The Lady's Guide to Celestial Mechanics - Olivia Waite 2019-06-25

As Lucy Muchelney watches her ex-lover's sham of a wedding, she wishes herself anywhere else. It isn't until she finds a letter from the Countess of Moth, looking for someone to translate a groundbreaking French astronomy text, that she knows where to go. Showing up at the Countess' London home, she hoped to find a challenge, not a woman who takes her breath away. Catherine St Day looks forward to a quiet widowhood once her late husband's scientific legacy is fulfilled. She expected to hand off the translation and wash her hands of the project—instead, she is intrigued by the young woman who turns up at her door, begging to be allowed to do the work, and she agrees to let Lucy stay. But as Catherine finds herself longing for Lucy, everything she believes about herself and her life is tested. While Lucy spends her days

interpreting the complicated French text, she spends her nights falling in love with the alluring Catherine. But sabotage and old wounds threaten to sever the threads that bind them. Can Lucy and Catherine find the strength to stay together or are they doomed to be star-crossed lovers?

How to Spot a Dangerous Man Before You Get Involved - Sandra L. Brown 2005

In this title, women are shown how to choose men wisely, and learn how not to make the same mistake twice. Brown covers all the red flags of a dangerous man, and offers stories of women's successes and failures dealing with each type.

The Secret of Our Success - Joseph Henrich 2017-10-17

How our collective intelligence has helped us to evolve and prosper
Humans are a puzzling species. On the one hand, we struggle to survive

on our own in the wild, often failing to overcome even basic challenges, like obtaining food, building shelters, or avoiding predators. On the other hand, human groups have produced ingenious technologies, sophisticated languages, and complex institutions that have permitted us to successfully expand into a vast range of diverse environments. What has enabled us to dominate the globe, more than any other species, while remaining virtually helpless as lone individuals? This book shows that the secret of our success lies not in our innate intelligence, but in our collective brains—on the ability of human groups to socially interconnect and learn from one another over generations. Drawing insights from lost European explorers, clever chimpanzees, mobile hunter-gatherers, neuroscientific findings, ancient bones, and the human genome, Joseph Henrich demonstrates how our collective brains have propelled our species' genetic evolution and shaped our biology. Our early capacities for learning from others produced many cultural innovations, such as fire, cooking, water containers, plant knowledge, and projectile weapons, which in turn drove the expansion of our brains and altered our physiology, anatomy, and psychology in crucial ways. Later on, some collective brains generated and recombined powerful concepts, such as the lever, wheel, screw, and writing, while also creating the institutions that continue to alter our motivations and perceptions. Henrich shows how our genetics and biology are inextricably interwoven with cultural evolution, and how culture-gene interactions launched our species on an extraordinary evolutionary trajectory. Tracking clues from our ancient past to the present, *The Secret of Our Success* explores how the evolution of both our cultural and social natures produce a collective intelligence that explains both our species' immense success and the origins of human uniqueness.

The Highly Sensitive Man - Tom Falkenstein 2020-04-28

Although high sensitivity affects both men and women equally, being a highly sensitive man comes with unique challenges. Working closely with Dr. Elaine Aron - the originator of *The Highly Sensitive Person*--cognitive behavioral psychologist Tom Falkenstein offers the only book written specifically for highly sensitive men and those who love them. Bestselling

classic and global phenomenon *The Highly Sensitive Person* has helped millions of people around the world. Now Elaine Aron's colleague offers help and hope for men with high sensitivity and the unique problems they face. Highly sensitive people think deeply, empathize instinctively, and tend to behave in an ethical way that benefits everyone. Today, with the negative effects of "toxic masculinity" and aggressive behavior in evidence all around us, we need highly sensitive people--especially men--more than ever. Yet for men in particular, being highly sensitive brings distinct challenges, such as gender stereotypes that portray them as too emotional or not "manly" enough. Cognitive behavioral psychologist Tom Falkenstein offers the first psychological guide that specifically addresses highly sensitive men and those who care about them, and explores the unique advantages and obstacles they face. Drawing from his training with pioneer in the field Dr. Elaine Aron, and his own groundbreaking work, Falkenstein incorporates the most up-to-date research on high sensitivity--what it is and isn't--how it relates to male identity, and provides one-of-a-kind advice and practical tools. Including an illuminating conversation with Dr. Aron, *The Highly Sensitive Man* is an invaluable book that will help redefine masculinity and reveal how high sensitivity can enrich men's lives, their communities, and the lives of those who love them. "A book that cracks open the conversation about how men can blend their strength, sensitivity and unique gifts into a more modern and whole definition of what it is to be a man." --Alanis Morissette, singer, songwriter, activist "Rooted in the rigorous science of sensory processing sensitivity . . . provides numerous ways we can grow into our own skins." --Tracy Cooper, PhD, author of *Thrill!: The High Sensation Seeking Highly Sensitive Person*

