

Women Who Only Want Sex

If My Hoo-Hah Could Talk: Tips and Tricks for Men and the Women They Want to Please -
Elisabet 2019-03-02

This book isn't written for any specific gender. I hope to reach all and any healthy people looking to spice up their sex lives. If women read it and feel comfortable sharing it with their men, that will certainly get the ball rolling. If men read it and feel like their ladies could use some tips, that would also be a great place to get communication going toward an open and loving sex life. Put down all of your electronics and talk to your partner. Get a dialogue going that works for you. Social media is great for so many things, but when it comes to romance and great sex, we have to go back to basics. We're losing the

ability to communicate by hiding behind texts, emails, and any form of communication that doesn't hold you accountable. Romance isn't something that goes out of fashion! We may be in the 21st century, but sex, love, passion, and romance go back to the beginning of time - and they only improve with experience. Let's all go back to old school and enjoy each other the old-fashioned way: by communicating. When did we stop putting effort in our relationships? The sexual revolution has taken on many faces over the years. There was a time that sex for women was a duty, but the women of today want sex for pleasure, not to just service their men or to procreate. Women have become more aggressive in embracing great sex. Sex is fun and should be

enjoyed by all genders.

What Women Want in the Bedroom - Terrence Walker 2015-01-13

Roni sets out to find out what women want in the bedroom. His ultimate goal is to satisfy them sexually. He is willing to do almost anything the women ask him to do. He started out being a gigolo, but before his journey is done he has become more, or less a john paying the women to have sex with them to satisfy their sexual needs. But once he meets his stalker Grace, she is willing do almost anything to win him over. This includes paying him, or blackmailing him to have sex with her. Now he knows what women want in the bedroom and what women don't want in the bedroom. Most women want a good love maker. They want someone that can satisfy them with oral sex that good tongue action. You

will know when you are doing it right. She will be moaning and groaning making all those weird sounds and noises. She will be trying her best to scoot away from that tongue action, but wanting more. She will be busting juices all in your face. They are looking for a man that can stay hard with his penis for at least twenty minutes and that depends on how old the woman is. If you are a two to five minute man and you cannot get it back up. you are probably more than likely wasting her time. Unless she's an elderly woman and she's just trying to get a quickie in, because any time much longer causes her some type of pain. Your penis size does matter to most women. But it matters even more to them if you don't know how to use it. Usually they want an above size penis, seven to eight inches is the preferable size. However, if you have an above size penis that alone may not satisfy them especially if you are just jamming it in them. Some women want good pain. But most women don't want extreme pain where you are hurting

them. Good pain is when she feels your entire penis in her and you're not hurting her. It feels good to her, she wants more sex. Extreme pain is when you cannot put your entire penis in her, but you continue to try and jam it in her. It feels like you are tearing something inside her. It's hurting her. Women want to snuggle up, cuddle in the bedroom and watch a movie together. She would like that even more than you embracing her while watching a movie at a theater, because in the bedroom the both of you are in a secluded room. Not only do women want to cuddle, they want foreplay. They want to be kissed on. They want to be touched. and rubbed on. Men do not expect women to give you head if you're not willing to go down on them and give them head in return. When you first get with a woman don't go running your mouth gossiping like a woman telling your boys that you had sex with her last night. Because that may be the last time you get, or lick on her goodies again. Men don't talk to women like you're the shit in bed and you're only

a two minute man. Especially if it takes you days, or a week before you can perform for another two more minutes again. You may have gotten her excited anticipating that you're going to perform much longer than you can. Don't get yourself off and forget about your woman. Men, women don't like that. Men don't say you have a foot long in your pants, when you're only carrying a half of foot long. It's not like she won't notice it when you're having sex with her. Women like men to engage during sex. Don't make the woman do all the work. And don't just stare at the woman during sex, it might seem a little creepy to her. Men don't tell women that you suck a mean clit and you don't know what you're doing when you go down on her. If you don't know how to use your tongue keep it in your mouth, or don't waste her time trying. Men don't be afraid to ask her what she wants you to do to her in the bedroom. Remember it's all about keeping her happy. You wouldn't want your woman to get mad at you and take those

goodies away from you for a short period of time. Now would you? It's not to many things on earth that feels better than some women goodies. If she with holds them from you that can amount to corporal punishment.

