Astrology through History William E. Burns 2018-07-20 Alphabetically arranged entries cover the history of astrology from ancient Mesopotamia to the 21st century. In addition to surveying the Western tradition, the book explores Islamic, Indian, East Asian, and Mesoamerican astrology. The field of astrology is growing rapidly, as historians recognize its centrality to the intellectual life of the past and sociologists and anthropologists treat its importance in a number of modern cultures. Despite the historical and cultural significance of the subject, most reference works on astrology focus on instructional techniques and are written by astrologers with little or no interest in the history of the topic. This book instead offers an objective treatment of astrology across world history from ancient Mesopotamia to the present. The book provides alphabetically arranged entries by expert contributors writing on such topics as horoscopes, court astrologers, Renaissance astrology, and comets. While it considers the Western tradition, it also treats Islamic, Indian, East Asian, and Mesoamerican astrology. In doing so, it explores the role of astrology in shaping science, literature, religion, art, and other defining cultural traditions. Sidebars offer excerpts from various historical texts, while entries provide suggestions for further reading.

What Your Birthday Reveals About You Phyllis Vega 2005-10-01 Astrology meets numerology in this fascinating guide to the secrets of your birth date! Born on December 3rd? You're an ambitious, hardworking "idea person" and a dynamic leader. Born on December 14th? You're the "traveling salesperson" of the zodiac and a gifted marketer. All Sagittarians are charming, intelligent, and adventure-seeking—but which day of the month you're born on can determine the way in which you use those traits to your best advantage. In this exciting new book, master astrologer Phyllis Vega gives a detailed analysis for each birthday in the year, combining astrology and numerology to paint a true picture of the characteristics, desires, and destinies of people born on that day. If you were born October 5th, you're a skilled negotiator with a gift for making money. But if you were born just four days later, you're a compassionate dreamer with spiritual inclinations. Aries is the sign of the determined ram, but if you were born on April 7th, you are idealistic and inspiring. Discover what's revealed in this guide about you, your loved one, coworkers, or even your favorite celebrity in this entertaining, enlightening reference!

Lovestrology Phyllis Vega 2007-07-01 Have you ever wondered how your date of birth affects your love life, the unique qualities that define you, and the passions that drive you? Or why everyone seems to be talking about Mars and Venus, and their influence on intimate relationships? In Lovestrology, the author draws on the predictive powers of astrology and the ancient art of numerology to create revealing romantic portraits that provide everything you need to know to enjoy great relationships. The book is divided into two sections. Part One: The 366 Birthdays of the Year

gives a comprehensive individual romantic profile for each birth date. Part Two: Men and Women are from Mars and Venus delineates the drives and passions associated with each Mars sign, shows the ways in which you share love and affection via each Venus sign, and provides readings for each of the 144 possible Mars/Venus combinations. The sign connections between the planets of love and passion on your birthdays indicate the compatibility potential between you and your lover. Lovestrolgy manages to be unfailingly upbeat and positive without sugarcoating the challenges and difficulties symbolized by each of the 366 birthdays and 12 zodiacal signs. This provocative book sheds new light on your prospects for finding and maintaining a successful love relationship.

While great for textbooks and graphic-heavy books, PDFs may not be as adaptable to various screen sizes.

4. AZW/AZW3 (Amazon Kindle):

These formats are exclusive to Amazon Kindle devices and apps.

AZW3, also known as KF8, is an enhanced version that supports advanced formatting and features.

5. HTML (Hypertext Markup Language):

HTML eBooks are essentially web pages formatted for reading.

They offer interactivity, multimedia support, and the ability to access online content, making them suitable for textbooks and reference materials.

6. TXT (Plain Text):

Plain text eBooks are the simplest format, containing only unformatted text.

They are highly compatible but lack advanced formatting features.

Choosing the right Sydney Omarrs Astrology Love Sex And You eBook format is crucial for a seamless reading experience on your device. Here's a quick guide to format compatibility with popular eReaders:

EPUB: Compatible with most eReaders, except for some Amazon Kindle devices. Also suitable for reading on smartphones and tablets using dedicated apps.

MOBI: Primarily compatible with Amazon Kindle devices and apps.

PDF: Readable on almost all devices, but may require zooming and scrolling on smaller screens.

AZW/AZW3: Exclusive to Amazon Kindle devices and apps.

HTML: Requires a web browser or specialized eBook reader with HTML support.

TXT: Universally compatible with nearly all eReaders and devices.