The Quincunx - Charles Palliser 1990-11-27

An extraordinary modern novel in the Victorian tradition, Charles Palliser has created something extraordinary—a plot within a plot within a plot of family secrets, mysterious clues, low-born birth, high-reaching immorality, and, always, always the fog-enshrouded, enigmatic character of 19th century—London itself. "So compulsively absorbing that reality disappears . . . One is swept along by those enduring emotions that defy

modern art and a random universe: hunger for revenge, longing for justice and the fantasy secretly entertained by most people that the bad will be punished and the good rewarded.”—The New York Times “A virtuoso achievement . . . It is an epic, a tour de force, a staggeringly complex and tantalizingly layered tale that will keep readers engrossed in days. . . . The Quincunx will not disappoint you. It is, quite simply, superb.”—Chicago Sun-Times “A bold and vivid tale that invites the reader to get lost in the intoxicating rhythms of another world. And the invitation is irresistible.”—San Francisco Chronicle “A remarkable book . . . In mood, color, atmosphere and characters, this is Charles Dickens reincarnated . . . It is an immersing experience.”—Los Angeles Times Book Review “To read the first pages is to be trapped for seven-hundred odd more: you cannot stop turning them.”—The New Yorker “Few books, at most a dozen or two in a lifetime, affect us this way. . . . For sheer intricacy and ingenuity, for skill and clarity of storytelling, it is the kind of book readers wait for, a book to get lost in.”—The Philadelphia Inquirer

Designing Virtual Worlds - Richard A. Bartle 2004

A comprehensive resource on the principles and techniques of virtual world design and programming covers everything from MUDS to MMOs and MMORPGs, explaining how virtual worlds work, creating games for multiple users, and the underlying design principles of online games.

Original. (Advanced)

Returning to Reims - Didier Eribon 2018-06-07

'A deeply intelligent and searching book, one that makes you re-consider the narrative of your own life and reframe the story you tell yourself' Hilary Mantel "There was a question that had come to trouble me a bit earlier, once I had taken the first steps on this return journey to Reims... Why, when I have had such an intense experience of forms of shame related to class ... why had it never occurred to me to take up this problem in a book?" Returning to Reims is a breath-taking memoir of return, a family story of class, sexuality, gender and of the shifting political allegiances of the French working classes. A phenomenon in France and a huge bestseller in Germany, Didier Eribon has written the

defining memoir of our times.

The Brain That Changes Itself - Norman Doidge 2008-08-07

An introduction to the science of neuroplasticity recounts the case stories of patients with mental limitations or brain damage whose seemingly unalterable conditions were improved through treatments that involved the thought re-alteration of brain structure.

From Poverty to Power - Duncan Green 2008

Offers a look at the causes and effects of poverty and inequality, as well as the possible solutions. This title features research, human stories, statistics, and compelling arguments. It discusses about the world we live in and how we can make it a better place.

Is My Husband Gay, Straight, or Bi? - Joe Kort 2014-09-11

Jennifer can't believe it. Just married and pregnant, she discovers that her husband has been meeting Brad for sex. When confronted, Tom doesn't deny it, but he insists it's just "a thing" and he isn't gay. Elsewhere, John's wife, Karen, discovers that her husband likes to watch gay porn. John doesn't understand his wife's reaction. Why does she care what he watches if he's not unfaithful? In couple's therapy, Karen and Jennifer raise the same questions: Does this mean my husband is gay? Can my marriage survive? These and other stories illustrate the difficulties inherent when a wife or girlfriend finds out her man has had or wants to have sexual contact with other men. But many times, the man is not gay or even bisexual. Of course, some men with gay sexual interests are gay men in a process of self-discovery; they are "coming out." These desires may only reflect a different side of a man's sexuality or some response to childhood trauma or experiences they have not fully processed. Here Joe Kort and Alexander P. Morgan make the distinction between gay men and "straight men with gay interests" clearer to women who want to know how they can overcome these revelations. The authors explain the many reasons why straight men may be drawn to gay sex; how to tell whether a man is gay, straight, or bisexual; and what the various options are for these couples, who can often go on to have very fulfilling marriages. *Is My Husband Gay, Straight or Bi?* is intended to help couples understand how male sexuality can express itself in ways

