Defy Gravity - Caroline Myss 2011-01-15

New York Times best-selling author Caroline Myss draws from her years as a medical intuitive to show that healing is not only physical; it is also a mystical phenomenon that transcends reason. Inspired by ordinary people who overcame a wide array of physical and psychological ailments—from rheumatoid arthritis to cancer—Caroline dove into the works of the great mystics to gain a deeper understanding of healing's spiritual underpinnings. Based on these studies, she demonstrates how conventional and holistic medicine often fall short in times of need. Both systems rely upon a logical approach to curing illness when there is nothing reasonable about the emotional, psychological, or spiritual influences behind any ailment. Integral to this mystical healing approach is the engagement of the soul, which we experience through exploring our seven shadow passions, building an empowered inner self around our seven inherent graces, and learning how to work with the mystical laws that govern it. This knowledge holds the key to understanding what it means to defy gravity and break through the boundaries of ordinary thought. You can heal any illness. You can channel grace. And you can learn to live fearlessly.

Dr. Judith Orloff's Guide to Intuitive Healing - Judith Orloff 2012-05-09
Through 5 practical steps, Dr. Judith Orloff's guide will show you how to recapture, nurture, and affirm your intuitive ability, so that you can utilize it to help heal yourself. In her groundbreaking book, Dr. Orloff leads readers to the heart of a radical revolution in health care: the union of medicine and intuition, of body, mind, and soul. Intuition plays an indispensable role in self-diagnosis, pain control, immune response, and recovery from acute and chronic illness; it can lead you to breakthroughs in anxiety, panic, depression, and other emotional blockages, even when traditional psychotherapy has failed. Intuition also offers insights into the use of medications and the selection of the right healer for your needs. Further, it is integral for sexual healing, since sexuality is a potent connector and energy source for clarifying spirituality and improving vitality. With Dr. Orloff's five practical steps, you'll learn to clarify your beliefs, listen to your body's messages, access inner guidance, sense subtle energy, and interpret your dreams. Practicing the steps, you'll recognize early warning signals and act on them to help prevent illness. You'll have skills to uncover important information from meditation and remote viewing (a way of intuitively tuning in) to make sense of confusing signals. The insights you'll gain from these tools will lend reason, compassion, and meaning to events such as illness, loss, or despair. Following Dr. Orloff's simple, clear instructions, illustrated with examples from her own experience and psychiatric practice, you'll recapture a sense of vision that will bring vibrance to all that you do. "Our intuition can open us up to our spirituality and show us how to be more healthy and whole," writes Dr. Orloff. "If you're in good health, you'll want to know about intuition because it can help you stay well and recognize messages that prevent illness. If you or your loved ones need healing, you'll also want intuition to show the way." Written with abundant warmth, humor, and compassion, this guide is your companion to a healthier, more fulfilling life.

The Power of Surrender - Judith Orloff 2015

Second Sight - Judith Orloff 2008-12-14

In this compelling self-portrait, psychic and psychiatrist Dr. Judith Orloff, "one of the frontier people in health, who was not satisfied with the existing order, the Establishment, and began to push for the expansion of knowledge which the establishment, of course, often rejected and for which it sought to punish them," (The Nation Magazine) draws on her own experience and that of her patients to explore the mysterious and poorly understood realm of the psychic. In riveting detail, she describes how an ignored premonition of a patient's suicide attempt convinced her to embrace her gift and incorporate it into her medical practice—and how using psychic abilities can provide powerful healing. More than simply one woman's journey, this book will also outline effective ways to cultivate natural psychic abilities, including how to—recognize psychic experiences in everyday life—increase clairvoyance—practice psychic exercises—discover psychic empathy—tune into messages the body is

sending—record and interpret dreams—and more.

The Map of Consciousness Explained - David R. Hawkins, M.D., Ph.D. 2020-10-20

An accessible exploration of best-selling author's most famous work, The Map of Consciousness, that helps readers experience healing and transcendence. We are all born with a level of consciousness, an energetic frequency within the vast field of consciousness. And with The Map of Consciousness, we can truly understand the total spectrum of human consciousness. Using a unique muscle-testing method, Dr. David R. Hawkins conducted more than 250,000 calibrations during 20 years of research to define a range of values, attitudes, and emotions that correspond to levels of consciousness. This range of values-along with a logarithmic scale of 1 to 1,000-became the Map of Consciousness, which Dr. Hawkins first wrote about in his best-selling book, Power vs. Force. With the Map, Dr. David R. Hawkins laid out the entire spectrum of consciousness, from the lower levels of Shame, Guilt, Apathy, Fear,

Anger, and Pride; to Courage, Acceptance, and Reason; all the way up to the more expanded levels of Love, Ecstasy, Peace, and Enlightenment. These "higher" energy fields are a carrier wave of immense life energy. An essential primer on the late Dr. David R. Hawkins's teachings on human consciousness and their associated energy fields, The Map of Consciousness Explained offers readers an introduction and deeper understanding of the Map, with visual charts and practical applications to help them heal, recover, and evolve to higher levels of consciousness and energy. This book is a light unto the path of any individual who wants to become more effective in any area of life.

Letting Go - David R. Hawkins, M.D., Ph.D. 2014-01-15

Letting Go describes a simple and effective means by which to let go of the obstacles to Enlightenment and become free of negativity. During the many decades of the author's clinical psychiatric practice, the primary aim was to seek the most effective ways to relieve human suffering in all of its many forms. The inner mechanism of surrender was found to be of great practical benefit and is described in this book. Dr Hawkins's previous books focused on advanced states of awareness and Enlightenment. Over the years, thousands of students had asked for a practical technique by which to remove the inner blocks to happiness, love, joy, success, health and, ultimately, Enlightenment. This book provides a mechanism for letting go of those blocks. The mechanism of surrender that Dr Hawkins describes can be done in the midst of everyday life. The book is equally useful for all dimensions of human life: physical health, creativity, financial success, emotional healing, vocational fulfillment, relationships, sexuality and spiritual growth. It is an invaluable resource for all professionals who work in the areas of mental health, psychology, medicine, self-help, addiction recovery and spiritual development.
