*Emerging Lesbian Voices from Japan* Sharon Chalmers 2003-08-29 Lesbian Sexuality has remained largely ignored in Japan despite increasing exposure of disadvantaged minority groups, including gay men. This book is the first comprehensive academic exploration of contemporary lesbian sexuality in Japanese society. The author employs an interdisciplinary approach and this book will be of great value to those working or interested in the areas of Japanese, lesbian and gender studies as well as Japanese history, anthropology and cultural studies.

**Through Vegetal Being** Luce Irigaray 2016-07-05 Blossoming from a correspondence between Luce Irigaray and Michael Marder, *Through Vegetal Being* is an intense personal, philosophical, and political meditation on the significance of the vegetal for our lives, our ways of thinking, and our relations with human and nonhuman beings. The vegetal world has the potential to rescue our planet and our species and offers us a way to abandon past metaphysics without falling into nihilism. Luce Irigaray has argued in her philosophical work that living and coexisting are deficient unless we recognize sexual difference as a crucial dimension of our existence. Michael Marder believes the same is true for vegetal difference. Irigaray and Marder consider how plants contribute to human development by sustaining our breathing, nourishing our senses, and keeping our bodies and minds alive. They note the importance of returning to ancient Greek tradition and engaging with Eastern teachings to revive a culture closer to nature. As a result, we can reestablish roots when we are displaced and recover the vital energy we need to improve our sensibility and relation to others. This generative discussion points toward a more universal way of becoming human that is embedded in the vegetal world.

*The British National Bibliography* Arthur James Wells 2003

*Racialized Politics of Desire in Personal Ads* Neal A. Lester 2007 The essays in *Racialized Politics of Desire in Personal Ads* explore complex intersections among the social categories of race, gender and sexuality within personal ads, revealing a dynamic tapestry of power relations and hierarchies. The ephemeral nature of personal ads, their anonymity, the space limitations, and the linguistic encoding characteristic of the genre make it an interesting and important opportunity to witness the performative nature of identity politics.

*Heterophobia* Daphne Patai 2000 A scathing criticism of political and sexual correctness, this thought-provoking and powerfully argued book is sure to incite debate among all Americans concerned with the legacy and future of women's rights.

*Manifesto contrassexual* Paul B. Preciado 2022-09-19 Um manifesto cáustico e subversivo que busca derrubar todas as restrições e preconceitos sobre o que pode ou não ser feito com o corpo e para o corpo. Defesa radical da liberdade dos corpos, Manifesto contrassexual põe abaixo todas as noções estereotipadas de sexo, gênero e desejo. Com a verve demolidora e o rigor teórico que o tornaram um dos pensadores essenciais da atualidade, Paul B. Preciado analisa e desmonta as construções socioculturais que definiram e normatizaram a sexualidade. Combinando linguagens diversas que vão da arte performática ao dadaísmo e inspirado pelo pensamento de Michel Foucault, Gilles Deleuze, Judith Butler e Jacques Derrida, o filósofo espanhol propõe a contrassexualidade como antídoto à política conservadora de controle sexual: uma teoria do corpo que se situa fora das oposições homem/mulher, masculino/feminino, heterossexualidade/homossexualidade.

## **The Publishers Weekly**

*Testo Junkie* Paul B. Preciado 2013-09-23 This visionary book on gender and sexuality weaves together high theory and intimate memoir, with "spectacular" results—"and the gendered body will never be the same again" (Jack Halberstam). What constitutes a "real" man or woman in the twenty-first century? Since birth control pills, erectile dysfunction remedies, and factory-made testosterone and estrogen were developed, biology is definitely no longer destiny. In this penetrating analysis of

gender, Paul B. Preciado shows the ways in which the synthesis of hormones since the 1950s has fundamentally changed how gender and sexual identity are formulated, and how the pharmaceutical and pornography industries are in the business of creating desire. This riveting continuation of Michel Foucault's *The History of Sexuality* also includes Preciado's diaristic account of his own use of testosterone every day for one year, and its mesmerizing impact on his body as well as his imagination.