The New I Do - Susan Pease Gadoua
2014-09-23

If half of all cars bought in America each year broke down, there would be a national uproar. But when people suggest that maybe every single marriage doesn't look like the next and

isn't meant to last until death, there's nothing but a rash of proposed laws trying to force it to do just that. In *The New I Do*, therapist Susan Pease Gadoua and journalist Vicki Larson take a groundbreaking look at the modern shape of marriage to help readers open their minds to marrying more consciously and creatively. Offering actual models of less-traditional marriages, including everything from a parenting marriage (intended for the sake of raising and nurturing children) to a comfort or safety marriage (where people marry for financial security or companionship), the book covers unique options for couples interested in forging their own paths. With advice to help listeners decide what works for them, *The New I Do* acts as a guide to thinking outside the marital box and the framework for a new debate on marriage in the 21st century.

The Beta Male Revolution - Alan Roger Currie
2016-06-01

"The Beta Male Revolution is for men in the 21st Century what Feminism was for women in the 1960s and 1970s" says Author and Professional Dating Coach Alan Roger Currie in his latest book. Most men don't want to remain 'just friends' with women. Men want either sex only from women, or a combination of sexual companionship and non-sexual companionship. Unlike men, women have as many as FOUR types of men they want to spend time with: - Men who women only want to spend time with for sexual enjoyment and satisfaction: These are 'Total Alpha males' - Men who women only want to spend time with for a combination of sexual companionship and non-sexual companionship. These are 'Alpha males with a few Beta traits and tendencies' - Men who women want to spend time with primarily for the benefit of entertaining conversation, enjoyable social companionship, and financial assistance and

support. These are 'Beta males with a few Alpha traits and tendencies' - Men who women only want to spend time with for strictly platonic friendship, flattery, and to have men provide them with an 'empathetic listening ear' when they are feeling bored, frustrated, or depressed. These are 'Total Beta males' Many women socially interact exclusively with Alpha male types between the ages of 18 and 29, and then begin looking for a nice, sweet, polite, monogamy-oriented Beta male type for marriage once they reach the age of 30. Well, the Beta male types are tired of this routine, and they are now avoiding proposing to marriage to women who they perceive as "Alpha male leftovers." Beta males are now well aware that the vast majority of women want to spend time with Alpha males for sexual enjoyment and satisfaction. They are also well aware that most women want to spend time with Beta males for platonic friendship, financial favors, and entertaining conversation. The Beta Male

Revolution is a brutally honest assessment of where we as a society have been, where we are now, and where we are headed regarding the state of dating, long-term romantic relationships, marriage, and monogamy vs. promiscuity vs. polyamory. Women can also learn from this book because Currie explains just why men pursue some women for short-term non-monogamous 'casual' sex only, while they pursue other totally different women for long-term romantic relationships and marriage. Purchase this book right now and be educated and enlightened. You are guaranteed to have a better understanding of the manner in which the mind of the opposite sex works, and why men and women gravitate toward the type of romantic companions and sexual companions that they do after reading this book. How to Drive Any Man Crazy in Bed - Erwin Ellison 2021-04-18

Most women will say at least 90% of men only

want sex in bed if you ask them a hundred times. Although it seems straightforward and easy, it is quite complex. The man wants a partner to enjoy bedtime with. Someone he can trust. Men Only Want Sex and Their Freedom(tm) -
Nannette LaRee Hernandez 2017-07-24

Don't judge this book by its title. This book is very Pro-Male, and exposes Feminism for the crock it really is. Most of the relationship advice that you've even read, heard from an 'expert' or taken from a friend, is nothing but a load of crap. I'm here to tell you these true and simple Facts: that it is almost always the woman's fault when a relationship ends, and that only a woman has all the power in a romantic relationship. Here's why most women will never get what they want with, and from a man: 1: Women Universally REFUSE to accept Men as they are DNA designed, which is why most women will never have a successful romantic relationship with a man. 2: Women Universally REFUSE to love Men on their terms, which is why most romantic relationships eventually

fail. This book is the Final Frontier on men, sex, relationships, and how he really feels about you. So, set aside your Relationship-Killing, Delusional-Feminist-Perspective about men, focus on what I say in this book, and then apply it to your romantic relationship, and I promise you that you will finally have the relationship that you have always wanted with a man. Or, you can just stay miserable, and stuff more fried chicken into your mouth on yet another lonely Saturday night. Choice is yours.
