

Am I Getting A Crush

Crushing The Day Drewbie Wilson 2021-02-19 You don't have to settle for average! Take it from someone who knows what it's like to be told you'll never amount to more than a punk kid. Whatever past you come from doesn't have to be your future. I always knew I was put on this planet to be great, but it wasn't until I took action and put in the work I started seeing the results. I am here to show you how to do the same. Personal development and a focus on mindset will put you on the direct path to becoming the most elite version of yourself. It all starts with making a decision. What do you want out of life? If you're tired of letting the rest of the world dictate who you are and what you are capable of, it's time to get serious about who you want to be and what you are willing to do to get there. Don't overcomplicate it. We all face challenges along the way, and if we didn't, the rewards would never feel quite as good. If you're ready to make a change in your life and step into the person you know you were put on this planet to become, I encourage you to read this book. Follow along with my journey and see how someone who was considered average at best was able to turn their life around and start creating a legacy. It's your turn to do the same thing. Create a legacy you can be proud of and leave to those you care about most. It all begins with getting focused on how you turn your experiences into wisdom. What you have been through in life shaped you into the person you are now and who you will ultimately become. Build a culture of winning through service to others. Never forget that the success you achieve in life will come from the success you bring to those in your circle. Let the struggles you've survived become the lessons you share with those around you. In each chapter of this book, I will share the past stories that helped me put together my success foundation. How to focus on gratitude to create a mindset that never waivers in the face of danger. What I did to lose more than one hundred pounds without fad diets or weight-loss drugs. The steps it took to go from the bottom of the totem pole as tech-support at a startup software company, to Vice President of a multi-million dollar coaching and consulting organization. How surrounding yourself with like-minded, success-driven individuals will open the doors to your future. And finally, how to Crush The Day Before It Crushes You! Drewbie Wilson is a loving husband and father who pushes himself to live in excellence so he can set an example for those around him. At one point in his life, he weighed in at more than 300 lbs before getting focused on his health and losing more than 100 pounds. An action taker with his finger on the pulse, who focuses on service to others above all else, leading him to produce more than seven figures in revenues no matter what industry he has worked in. Not one to turn away from a challenge, he looks to get out of his comfort zone as much as possible. From tech support in a software startup to Vice President of a multi-million dollar consulting company, he understands what it means to start at the bottom and work his way to the top. A servant first, operating with utmost integrity and humility, but not afraid to tell it like it is. Confidence and empathy are his superpowers. By going all-in on every area of life, he strives to inspire success-driven winners to become the most elite version of themselves. How does he do it? Living by the motto "Crush The Day Before It Crushes You!"