that may be difficult to understand. Many marriages have been hurriedly terminated when couples (and their therapists) have lacked the information they needed to understand their current situations. This book provides the clarity, describes the choices, and (in many cases) offers hope for relationships and marriages that have been brushed off as doomed.

A Letter to My Congregation, Second Edition - Ken Wilson

2016-05-20

"A breakthrough work coming from the heart of evangelical Christianity," writes theologian David Gushee. "Wilson shows how God has led him on a journey toward a rethinking of what the fully authoritative and inspired Bible ought to be taken to mean in the life of the church today." "This book ... will shape what the church becomes," writes anthropologist Tanya Luhrmann. "One of the most exquisite, painful, candid, brilliant pieces ... that I have ever seen," writes Christian author Phyllis Tickle. The second edition contains expanded material.

Drag Teen - Jeffery Self 2016-04-26

When life's a drag, you've gotta drag it up. JT feels like his life's hit a dead end. It looks like he'll always be stuck in Florida. His parents are anti-supportive. And his boyfriend, Seth, seems to be moving toward a bright future a long way from home. Scholarship money is nonexistent. After-school work will only get JT so far. There's only one shot for him -- to become the next Miss Drag Teen in New York City. The problem with that? Well, the only other time JT tried drag (at a school talent show), he was booed off the stage. And it's not exactly an easy drive from Florida to New York. But JT isn't going to give up. He, Seth, and their friend Heather are going to drag race up north so JT can capture the crown, no matter how many feisty foes he has to face. Because when your future is on the line, you have to be in it to win it, one fraught and fabulous step at a time.

Straight People - Jeffery Self 2013-05-07

The runaway success of *Stuff White People Like* and the popular shit-people-say YouTube videos prove one thing: people love to read about and laugh at themselves. Modeled after popular bird spotters' guides,

Straight People is an affectionate and humorous guide to the varied species and subspecies of the sexual majority: the heterosexual. In this hilarious and easy-to-use field guide, actor and author Jeffery Self compiles everything you've ever wanted to know about heteros including their nesting behavior, feeding and mating habits, migration patterns, key identification features, and more. Complemented with fun two-color illustrations, interactive charts, graphs, and quizzes throughout, *Straight People* is sure entertain readers for all walks of life.

Fifty Shades of Gay - Jeffery Self 2014-11-14

Meeting his celebrity crush was one thing, but even Hollywood could not have written what happened next. Inspired by E.L. James's international phenomenon, *Fifty Shades of Grey*, Jeffery Self's *Fifty Shades of Gay* tells the story of young celebrity blogger, Alex Kirby, who interviews Taylor Grayson, a superstar leading man in Hollywood blockbuster films. Grayson also happens to be a closeted gay man with a passion for BDSM. As Grayson draws the younger man deeper into his private orbit and sexual world, Alex begins to understand that the illusion of control has shielded Grayson from having a real emotional connection. But Alex is head over heels in love with the powerful, gorgeous man who has selected him for the pleasures of submission. Will he be able to open Grayson up to real intimacy or will Grayson just end the relationship and cut himself off yet again? Fun, smart and utterly fabulous, this is slash fiction for the strong of heart.