*Interface Culture* Steven A. Johnson 1999-10-07 Drawing on his own expertise in the humanities and on the Web, Steven Johnson not only demonstrates how interfaces - those buttons, graphics, and words on the computer screen through which we control information - influence our daily lives, but also tracks their roots back to Victorian novels, early cinema, and even medieval urban planning. The result is a lush cultural and historical tableau in which today's interfaces take their rightful place in the lineage of artistic innovation. With a distinctively accessible style, *Interface Culture* brings new intellectual depth to the vital discussion of how technology has transformed society, and is sure to provoke wide debate in both literary and technological circles.

**Lesbians Talk Detonating the Nuclear Family** Julia Brosnan 1996 Lesbians deconstruct the nuclear family and offer new patterns of relating, living, parenting and caring.

**The Lesbian Kama Sutra** Kat Harding 2015-08-04 Using clear, empowering text to celebrate the love between women, *The Lesbian Kama Sutra* encourages love and sex, pleasure and sensuality, uninhibited erotic indulgence, and play. Visually stunning, it features beautiful historical artworks, erotic illustrations, and sophisticated instructional drawings that offer an illustrated journey through the different sexual positions.

**Britain and the Olympic Games** Matt Rogan 2011 London 1948 created the economic model for the Olympic movement for the twentieth century. More importantly, it taught us that sport matters to society. As the Olympic Games returns to Britain in 2012, the parallels in context with 1948 are stark. For the Berlin airlift, read Afghanistan and Iraq. For political manipulation in Berlin 1936, read Beijing. Domestically, financial recession, public debt and questions of infrastructure legacy challenge the 2012 Organising Committee in the same way they were challenged in 1948. Britain needs a boost. Father and son team, Matt Rogan and Martin Rogan closely examine the key themes connected to the Games - from winning the Olympic Games for London to the practical realities of delivering gold medal performance, coaching and funding athletes to the business model of the Games. They interview a breadth of people - from 2012 hopefuls to Olympic Gold Medallists, Sports Coaches to NHS doctors, 1948 veterans and 2012 BBC commentators to stadium constructors, current World Champions and British Olympic Team Managers. If London 1948 changed the model for the Olympic Games and the social climate in Britain for the remainder of the twentieth century, the same will be true of London 2012 for the twenty-first century.

**Queer Futures** Elahe Haschemi Yekani 2016-04-15 Following debates surrounding the anti-social turn in queer theory in recent years, there has been a renewed interest in the role of activism, the limits of the political, and the question of normativity and ethics. *Queer Futures* engages with these concerns, exploring issues of complicity and agency with a central focus on the material and economic as well as philosophical dimensions of sexual politics. Presenting some of the latest research in queer theory, this book draws together diverse perspectives to shed light on possible 'queer futures' when different affective, temporal, and local contexts are brought into play. As such, it will appeal to scholars of cultural, political, literary, and social theory, as well as those with interests in gender and sexuality, activism, and queer theory.

**Undressing Lesbian Sex** Elaine Creith 1996 A provocative, lively and informative book containing a down-to-earth review of lesbian sex which explores what lesbians do, how they do it and how often. Contains informed discussion on many issues affecting lesbian sexual health and well-being, including the latest thinking on HIV/AIDS, the SM debate, social lubricants, the lesbian 'bed-death' theory, monogamy and non-monogamy, the impact of long-term illness on sexual relationships, abuse and safer sex information. Accessible, entertaining and original, *Undressing Lesbian Sex* is the first British book on the subject and it is based on extensive empirical research in this country. The

results of the UK's first-ever lesbian sex survey, which was widely distributed throughout the country, are analysed and explored here in the broader context of lesbian life in the nineties. *Sociological Abstracts* Leo P. Chall 1997 CSA Sociological Abstracts abstracts and indexes the international literature in sociology and related disciplines in the social and behavioral sciences. The database provides abstracts of journal articles and citations to book reviews drawn from over 1,800+ serials publications, and also provides abstracts of books, book chapters, dissertations, and conference papers.

*New Literature on Women* 1997

*Posthumous Life* Jami Weinstein 2017-03-28 *Posthumous Life* launches critical life studies: a mode of inquiry that neither endorses nor dismisses a wave of recent "turns" toward life, matter, vitality, inhumanity, animality, and the real. Questioning the nature and limits of life in the natural sciences, the essays in this volume examine the boundaries and significance of the human and the humanities in the wake of various redefinitions of what counts as life. They explore the possibility of theorizing life without assuming it to be either a simple substrate or an always-mediated effect of culture and difference. *Posthumous Life* provides new ways of thinking about animals, plants, humans, difference, sexuality, race, gender, identity, the earth, and the future.

