Secrets to a Successful Long-Term Relationship - Joshua Strachan
2017-02-07

A long-lasting relationship is the ultimate goal and we all strive to achieve success and happiness with the people we love. This book teaches the exact simple things you should do to achieve a long-term relationship with deep passion and happiness. You are also going to learn how to use your personality as leverage in attracting your significant other and also to build your relationship on a solid ground of trust. How to Have a Successful Long-Term Relationship Success in relationship is a

gradual process starting from the development of the mind to the exhibition of traits aimed to creating a favorable atmosphere for the two. In order to achieve success in your relationship, you need to have a particular mind-set about the meaning of relationship. You need to open up to the fact that relationship is built by two soul mates and its progress depends on the decisions of the two, not by condition but by love and in any circumstance. A relationship built on the foundation of proper awareness can neither be disrupted nor manipulated either due to financial, physical or mental challenge. Primarily, problems do create a pathway for a partner to prove the promised love, affection and dedication. Also difficulties play a very important role in stimulating the creativity of the two to a higher level. Thus weaknesses and shortcomings are to be expected in every relationship as tools of growth and personal elevation. A success in a short term relationship determines how well the long-term relationship is going to be carried on when effort is being applied. It is important to note that business relationship intertwines with personal (intimate) relationship. Whether you choose to fall in love or grow in love, the right person that deserves you always comes with some uncommon qualities, which we are going to elaborate in this book. You will understand that being attractive plays a significant but not-so-significant role in determining who you date. People can be attractive and still lack the personality required to have a successful relationship. We are also going to learn how to use your personality as leverage in attracting your significant other and also to build your relationship in your desired shape and form. What Makes a Successful Relationship Work? The groundwork for a successful relationship also deals with the exploration of your fears. In order to have a genuine long-lasting and never-ending success in relationship, you need to eliminate every skeptical thought and superstitious believes about people and situations. You need to cross the line of critical thinking in your love life. And most importantly you need to understand how different people experience different things, choose different things and have different tastes even when they are made of the same ingredients. It is wise to learn from people's success and failure but never conclude on external

information. Do not allow others' failure to become your source of fear and their success, a reason to be reluctance. What is Important? After reading this book you'll be automatically exposed to a new view of the entire dating life, relationship, marriage and commitment. You will never have to worry about who you date, how much you can trust and whether you have met your Soul-mate or not, because you will know them when you see them and they will be exactly what you have imagined them to be, even better. I personally dedicate this book to all men and women seeking a better life in a relationship. Although it usually comes at a price, I can assure you that better life is found in a successful relationship. That price is nothing more than allowing yourself to follow the steps that are revealed in this book. It is not the overwhelming and sophisticated philosophy of the universe but a simple relationship blueprint for a long-lasting passion.

Pathway to Intimacy - Carol Welch 2008-02

Does your marriage need a tune-up? Are the pressures of life pulling you apart? Have you gotten so busy with your lives that you have forgotten about your dreams? What you need is a little bit of faith and a great big change of perspective. What you need is a fresh word from God. Most of you believe Psalms 119:105, "Thy word is a lamp unto my feet and a light unto my path." But all too often, the reality is that we don't really understand God's will, and we don't know his plan for our marriage. If I have hit the nail on the head take courage, take hope, and take this book home with you. In it you will discover the pathway of God's Living Word. Pathway to Intimacy will teach you how to seek God's will for your marriage, how to find answers in God's Word, how to empower your relationship with renewed love, and how to intertwine God in your marriage. My God can change your perspective and empower you to change your circumstances. My God has a word for your marriage, and once you hear that word, you will never be the same again.

Precious Heart-Broken Heart - Dr. M.G. Maness 2003-01-09

I chronicle the nature of grief peculiar to divorce in a personal manner through the lens of my experience and clinical understanding. I begin with love and end with love. In Part One: I begin with the fantasy that turned into tragedy, and I use the analogy of a clock's mechanism to show the general nature and course of healthy grief especially in divorce. I start with an analogy of the mechanical nature of something totally non-mechanical and fully metaphysical. A mainspring, fulcrum, lever, and pendulums show how inward and outward expressions of grief facilitate or impede healing. In Part Two: the Black Forest Pathway How Expression Unfolds chapters III through XII, a few other analogies are used to chronicle the journey through grief, like the "Bay of Heartbrokenness," the "Bridge of Finality," and the "Wasteland." With these analogies and some liberty, I take the reader on a walk through the "Black Forest," observing the various trees that make up grief in the various stages of a divorce. In Part Three: the Black Forest What Helps Expression chapters XIII and XV, I step back and view the Black Forest as a whole; that is, in comparison with and without diminishing the grief of death, I show the peculiar and greater pain of divorce. All analogies have some weaknesses, and there is no pretension to having chronicled every aspect. Even these are but scribbles. But perhaps the pictures and journey will help a little. If anything, I hope for an increase in sensitivity toward those going through a divorce, for it can be the most traumatic and painful event in a person's life indeed, life-changing.