Systematic Reviews in the Social Sciences - Mark Petticrew

2008-04-15

Such diverse thinkers as Lao-Tze, Confucius, and U.S. Defense Secretary Donald Rumsfeld have all pointed out that we need to be able to tell the difference between real and assumed knowledge. The systematic review is a scientific tool that can help with this difficult task. It can help, for example, with appraising, summarising, and communicating the results and implications of otherwise unmanageable quantities of data. This book, written by two highly-respected social scientists, provides an overview of systematic literature review methods: Outlining the rationale and methods of systematic reviews; Giving worked examples from social

science and other fields; Applying the practice to all social science disciplines; It requires no previous knowledge, but takes the reader through the process stage by stage; Drawing on examples from such diverse fields as psychology, criminology, education, transport, social welfare, public health, and housing and urban policy, among others. Including detailed sections on assessing the quality of both quantitative, and qualitative research; searching for evidence in the social sciences; meta-analytic and other methods of evidence synthesis; publication bias; heterogeneity; and approaches to dissemination.

50 Shades of Gay - Jeffery Self 2013-02

50 shades of gay tells the story of a young celebrity blogger, Alex Kirby, who interviews Taylor Grayson, a superstar leading man in Hollywood blockbuster films. Grayson also happens to be a closeted gay man with a passion for BDSM. When Grayson draws the younger man into his private orbit and initiates him into his sexual world, the younger man can tell that kinky sex has shielded Grayson from having a real emotional connection with another man. But he is head over heels in love with the older, powerful, gorgeous man who has selected him for the pleasures of submission. Ultimately, Alex decides to experiment with the power differential between them, and see if he can break through the armor that Grayson and his layers of Hollywood handlers have imprisoned him in. Will he be able to open Grayson up to real intimacy, or will he cause Grayson to end the relationship and cut himself off yet again? -- Unedited summary from the book.

A Place Called Winter - Patrick Gale 2015-03-24

** Shortlisted for the Costa Novel Award 2015 ** From the writer of BBC TV's MAN IN AN ORANGE SHIRT comes Sunday Times Top Ten hardback and paperback bestseller, A PLACE CALLED WINTER - picked for the BBC Radio 2 Simon Mayo Book Club and the Waterstones Book Club. 'A mesmerising storyteller; this novel is written with intelligence and warmth' The Times A shy but privileged elder son, Harry Cane has followed convention at every step. Even the beginnings of an illicit, dangerous affair do little to shake the foundations of his muted existence - until the shock of discovery and the threat of arrest force him to

abandon his wife and child and sign up for emigration to Canada. Remote and unforgiving, his allotted homestead in a place called Winter is a world away from the golden suburbs of turn-of-the-century Edwardian England. And yet it is here, isolated in a seemingly harsh landscape, under the threat of war and madness that the fight for survival will reveal in Harry an inner strength and capacity for love beyond anything he has ever known before.

Watching the English - Kate Fox 2005-04-11

In "Watching The English" anthropologist Kate Fox takes a revealing look at the quirks, habits and foibles of the English people. She puts the English national character under her anthropological microscope, and finds a strange and fascinating culture, governed by complex sets of unspoken rules and byzantine codes of behaviour. The rules of weather-speak. The ironic-gnome rule. The reflex apology rule. The paranoid-pantomime rule. Class indicators and class anxiety tests. The money-talk taboo and many more ...Through a mixture of anthropological analysis and her own unorthodox experiments (using herself as a reluctant guinea-pig), Kate Fox discovers what these unwritten behaviour codes tell us about Englishness.

The Female Brain - Louann Brizendine 2009-05-04

Accessible, fun and compelling, and based on more than three decades of research, *The Female Brain* will help women to better understand themselves - and the men in their lives. In this groundbreaking book, Dr Louann Brizendine describes the uniquely flexible structure of the female brain and its constant, dynamic state of change - the key difference that separates it from that of the male - and reveals how women think, what they value, how they communicate, and whom they'll love. She also reveals the neurological explanations behind why... - A woman remembers fights that a man insists never happened... - Thoughts about sex enter a woman's brain perhaps once every couple of days, but may enter a man's brain up to once every minute... - A woman's brain goes on high alert during pregnancy - and stays that way long after giving birth... - A woman over 50 is more likely to initiate divorce than a man... - Women tend to know what people are feeling, while men can't spot an

emotion unless someone cries or threatens them with bodily harm!

Rogue State - William Blum 2006-02-13

Rogue State and its author came to sudden international attention when

Osama Bin Laden quoted the book publicly in January 2006, propelling the book to the top of the bestseller charts in a matter of hours. This book is a revised and updated version of the edition Bin Laden referred to in his address.
