent issues: masturbation, date rape, and homosexuality; Breaking up without breaking down; knowing when a relationship is marriageable . . . And much more If you want to order your dating life according to the Bible's prescription for fulfillment, *The Black Christian Singles Guide to Dating and Sexuality* is an invaluable guidebook. It's easy to read, and it offers real-life answers for your real-life issues. "Dr. Chris Jackson gives us a fresh and creative approach to the standards, hopes, and possibilities for Christians who are single. He challenges singles to seek wholeness and fulfillment in Christ. It is a very good book."

—Dr. John H. Corbitt, National Dean, National Baptist Congress of Christian Education, Greenville, South Carolina

You Do You - Sarah Mirk 2019-11-05

Teen sex. STIs. Sexting. Rape. Sexual harassment. #MeToo and #YesAllWomen.

Today's teens launch into their sexual lives facing challenging issues but with little if any formalized learning about sex and human reproduction. Many of them get their sex ed from online porn. Through this authoritative, inclusive, and teen-friendly overview, readers learn the basics about sex, sexuality, human reproduction and development, birth control, gender identity, healthy communication, dating, relationships and break ups, the importance of consent, safety, body positivity and healthy lifestyles, media myths, and more. Advice-column-style Q&As and real-life stories add human drama and authenticity.

How Far Can We Go? - Leah Perrault and Brett Salkeld 2018-01-29

A guide to dating and sexuality for young people. *Hooking Up* - Katherine M. Helm 2015-11-10

This book is an engaging and comprehensive resource for high school and college students on modern topics in human sexuality, covering subjects such as gender roles and dating to

Downloaded from
legacy.opendemocracy.net on 2020-11-17
by guest

sexual orientation and sex itself. Part of Greenwood's The Psychology of Everyday Life series, this book gives readers a single-stop resource for learning about the intersections of psychology, human attraction, sexuality, cultural norms, and sexual behavior. Written in a compelling and straightforward style, readers will enjoy learning about the subject and come away with a new perspective on sex and sexuality. This overview covers popular topics in human sexuality such as the ubiquitous forms of sex in society (e.g., gender roles, sexual orientation, media and technology, cultural norms about sex), the importance of sex in every individual's life, the positive and negative effects of sex, specific psychological theories and theorists, sex over the developmental lifespan, and different cultural perspectives on topics in human sexuality. The presentation of topics in the book builds logically on previously covered material; however, the information is presented so that students looking for specific information

can read chapters out of order and still understand the primary content areas.

Hooking Up - Kathleen A. Bogle 2008

A closer look into the new sexual culture on college campuses It happens every weekend: In a haze of hormones and alcohol, groups of male and female college students meet at a frat party, a bar, or hanging out in a dorm room, and then hook up for an evening of sex first, questions later. As casually as the sexual encounter begins, so it often ends with no strings attached; after all, it was "just a hook up." While a hook up might mean anything from kissing to oral sex to going all the way, the lack of commitment is paramount. Hooking Up is an intimate look at how and why college students get together, what hooking up means to them, and why it has replaced dating on college campuses. In surprisingly frank interviews, students reveal the circumstances that have led to the rise of the booty call and the death of dinner-and-a-movie. Whether it is an expression of postfeminist

Downloaded from
legacy.opendemocracy.net on 2020-11-17
by guest

independence or a form of youthful rebellion, hooking up has become the only game in town on many campuses. In *Hooking Up*, Kathleen A. Bogle argues that college life itself promotes casual relationships among students on campus. The book sheds light on everything from the differences in what young men and women want from a hook up to why freshmen girls are more likely to hook up than their upper-class sisters and the effects this period has on the sexual and romantic relationships of both men and women after college. Importantly, she shows us that the standards for young men and women are not as different as they used to be, as women talk

about “friends with benefits” and “one and done” hook ups. Breaking through many misconceptions about casual sex on college campuses, *Hooking Up* is the first book to understand the new sexual culture on its own terms, with vivid real-life stories of young men and women as they navigate the newest sexual revolution.

Sexuality and Dating - Richard Reichert 1981
A textbook for high school students offering an integrated discussion of their own sexual development and the challenges they face in achieving sexual and moral maturity as Christians.
