

# Below The Beltway Money Power And Sex In Bill Clintons Washington

Below the Beltway - John L. Jackley 1996

Jackley skewers Washington in the age of Bill Clinton with his trademark brand of outrageous humor and explosive revelations. Below the Beltway! goes after politicians, pundits, congressmen, lobbyists, and the political class with a vengeance that will leave you laughing in your tracks as it exposes the culture of influence.

Republicans Do the Dumbest Things - Bill Crawford 2000-05-05

Bill Crawford follows up his hit books *Rock Stars do the Dumbest Things* and *Movie Stars do the Dumbest Things* with a volume that reinforces what we've known all along - Republicans do the Dumbest Things. From George Bush barfing on the Japanese prime minister to Ronald Reagan's announcement of nuclear war, *Republicans do the Dumbest Things* is the first book to celebrate and catalogue the hilarious heritage of the GOP. This collection includes all the misguided actions, bizarre statements, and embarrassing moments of notable GOP members, including Bob Dole, Helen Chenoweth, Pat Buchanan, George W. Bush, David Duke, Gerald Ford, Ronald Reagan, Rudolph Giuliani, Jesse Helms, Strom Thurmond, Richard Nixon, and Dan Quayle. *Republicans do the Dumbest Things* is the perfect book for Election 2000, a funny, edgy examination of Republican antics this is sure to be as controversial as it is entertaining. Democrats will love it. Republicans will hate it. And everyone will want it.

**Warmonger** - Jeremy Kuzmarov 2023-12-01

During the 2016 presidential election, many younger voters repudiated Hillary Clinton because of her husband's support for mass incarceration, banking deregulation and free-trade agreements that led many U.S. jobs to be shipped overseas. *Warmonger: How Clinton's Malign Foreign Policy Launched the Trajectory from Bush II to Biden*, shows that Clinton's foreign policy was just as bad as his domestic policy. Cultivating an image as a former anti-Vietnam War activist to win over the aging hippie set in his early years, as president, Clinton bombed six countries and, by the end of his first term, had committed U.S. troops to 25 separate military operations, compared to 17 in Ronald Reagan's two terms. Clinton further expanded America's covert empire of overseas surveillance outposts and spying and increased the budget for intelligence spending and the National Endowment for Democracy (NED), a CIA offshoot which promoted regime change in foreign nations. The latter was not surprising because, according to CIA operative Cord Meyer Jr., Clinton had been recruited into the CIA while a Rhodes Scholar at Oxford, and as Governor of Arkansas in the 1980s he had allowed clandestine arms and drug flights to Nicaraguan counter-revolutionaries (Contras) backed by the CIA to be taken from Mena Airport in the western part of the state. Rather than being a time of tranquility when the U.S. failed to pay attention to the gathering storm of terrorism, as New York Times columnist David Brooks frames it, the Clinton presidency saw rising tensions among the U.S., China and Russia because of Clinton's malign foreign policies, and U.S. complicity in terrorist acts. In so many ways, Clinton's presidency set the groundwork for the disasters that were to follow under Bush II, Obama, Trump, and Biden. It was Clinton—building off of Reagan—who first waged a War on Terror ridden with double standards, one that adopted terror tactics, including extraordinary rendition, bombing and the use of drones. It was Clinton who cried wolf about human rights abuses and the need to protect beleaguered peoples from genocide to justify military

intervention in a post-Cold War age. And it was Clinton's administration that pressed for regime change in Iraq and raised public alarm about the mythic WMDs—all while relying on fancy new military technologies and private military contractors to distance US shady military interventions from the public to limit dissent.

*Confidence Men* - Ron Suskind 2012-06-19

The hidden history of Wall Street and the White House comes down to a single, powerful, quintessentially American concept: confidence. Both centers of power, tapping brazen innovations over the past three decades, learned how to manufacture it. Until August 2007, when that confidence finally began to crumble. In this gripping and brilliantly reported book, Ron Suskind tells the story of what happened next, as Wall Street struggled to save itself while a man with little experience and soaring rhetoric emerged from obscurity to usher in "a new era of responsibility." It is a story that follows the journey of Barack Obama, who rose as the country fell, and offers the first full portrait of his tumultuous presidency. Wall Street found that straying from long-standing principles of transparency, accountability, and fair dealing opened a path to stunning profits. Obama's determination to reverse that trend was essential to his ascendance, especially when Wall Street collapsed during the fall of an election year and the two candidates could audition for the presidency by responding to a national crisis. But as he stood on the stage in Grant Park, a shudder went through Barack Obama. He would now have to command Washington, tame New York, and rescue the economy in the first real management job of his life. The new president surrounded himself with a team of seasoned players—like Rahm Emanuel, Larry Summers, and Tim Geithner—who had served a different president in a different time. As the nation's crises deepened, Obama's deputies often ignored the president's decisions—"to protect him from himself"—while they fought to seize control of a rudderless White House. Bitter disputes—between men and women, policy and politics—ruled the day. The result was an administration that found itself overtaken by events as, year to year, Obama struggled to grow into the world's toughest job and, in desperation, take control of his own administration. Pulitzer Prize-winning journalist Ron Suskind introduces readers to an ensemble cast, from the titans of high finance to a new generation of reformers, from petulant congressmen and acerbic lobbyists to a tight circle of White House advisers—and, ultimately, to the president himself, as you've never before seen him. Based on hundreds of interviews and filled with piercing insights and startling disclosures, *Confidence Men* brings into focus the collusion and conflict between the nation's two capitals—New York and Washington, one of private gain, the other of public purpose—in defining confidence and, thereby, charting America's future.

**Contemporary Authors** - Terrie M. Rooney 1997-11

Your students and users will find biographical information on approximately 300 modern writers in this volume of *Contemporary Authors(R)*.

American Presidents of the 20th Century - N. O. Kura 2000

A bibliography that lists by president books, journals, reports and films of all American presidents of the 20th century.

**Conservative Review** - 1996

*The Publishers Weekly* - 1996

**The American Spectator** - 1997

**Bill Clinton** - Allan Metz 2002-03-30

Bill Clinton's administration was filled with new policies and

achievements for the nation's future, but those achievements were easily overshadowed by personal flaws and scandal. Despite his personal problems, Clinton captured the American public and served two terms as one of our more memorable presidents. This comprehensive bibliography on Clinton will provide students with information from his childhood, his pre-presidential career, presidency (including assessments of it) and the beginning of his post-presidential life. Key access points to this

information are provided in the Table of Contents and detailed author and subject indexes. Also included, is an invited essay providing an overview of the Clinton presidency and an extensive chronology of significant events.
