How to Get a Man Without Getting Played - Bruce Bryans 2017-05-09
How to Attract Men Worth Dating and Get the Guy You Really Want
When it comes to finding a suitable mate for a passion filled, committed relationship, one of the things men want most in a woman is self-possession, or said another way, womanly poise. When high-quality men come across a woman with poise they crave her respect, her approval, and most importantly, her love. Men like this understand that a woman's poise reflects her self-worth. And they know that a woman can only act with poise when she's placed a higher importance on her dignity and well-being than she does on ANY man. It is this unique female attitude that drives a man wild with sustainable desire, the kind of desire that makes him eager to commit to a woman and claim her as his own. How to Attractively Set Standards with a Man and Make Him Want You Even More
When a woman lacks poise she generally gives too much of herself, and usually at the most ineffective times when dating a man. She is too lenient with men in the beginning stages of a new romance, and she's prone to compromising her standards just to keep a man in her life. Women like this unknowingly chase men, as they become frantic,

frustrated, and foolhardy whenever the guy they want begins to pull away or lose interest in them. A woman with poise never chases or throws herself at a man, nor does she make things easy for him by clearing her schedule "just in case" he calls or comes around. Instead, a woman with poise maintains her mystery, sticks to her standards, and uses her feminine charms to invite men to either pursue her passionately or leave her alone. How to Date like a High-Value Woman and Be Irresistible to Mr. Right It's easy to show class and character when things are going your way with a guy. But your ability to remain unfazed amid his disrespect or disinterest is what really helps him determine whether you are a high-value woman or not. A man will not always act in ways that are favorable to you. Sure, some men are scumbags, but not all men who act thoughtlessly towards you should be categorized this way. Therefore, if you want to separate the good guys from the time wasters it's important to act with poise. This book was designed for women who want to go from being powerless to being irresistible to men. In it, you'll discover the secrets to having more confidence and power with men and dating as you learn the beliefs, attitudes, dating rules, "love habits", and seduction secrets of the high-value woman. Here's what you're going to learn inside: What to say when you want to "slow things down" with a guy without losing his interest in you. The most seductive first date "good deed" that can CAPTURE a man's desire and make him desperate to see you again. The #1 key to conquering a man's heart during the early dating stages. (This is something most women only figure out after YEARS of painful trial and error.) How to get a boyfriend by avoiding a HUGE relationship-killing mistake most women make within the first few weeks of dating. The single most irresistible feminine attitude that easily overwhelms a man's emotions and makes it IMPOSSIBLE for him to get you off his mind. How to get a man to treat you like a top priority (instead of his Plan B) once you start dating him. How to maintain the "Queen's Composure" when men pull away and how to use it to make the good ones come RUNNING back to you. The "dating rules" high-value women use to quickly eliminate players and find Mr. Right. And much, much more... Would You Like to Know More? Get started right away and

50 ways to make her trust you - Celine Claire 2022-02-14

This e-book helps men get the tactics of gaining trust from the ladies they adore in their lives. Tip number one. PUT YOURSELF IN HER SHOES You may have already heard of this. However, empathy is not an overrated thing at all. We are different, at least in some ways. So, if you're not ready to see a situation from another perspective too, how can you really understand what's going on? There is truly no doubt that men and women see relationships from varying angles, but a desire for trustful behavior isn't reserved for one gender. Indeed, you'll find that if you look at the situation from her perspective, there are similarities to what you're thinking yourself. Do you want her to be honest and trustworthy with you? Do you want to actively plan activities you'll do together? Do you want to know her circle of friends and see that she's letting you into her life? Do you want to know that she's showing trust? See, it all comes full circle! Your lady is in a similar situation. She wants you to show her that she's an essential component of your life, not that you want to keep her at arm's length. This involves restraining yourself without explaining why, not asking for "freedom" aggressively, not ghosting or gaslighting her (at all). After all, don't you want the same things? Tip number two. BE HONEST WITH HER Honesty is the foundation that keeps everything else together in your relationship. If you don't reinforce honesty daily, it'll slowly disappear. Note that being sincere doesn't imply being utterly frank. There's a big difference between "you look better in other skirts, sweetie" and "that skirt looks absolutely miserable on you." You don't desire to be ruthlessly transparent unless you and your lady agree that it's an essential part of your relationship. Otherwise, share your thoughts and opinions, although respectfully and neutrally. You want to formulate quality conversations without appearing like you're set on arguing. In other words, don't treat her like she's a fragile person who can't recognize the truth, but you shouldn't be downright mean with her either. Translator: Celine Claire PUBLISHER: TEKTIME

How to Get Your Ex Girlfriend Back - C. Powell 2012-01-24

The answer to the question 'can i get my girlfriend back?' is yes... probably. You see if your girl still loves you, no matter how much you've messed up in the past, she will more than likely be receptive to you if you can prove to her that she won't be wasting her time and that she won't get hurt again. No one wants to be hurt and no one wants to set themselves up to be hurt by trusting someone who has already proven they can't be trusted. For this reason you will probably be able to win her back but you had better expect an uphill climb. The first step is to give her a little time and space. Don't rush her or expect everything to happen quickly. It takes a lot longer to rebuild trust than it took to tear it apart. More than likely by the time you've gotten to this point you've let her down more than once. Please don't think that all that past hurt and all those mistakes will go away and she'll forget about them just because you say 'I'm sorry' or you tell her that 'I've changed'. She'll probably need to see some proof that that is true. It's important for you to concentrate

on yourself instead of just trying to convince her you've changed. It will take you time to truly change the person that you are and you don't want

to make the mistake of thinking you can somehow 'trick' her into believing you are a different man.
