**Freak Like Me** Malcolm McLean 2019-10-03 In nineties small-town Surrey, watching Top of the Pops was Malcolm's only escape from boredom and the bullies at school ... until a phone call from a pop star changed his life forever. Before long, he was getting compliments from BeyonceA(c), hanging out at award ceremonies with Posh Spice's mum and sneaking onto All Saints' tour bus. Freak Like Me is the true story of one teenage pop fan who, with a group of like-minded outcasts, witnesses the disposable music industry of the late nineties and early noughties first-hand. Tracking down A-lister itineraries, he gets to meet the real personalities behind the Smash Hits posters adorning his bedroom walls. This hilarious memoir is packed with scandalous gossip and poignant memories from the era of Nokia 3310s and dial-up Internet, when chart positions meant everything and, if you wanted to know what your idols were up to off-screen, you had to track them down yourself!

**Stories that Make History** The Research Team of the War

2020-08-24 What would it be like if your existence was erased for half a century? This is the reality for the Korean comfort girls-women whose lives had been erased since the time of the expansion of comfort stations by the Japanese military in 1937.

This book is an effort to bring these women back to life and to make their voices, experiences and memories available to future generations. The experiences of Korean comfort girls-women are a paradigmatic example of how military sexual violence can obliterate the dignity of women and shame them into nonexistence. This book examines how the turning of their innocence into inadequacy, actively by the Japanese government and passively by the Korean government and its people, and also by the world, compounded their long, miserable suffering for half a century until Kim Hak-sun broke the silence in 1991 with the support of Korean activists. The relentless and courageous efforts

of Korean comfort girls-women and activists on the road to healing and justice are shared here. These efforts made it possible for us to hear their horrific stories, which are embedded with numerous and intense traumas, allowing them to unfold and be shared on the road to justice and healing.

Girl, Stop Passing Out in Your Makeup Zara Barrie 2020-05-19

“Self-help meets memoir. Party girl meets wise sage. Beauty meets reality. Zara Barrie is the cool older sister you wish you had. The one that lets you borrow her designer dresses and ripped up fishnets, buys you champagne (she loves you too much to let you drink beer), and colors your lips with bright pink lipstick. She'll take you to the coolest parties, and will stick by your side and she guides you through the glitter, pain, danger, laughter, and what it means to be a f\*cked up girl in this f\*cked up world (both of which are beautiful despite the darkness). *Girl, Stop Passing Out in Your Makeup* is for the girls that are too much of a beautiful contradiction to be contained. Zara is a gifted writer—one second she'll have you laughing over rich girls agonizing over which Birkin bag to buy, the next second she'll shatter your heart in one sentence about losing one's innocence. Zara is the nuanced girl she writes for—light, irreverent, snarky, bitchy, funny; and aching, perceptive, deep, flawed, wise, poised, honest—all at once. Perhaps the only thing that can match Zara's unparalleled wit and big sister advice is her candid humor and undeniable talent for the written word. Zara is one of the most prolific and entertaining honest voices on the internet—and her talent is only multiplied in book form. *Girl, Stop Passing Out in Your Makeup* is for the bad girls, honey.”—Dayna Troisi, Executive Editor, *GO Magazine* “Reading Zara's writing will make you feel like you're at your cool-as-hell big sister's sleepover party. You will be transfixed by her unflinching honesty and words of wisdom, and she'll successfully convince you to not only ditch the shame you feel about the raw and messy parts of yourself, but to dare to see them as beautiful.”—Alexia LaFata, Editor, *New York Magazine* “If Cat Marnell and F. But then she also has Fitzgerald's talent for making words literally feel like they sparkle on the page. I've always been a fan of Zara's writing but *Girl, Stop Passing Out in Your Makeup* takes it to the next level. [Beyond Tears and Laughter](#) Yang Shen 2019-02-13 This book explores the experience of China's migrant labourers in Shanghai from anthropological, and gendered analyses, offering extraordinary insights into the life-world of the marginalized people. China has hundreds of millions of internal migrants coming from the countryside to the big cities in search of fame, fortune, or just a living. The author also examines the gender dynamics at work, in intimacy and leisure of this marginalized, yet huge population. With an in-depth and multidisciplinary examination of the experience of restaurant workers in Shanghai, this book sheds humanising new light on the experience of the megacity from the inside and will be of direct value to policymakers, demographers, feminist scholars, anthropologists, sociologists, and responsible citizens.

*The Wind from Heaven's Window* Pat Mitchell 2013-10-24 This collection is a combination of romantic, philosophic, mystical, and spiritual poetry written to warm even the coldest of hearts. They come from a very inspired place that speaks of a great desire to understand ourselves. The elusive butterfly in all of us, that out of its innate curiosity to learn and experience things by necessity, transforms itself. They also speak of the unique place that we all share in the divine tapestry we call life and how we are all intimately connected. The poems reflect on the betrayal and hypocrisy that we all inevitably encounter on our journey through life. Most importantly, a message of hope and joy runs through them, so that we are always reminded that even in our darkest moments, the light of truth and love has never abandoned us. The book also shares some of the stories that inspired and motivated some of the poems. They run the gamut, from gut-wrenching

tearjerkers to deeply impassioned pleas for universal kindness to the whimsical frolic of a playful little child. Included is a section titled Musings on Life. These are philosophic perspectives intended to be life lessons for the reader. It's been said that not all men are masters, but all masters have been men. Along that same line of thinking, the author feels that although not all philosophers are poets, all poets are philosophers.

edition of the classic Cataloging and Classification covers the analysis and representation of methods used in describing, organizing, and providing access to resources made available in or through libraries. Since the last edition, there have been new developments in cataloging, with the introduction of the IFLA Library Reference Model (LRM) and the new, official RDA, following the 3R Project. This text presents the essence of library cataloging and classification in terms of four basic functions: descriptive cataloging, authority work, subject access, and classification. Within this framework, content has been re-organized, all chapters have been rewritten, and new chapters have been introduced to incorporate the changes that have occurred during the interval between the fourth and fifth editions. In each part, the historical development and underlying principles of the retrieval mechanism at issue are treated first, because these are considered essential to an understanding of cataloging and classification. Discussion and examples of provisions in the standards and tools are then presented to illustrate the operations covered in each chapter. Divided into seven parts--a general overview; record production and structure, encoding formats, and metadata records; RDA (original and official); subject access and controlled vocabularies; the organization of library resources; encoding & records of bibliographic and authority data; and cataloging ethics--this book includes lists of the standards and tools used in the preparation and processing of cataloging records covered, lists of RDA elements, and sample records. Its companion website with interactive learning activities and supplementary materials located at [catclassintro.org](http://catclassintro.org) make it a true multimedia tool.
