The Alchemy of Sexual Energy - Mantak Chia 2009-12-23

The Multi Orgasmic Couple Sexual Secrets Every Couple Should Know

Taoist techniques for replenishing our internal energy with universal cosmic energy • Shows how to transform excess sexual energy (Ching Chi) into self-healing energy • Presents advanced Cosmic Healing Chi Kung practices, which gather the limitless resources of Cosmic Chi for healing • Explains how opening of the three tan tiens to the six directions allows personal consciousness to connect directly to higher sources of energy Taoists consider our sexual energy to be the creative force that we can use to regenerate the body's internal energy, but we must learn how to harness excess sexual energy and transform it into chi, or life-force energy. When we circulate the sexual energy in the Microcosmic Orbit--a continuous energy loop that runs up the spine and down the front of the body--we transform it into self-healing energy that can be stored in the organs and the three tan tiens: energy centers in the brain, the heart center, and the lower abdomen. The Alchemy of Sexual Energy builds upon

Microcosmic Orbit practices discussed in Healing Light of the Tao. The more we open the flow of our internal energy the more capable we are of connecting to the cosmic energy that exists outside ourselves in the universe. By learning to open the three tan tiens to the six directions, the Taoist practitioner combines mind power with extension of chi to draw cosmic energy into the body. This energy, too, can be stored in the three tan tiens and used as needed for healing. When we learn to flow in this way with the energy of the Tao, life ceases to be a struggle.

Routledge Handbook of Chinese Medicine -
Vivienne Lo 2022-06-20

The Routledge Handbook of Chinese Medicine is an extensive, interdisciplinary guide to the nature of traditional medicine and healing in the Chinese cultural region, and its plural epistemologies. Established experts and the next generation of scholars interpret the ways in which Chinese medicine has been understood

and portrayed from the beginning of the empire (third century BCE) to the globalisation of Chinese products and practices in the present day, taking in subjects from ancient medical writings to therapeutic movement, to talismans for healing and traditional medicines that have inspired global solutions to contemporary epidemics. The volume is divided into seven parts: Longue Durée and Formation of Institutions and Traditions Sickness and Healing Food and Sex Spiritual and Orthodox Religious Practices The World of Sinographic Medicine Wider Diasporas Negotiating Modernity This handbook therefore introduces the broad range of ideas and techniques that comprise pre-modern medicine in China, and the historiographical and ethnographic approaches that have illuminated them. It will prove a useful resource to students and scholars of Chinese studies, and the history of medicine and anthropology. It will also be of interest to practitioners, patients and specialists wishing to

Healing Love through the Tao - Mantak Chia 2005-07-15

A new edition of the bestseller • The first book to reveal in the West the Taoist techniques that enable women to cultivate and enhance their sexual energy • Reveals Taoist secrets for shortening menstruation, reducing cramps, and compressing more chi into the ovaries for greater sexual power • Teaches the practice of total body orgasm For thousands of years the sexual principles and techniques presented here were taught by Taoist masters in secret only to a small number of people (sworn to silence), in the royal courts and esoteric circles of China. This is the first book to make this ancient knowledge available to the West. The foundation of healing

love is the cultivation, transformation, and circulation of sexual energy, known as jing. Jing energy is creative, generative energy that is vital for the development of chi (vital life-force energy) and shen (spiritual energy), which enables higher practices of spiritual development. Jing is produced in the sexual organs, and it is energy women lose continually through menstruation and child bearing. Mantak Chia teaches powerful techniques developed by Taoist masters for the conservation of jing and how it is used to revitalize women's physical, mental, and spiritual well-being. Among the many benefits conferred by these practices are a reduction in the discomfort caused by menstruation and the ability to attain full-body orgasm.

illustrated acupressure massage routines • Shows how to maintain sexual health with prostate massage and jade egg exercises Taught to Chinese emperors, their wives, and their concubines for thousands of years, Taoist sexual techniques help lovers harmonize their cycles of pleasure and utilize the abundance of reproductive power that is otherwise wasted in non-procreative sex. Combining the study of sex with traditional Chinese medicine, these practices stimulate and sustain sexual desire through the meridians and pressure points and enhance relationships by harmonizing male

(yang) and female (yin) energies. Using easy-to-follow illustrations, Taoist Foreplay guides lovers through simple acupressure massage routines connecting all the points and channels that increase pleasure and spark arousal. It shows how to prolong peak moments, maintain sexual health through prostate massage and jade egg exercises, and sustain the intensity of first love through all the seasons of a maturing relationship. It also explains how to reveal and overcome incompatibility with the Taoist Zodiac. From foreplay to climax, these practices offer a way to keep the flame of sexual energy alive.
