

The Education Of Will A Mutual Memoir Of A Woman And Her Dog

Sister Mother Husband Dog (Etc.) - Delia Ephron 2013-09-26

Delia Ephron brings her trademark wit and effervescent prose to a series of unforgettable, moving and provocative essays. The emotional lynchpin is the author's stirring, eloquent response to the death of Nora Ephron, her older sister and frequent writing companion. In 'Sister', she deftly captures the love, rivalry, respect and intimacy that made up her relationship with her sister in a way that is at once deeply personal and comfortingly universal. Other essays in the collection run the gamut from a hysterical piece about love and the movies - how romantic comedies completely destroyed her twenties - to the joy of girlfriends and best friendship, the magical madness and miracle of dogs, keen-eyed observations about urban survival, and a serious and affecting memoir of life with her mother - growing up the child of alcoholics. Ephron's sparkling wit and humanity is present on every emotionally resonant page.

Broken Horses - Brandi Carlile 2022-04-12

#1 NEW YORK TIMES BESTSELLER • The critically acclaimed singer-songwriter, producer, and six-time Grammy winner opens up about faith, sexuality, parenthood, and a life shaped by music in "one of the great memoirs of our time" (Glennon Doyle, author of *Untamed*). NAMED ONE OF THE BEST BOOKS OF THE YEAR BY NPR AND AUTOSTRADDLE • "The best-written, most engaging rock autobiography since her childhood hero, Elton John, published *Me*."—Variety Brandi Carlile was born into a musically gifted, impoverished family on the outskirts of Seattle and grew up in a constant state of change, moving from house to house, trailer to trailer, fourteen times in as many years. Though imperfect in every way, her dysfunctional childhood was as beautiful as it was strange, and as nurturing as it was difficult. At the age of five, Brandi contracted bacterial meningitis, which almost took her life, leaving an indelible mark on her formative years and altering her journey into young adulthood. As an openly gay teenager, Brandi grappled with the tension between her sexuality and her faith when her pastor publicly refused to baptize her on the day of the ceremony. Shockingly, her small town rallied around Brandi in support and set her on a path to salvation where the rest of the misfits and rejects find it: through twisted, joyful, weird, and wonderful music. In *Broken Horses*, Brandi Carlile takes readers through the events of her life that shaped her very raw art—from

her start at a local singing competition where she performed Elton John's "Honky Cat" in a bedazzled white polyester suit, to her first break opening for Dave Matthews Band, to many sleepless tours over fifteen years and six studio albums, all while raising two children with her wife, Catherine Shepherd. This hard-won success led her to collaborations with personal heroes like Elton John, Dolly Parton, Mavis Staples, Pearl Jam, Tanya Tucker, and Joni Mitchell, as well as her peers in the supergroup The Highwomen, and ultimately to the Grammy stage, where she converted millions of viewers into instant fans. Evocative and piercingly honest, *Broken Horses* is at once an examination of faith through the eyes of a person rejected by the church's basic tenets and a meditation on the moments and lyrics that have shaped the life of a creative mind, a brilliant artist, and a genuine empath on a mission to give back.

84 Charing Cross Road - Hélène Hanff 2013

Through a Dog's Eyes - Jennifer Arnold 2011-05-31

A "transformative,"* inspiring book with the power to change the way we understand and communicate with our dogs. Few people are more qualified to speak about the abilities and potential of dogs than Jennifer Arnold, who for twenty years has trained service dogs for people with physical disabilities and special needs. Through her unique understanding of dogs' intelligence, sensitivity, and extrasensory skills, Arnold has developed an exemplary training method that is based on kindness and encouragement rather than fear and submission, and her results are extraordinary. To Jennifer Arnold, dogs are neither wolves in need of a pack leader nor babies in need of coddling; rather, they are extremely trusting beings attuned to their owners' needs, and they aim to please. Stories from Arnold's life and the lives of the dogs who were her greatest teachers provide convincing and compelling testimony to her choice teaching method and make *Through a Dog's Eyes* an unforgettable book that will forever change your relationship with your

dog. *Publishers Weekly

Heavy - Kiese Laymon 2019

Kiese Laymon grew up a hard-headed black son to a complicated and brilliant black mother in Jackson, Mississippi. From his early experiences of sexual violence, to his suspension from college, to his trek to New York as a young college professor, Laymon charts his complex relationship with his mother, grandmother, anorexia, obesity, sex, writing, and ultimately gambling. By attempting to name secrets and lies he and his mother spent a lifetime avoiding, Laymon asks himself, his mother, his nation, and us to confront the terrifying possibility that few in this nation actually know how to responsibly love, and even fewer want to live under the weight of actually becoming free.