**Winterwood** Patrick McCabe 2009-08-03 Once, in Kilburn, married to the sugar-lipped Catherine and sharing his daughter Immy's passion for the enchanted kingdom of winterwood, Redmond Hatch was happy. But then infidelity, betrayal and the 'scary things' from which he would protect his daughter steal into the magic kingdom, and bad things begin to happen. Now Redmond - once little Red - prowls the barren outlands alone, haunted by the disgraced shade of Ned Strange, a fiddler and teller of tales from his home in the mountainy middle of Ireland.

*Foucault's Futures* Penelope Deutscher 2017-04-04 In *Foucault's Futures*, Penelope Deutscher reconsiders the role of procreation in Foucault's thought, especially its proximity to risk, mortality, and death. She brings together his work on sexuality and biopolitics to challenge our understanding of the politicization of reproduction. By analyzing Foucault's contribution to the politics of maternity and its influence on the work of thinkers such as Roberto Esposito, Giorgio Agamben, and Judith Butler, Deutscher provides new insights into the conflicted political status of reproductive conduct and what it means for feminism and critical theory.

**New Books on Women and Feminism** 1995

*Tabi-tabi sa pagsasantabi* 2003 Aspects of arts, culture, and language of gay and lesbian in the Philippines; collection of articles.

*Transformatrix* Patience Agbabi 2012-11-15 'They call me Jax, though my real name's Eva / The whole of the Jackson Five rolled into one serious diva / No.1 on the guest list, top of the charts / When I make my grand entrance, the sea of sequins parts...' From Hamburg to Jo'burg, Oslo to Soho, Patience Agbabi follows her critically acclaimed debut collection R.A.W., with *Transformatrix*, an exploration of women, travel and metamorphosis. Inspired by 90s poetry, 80s rap and 70s disco, *Transformatrix* is a celebration of literary form and constitutes a very potent and telling commentary on the realities of late twentieth century Britain. It is also a self-portrait of a poet whose honesty, intelligence and wit manages to pack a punch, draw a smile and warm your heart all at once.

*Invented Identities?* Bob Cant 1997 In *Invented Identities?* lesbians and gay men talk about migration in the context of their family backgrounds and their lesbian, gay and other identities.

**Contemporary African American Preaching** L Susan Bond 2003-04-01 L. Susan Bond reveals the full range and diversity of African American preaching in this exploration of African American homiletical theories. Portraying the many approaches that are empowering preaching in African American churches today, Bond shows how different theological perspectives produce different methods of sermon preparation and delivery, different strategies for selecting illustrative material, and even different ways of beginning and ending sermons. Her goal is not to lift up the "right way" to preach in the African American tradition, but to show the richness and nuance contained within this powerful cultural expression.

*Countersexual Manifesto* Paul B. Preciado 2018-12-18 *Countersexual Manifesto* is an outrageous yet

rigorous work of trans theory, a performative literary text, and an insistent call to action. Seeking to overthrow all constraints on what can be done with and to the body, Paul B. Preciado offers a provocative challenge to even the most radical claims about gender, sexuality, and desire. Preciado lays out mock constitutional principles for a countersexual revolution that will recognize genitalia as technological objects and offers step-by-step illustrated instructions for dismantling the heterocentric social contract. He calls theorists such as Derrida, Foucault, Butler, and Haraway to task for not going nearly far enough in their attempts to deconstruct the naturalization of normative identities and behaviors. Preciado's claim that the dildo precedes the penis—that artifice, not nature, comes first in the history of sexuality—forms the basis of his demand for new practices of sexual emancipation. He calls for a world of sexual plasticity and fabrication, of bio-printers and "dildonics," and he invokes countersexuality's roots in the history of sex toys, pornography, and drag in order to rupture the supposedly biological foundations of the heterocentric regime. His claims are extreme, but supported through meticulous readings of philosophy and theory, as well as popular culture. The Manifesto is now available in English translation for its twentieth anniversary, with a new introduction by Preciado. *Countersexual Manifesto* will disrupt feminism and queer theory and scandalize us all with its hyperbolic but deadly serious defiance of everything we've been told about sex.

