How to Get the Girl Ignore and Score: Dating Mindsets Explained - Robert Belland 2012-11-01

Our mindsets drive the emotions we have, the decisions we make, and the women we attract into our lives. This book outlines the very best dating mindsets I've tested, experienced, and found most successful. Getting the girl isn't just a Hollywood fantasy; attracting beautiful women isn't the sole domain of the super rich, the super hunk, or the outrageously gifted. Attracting and dating beautiful women isn't about magic and pickup lines, it's about your mindsets, basic human insights, and a little female psychology. This book outlines the FOUR FOUNDATIONS of successful dating: Attraction, Rapport, Leading, and Escalation. **ATTRACTION** is about tension and her emotional response to you. **RAPPORT** is about intimacy and her emotional connection with you. **LEADING** is about challenging your fears and taking action while communicating sincerity through your actions. **ESCALATION** is about consistently increasing the intensity of your relationship via attraction and rapport so that it goes where ever you want it to go. When you learn how to inspire **ATTRACTION** and **RAPPORT** in a woman through your actions of **LEADING** and **ESCALATION**, you'll create a compelling chemistry between you and her that most men will NEVER achieve. **QUESTIONS THIS BOOK ANSWERS:** - What's the best way to avoid the "friend zone"? - Why do some women resist guys they're REALLY into? And how can you tell the difference? - How can you remove the fear of rejection when approaching a

woman? - What are 5 easy ways to make a woman feel at ease and comfortable with you? - What are 6 powerful ways to prevent yourself from feeling jealous? - What are 14 ways she is trying to tell you she's into you that most guys miss? - When is the right time to kiss her? - What are 5 things you should do or say when in bed with a woman?! - Etc, etc, etc...

But this isn't to say that there's nothing to be gained from studying attraction. Based on science rather than self-help clichés, *Attraction Explained* looks at how factors such as geography, appearance, personality, and similarity affect who we fall for and why.

desires. These desires may be translated into basic, physical needs such as food, clothing, and shelter. Others may want belongingness, family, and a sense of fulfillment. For some people, having a lot of money is the best thing that could ever happen in their lives. In some cases, it's a loving partner that a person wants. This book contains steps and strategies on how to use the Law of Attraction to create a better life for you. It will provide you with all the information that you need to make a positive change in your life and manifest what you really want.. Here is what you will learn in the book: The Only Real Law It doesn't take efforts to observe how the Law of Attraction works. Think of it this way: your thoughts, especially those that you have been thinking for a long time, are the stimuli. They get transmitted to the Universe, and the latter interprets the message. However, there is only one standard message: that you actually WANT these thoughts to be real! Don't be surprised when days, months, or years later, you got what you asked for. Affirmations to Get the Law of Attraction Working You know how the Law works, and now is the perfect time for you to start sending that positive vibration of creation. Aside from regular meditation and other spiritual practices, affirmations can help reframe your mind and transform your thoughts into powerful mantras. How to Attract Money The problem is that money may not come around for some people. Money can still be an abstract concept, and people just ascribe values to a piece of paper and use it to buy what they need (which explains why currencies around the world don't have a fixed value). Following this lead, it is but logical to say that people's definition of money (or wealth) is relative. What is a large sum of money for you, may still be a meager amount for another person. How to Attract Love and Better Relationships with People The Law of Attraction works in every aspect of your life. You can activate it to manifest abundance and wealth, and you can also use it to ask for a better relationship, romantic or otherwise. The Law of Attraction and Success Some people pray for success, but they often wonder why success remains as elusive as an eel. Think of the Law this way: You can't ask from the Universe something that is impossible to happen or something that you do

not work on. For instance, you can't expect yourself to win the lottery if you're not making bets. Manifestation of your desires happens when you are serious about your intentions and you know the actions that will bring about your desires. The Law of Attraction and the Seven Chakras Spiritual teachings, including yoga, teach about the seven main chakras in your body. These chakras are energy points and are often associated with a color, and are related to any imbalances that you are feeling. Normally, the Law of Attraction is not explained along with the seven chakras. For purposes of maximizing the law, however, this chapter weaves in the magic it does in all areas of a person's life. The Higher Law Apart from the Law of Attraction, there is a higher and more powerful law that coexists with it. This law is the language spoken by prophets and mystics, and the greatest force that sets all things in motion. You can make the Law of Attraction work miracles in your life, but your actions and desires must also be aligned with the higher law - that of the Divine. Take action now and get a copy of this book and it will help you to make a commitment to yourself that from this point forward, you are going to transform your life, reach your goals and live a happy life.