Educated - Tara Westover 2022-02-08

#1 NEW YORK TIMES, WALL STREET JOURNAL, AND BOSTON GLOBE BESTSELLER • One of the most acclaimed books of our time: an unforgettable memoir about a young woman who, kept out of school, leaves her survivalist family and goes on to earn a PhD from Cambridge University "Extraordinary . . . an act of courage and self-invention."—The New York Times NAMED ONE OF THE TEN BEST BOOKS OF THE YEAR BY THE NEW YORK TIMES BOOK REVIEW • ONE OF PRESIDENT BARACK OBAMA'S FAVORITE BOOKS OF THE YEAR • BILL GATES'S HOLIDAY READING LIST • FINALIST: National Book Critics Circle's Award In Autobiography and John Leonard Prize For Best First Book • PEN/Jean Stein Book Award • Los Angeles Times Book Prize Born to survivalists in the mountains of Idaho, Tara Westover was seventeen the first time she set foot in a classroom. Her family was so isolated from mainstream society that there was no one to ensure the children received an education, and no one to intervene when one of Tara's older brothers became violent. When another brother got himself into college, Tara decided to try a new kind of life. Her quest for knowledge transformed her, taking her over oceans and across continents, to Harvard and to Cambridge University. Only then would she wonder if she'd traveled too far, if there was still a way home. "Beautiful and propulsive . . . Despite the singularity of [Westover's] childhood, the

questions her book poses are universal: How much of ourselves should we give to those we love? And how much must we betray them to grow up?"—Vogue ONE OF THE BEST BOOKS OF THE YEAR: The Washington Post, O: The Oprah Magazine, Time, NPR, Good Morning America, San Francisco Chronicle, The Guardian, The Economist, Financial Times, Newsday, New York Post, theSkimm, Refinery29, Bloomberg, Self, Real Simple, Town & Country, Bustle, Paste, Publishers Weekly, Library Journal, LibraryReads, Book Riot, Pamela Paul, KQED, New York Public Library

The Education of Will - Patricia B. McConnell 2017-02-21

Let's Pretend This Never Happened - Jenny Lawson 2013-03-05

The #1 New York Times bestselling (mostly true) memoir from the hilarious author of *Furiously Happy*. "Gaspingly funny and wonderfully inappropriate."—O, The Oprah Magazine When Jenny Lawson was little, all she ever wanted was to fit in. That dream was cut short by her fantastically unbalanced father and a morbidly eccentric childhood. It did, however, open up an opportunity for Lawson to find the humor in the strange shame-spiral that is her life, and we are all the better for it. In the irreverent *Let's Pretend This Never Happened*, Lawson's long-suffering husband and sweet daughter help her uncover the surprising discovery that the most terribly human moments—the ones we want to pretend never happened—are the very same moments that make us the people we are today. For every intellectual misfit who thought they were the only ones to think the things that Lawson dares to say out loud, this is a poignant and hysterical look at the dark, disturbing, yet wonderful moments of our lives. [Theology explained and defended, in a series of sermons ... with a memoir of the life of the Author](#) - Timothy DWIGHT (D.D., President of Yale College.) 1831