**Subject Guide to Books in Print 1993**

*Queer Commodities* G. Davidson 2012-02-27 *Queer Commodities* is the first book-length analysis of same-sexuality and consumer capitalism in contemporary US fiction. Moving beyond the critical tendencies to identify gay and lesbian subcultures as either hopelessly immersed in consumer capitalism or heroically resistant to it, Guy Davidson argues that while these subcultures are necessarily commodified, they also provide means of subversively negotiating aspects of life under capitalism.

**Revisions** Lisa Adkins 2002 In so doing it puts forward a distinctive thesis, namely that within late modernity gender and sexuality are being reworked in terms of categories of reflexivity and risk. It shows that this reworking places increasing significance on issues of mobility and identity in late modernity. It therefore outlines the politics of mobility in regard to identity, suggesting that mobility is an important but often neglected source of power in late modernity. *Revisions: gender and sexuality in late modernity* will be essential reading for advanced undergraduates, research students and academics working in the fields of feminist theory, social theory, sociology, women's studies and cultural studies."--Jacket.

**The New Lesbian Sex Book** Wendy Caster 2008 The most thorough, comprehensive guide to lesbian sex hits its third edition - fully updated to include the latest first-hand information on the all things to do with lesbian sex. An open, friendly, informative and accessible discussion of sexual techniques. Includes experiences and techniques from over 30 women, who discuss their sex lives in extreme and honest detail.

**Perceptions of Difference** Michele Besant 1999

*A Deleuzian Century?* Ian Buchanan 1999 A critical engagement with the writings on Gilles Deleuze by scholars and translators of his work. Originally published as a special edition of SAQ, Summer, 1997, Vol. 96.3; it's both an introduction to and a critique of his work.

**Naked Truths** Ann Olga Koloski-Ostrow 2003-09-01 The articles in *Naked Truths* demonstrate the application of feminist theory to a diverse repertory of classical art: they offer topical and controversial readings on the material culture of the ancient Mediterranean. This volume presents a timely, provocative and beautifully illustrated re-evaluation of how the issues of gender, identity and sexuality reveal 'naked truths' about fundamental human values and social realities, through the compelling symbolism of the body.

*Forthcoming Books* Rose Army 1996-06

**Lesbians Talk Transgender** Zachary I. Nataf 1996 What does it mean for a lesbian to physically change into a man and have a relationship with a lesbian? Zachary Nataf looks at the implications of transgender for lesbian culture.

**The Lesbian Postmodern** Laura L. Doan 1994 This volume of essays examines a realm as yet untouched in literary and cultural criticism and gender theory; a specifically lesbian postmodern.

**Heterosexuality** Sue Wilkinson 1993-04-14 Heterosexuality is generally taken for granted, seldom explicitly addressed. Rarely has it been the focus of sustained theory. This Reader is a forum for the analysis of heterosexuality as it relates to feminism and psychology. Leading feminists, psychologists and activists explore the personal and political implications of heterosexuality and of heterosexuality as an institution. They consider the extent to which feminism and heterosexuality are compatible and the complex interrelationships between sexual behaviour, categories and identities. Acknowledging the interactions between heterosexism and other oppressions, they point to the contradictions between heterosexual desire and heterosexual coercion, between heterosexual

**Horace: Odes and Epodes** Michele Lowrie 2009-10 A collection of recent articles representing some of the best recent writing on Horace's Odes and Epodes. Several classic studies in French, German, and Italian appear in English for the first time, while the Introduction surveys the state of current scholarship and offers guidance on the interpretation of Horatian lyric today.

**Pornography and Sexual Representation** Joseph W. Slade 2001 For better or worse, pornography and sexual representation suffuse American culture. This first comprehensive guide to the literature includes the history of pornography in the United States and discusses pornography in a vast range of media. It presents information regarding bibliographies and reference tools concerning pornography and reviews of references devoted to the histories of sexuality and its representations and on theoretical works on erotica and pornography. A chronology of important dates in the history of American Pornography and a discussion of child pornography outline issues and events throughout its history. Dramatic, visual, and electronic media are gathered and arranged by topic. Pornography in all of its forms is explored in this three volume reference. Slade includes many avenues upon which pornography and sexual representation have had an impact including research and policy in the medical and social sciences, the law in the United States, and the economics of pornography. An invaluable tool for further research, this guide to the literature of pornography and sexual representation will appeal to scholars and students of popular culture, gender and women's studies, and gay and lesbian studies. It will also interest those in the field of American history and mass media.