[The Gerbil Farmer's Daughter](#) - Holly Robinson 2009-05-26

"What kind of Navy officer sits on his ship in the middle of the Mediterranean dreaming of gerbils?" That's the question that Holly Robinson sets out to answer in this warm and rollicking memoir of life with her father, the world's most famous gerbil czar. Starting with a few pairs of gerbils housed for curiosity's sake in the family's garage, Donald Robinson's obsession with the "pocket kangaroo" developed into a lifelong passion and second career. Soon the Annapolis-trained Navy commander was breeding gerbils and writing about them for

publications ranging from the ever-bouncy Highlights for Children to the erudite Science News. To support his burgeoning business, the family eventually settled on a remote hundred-acre farm with horses, sheep, pygmy goats, peacocks--and nearly nine thousand gerbils. From part-time model for her father's bestselling pet book, How to Raise and Train Pet Gerbils, to full-time employee in the gerbil empire's complex of prefab Sears buildings, Holly was an enthusiastic if often exasperated companion on her father's quest to breed the perfect gerbil. Told with heart, humor, and affection, The Gerbil Farmer's Daughter is Holly's ode to a weird and wonderful upbringing and her truly one-of-a-kind father.

Will sei Dank - Patricia B. McConnell 2017-04-15

Als Honorarprofessorin für Tierverhalten, Hundeverhaltensberaterin und Bestseller-Autorin von Hundefachbüchern kennt Dr. Patricia McConnell sich mit Hunden aus wie kaum jemand sonst. Tausenden von Klienten hat sie mit ihren schwierigen Hunden geholfen, und doch ist alles anders als sonst, als der junge Border Collie Will auf ihrer Farm Einzug hält: Sein extrem schwieriges Verhalten bringt sie mehr als einmal an die Grenze - weniger an die des technischen Trainer-Know-Hows als an die emotionale und nervliche. Eine ganz neue Erfahrung, wenn es sich plötzlich um den eigenen Hund handelt! Doch mehr als das: Will zwingt sie, sich mit den Schatten ihrer eigenen Vergangenheit, ihren unverarbeiteten traumatischen Erlebnissen und längst vergessen geglaubten Verletzungen auseinanderzusetzen - denn nicht nur Hunde verhalten sich nicht immer so, wie sie eigentlich gerne möchten. So wird der Weg zur "Heilung" Wills auch ein Weg zur Heilung ihres eigenen Ichs mit vielen schmerzhaften, aber auch hilfreichen Erkenntnissen. Durch die zahlreichen Rückblicke in McConnells Leben entstehen nach und nach sehr persönliche und ehrliche, mit Herz und Humor geschriebene Memoiren, immer wieder durchwoben von Begebenheiten, die sie mit Hunden und Menschen erlebt hat. Ein Buch über seelische Verletzungen, Vergebung und den unbändigen Willen, das Leben zu genießen.

Pack of Two - Caroline Knapp 2010-08-10

At the age of 36, Caroline Knapp, author of the acclaimed bestseller *Drinking: A Love Story*, found herself confronted with a monumental task:

redefining her world. She had faced the loss of both her parents, given up a twenty-year relationship with alcohol, and, as she writes, "I was wandering around in a haze of uncertainty, blinking up at the biggest questions: Who am I without parents and without alcohol? How to form attachments, and where to find comfort, in the face of such daunting vulnerability?" An answer materialized in the most unlikely form: that of a dog. Eighteen months to the day after she quit drinking, Knapp stumbled upon an eight-week-old puppy at a local animal shelter, took her home, and named her Lucille. Now two years old, Lucille has become a central force in Knapp's life: "In her," she writes, "I have found solace, joy, a bridge to the world." Caroline Knapp has been celebrated as much for her fresh insight into emotional and psychological issues as she has been for her gifts as a writer. In *Pack of Two*, she brings the same perception and talent to bear on the rich, complicated terrain of human-animal relationships. In addition to mining her own experience with Lucille, Knapp speaks to a wide variety of dog people--from animal behaviorists and psychologists to other owners whose dogs have deeply affected their lives--about this emotionally complex, sometimes daunting, often profoundly healing alliance. Throughout, she explores the shift in canine roles from working partners to intimate companions and looks, too, at how this new kinship, this wordless bond, becomes a template for what we most desire ourselves.

What It's Like to Be a Dog - Gregory Berns 2017-09-05

"Dog lovers and neuroscientists should both read this important book." -- Dr. Temple Grandin What is it like to be a dog? A bat? Or a dolphin? To find out, neuroscientist and bestselling author Gregory Berns and his team did something nobody had ever attempted: they trained dogs to go into an MRI scanner -- completely awake -- so they could figure out what they think and feel. And dogs were just the beginning. In *What It's Like to Be a Dog*, Berns takes us into the minds of wild animals: sea lions who can learn to dance, dolphins who can see with sound, and even the now extinct Tasmanian tiger. Berns's latest scientific breakthroughs prove definitively that animals have feelings very much like we do -- a revelation that forces us to reconsider how we think about and treat

animals. Written with insight, empathy, and humor, What It's Like to Be a Dog is the new manifesto for animal liberation of the twenty-first century.

Dog-ma - Barbara Boswell Brunner 2012-08-08

"Barbara's vivid and dramatic stories, told with a wicked sense of humor, will make you laugh out loud. She definitely gets what living with rescued dogs (nine of them!) is all about. This book will inspire you with the couple's unstinting love, devotion, and respect for dogs as family members. You'll be glad to include it in your treasured collection of great dog books." --Allen and Linda Anderson, authors of Dogs and the Women Who Love Them (named in O Magazine as one of the top books of 2010) When Barbara meets her future husband, Ray, it is love-and dog-at first sight. Over the course of thirty-two years, seventeen relocations and nine dogs, their mutual love of dogs guides them on their unconventional path. The love that Barbara and Ray get in return is literally lifesaving, with one dog attacking a lethal intruder and another discovering Barbara's cancer. Her own survival story underscores the story of how her dogs become survivors themselves. Each new dog adds its own dynamic to the family, sometimes upending it. From Turbo (whose Spock-like ears may have provided super powers), Barbara learns about the will to live; Lexington demonstrates incredible patience and an inexplicable love of golf; Madison teaches that laughter is truly the best medicine and that the whole "nine lives thing" is not reserved just for cats; Morgan should be sainted for tolerating Izzy, who is as cute as she is bad. Barbara is certain that somewhere in doggie heaven there is a poster that says "If you are sick, injured or in need of really expensive medical care, FIND THESE HUMANS!"

The Cowboy and His Elephant - Malcolm Macpherson 2007-04-01

In the late 1980s, a female baby elephant was born into a herd that lived on the plains of southern Africa. Her mother has carried her for two

years, and normally she would have nursed her for five more. But the close-knit family of wild elephants was to face a predator for which it was no match--humans. In a "cull," her family was slaughtered in a few moments. Only the newborn female's life was spared. Terrified and bewildered the young elephant was transported to America to be sold. There she met the person who was to change her life forever. Bob Norris is a cowboy with an enormous empathy for animals that overwhelms his other emotions. He was raised with a pet bear and as a boy decided to become a real cowboy. He saw his dream come true in Colorado on one of the larger horse-and-cattle ranches in America. Handsome as a movie star, he became the Marlboro Man and appeared on TV and on billboards around the world. But with the passing of years, and with his own family grown up, he felt the need for something that he could not name. When she came into his life by happenstance, the hurt, vulnerable little elephant tapped the fullness of Bob's empathy, and an incredible bond between the most unlikely of friends was forged. Bob adopted the baby orphan elephant--named Amy--and patiently set about helping her recover from the trauma of her ordeal. He had never seen a real African elephant up close, except in zoos. He was a horseman and breeder of champion quarter horses. But through close observation, gentle training, humor, and endless perseverance, Bob gradually coaxed Amy into overcoming her mistrust of humans, and indeed, her fear of the world. The little elephant became a "hand" on Bob's ranch, tending to simple chores, riding the fences, and shadowing Bob on his horse. She developed a winning personality, and a strong character, and became a beloved member of the Norris family and partner to the ranch hands. But Bob knew from the start that the ultimate goal was for Amy to regain her confidence and her independence - even, if it were possible, to go back to the savannahs of Africa. This is the true story of how Amy and Bob came together. No one who reads The Cowboy and His Elephant can fail to be moved by such a simple tale of unlikely love.
